BIG MINING TRANSFER.

Two Million Dollar Transaction in Bingham Properties.

Transfer papers in a big mining deal have been filed with the county recorder. The deed, which carried $2,000 worth of revenue stamps, conveys all the real property and mining claims of the Bingham Gold Mines company, situated in West Mountain district, to the Bingham Copper & Gold Mines company for the sum of $1,000,000. The consideration expressed on the deed is ten million shares of the capital stock of the new company at a par value of $10 per share. In this connection it is stated that all the shares of the Bingham Copper & Gold Mines company have been subscribed for and taken by Boston at the rate of $5 per share. The transfer of the Bingham Gold Mines company.

With the filing of the deed of transfer was a bill of sale conveying for a consideration of $1,000 the Bingham's personal property situated in the new corporation. The deed and bill of sale were tendered for filing early in the afternoon, but the papers had to be taken back to the new company's office to affix the revenue stamps. This done the deed and bill of sale at 2:40 p. m. to file a writ of attachment on the property of the Bingham Gold Mines company. It being a West Virginia incorporation, to the suit brought in the Third district court by John C. Cox against Joseph F. Underwood, to enforce claim of $2,652.60 from the old company. As soon as the deed and bill of sale to the Bingham Copper & Gold Mining company was recorded, Mr. Underwood on behalf of the Boston banker and was formerly associated with Mr. Jones in the iron mines and smelter deal, it is said that the differences will soon be adjusted and the attachment released.

ORDINANCE IS PASSED.

All Telephone Instruments to be Charged a License Tax.

CITY WILL BE ABOUT $700 A YEAR RICHER

Desk Sergeant Lowery's Case—Fire and Police Committee Files Two Reports—Other Matters.

The ordinance providing for the levying and collection of a license tax on all telephone instruments used in Salt Lake City was passed at last night's Council meeting. It provides for the payment of the tax, by the Telephone company, of twenty-five cents per quarter on all phones on which $60 and over per annum is charged for rent, and twenty cents per quarter for all other phones. It is estimated that the effect of the ordinance will be to increase the city's revenue about $700 per year.

The question of paying Desk Sergeant Lowery's fine was then taken up for discussion and the recommendation of the committee on finance, which reported that Mr. Lowery be paid his salary and that $25 be allowed to defend a case now pending with the state supreme court wherein the city is involved, the minority report favoring the payment of the fine. The majority report was adopted.

State Fish and Game Warden John Henry asked the city to join with him in a test case to be brought by the city as a state, the fish hatchery, at Afton, to establish which will be made to hold the fish hatchery, at Afton, to establish which will be made to hold the fish hatchery, at Afton, to establish which will be made to hold
