SPECIAL PREMIUMS.

They Are Offered By Z. C. M. I. and Several Others.

The officers of Z. C. M. I. are again to the front in the matter of offering special premiums for the Territorial Fair. They are never appealed to in vain, for they realize the objects of the D. A. & M. Society, and know their means will go to the support of home industries. Notwithstanding the business depression, Superintendent Webber duplicates in amount the premiums offered in the flush times of 1891. In 1892 the premiums were made on groceries and dairy supplies. This year dry goods are added, and the offer is as follows:

George D. Pyper, Esq., Secretary of D. A. & M. Society, City:

Dear sir—We will give the following special premiums:

One ladies' and children's black hose, made from Utah wool, $25.

One flannel made from Utah wool, $25.

One home made blanket, $25.

One home made blanket, $25.

Two last dozen home made straw hats, men's and women's, $25.

To be competed for at the Territorial Fair of 1894.

Yours truly,
THOS. G. WEBBER.

C. R. Dayton Grocery company writes as follows:

SALT LAKE CITY, Utah, June 15, 1894.

To Joseph D. Pyper, Secretary Deseret Agricultural and Manufacturing Society:

The undersigned will give a special premium of $5 for the best display of root potatoes, to be competed for at the Territorial Fair of 1894.

Respectfully,
C. R. DAYTON GROCERY CO.

Mr. C. R. Berry, of the Berry Grocery company, has written to the secretary as follows:

Several ladies have concluded to contest for prizes for the best and greatest variety of home made preserves and jellies if a suitable prize is offered to pay expenses a for female entrance. What kind of a prize has been offered for the class of home industry?

The premium list for 1893 gave about $40 for this kind of an exhibit, and a fine opportunity is now rendered for our young ladies to increase the number in the special premiums to encourage such a toothsome enterprise. All jellies are tested by tasting.

The American Berkshire Association offers a prize valued at $25 for the best breeding pen of Berkshires registered in the American Berkshire Record, to consist of a boar and three sows under one year of age, owned by a resident of Utah; also, a prize valued at $25 for the best breeding pen of Berkshires, to consist of a boar and three sows under one year of age, owned by a resident of Utah.

A. J. Lovejoy of Provo, Ut., offers a prize valued at $100 for the best boar exhibited by a Berkshire breeder.

W. E. Spicer offers a premium valued at $100 for the heaviest sow whose litter of pigs exceeds in weight, at 100 days after farrow, that of any of her competitors.

Willis A. Seward of New Jersey will offer a prize valued at $100 for the boar or sow, under one year of age, that scores the highest number of points.

Berkshire breeders can get further particulars by applying to the secretary.

PENNSYLVANIA CONFERENCE.

Short Report of the Labors of the Elders.

BUNKER, W. Va., June 12, 1894.

Editor Deseret News:

Knowing that the Elders that have returned home from the Pennsylvania Conference would like to hear from their old fields of labor, and believing that all the readers of the NEWS would be interested in our labors since our last conference, I thought I would write you a short sketch of the labors of each pair of Elders.

Brothers Wilkins and Durfee, laboring in Preston county, have met with some opposition, but have been enabled to valiantly defend the principles of the Gospel. They have held thirty-one meetings and opened up quite a new field in the vicinity of Terra Alta.

Brothers Backman and Peter, laboring in Lewis and Gilmore counties, have held thirty-two meetings; have met with a good deal of opposition, but have not suffered for the necessities of life.

Brothers Bender and Morris, laboring in Allegany county, Maryland, have held seven meetings, all in private houses; have baptized Mack Rodgers and wife and John Morris and wife and blessed five children. They also report four more applications for baptism.

Brothers Housley and Balls, laboring in Tucker and Barbour counties, have held nine meetings and report one baptism—Mr. Wm. H. Evans.

Brothers Hess and Malmen have only labored together a short time; they are at present in Braxton county and have held seven meetings and received good treatment.

Brothers Critchlow and Wright, laboring in Butler county, Pa., have held eight meetings.

I have visited all the saints in Webster county and have held eight meetings among them. I have also visited the Coal Valley branch in Pennsylvania and the rest of the Saints along the Monongahela river and encouraged them in the good work. I also visited Butler county, Pa., and while there Brothers Critchlow, Wright and myself held six meetings and made some warm friends. I am at present assisting Brothers Wilkins and Durfee in holding a few meetings and will go from here to Mayscal and hold a few meetings with Brothers Bender and Morris and the Saints in that vicinity.

The health of the Elders is very good with the exception of Wilkins and Wright; the former is troubled with lodgepole and the latter with rheumatism in the shoulder. The work of the Lord is progressing and we all feel encouraged. Ever praying for the welfare of Zion, I remain,

Respectfully,
WM. J. HOLLINGSHEAD,
President Pennsylvania Conference.

Land Office.

The following filings have been made in the land land office under date of June 18th:

Malin Anderson, of Stirling, Sanpete county, desert entry of the southeast quarter of the northeast quarter of section 5, township 19 south, range 2 east.

Frances Morley, of Mount Sanpete county, homestead entry of the southwest quarter of the southwest quarter of section 20, township 11 south, range 3 east.

Joseph S. Grange, of Grangeville, Emery county, final proof of desert entry of the southeast quarter of the northwest quarter of section 31, township 18 south, range 6 east.

Tenth Ward.

The Tenth ward Sunday school and their friends will have their day's pleasure and recreation tomorrow (Tuesday) at Garfield Beach.

AN INHUMAN FATHER.

Wanted His Eight Year Old Boy Sent to the Reform School.

A tall, swarthy, sinister man who gave his name as David Simmons and his residence as No. 18 Pitt street, walked into the police court this afternoon, accompanied by his eight year old son, whom he wanted committed to the Reform school.

"Why do you make that request?" asked Attorney Van Horne.

"Because I find it impossible to control him."

"You mean to tell me that you are unable to handle that little chap?" further asked Mr. Van Horne.

"I do, sir."

"Then you have no business to be the father of a family. You take your little boy home and beat it to pieces yourself and you will, in my opinion, have no difficulty in governing your child."

With this rebuke and a good deal more talk of the character, Simmons departed driving his little son in front of him, the lad all the time weeping bitterly.

On the Way Home.

A private dispatch received from Bryant S. Wells, Utah's cadet who recently graduated at West Point, announces that he expects to reach this city on Wednesday next. Lieutenant Wells has passed the examine section at the national military academy with satisfactory and commendatory, and his friends are congratulating him on the happy conclusion of his term at college. His homecoming is only in the nature of a vacation; his assignment to actual army duty has not yet been made.

$200 For Gambling.

Several gamblers were nabbed in the police court today. As a result the treasury of the city were increased to the amount of $200.

Sunday Liquor Selling.

John J. Trowbers pleaded guilty in the police court today to selling liquor on Sunday and was fined $25. Oscar Youngberg and a bartender were arrested today on a similar charge and will have a hearing tomorrow.

Justice Smith's Day's Work.

When Police Justice Smith adjourned court this afternoon at three o'clock, he had heard fifty-eight cases, made thirty-eight convictions and discharged seven defendants. It was the biggest day of his official career, and the officers declare if he would go Robin Hood every week they would soon clear the town of crooks.

Notaries Public.

Messrs. David Evans and A. G. Horn, of Ogden, were today commissioned notaries public for Weber county by Governor West.

Probate.

In the probate court today, in the matter of the estate of Emma A. Williams, deceased, an order was made revoking the appointment of Nicole as general administrator and appointing Wm. H. Walker to his place, on filing a bond of $1,000, with full power to collect and take charge of all property belonging to the estate.

School Superintendency.

The superintendency of the Second ward Sunday school was reorganized by the ward authorities yesterday. The former superintendent, George R. Rose, having changed his residence to Lehi, had handed in his resignation, which was accepted. The new organization now stands—George D. Alder, superintendent, James H. Hooper and Franklin Browning, assistants.

Personal.

General Passenger Agent Burley of the Union Pacific returned from Omaha this morning where he has been on business for the last week.

Remington's Resignation.

Councilman Remington is credited with saying that he will tender his resignation as one of the members of the municipal legislative body on the strict understanding that Mr. C. F. Mason will be added to fill the place so vacated. That announcement has already had a stirring up effect among some of the city officers, who declare that they will resist any such dictation.

At the Sanitarium.

Beginning this evening the Salt Lake Sanitarium officials will issue their patrons an free coupon, a custom that will be observed five nights each week. The First Ward band has been engaged for that purpose. Another innovation is the fitting of the north pool from view during the forenoon by a curtain which is drawn entirely across it. The change is necessitated by the fact that, as it is now offered below, access to both the set of swimming, an opportunity to practice in private.

Young Family Association.

A meeting of the Young Family association will be held at the Eagle house, June 27, 1894, at 8 o'clock p. m., for the purpose of transacting business pertaining to Temple work.

It is desired that every member be present.

R. R. YOUNG JR.
Secty.

Maiad Stake Conference.

A quarterly conference of the Maiad Stake of Zion was held at Malad City Sunday and Monday, June 10th and 11th, 1894. The stand was occupied by Elders F. M. Lyman and John Henry Smith, of the Apostles; Elder Seymour B. Young, of the Seventies, and Dr. L. F. Moench, also of the Seventies presidency, and a powerful representation of the Stake officers and Bishops.

On Sunday morning the Bishops reported their wards as to their religious, educational and financial conditions. The reports were favorable. Previous to the reports by the Bishops, Stake President O. C. Hoskiss had reported the Stake as being in good working order.

Elder Seymour B. Young showed that, in the B. Y. academy at Provo and the B. Y. college at Logan, President Brigham Young has inaugurated a monument to his name. He spoke on the Word of Wisdom by faithful, and the Saints at the use of the horse on the street.

In the afternoon Elder John Henry Smith spoke on the power of Scripture, the gift of God to man, and man's divine worship.

Elder F. M. Lyman treated on the duties of different Stake and Ward officers and members.

On Monday morning Elder John M. Mc Farlane spoke on the use of tea and coffee, and regretted that but few of the people of our Stake are non-drinkers.

Elder O. C. Hoskiss gave testimony to what had been said during the conference regarding the Word of Wisdom. He urged the people to observe the law against tobacco chewing and cigarettes.

Elder John Henry Smith spoke on the tendency of places of amusement, and the condemnation of our members.

In the afternoon Elder Henry Moench showed the evil of sin, coffee, tobacco and alcoholic stimulants from a scientific point.

Elder Lyman endorsed these domestic and dwell upon the duties and rights of the Stake Sunday School.

WM. ANTHONY, Secy.

BRIGHAM, June 11, 1894.

St. Joseph Stake Conference.

The quarterly conference of the St. Joseph Stake of Zion was held at Pima, Arizona, June 10 and 11. It was well attended. There were present on the stand of the presidency of the Stake Christopher Layton, William D. Johnson and Morgan H. Merrill, Patriarch F. C. Merrill, members of the High Council, all the Bishops of the various wards and a large attendance of the Saints. Many encouraging reports were made of the prosperity of the Stake, Elders Peter A. Leguson, George Udall, George Stevens, William Carter and Patriarch Philemon C. Merrill. The subjects dwelt upon were home industry, the free and progress of the Saints, education, tithes and offerings, charity, the entire members and officers should pursue in treating difficulties, that they should not contend, as to do so is offending the principles of the Gospel and the law of sanctuary. Were also spoken upon with power. The Bishops of the various wards reported their wards to be in a prosperous condition, both spiritually and financially; the very little sickness and good crops considering the dry season we have had. It was thought there would be a marked improvement in the payment of tithing this coming season as there were many that have already come to the front and did not have their names upon the book last year at all. There is prospect of abundance of fruit. Parents were also instructed to be more kind and kind to their children while young. The general and local officers were sustained by the conference and notaries commissioned. The statistical report was read, showing an increase on the last quarter of seventy-seven and only four deaths. The weather was fair and all felt well in the Gospel.

WINFRED MOORE, Clerk.

St. George Stake Conference.

June conference has just closed with an Preliminary Stake meetings of Relief Society and Sunday School conference preceded the Stake Priesthood meeting on Saturday, the 9th inst.

The general conference of the Stake, under presidency of Elder Daniel D. McArthur and counselors, held four sessions, occupying Sunday and Monday, 10th and 11th inst. In addition to these, Stake conference of Relief Society, Young Men's and Young Ladies' M. I. associations, were held under the presidency of their respective Stake officers.

Although this is our busiest part of the year, the attendance from the wards, including the remotest, in some cases, was exceedingly large, and this, without the slightest of a lot of rainfall to aid the people in reaching St. George.

The usual conference business, including the voting of the general authorities and local officers, was transacted without a dissenting vote or voice.

We were not favored with the presence of any of the general authorities but, by our Father's blessing, the Lord of Hosts was powerfully manifest in the footing, encouragement and healing of the Saints, and a time of refreshing from the presence of the Lord was evidently experienced by those present, the principal theme being the important difference between the Gospel of Christ as revealed to, and accepted by, Latter-day Saints, and the so-called Christianity of the present age; the responsibility resting upon the saints to adhere to saving ordinances ordained in behalf of the dead; the duty of Latter-day Saints to be self-sustaining, and to prepare to live under the divine plan of union in temporal as well as spiritual things.

Reports made by the presidency of the Stake and by the Bishops showed a general spirit of improvement among the Saints, and a determination to more diligently serve the Lord.

JAMES G. BLEAK,
Stake Clerk.

ADDITIONAL TELEGRAPH.

THE SUGAR INVESTIGATION.

Senator Pettigrew Summoned to Appear But Fails to Be Excused.

SIOUX FALLS, S. D., June 15.—Senator Pettigrew was at his home here, this morning received a summons from Senator Gray, chairman of the sugar investigating committee, to appear as a witness. Pettigrew wired back that he had never published such a statement as that attributed to him in the Sioux Falls Argus-Leader, and that he would be pleased to have the opportunity of meeting the charge. He also wired Senator Gray that he was not excused from the 20th to Washington.

WASHINGTON, June 15.—The Senate spent four hours in executive session discussing a bill of Senator Hoar to repeal the view provision for certain the salaries of H. O. Havemeyer and J. E. Searles, president and treasurer of the American Refining company in the district attorney.

MARSHALL'S WAR INDEMNITY.

A Spanish Ship Sent to Cuba to Be Returned Without It.

TAMPA, June 15.—The Spanish war ship sent to Memphis to receive the first installment of the war indemnity Spain agreed to pay Spain in consequence of the attacks upon the Spanish troops at Melilla, has returned without having received the money.

THE SENATE.

WASHINGTON, June 15.—Hill moved to take the Senate up in time enough for the free list and spoke in favor of the resolution of the Democratic papers.

Before the tariff bill came up the Senate passed a final resolution directing the secretary of war to appoint a board of engineers to examine and report upon the cost of deepening the harbors of Superior and Duluth.

The pulp paper and wood schedule of the tariff was considered first. Frye offered a proviso against the free importation of wood pulp, or pulp of any kind, or mechanically ground wood pulp and chemical wood pulp, bleached or unbleached. The importation of wood pulp, said Frye, employes 10,000 men, mining over a million values in Canada, and employes directly and indirectly about wages of $2,000,000. Under the operation of the present duty the cost of paper has greatly decreased. Wood pulp has dropped in price from $1 each a pound to 1c. He appealed to the philanthropy of the party not to instead of ad valorem and proposed an amendment to substitute equivalent specific rates, say $2.50 a ton on wood pulp mechanically ground and on chemical wood pulp, unbleached, $5 a ton, bleached, $6.50.

The amendment was rejected, 20 to 19.

The raw material pulp paper and roofing felt was fixed at 10 per cent; printing paper, in sheets, roll, or envelope blanks and newspapers, 12 per cent; copying, filtering, tissue, wrapping paper, etc., 20 per cent (an increase of five per cent from the House rate); parchment paper, cardboard, photographic and autographic albums, wholly or partly manufactured, 35 per cent; lithographic prints, 25 per cent; lithographic labels, 40 per cent (the House rate is 25); paper envelopes, 20 per cent; paper hangings, 25 per cent; blank books, 35 per cent; books, engravings, photographs, etchings, 25 per cent; playing cards, 10 cents a pack, and 35 per cent ad valorem; manufactures of paper not specially provided for, 30 per cent. Tale, computed the pulp and paper paragraphs.

The Senate immediately proceeded with specific "No"—"Sunaries." The following rates were fixed without debate: Hair, pencils and leather dusters, 30 per cent; brooms, 25; cotton horse, 10, again between 20 pearl and shell buttons, 1 cent a line and 15 per cent; every button, glass, bone and horn, 30 per cent; shoe buttons, 35.

When coal was reached opposition developed. The House bill placed coal on the free list. The Senate committee reported coal at a duty of 40 cents a ton on bituminous coal and slack; 15 on slack and culm, and 15 per cent ad valorem on coke. As soon as the clerk had read this paragraph, Hill and Peffer jumped to their feet. The New York senator was recognized and referred to the article's desk an amendment to relegate bituminous coal and slack to the free list.

Both Got a Divorce.

CHICAGO, June 16.—Judge McGannon today granted a divorce to Congressman Benjamin Robson Dolson. Mr. Dolson charged that compromising relations existed between his wife and Mayor Aldrich. While the hearing was pending Mrs. Dolson got a divorce in South Dakota.

Today is considerable "bobbing" in some of the leading markets over which the city turmoil has extended the spinning circuit. The explosion seems to be in the nature of a surprise to the bulls, who had been working hard to put up the price of the stuff, and would pay for it, according to the bulls, the bears would be compelled to come into their pay, and pay a good big price for it. The strength of the opposition probably will be shown in the morning.
