5 O'clock -EDITION.-

TRUTH AND LIBERTY.

NO. 255 SATURDAY, SEPTEMBER 22, 1894. SALT LAKE CITY, UTAH. VOL. XXVII.

TOLD A SECOND TIME.

The Story of the Japanese Victory Off the Yalu River.

MANY CHINESE SHIPS DESTROYED.

Only Darkness Prevented a Continuance of the Fight—Loss of the Chinese Fleet—Japan's Loss Slight.

LONDON, Sept. 22.—A dispatch from Tokio today dated at Taku, announces the receipt of three dispatches from Admiral Ito, the Japanese commander, reporting the naval battle at the mouth of the Yalu river. He says he was on board the Matsushima, a steel watship carrying twenty-eight guns. The Japanese squadron was at the rendezvous of the island of Hei Yos Tan in the gulf of Corea watching for any movement on the part of the Chinese fleet. They sighted the enemy's ships in the morning of the 17th. The Japanese gave chase and overtook the Chinese fleet at 1 o'clock in the afternoon the same day. The Chinese accepted the battle and the transports which their fleet were escorting entered the Yalu river.

The Japanese admiral's report, continuing, says: A fierce engagement followed. Our men were fighting with the greatest determination. The cattle continued until the approaching darkness prevented the continuance of the battle. At the conclusion of the day, as a result of five hours' incessant fighting, the Chinese had lost the warships Yang Wei, Chao Yang, Lei Yuen and Ching Yuen, while the Ting Yuen, King Yuen and Peiing Yuen were all on fire or our side. At dark our ships withdrew and prepared to renew the fight in the morning. During the night, however, the remnants of the Chinese fleet stole out the estuary and fled towards the Japanese coast. The Japanese squadron started in pursuit, but owing to damage done, some four ships could only steam slowly. We reached Hoke island at daybreak in the morning of September 18, but the Chinese ships had reached a safe shelter. We accordingly returned to the rendezvous at the island of Hei Yos Tan, when the movement of the Chinese from the gulf of Pei Chi Li commenced. The loss is reported. The Matsushima, Hei Yei and Akagi were in the thickest of the fight and engaged the most powerful vessels of the Chinese fleet. They received the greatest damage. The transformed cruiser Hakasaki also received considerable damage. The Matsushima was especially pounded. One of her four rapid fire gun was dismounted by a shot which smashed the carriage of the gun and the latter swung heavily against the ship, causing great damage.

It will be necessary to send the Matsushima to Shimoseki for repair. All the remaining ships of the Japanese squadron are now prepared to the satisfaction board of them and in a week the whole squadron will be ready to put to sea again. Not one of the Japanese warships was sunk.

The total number of the Japanese killed and wounded was 150. The Matsushima, which successively attacked the Ping Yuen and the Chen Yuen, and her commander, first lieutenant and thirty-one of her crew killed and 107 wounded. Of the wounded seventeen have since died. The Yaye Yama, a third cruiser of 1,350 tons and 2,400 horse-power, carrying three guns and steaming twenty knots an hour, built at Yokohama, Japan, has been ordered to the island Hei Yos Tan to join the squadron of the Matsushima. Admiral Ito has transferred his flag to the best cruiser Hashidate, carrying 12 guns and capable of steaming sixteen knots an hour. The Japanese fleet Admiral Ty has captured the action of Admiral Ito returning all his ships except the Matsushima on the station and offering repairs.

NOT ONE SHIP LOST.

LONDON, Sept. 22.—The Japanese legation has received a dispatch from Hiroshima, dated Friday, positively confirming the report that not a single Japanese warship was destroyed in the naval engagement. According to this dispatch the Japanese loss was 10 killed and 50 more killed and about 100 wounded.

THE CHINESE TRANSPORTS SAFE.

PHAROSAL, Sept. 22.—A dispatch received this (Saturday) evening from Tien Tsin reports that all the Chinese transports have safely reached Port Arthur.

THE JAPANESE IN COREA REINFORCED.

LONDON, Sept. 22.—A dispatch to the Times from Chemulpo, dated Sept. 19, says: In case twelve Japanese warships, convoyed by a fleet of watships, have arrived bringing reinforcements of 7,000 soldiers and 5,000 coolies with 3,000 pack horses, several pontoon bridges and batteries of mountain guns. The reinforcements were hurried forward to Seoul, the capital of Corea, where it is said an attack by the Chinese is expected.

CONSPIRACY DISCLOSED.

Alleged to Defraud National Banks in Chicago.

CHICAGO, Sept. 22.—An extensive conspiracy to defraud four of the leading national banks of Chicago has been disclosed by garnishee proceedings instituted by one of the victimized banks. The officials of the banks have already identified the active agent of the conspiracy and a capias for him is in the hands of the sheriff. The swindler, whose operations have already cost the banks between $5,000 and $6,000 has done business under the names of Hy Morton, Henry Cadman, D. D. Wood and Henry Osborne. He was until recently a clerk in the employ of a commission merchant on South Water street. Under the name of Henry Cadman he had an deposit bank account of $400. This was his working capital. Cadman, whose real name is supposed to be Henry Morton, is said to have had small amounts on deposit with four national banks of Chicago. By a simple system of trading checks he was able to draw between $5,000 and $4,000 in a single day from these four banks on the strength of his small deposits. His continued success of check trading aroused suspicion finally and Morton has disappeared in the company with at least one bank to the extent, it is said, of $4,000. Detectives think the swindling operations are the result of a well planned conspiracy and Morton is nothing more than a tool for clerkly men with money.

Supposed to Be Dead.

WABASH, Ind., Sept. 22.—E. S. Martindale, a talent Score builder, who has a family at Hartford City, is believed to have lost his life in the Minnesota forest fire. He left Hartford City nearly a month ago and the latest information he has received from him was contained in a letter dated at Hinckley. This was over two weeks ago and Mrs. Martindale mourns him as dead.

A SALT LAKE LADY CYCLIST.

Mrs. Clara P. Stein Starts for a Ride of Three Hundred Miles.

Novel Mode of Entertainment by the Century Road Club, Chicago.

CHICAGO, Sept. 22.—Taking a young lady visitor out for a three days' bicycle race over roads scarcely equal to the sandpapered contents of France and with the avowed purpose of covering the hundred miles each day, may not be an entirely conventional method of entertainment, but it has been adopted by some local members of the Century Road Club for the benefit of Mrs. Clara P. Stein, who is a member of that organization and a resident of Salt Lake City, Utah. Mrs. Stein has been "centuries" in Utah and Mexico, and cycling not deleterious to her health. Her three days of riding Betentonia will be to Milwaukee, to Rockford and to Chicago. She will be escorted by Mrs. Fairchild, Misses Cutler, Lord, Hegerty and Porter and Messrs. Hunter and Skinner. The party started this morning.

New York Athletic Club.

NEW YORK, Sept. 22.—The fall game of the New York athletic club at Travers Island today promise very sport. The track and field are in good condition and the arrangement have been made with a view to bringing out all the contestants have in training.

In the 100 yards handicap Tommy Lee will have to put down to ten seconds or hear to win. Kilpatrick, who is as fine last shot, and is regarded as the fastest man in the three quarters, will try for the 1,000 yard record of 2:19, made by L. E. Myers. The event has been placed early on the program, so as to have Kilpatrick. He will have to beat Dr. Sheldon, (18 yards), A. J. Watts, (20 yards), and O. Jarvis (35 yards). Chase is on scratch in the 440 yard hurdle. E. M. Cary, the Yale hurdler, has three yards; D. D. Hatch, four yards, and F. W. Cuff, five yards. To beat that Chase will in all probability have to lower his own world's record of 53-2-5 seconds.

The high jump also promises much. Champion Dawson is conceding Lentz, university of Pennsylvania, one inch and Sheldon, the hero of Yale-Oxford games, 3½ inches.

The ten mile championship on the two mile circle chase championship should afford a superb contest. A special track has been laid to the latter. There will be about twenty jumps. Walsh and H. Gettberg will be the contestants.

A CHINESE-GERMAN ALLIANCE.

Senate Hanemann Decides to Become the Wife of a "Celestial."

CHICAGO, Sept. 22.—Morris Salmonski, the marriage license clerk, was somewhat surprised to have an application last night for a license from a Chinaman. Charlie Sooey, of 11 Van Buren street, was the applicant and Susan Hanemann is to be the bride. Charlie has been in Chicago for the past fifteen years and had become lonely and after some difficulty with Mormon man's language, managed to tell Susie that he wanted a wife. Susie is a German girl and a domestic servant by occupation. After some consideration she decided to become Mrs. Charlie Sooey.

The Coming Fistic Carnival.

NEW ORLEANS, Sept. 22.—The coming fistic carnival of the Olympic club is the all-absorbing topic in the local sporting world. Though as yet little betting has been done, it is evident that as the time draws on for the first of three battles, large sums will be staked on the results. As far as can be determined at present, Fitzsimmons and Fitz seemingly should be strong favorites, but opinion is pretty evenly divided as to the relative merits of Abbott and Everhardt.

SEED HER NOTHING.

A Peculiar Case Involving a New Question Decided.

PORTSMOUTH, Ohio, Sept. 22.—A peculiar case involving an entirely new question has just been decided in the courts here. It is said to be without parallel in pension legislation. Under the law a widow receives $12 per month for each minor child. Amelia Trockmorton sued her mother, Mrs. Catalina Scherer to recover the money received on her account from the government. Her plea was that the word "child" in the law meant the mother simply the custodian, as it were, of the money, and that she should pay it over when the minor reached majority.

The court decided in favor of the defendant.

The Brazilian Trouble.

SAN FRANCISCO, Sept. 22.—The Chronicle says: The crisis at the Panama Mail company for the Mexican trade on the Pacific coast, have become the crisis of C. P. Huntington on the Atlantic side.

The concessions were granted to Don Elisio Lanzos Jaile from the Mexican government, one from Panama to the San Francisco, and the other from the terminus of the Tehuantepec railroad, on the Gulf of Mexico to New Orleans.

Consul General Conger, of Mexico, says that his letter concession has been granted, and he is of the opinion that both franchises were bound to the same company. The intrusion of the new line of steamers on the Atlantic will be resented in Yucatan, Honduras, Nicaragua from New Orleans to Vera Cruz on the Gulf of Mexico. Progress is just across the Gulf, and it is said that the bank of the Pacific Mail company has had in correspondence for some time the proposition of extending the line to this port. Evidently, however the sell on at Washington kept the magnate too busy and the opportunity slipped by.

IGNORED A CITY ORDINANCE.

Railroads Will Have to Pay Fines or a Case Appear.

JOLIET, Ill., Sept. 22.—Several months ago the city council passed an ordinance compelling every railroad entering the city to circulate its tracks throughout the city to permit the passage of trains and with one underground crossings. The roads taking offence the ordinance and have devoted no attention would be paid to the order of the council. Today the roads will be brought to the test and Road Fighting Company will the council and mayor. The city will immediately impose the full limit of $100 every day the roads fail to obey the order.

SUPPOSED TO BE DEAD.

Anomalous Receipt for Patient Saying Her Brother Is Therefor Fair.

MILWAUKEE, Wis., Sept. 22.—Mrs. Hermann Schneider, of Appleton, a middle-aged woman, was supposed to have died last Thursday. The body was laid out and preparations made for the funeral. Last evening some friends, listening that the body had not become rigid decided to apply test to ascertain whether the woman was really dead. Animals was held to her nostrils and she received. She has since lain in a semi-conscious condition, but seems to be gaining strength. It per are entertained for her recovery. The woman has been subject to heart disease for several years and it was in an attack of that kind that her supposed death took place.

Imperial Berdiches.

SANTA FE, N. M., Sept. 22.—The United States court of private land claims yesterday in the Dalies case, from Santa Fe county, confirms the claim actually alleg aggregating about 1,000 acres, or a little more or less of Indians in the Rubio grant, as per patent, which was issued for which a claim was entered was about 24,000 acres. The entire claim is what is called the Cantell grant within the French grant was rejected, as were also claims for lands lying within the patented lands acquired by purchase or homestead claims under the government laws. This is the third decision of great importance by this court affecting the character of evidence to be adduced in Spanish and Mexican grants as well as that lying within the boundaries of lands required by title from the United States.

The other decision rendered confirmed the Sierra Mesa grant to Rio Arriba county for the amount of land included in the boundaries proved. The amount of acres in the grant covers a total of 5,000. The court then held up the Cerrito de Cuchillo grant, which it is claimed covers a part of the rich Cerrillo mineral district, 30 miles west of Santa Fe.

Killed in a Cyclone.

MASON CITY, Iowa, Sept. 22.—A destructive cyclone passed through the north part of this county last night. Two persons are known to be killed, Mr. and Mrs. Hanson and a little child were blown half a mile and fatally injured. The cyclone passed on the northwest with Moby and Plymouth in its track.

New York Stock Market.

NEW YORK, Sept. 22.—The stock market opened irregularly higher. Rock Island led the improvement with a gain of 1 per cent, but on comparatively light sales the entire gain was lost. Other shares remained firm.

The market gained strength after 10:15 and remained strong to the close.

ALL JAILED.

A Gang of Alleged Counterfeiters and Murderous Conspirators.

BIRMINGHAM, Ala., Sept. 22.—Hassey Grifin, S. M. Clymont, Henry Grammer, Joe and David Hingham and others of Tuscaloosa county have been arrested on a charge of counterfeiting and conspiracy to prevent R. Cooper and others from testifying in the Federal court. It is alleged that the gang purchased counterfeit money in the West and passed it in this vicinity. It is said the gang passed sentence of death on six witnesses against them and gave them written notices to leave the country. Four weeks ago Jack Cooper was fired on from ambush but not killed. Last Friday night R. Cooper was shot from ambush and killed.

German Steamer Ashore.

LONDON, Sept. 22.—The German steamer Pleiades from Hamburg to Montreal, is ashore at Torcross, near Dartmouth, on the Devonshire coast. Life boats and tugs have been sent to her assistance. It is expected that she will be pulled off at the next high water. There were 151 passengers. The Pleiades was built in Hamburg in 1883 for the Hamburg-American packet company.

The steamer ashore at Torcross has been safely floated.

The Breckenridge Caucus.

FRANKFORT, Ky., Sept. 22.—All the members of the Democratic congressional district committee have arrived and a meeting will be held at noon to canvass the returns. W. C. Owens is here with a big delegation of friends. Colonel Breckenridge's interests will be looked after by his law partner Colonel John T. Stanley, and a large delegation of prominent men.

After canvassing the vote for nominations a resolution was unanimously adopted declaring Owens nominated by a majority of 255 votes and the committee adjourned.

Application Denied.

NEW YORK, Sept. 22.—In the U. S. circuit court today Judge Lacombe denied the application for the removal of the receiver of the Jarvis-Conklin Mortgage and gave as the ground that there was no proof of collusion between the two companies.

FURY OF THE WIND.

A Cyclone's Devastating Work in the Northwest.

MANY KILLED AND INJURED.

Minnesota the Heaviest Sufferer, but Iowa Did Not Escape—Great Destruction Reported.

WINONA, Minn., Sept. 22.—A cyclone from the southwest struck Spring Valley, Minn., at 10 o'clock last night, demolishing the Winona & Southwestern depot, water tank, oil tank, the cold storage house of the Sheffield mowing company, and a score of other houses. Three persons were killed, and many others injured, some of whom will die. The cyclone afterwards struck Hommerville, four miles south of here, destroying three barns, the new town hall, a grain store and two houses. The cyclone then passed the river, striking Mankato in the Wisconsin side and demolishing several houses, but injuring no one so far as reported. Three houses and two barns were destroyed.

In Gilmore valley at Weaver city, houses and barns are reported wrecked. It is believed the finest south of the city protected Winona from damage.

Reports of damage are coming from the vicinity of Marshland, Wis.

At Dodge Center nine a large warehouse was blown down. The eastern part of Lodge was swept.

The Milwaukee depot was destroyed together with other houses, and the following killed: Henry Finley, Dubertus, a drummer by; Mrs. Dunbar; Joe Swenson, a laborer.

Osage, Ia.—Five persons were killed in the cyclone.

At Waldemore, Iowa, there was much destruction of life and property. Reports at Algona, Iowa, and vast of here.

Minneapolis—A Journal special from Spring Valley, Minn., says a disastrous cyclone visited the south part of this city last night, blowing three persons out of the city limits, killing twenty more. Houses were wrecked, into kindling and the debris of the surrounding towns were scattered. Twenty dwelling houses and the Southwestern Railway depot were destroyed. Loss $100,000, no insurance.

The conductor

Mr. and Mrs. Dodge and a child of Frank Masuck.

Wounded:

C. G. King, fatally; Mrs. Louis Hoag, fatally; Louis Hoag, seriously; Mr. Harper, face bruised; Mrs. Harper, injured leg; Mrs. Frank Masuck, injured back, slightly; Charles Dodge, slightly; Nellie Rumsey, bruised; Hallie Wilkens, seriously; Mrs. Wm. Hanson, arm broken; John Ness, arm broken; Mrs. J. Ness, scalp wound, will recover; John Ness's child, scalp wound; Mrs. C. G. King, slightly; Chris King, slightly; John Hanson, slightly; Mrs. Wilkins, Bowes, seriously; Louis Bowes, slightly.

The storm was two hundred yards wide. It swept through a newly built portion of the town.

Officials of the Chicago, Milwaukee & St. Paul Railroad have received reports that a storm almost approaching a cyclone struck Lorey, twenty miles southeast of Austin, where it damaged several buildings and carried away hedge fences. The storm then appears to have passed in an northeasterly direction, crossing Root river and striking north of Preston, and into Winona county. At Homer, four miles south of Winona, on the Milwaukee river division, five or six houses were destroyed.

Chicago—Great Western officials have received word from McIntyre, Iowa, that the storm passed over Worth four or five miles distant, doing some damage, and then struck the small village of Lewther, destroying every dwelling. McIntyre, the agent, telegraphs that messengers came into Hoeville for physicians to go to New Haven, ten miles distant, where many houses were wrecked.

Elwin, Iowa—At Lewther, a town of 100 people, the cyclone destroyed the Chicago & Great Western depot, a grain store, the state buildings and dwellings. No other particulars can be learned as all the wires are down.

OMAHA, Sept. 22.—A special to the Bee from Lemmington, Iowa, says 20 people were killed there. A dispatch from Osage puts the number of deaths in that county at ten.

MORE CASUALTIES.

MASON CITY, Iowa, Sept. 22.—At 9 o'clock last night a terrible cyclone at North Cerro Gordo destroyed eight farm houses, laying every one flat.

The dead are—Killed: M. Kercher, John Patterson, D. T. Brolow and Mrs. D. Hanlon.

The wounded are—Miss Maggie Baker, Hattie McKerrow, Alice McKercher, Miss Effie Brolly and Jas. O'Neil.

Late dispatches from Algona, Iowa, state that 14 people were killed and 35 injured. The little town Cylinder was totally wiped out.

Captain Gosorn in Argentina.

VANCOUVER, Wash., Sept. 22.—Captain W. C. Goodwin, Company "H" Fourteenth infantry, who was recently court-martialed on a charge of drunkenness, has been acquitted on every specification, and he has been restored to the command by order of Brigadier-General Gibbs.

Bank Statement.

NEW YORK, Sept. 22.—Weekly bank statement: Reserve, increase, $20,875; loans, increase, $2,882,300; specie, increase, $314,100; legal tenders, increase, $22,200; circulation, increase, $1,100,500; net deposits, increase, $3,09,300. The banks hold $59,912,725 in excess of requirements.

An Unfortunate Operation.

CHICAGO, Sept. 22.—Herbert M. Kinney, the noted Chicago caterer, died in New York today, as a result of a surgical operation.

Heavy Loss from Fire.

St. Louis, Sept. 22.—A fire originating in the leather-dye establishment of Daniel B. Ely & Co. this morning destroyed the large brick building and some small factories adjoining. The loss is on D. B. Ely & Co., $75,000; Mound City Shoe Co., $35,000; Jacob E. Lippert, building, $40,000; other losses, $20,000 total, $170,000. The insurance is about one-third the loss.

The Price Going Down.

PHILADELPHIA, Sept. 22.—It is rumored in report that the sugar trust will shut down some refineries next week for an indefinite period to reduce the work of the large stock of raw sugar. The price declined ¼ during today, which makes the decline for the week ½.

Total Bank Clearings.

NEW YORK, Sept. 22.—The total bank clearings of the United States for the week ending today were $1,000,000,000 for week and $125,000,000 the corresponding week last year.

On Schedule Time.

LITTLE FALLS, N. Y., Sept. 22.—Cyclone Clarke passed through here at 8:15 o'clock on schedule time, having made 254 miles in two days and one hour.

Wind Scheme in a Storm.

HANCOCK, Mich., Sept. 22.—A storm is raging on Lake Superior. The large Hamburg, one mile from Ashland to south Chicago, went ashore on Keweenaw point, near Eagle river, early this morning. The crew were saved with the aid of a lifeline. Heavy seas are running and the vessel will probably break up.

Nominated on the One Thousandth Ballot.

MEMPHIS, Sept. 22.—At Canton, Miss., this morning J. G. Spencer was nominated by the Democrats in Congressional convention of the Seventh Mississippi district to succeed Charles E. Hooker. A thousand ballots were taken.

A Successful Bank for Liberty.

ST. LOUIS, Sept. 22.—In the criminal court this afternoon seven arrests were made a bank for liberty. William Lemp, indicted for assault to kill; Eli Carr, Al Harris and James Fox, burglary, go away.

The Cyclone's Progress.

LITTLE FALLS, N. Y., Sept. 22.—Cyclone Will arrived at 2:15 a. m. today. And expects to do the 16 miles farther to Albany, before stopping. It he succeeds he will have stolen 254 miles since leaving Dakota at 9 a. m. Thursday, in 42 hours.

Miners Insist on Their Terms.

HAMILTON, O., Sept. 22.—The Miners and owners of North Lawrence voted to refuse the operators' offer of 65 cents more than the original offer, and unanimously resolved to hold out for 70 cents. This is believed to foreshadow the defeat of the attempts at compromise initiated by the state board of arbitration.

Hewlett Bros.' Factories.

Prominent among the numerous exhibits at the coming Territorial Fair will be that of the firm of Hewlett Bros., who started in a modest way, some years ago, in the sole water manufacturing business. Since then their orders have grown to such an extent that it was found necessary to materially enlarge the factory. A few months after that change another factory was started up in Provo, under the management of A. J. Hewlett. The factories employ forty men each. Four men are on the road continually. The latest venture made by them and one that promises to be the most successful of all is the manufacture of a superior kind of baking powder. It has struck the fancy of the public and the demand has grown to such an extent that a factory with a capacity double the size of the present is to be built at once. It will also have an important addition to the shape of a canning factory.

Has Anyone Seen Him?

On Sunday last J. D. Hunter, a Scotchman, 75 years of age, and an inmate of the county infirmary, left that institution with the expressed intention of attending the Tabernacle service in the afternoon, as was his regular custom. He has been invariably in the habit of calling at the house of his son on the way, but last Sunday omitted to pay his usual visit, and has not been since seen or heard of hereabout. The old gentleman has white hair and whiskers, wore glasses, and when he last left the infirmary was wearing two coats, one black the other brown. Any information concerning him will be gladly received by Superintendent Joe F. Allen, at the county infirmary.

Expected Home This Evening.

Chief of Police Pratt, who has been on a vacation with a party of Salt Lake friends in Idaho the last few days, was expected home this morning but for some reason did not arrive. It is thought, however, that he will come down from the north on this evening's train.

Tough Youngsters Plead Guilty.

Clarence Bard, William Barnes and Willie Cochran, the trio of tough youngsters arrested by the police a few evenings since, were arraigned before Justice Smith this morning. Cochran plead guilty to the charge of burglarizing the Templeton hotel, and the other two confessed that they were guilty of petit larceny. Cochran's case will go to the grand jury, while Barnes and Bard were to be sentenced this afternoon.

Colonel Pearson Coming Back.

Information has been received here from the department of the Platte to the effect that Colonel W. H. Pearson, now in command of the Twentieth Infantry at Fort Assiniboine, Montana is coming back to Utah to take charge of the sixteenth in place of Col. Hawkins, who goes to Fort Assiniboine. It will be seen, therefore, that it is simply a change of places by the two military officers.

The change is highly satisfactory to the officers and men at the Fort Douglas. Colonel Pearson is popular with them, having won sweetness and esteem during his stay here while acting as lieutenant colonel of the regiment before being transferred to Montana. The change goes into effect immediately.

Marriage Licenses.

The county clerk issued a marriage license today to J. Arch M. Chandler, 23, and Emily Elizabeth Bishop, 20, both of this city.

A BIG SUM INVOLVED.

Action by E. C. Chambers Against an Administrator.

A suit in which the large sum of $175,000 is involved was filed with Clerk Dunbar in the Third district court late last evening. The plaintiff is E. C. Chambers and the defendant Susan B. Emery, administrator of the estate of Alonzo F. Emery, deceased. It is alleged that in the year 1887 the deceased contracted a monthly interest in the "May Flower lease," in the Uintah mining district. At that time plaintiff gave he paid Emery $4,000 for one-half of his one-fifth interest, therefor to transfer to Emery's name, but to be held in trust by him for plaintiff.

The complaint then sets forth that Emery and other persons interested in the lease acquired the right to work other mining properties adjacent to the May Flower lease, but it was still agreed that Emery should continue to hold a one-fourth interest in trust for plaintiff. Large profits were made and one-fifth of the same were regularly paid to Emery, until at last he and his colleagues purchased with the funds thus derived, what is known as the Silver King mining property, adjacent to the May Flower. They continued to receive all the properties and made large profits, one-fifth of which were still paid to Emery. When the Silver King was incorporated the capital stock was fully paid up and Emery acquired 24,000 shares of stock, which he continued to hold up to the time of his death. Subsequent to the incorporation of the company large profits were made and dividends were regularly received, and one-fifth of such being paid to Mr. Emery.

Plaintiff avers that he does not know the exact amount received by dividends by Mr. Emery, but alleges as his belief that the total sum received was $117,125.75. Of this sum he was paid by Mr. Emery $57,000, which would leave $60,125.75 still due. In addition to this amount Mr. Chambers plays that Mr. Emery is required to account for the 24,000 shares of the capital stock of the Silver King Mining Company, which, according to yesterday's quotations, is worth $180,000.

The outstanding is asked for in order to arrive at the exact amount due as dividends, and, according to the allegations of the complaint, the total amount for which judgment is prayed is $175,125.75.

Timely Assistance.

A few days since the NEWS published an account of the serious injury by fire of the store of William W. Jackson of American Fork. We are pleased to learn there is a central disposition on the part of the people of that town to aid him in rebuilding his building and thus enable him to resume business. In late years he has had reverses but was getting into a position to see his way clear to emerge from them when the fire fiend nearly ruined the piece of business. He is one of the oldest citizens of American Fork and has served the people in a public capacity on several occasions and has always been ready to see to those in need and to forward any beneficial enterprise. Several business gentlemen of the city have volunteered substantial aid to assist him in rebuilding his building. It is gratifying to note that his friends are ready to extend a kindly hand to him in his time of need, as he unfortunately entailed no insurance on his premises.

"Letcher, it's an Outrage!"

The following letters speak for themselves:

"PROVO, Sept. 21, 1894.

"J. R. Letcher, Chairman Utah Commission:

"Louis Christensen, of Spring City, deputy registrar, will permit no one to examine the registration lists except to his own name, and this applies to the assessor and other places in Sanpete county. Is Letcher, law is an outrage and a travesty on justice.

CHARLES CRAIG."

Chairman Letcher directed the following reply:

"I have telegraphed Judge Norrell, who lives at Mount Pleasant, to attend to the matter. J. R. LETCHER."

Local Stocks Looking Up.

Speaking of the local stock market today, John C. Cutler Jr. stated that it was picking up considerably. "People are getting more free with their money," said he. "I am receiving inquiries daily for stocks of local corporations and for the best mining stocks, and quite a number of transfers are being made. Today, for instance, I sold a block of Deseret National stock, also a block of E. C. M. L. and of Deseret Savings bank stock. All parties I sold these to seemed satisfied."

Primary Conference Today.

The Primary conference of the Salt Lake Stake is being held in the Assembly Hall today. There were two meetings, the first commencing at 10 a.m., President Clawson presiding. There was a fine program rendered by the little folks and addresses were delivered by the officers of the society. A similar meeting was held this afternoon.

Dr. Tanner's Lecture.

Dr. Tanner's lecture on "Constitution Making" will be delivered in the Latter-day Saints' College building, 255 east First North street, on Tuesday evening, Sept. 25, commencing at 7:30. Admission free. The public is invited.

GET FLAKES OF GOLD

That is the Reward of Salt Lake Prospectors at Deep Creek.

RICH FOR THE QUEEN OF SHEBA.

Important Changes in the Copper Plant Company Organization—The Ribbs Gold Vein.

News has been received in this city of the good luck of W. P. Rozzelle, Joseph Lauber and John Lewis, who have been prospecting at Ribbs Hill, in the Deep Creek country, fifteen miles from Ibapah, four or five miles from the line between Utah and Nevada, just south of the Deep and Trout creek line. They made their location over a year ago, and a couple of months since went out on their claim this, provided with supplies to put in some good work. The five results are now reported to a rich strike of the yellow metal. The ledge bears a large quantity of free gold, the boys being able to pick out the flakes with a pocket knife, as the letter says. The owners are highly elated over their discovery.

A NEW MILL.

The Queen of Sheba owners also are making steady progress, notwithstanding the fact that there is no Deep Creek railway yet to help them get the precious metal out at a reasonable cost. They have let the contract for a Chilean mill on their property, and will post matters energetically.

COPPER PLANT CHANGES.

It was a late session of the Copper Plant company's directors last night that decided upon two important changes in the organization of the company, by which S. H. Green, of Milwaukee, and Otto Mears, of Denver, will be added to the board. Mr. Mears was the chief promoter in the deal by which the company got the lease to the Sail lease, but it is claimed his retirement will not affect his continued interest, as the company intends to push the work to a speedy conclusion.

The action taken by the directors was to retain Mr. Mears from the presidency of the company, his successor being David May, of Denver. The reason given for Mr. Mears's resignation was that it was impracticable for him to act as president from so great a distance as Milwaukee, where his home is. Mr. Mears's resignation is said to be owing to his attention being taken up so much with his affairs in Colorado, where he is a power at assiduity as well as financially. Both of these gentlemen go out of low associates, and are succeeded in their stead by Morris May, of Philadelphia, and J. E. Schoenberg, of St. Louis.

The company has decided to send some of the directors to New York at once to raise the capital necessary to complete the works. A number of changes are to be made, and some new plants to be supplied.

SERIOUS RUNAWAY.

Mrs. Snell, an Aged Lady, Has Bones and Injured.

There was a bad runaway at 9:30 this morning. It appears that Mr. A. Fox, an employee of the copper works in North Salt Lake, came into town to attend to some business. He left his horse hitched to a post outside Jenkins's harness store on east Second South street. The animal became frightened at a passing street car, broke the hitching strap and headed westward on a mad run. At the intersection of Second South and East Temple he caused a frightful scattering of pedestrians. Unfortunately Mrs. Snell, a lady of sixty, and her daughter, Mrs. Newman, were unable to get out of the way, and the animal knocked them down and ran completely over Mrs. Snell, one of the wheels of the buggy cutting and training her face badly. She was picked up in an unconscious condition and carried into Smith's drug store, where Dr. Wilson attended to her injuries. Meanwhile the horse turned north, slipped and fell, but was up and on again with the shafts and two front wheels missing behind. The next collision was with a cart in front of Ray Bros. store, where a rupture was effected. Mr. Fox was in no way to blame for the lamentable accident, as the broken ring of the bit testified.

A Sleek "Fakirs" Fraud.

F. Auerbach & Bro. complain that they in company with the people of the Territory are being made the victims of a fraud by some individual who is going about representing himself as an agent of the Bon Ami. The method of procedure is given as follows: The bogus agent, who is a fellow of prepossessing address, visits merchants, druggists and storekeepers in the small towns in presenting that the firm of Auerbach are making to handle a certain quantity of goods, at the same time requiring a deposit of from $2 to $5. The promise is made that the goods will be shipped in a few days. But that is the last heard of the gentleman, and the merchant is generally in some distant county before the people find they have been duped.

Gold Brick.

F. Hancock, in his gold brick secured from a recent run at the Ibapah mill of 35 tons of ore, obtained an average of $41 per ton from decomposed quartz.

In a run at the Gold Hill mill, of 10 tons of ore from the Motor mine at Deep Creek $25 was saved, and from the tailings $20.37 more in gold was secured in the city.

County Court on Monday.

With Probate Judge Blair absent, the usual weekly session of the County court will be held on Monday next.
