Last Night's Dispatches.

EASTERN.
Gave Bail.

NEW YORK, 29.—Messrs Jones & Jennings, proprietors and editors of the *Times*, gave bail to-day, in $1,000, in the libel suit instituted by James T. King, the Tammany candidate for the Assembly.

Drowned.

A Binghampton dispatch says that while a party of six were boating on the Susquehanna river, at Unidilla, the day before yesterday, the boat upset and all were precipitated into the water. Maurice Goodrich and wife of Worcester, N. Y., and Mr. Morehouse and wife of Unidilla, were drowned. The Goodrichs were on their wedding trip.

To be Hanged.

Chas. Weston, the third of the colored murderers of Weisburg, the Jew peddler, was to-day convicted and sentenced to be hanged the same day as his accomplice, Dec. 7.

Bishops Elected.

The House of Bishops of the Protestant Episcopal church ended its session to-night. The Rev. Samuel T. J. Schereschewsky was elected Bishop of China, the Rev. Dr. W. J. Clarke, of Ga., Bishop of Africa. After some routine business the House adjourned *sine die*.

Alabama Claims Court.

WASHINGTON, 29.—In the court of commissioners of the *Alabama* claims, to-day, judgment was rendered in case 381, in favor of the Pacific Mail Steamship Co., for $623,778.

Yellow Fever Returns—Russian Minister Presented.

A report received by the Secretary of War from assistant surgeon V. B. Hubbard, medical director of the department of the Gulf, dated New Orleans, Oct. 23d, announces the progress of the yellow fever there up to the 23d, according to information had from the board of health, as follows—The number of cases 84, deaths 46; there had been no frost.

J. M. Chickine, the new Russian minister, was presented to the President to-day by the Secretary of State.

Prisoners Escaped.

ST. JOSEPH, MO., 29.—Between 6 and 7 o'clock this evening seven prisoners escaped from the jail by sawing off the iron bars of a window; the prisoners were Frank Brown, a murderer, and sentenced to be hung, John B. Patten, Oscar Kirk, Charles Reghout and Thomas Hannan, under sentence for grand larceny, Alex. Broughton and Wm. Early, under sentence for horse stealing. Five hundred dollars are offered for the capture of Brown.

Failed.

MONTPELIER, VT., 29.—The suspension of Henry E. Fifield, flour and grain dealer, is reported; his liabilities are estimated at $40,000.

A Singular Lawsuit.

In the supreme court, this a.m., was heard the case of James Territter *et al vs.* James Tyler *et al.* The parties live in Brattleboro, where, on Corpus Christi day, June 4th, 150 Catholic children stayed away from school by desire of their parents, and attended church. Tyler, for the school committee, would allow them to return only on condition that they should not do so in future, to which the parents would not assent. The question before the court was whether the committee had power to exclude children from school. The decision was withheld.

Inter-Oceanic Canal Routes.

CHICAGO, 29.—A Washington special says that the commission recently appointed by the President to examine the various inter-oceanic canal routes of Central America, meets here early in November. It is composed of General Humphrey, Chief of Engineers of the U. S. army, Prof. Pierce, late superintendent of the U. S. coast survey, and Commodore Ammen, of the U. S. navy. The commission will examine officers who have made a survey over the Panama, Nicaragua and Tehuantepec routes, with the view of ascertaining which is the most feasible. They hope to have the report ready by the 1st of January next. When the report is completed the President will transmit it to Congress by a special message. It is also thought that he will urge upon Congress the importance of giving substantial aid to the completion of this long talked of enterprise. The governments of Columbia, Nicaragua, and Tehuantepec are anxious that our government should have the precedence in this matter, but if it should fail to come to the aid of the enterprise within a short time, proposals will be made to France and England to go on with the work.

A Big Hail Storm.

ROLLO, MO., 29.—A hail storm of unprecedented violence passed over here to-day. The hail were about the size of pigeon eggs, and did immense damage. Almost every pane of glass on the west side of the houses was broken.

A Caution to Officers.

CINCINNATI, 29.—The coroner's jury in the murder case of Henry C. Johnson, who was killed by a shot while he was in the hands of the officers arresting him on Wednesday last, rendered a verdict, charging Dowling, the officer making the arrest, with the murder of his prisoner.

Children Burned to Death.

An Athens, O., special, says that one Krumsley, colored, with his wife and infant, left three small children alone, and started to town this evening; the house was burned and the children were burned to death, supposed to have been caused by the overturning of a lamp.

U. S. Troops and Indians Fighting.

ST. LOUIS, 29.—The *Republican's* Kansas City special says that news of a startling nature was received to-day, in regard to a fight, on Tuesday, between U. S. troops, near Fort Hayes, and a wandering band of Cheyennes. The Indians drove back the troops and killed two; fresh troops were sent from the Fort, and a dispatch received at the office of the Kansas Pacific Railway to-night says that the fresh troops were attacked by the Indians while camped near the Smoky Hill River on Thursday, and the Indians were again successful and made the soldiers retreat, with a loss of one man killed and one badly wounded. General Carr's command had left Fort Hayes by special train for the seat of war.

Lost his Life in Saving Others.

PORTLAND, Me., 29.—This afternoon, as a man named Small was riding in a wagon on Commercial street, near the railroad wharf, he saw two children playing on the track and a train backing on them; he sprang from his wagon to rescue them, and succeeded in doing so, but was himself run over by the train and killed.

Evangelical Alliance in Session.

PITTSBURG, Pa., 29.—The morning session of the Evangelical Alliance was taken up with the Sunday question. Papers were read by the Rev. Dr. Valentine, of the Lutheran Church, at Gettysburg, and others. An animated discussion by the Rev. Mr. Atterbury, the Rev. H. D. Ganse, Dr. Samson and others followed the morning session.

Dead.

BOSTON, 29.—The Hon. Amasa Walker died to-day, 76 years of age.

Is the "Cardiff Giant" a Fraud?

In the suit of C. O. Gott, *vs.* the Boston *Herald*, for $50,000 damages for libel in calling the "Cardiff Giant" a fraud, the jury to-day rendered a verdict for the defense.

Affairs of the Ames Plow Company.

At the first meeting of the creditors of the Ames Plow Company, it was decided that the Company should continue business; the creditors will either grant an extension, or the Company will avail itself of the offer of responsible parties to furnish the ready cash needed.

CANADA.

The Guibord Affair.

MONTREAL, 29.—Mr. Doutre had an interview to-day with the mayor, as to getting protection at the approaching burial of Guibord; the mayor intimated that neither he nor the police should go outside the city limits, and as the Catholic cemetery was outside these limits they would not go there. Doutre then formally called on the mayor, as a justice of the peace, to do his duty as such, but the mayor would give him no answer. Trouble is feared.

WESTERN.

The "Bulletin" and "Alta" Libel Case.

SAN FRANCISCO, 29.—The libel suit of the *Bulletin*, *vs.* the *Alta* was up to-day in the Fourth district Court, on motion of the defendants to strike out that part of the complaint referring to the Bank of California. Alex. Campbell, for the defendants, argued that there was much in the complaint not essential, and which the defendants should be called upon to deny. He thought that plaintiffs could not compel an investigation of the affairs of the bank; it was the duty of the plaintiffs to state the libel charged, and not sling more.

Swift, for the plaintiffs, said, in reply, that they had a right to include the libelous article as they saw fit. There were half a dozen libels in the article, and he intended to show the truth of the articles in the *Bulletin* charging Ralston with attempting to swindle the city with the Calaveras and Spring Valley water schemes.

Lake, for the defendants, objected, stigmatizing the statement as irrelevant and atrocious.

Swift waived the point for the present, and entered into quotations of authorities.

On conclusion the court took the matter under advisement.

News from Japan and China.

Yokohama, Oct. 11.—Events in Corea point to the possibility of speedy hostilities, though the Japanese government is still rigidly silent. A Japanese man-of-war was fired upon from a Corean fort near the capital, and, according to a report considered authentic, though not yet fully confirmed, a landing was effected and the fort and a neighboring village were destroyed. The results and the determination of the government are anxiously awaited. The reduction in the public expenditure steadily continues, and there is a great effort to restore the national finances. Secret gatherings of political conservatives in Kioto are attracting notice, as many high officials of the old regime are participating. There are great preparations for an unprecedented display of Japanese productions at Philadelphia. The American Bishop Williams, whose diocese formerly embraced China and Japan, is now restricted to Japan alone.

Hong Kong, Oct. 3, Shanghae, Oct. 2.—The question of the unsettled difficulty between China and England continues to occupy attention. There are numerous rumors from Peking, the most serious of which declare that Mr. Wade would positively withdraw if all his demands were not granted by Sept. 25th. Although China has already consented to accede to the general requirements, strong objections are still urged to compliance with the new British commercial exaction, on the ground that an effort to benefit traders by actions growing out of a political assassination is unjustifiable and indecent. If further complications arise, it is well understood that they will proceed chiefly from this cause. There have been additional disturbances on a small scale between natives and foreigners in various localities.

Adrift at Sea.

The memorandum of the steamer *Montana* says that a bark of about 600 tons, supposed to be the *Martin* of Boston, dismasted and waterlogged, drifted on the beach, about seventeen miles northward of Manzanillo, on the 15th inst.; the bark was loaded with Oregon pine. The cabin was searched, but no papers of any kind were found. The captain and main desk were covered with barnacles.

FOREIGN.

GREAT BRITAIN.

A Carlist Victory.

LONDON, 29.—The Carlist committee in this city publish the following:—The Carlist General Perula gained an important victory at Lumbier, in Navarre, on the 23rd instant, routing a force of Alfonsists consisting of thirty battalions of infantry, three regiments of cavalry and thirty-six guns. The Carlist force consisted of five battalions of infantry, two squadrons of cavalry and eight guns. The Alfonsist losses were heavy. According to Alfonsist accounts the main body of the Carlists attacked General Primo's position at Lumbier, but were easily repulsed.

A Vacancy in Parliament.

Sir Richard Baggeley, attorney general, has been appointed Judge of the Supreme Court of Appeals, which causes a vacancy in Parliament for Middle Surrey.

To be Cashiered.

A special from Berlin states that the Imperial government is about to formally cashier the Count Von Arnim from the public service.

A Big Failure.

Blackwell and Campbell, merchants of this city, have failed for some two million of dollars.

No Confidence in Turkey.

The *Official Gazette* says that in view of the distrustfulness of the people in the promised Turkish reforms, a step must be taken by foreign cabinets to strengthen their confidence so as to enable the Porte to fulfil its promises, and the sad condition of the Christians must be put an end to in any case.
