NEWS OF THE WEST.

Fell One Hundred and Forty Feet and Broke His Neck and Legs.

A BICYCLIST UNDER A STREET CAR

Killed by a Hose Wagon—Fireman Fights Overpower—Jaughed With Poisons.

O. P. Foster, a man 68 years of age, committed suicide at Seattle, Wednesday morning by shooting himself with a 44-caliber six-shooter.

Dr. H. Garner, a veterinary surgeon, died at Santa Ana, Cal., Monday night, after suffering terribly for three days from blood poison, thought to have resulted from contact with bloody entrails in cattle which he was treating. The case was a most peculiar one and puzzled the local physicians.

Saturday night John Cullen, who is a laborer, and Mrs. Kate Crowley, who resides on Folsom street, San Francisco, got drunk together at Mrs. Crowley's mansion. During the evening's liberty Cullen knocked Mrs. Crowley down with a chair, inflicting fatal injuries.

Omaha Stockman, Aug. 26. W. Bennington had two double of sheep here today from Wahsatch, Utah. W. C. R. and W. W. McFarlane each had two doubles here from the same place. Receipts today were 177 cars—the biggest run of cattle this year, and a liberal run of sheep. Hog supplies were light.

George Hart, brother of General A. L. Hart of San Francisco and of Benjamin E. C. Hart of Sacramento, died Monday morning from the effects of a fall last Thursday night. He fell from the balcony of a veranda at his residence, breaking his back. Deceased was a native of Colusa, Cal., aged 55 years.

Frank Ambrose, who lives in Oakland, Cal., and is employed in a glue factory, came near bleeding to death Monday from a cut made in his arm by a broken bottle. He was juggling with bottles, and one of them fell on his arm, broke and cut one of the arteries. He lost considerable blood before he was taken to the receiving hospital.

There was a novelty at the Park-street Methodist church, Alameda, Cal., Sunday evening, when the evening service was given up to addressing of Miss Rae and Miss Stone, two Chinese maidens who are medical graduates of Michigan University. They graduated with high honors, and are on their way back to China, where they are sent, under the auspices of the Woman's Foreign Missionary society, to labor for the Christianization of their people. They sailed from San Francisco on Tuesday.

Frank Delate and Aumee Johnson, two muscular young men of Hayward, Cal., fought twenty vicious rounds at Hellert's ranch Sunday afternoon. The fight was stopped by a sheriff's posse, and the action saved Johnson from a knockout. The young men quarreled some time ago over a young lady and the agreement to fight was reached a few weeks ago. They both trained for the mill, and all the details were arranged in a manner quite conventional. The young lady will have nothing to do with either of them now.

Deacon David Oldham's second trial came to a termination at Ukiah, Cal., Monday. The verdict of the jury was to the effect that the defendant had been an accomplice in the robbery of the stage running between Ukiah and Mendocino City on the 15th of June of last year. Oldham was convicted of the robbery last year, one month after the commission of the crime. He was sentenced to twelve years in Folsom. The supreme court granted him a new trial on technical errors, which resulted as above stated. Oldham was one of the most prominent members of the local Baptist church, and the deacons and members stood by him to the last.

A fatal accident occurred in the Cardinalli mine at Central Hill, about three miles west of San Andreas, Cal., Monday. Joe Flamm and his brother, Tobias, were on the bucket coming up for the noon hour. When the bucket reached the landing the horses attached to the winch became frightened, and before the lander could throw the lever the men were carried up the pulley. Joe Flamm jumped when he saw that an accident could not be avoided and fell to the bottom of the shaft, a distance of one hundred and forty feet. His neck and both legs were broken. Tobias Flamm's hand caught in the shive, badly lacerating three fingers.

Through the carelessness of a young man named J. F. McDonald, Mrs. Emma Tilton was knocked from her bicycle Monday afternoon under an electric car at Los Angeles, Cal., and terribly cut and bruised. She was riding close to the track and when near the corner of Main and Commercial streets a car approached rapidly from the north, a man started from the sidewalk to board the car and in his haste paid no attention to Mrs. Tilton, but collided with her and knocked her directly in front of the trucks. She was rolled along some distance before the car was stopped, her nose was broken and her scalp badly cut, twenty-six stitches being taken. She received severe bruises about the body.

The San Francisco Chronicle of Monday, August 24, says: All Pythian Castle last evening Knight Henry S. Tanner of the Mormon mission discoursed on the Book of Mormon, claiming it to be the test attested of all Bibles. "The exhumations from cities of the old world," he said, "authenticated Bible facts. The cities written of antiquarians on this coast also establish the purported facts of the Book of Mormon. The doctrines of the two books are identical. Therefore, if Bible facts and doctrines are true, those of the Book of Mormon must be. We have the testimony of many witnesses who saw and handled the plates and examined the engravings on them. From these plates was translated the Book of Mormon, which is the record of the people who lived on this continent."

Antonio Martinez, a Mexican aged 30 years, was instantly killed in a saloon at Firebaugh, Cal., Monday morning by Hermindo Alano, another Mexican. Alano is about 28 years of age. A traveling party stated that Alano, but he was carried by a friendly bartender in a hotel. Alano lay in the cellar for several hours while the villagers were scouring every house in search of him. Shortly after noon Deputy Sheriff Timmins and Bodford arrived from Fresno and Alano was glad to surrender to their charge. The rush was in another part of the village at the time and the deputies made their way in Firebaugh as best as possible. While the officers were yet searching for Alano in Firebaugh the officers had arrived at Mendota, twelve miles away, and had him in jail. Alano claims the shooting was accidental.

At Tijeras canyon in northern Bernalillo county, New Mexico, one Arzobispo and a member of a well known family there named Silva engaged in a shooting bee Monday. Silva is dead and Arzobispo's shoulder is full of shot. It appears that Arzobispo and an American, name unknown, were engaged in bowling when the men A. Co. and, negotiated with the wife of one of the Silvas to water their lives on the Silva property, paying $5 for such privilege. While the men were drinking another Silva, brother-in-law of the women, came on the spot armed with a shotgun and demanded more money for the use of the water. A quarrel followed Arzobispo's refusal to produce more cash and Silva turned loose his weapon, lodging a charge of shot in Arzobispo's shoulder. Arzobispo then fired upon Silva, using a revolver. The bullet penetrated the forehead and Silva died instantly, though it is said the American shot first upon the latter before it was discovered that Arzobispo's shot has been fatal, the antagonists being at the time sixty yards apart.

Alexander Bennett, an eleven year-old boy, who is deaf and dumb and who lives at Portland, Oregon, met with a singular and shocking accident Saturday afternoon that came near terminating fatally. As it is, he is not yet out of danger. The Bennett lad was playing on a sawdust flume which runs near Sherman street. The flume is about three-quarters of a mile in length and crosses the West Portland motor line upon the mill. With Bennett there was a young son of Mr. Gerrick, an employe of the Portland Railway company. The boys were not aware that any wood was being flumed that day, so the Gerrick lad was considerably frightened when he heard the wood rushing down the flume at a lightning like pace. He heard the noise and divined what it meant, but a few seconds too late to save Bennett. Gerrick just had time to jump from the flume and cry out to his companion. It was all the boy could do, but Bennett, being deaf and dumb, did not hear either the warning of his companion or the noise, and a big piece of sawdust struck him just below the scroll of the back with a terrific force, driving him along the flume for several hundred feet before hurling him out and leaving him apparently dead on the ground. The poor little fellow's spine was terribly bruised. Three ribs were broken, and the jagged edge of a big splinter penetrated the lung on one side. The Gerrick boy ran for help, and the deaf-and-dumb boy was carried to his home. Drs. Clement and Breton were summoned. They made an examination and dressed the little sufferer's wounds. There is a bare possibility of his pulling through, but if he lives he will be a cripple for life.

CLARKE YOUNG, Agent.

Lock of vitality and color matter in the bulbs cause the hair to fall out and turn gray. We recommend Hall's Hair Renewer to prevent baldness and greyness.

The hair when not properly cared for, loses its lustre, becomes crisp, harsh and dry, and falls out freely with every combing. To prevent this the best dressing in the market is Ayer's Hair Vigor. It imparts that silky gloss so essential to perfect beauty.

Mr. National Merriness, a well-known citizen of Tekponing, Mich., and editor superior Poison, who, for a long time suffered from the most excruciating pains of rheumatism, was cured, eight years ago, by taking Ayer's Sarsaparilla, having never had a twinge of it since.
