THE MINING MARKET

East Golden Gate Stock Continues to Sell Well.

OFFERED AT TEN CENTS PER SHARE

Ajax, Richmond Anaconda and Dalton Also Figure in the Day's Work On 'Change.

Trading on 'change today was nearly identical with the work of the brokers yesterday, and East Golden Gate was again called upon for a ten-thousand-share sale, at the same figure at which a similar trade was made on the previous call. A block of one thousand shares also found its way to another owner at ten cents per share, and almost any amount of the stock would have been delivered for the same money. Ajax was called upon for a transfer of 100 shares, which brought to the seller the sum of 87½ cents per share. Ninety cents was the closing asking quotation, while would-be buyers expressed their position in an offer of 85 cents for the stock. Centennial-Eureka holders offered that gilt-edged security at $60, but not a bid was forthcoming. The Dalys maintained good quotations, but the figures were so strong to each other that sales of the property were next to an impossibility.

Mercur could have been bought at [illegible] the bid being 20 cents lower, while Mammoth was firm at still stronger figures than it has received for some time past, a bid of $3.93 being made for it and holders demanding nothing less than $3.95½.

Swansea started the ball rolling for the unlisted call and met with highly respectable quotations, but no sale. It remained for Richmond Anaconda to record the first transfer and this it did with an installment of 1,000 shares, the stock beginning 4 cents. Dalton followed shortly after with a like sale in every essential particular—the same number of shares at the same figure. The Annie at Tintic made its debut on 'change today and was recorded only by an offering of the stock at 10 cents per share.

The closing figures were as follows:

LISTED STOCKS.

MINES.	Asked.	Bid.
[illegible]	[illegible]	[illegible]

UNLISTED STOCKS.

NAME.	Asked.	Bid.
[illegible]	[illegible]	[illegible]

TRANSFERS OF STOCKS.

One hundred shares of Ajax at 87½ cents; 11,000 East Golden Gate at 10 cents; 1,000 Richmond Anaconda at 4 cents; 1,000 Dalton at 4 cents. Total shares sold, 13,100.

Dips and Spurs.

It is reported that a new ore body of considerable size and richness has been encountered in the Swansea mine.

Broker Hudson again wielded the chalk on 'change today in the absence of his son, the official marker.

Bingham and Eureka have several carloads of mining timber out from the mountains in the vicinity of Manti.

Rumor has it that the owners of Mercur mine have been approached by representatives of an English syndicate, who are willing to pay the sum of $2,000,000 for its possession and ownership.

The Rock Springs Miner of Thursday notes the arrival in that city of F. Woodruff, a practical assayer, and G. W. Cole, an experienced miner from Atlantic City, and adds that they were joined at that point by J. H. Spring of Salt Lake, who has a practical knowledge of the cyanide process.

WANTS DAMAGES.

Suit Against the City on Account of the Gravity Sewer.

R. T. Bingston filed suit today in the Third district court against Salt Lake City. The complaint alleges that the defendant obtained the consent of plaintiff to construct through his land the gravity sewer; that a written agreement was had by which plaintiff was insured against loss by reason of said construction; that the defendant, contrary to said agreement, allowed the sewer trench to remain open an unnecessary length of time, leaving it in a dangerous condition, that by reason of this the tenants on the property were compelled to move, entailing a loss of rent to the plaintiff of $25; that, contrary to the contract, the city neglected to restore the surface of the premises to its original condition; that while the construction of the sewer was in progress the defendant carelessly covered, filled and destroyed a large excavation which plaintiff had previously constructed on the premises, damaging him to the extent of $100; that the fence on the lot was also destroyed by the defendant, as well as the grade of the sidewalk, to his damage in the sum of $100. The sum of $2,000 is also prayed for on account of damages to plaintiff's house alleged to have accrued from the construction of the sewer. The total amount sued for is $2,225.

Frank L. Chaffin also entered suit against Samuel F. Carlson for the collection of a promissory note, secured by mortgage, in the sum of $250, with interest at the rate of 2 per cent per month from June 19, 1895, and for costs.

trial, you be then and there hanged by the neck until dead."

'TWAS HIS BIRTHDAY.

"What date did your honor say?" asked Thiede.

"Friday, July 31st," answered Judge Hiles.

"The day I was born," exclaimed Thiede, and everybody was struck with astonishment. Even the court appeared dumbfounded for the time at the announcement of the coincidence of which he had unwittingly been the author.

After a short pause Judge Hiles asked:

"Do you object to the date?"

"No, sir," answered Thiede.

"If you object to the day on account of its being the anniversary of your birthday I will change it," said Judge Hiles, seeming anxious to make the change.

"Any day will suit me," returned the prisoner.

"Well, if you have no objection the date will stand."

"Please change it," implored the condemned man in a whisper as he reconsidered.

"Then let it be Friday, August 7th, 1896," said the court.

Clerk Stanton was instructed and authorized to obtain a certified transcript of the testimony in the case and forward the same to the Governor immediately, and thus ended, so far as the courts are concerned, a case which has been of the greatest interest to the people of this county, and in the culmination of which occurred an incident so impressively suggestive—the promulgating of a death sentence to be executed on the anniversary of the day of birth of the condemned.

THE DEATH WATCH.

From now on Thiede will never be alone; Sheriff Hardy will detail two men who will take turns in keeping day and night vigils over the condemned man until he shall be launched hence to meet his Maker and the spirit of his murdered wife.

WILL THE GOVERNOR INTERFERE?

Will Governor Wells commute the death sentence to one of life imprisonment? That is the question everybody is asking himself and everybody else. Opinion, of course, differs, but his excellency will have ample opportunity to judge of the merits of the case, as, according to the court's order, he will receive a transcript of all the testimony and proceedings in the case. In the meantime, the friends of commutation are working hard with their petitions.

A Missionary Farewell.

Elder A. J. Salt, who on the 19th inst. will leave home for the Southern States mission field, will be tendered a farewell party in the Fifth ward meeting house on Tuesday evening next. The church should be filled on that occasion.

EXCITEMENT HIGH.

The Last Day on Which to Vote For the Carnival Queen—Who Will Win?

The last day of the contest for Carnival Queen is being marked by the exhibition of considerable excitement and feeling among the partisans of the two leading candidates. Bundle after bundle of ballots have been personally delivered, by mail thousands have come, and during the closing hour it is expected that headquarters will be swamped with the square bits of paper.

The executive committee have at last realized just what it means to conduct a queen contest, the vast amount of labor it entails and the responsibility which is attached to it. It is because of the responsibility that the executive committee is desirous of having representatives of the candidates present when the final count is made, in order that all may be assured that a "square deal" has been meted. Last evening the vote stood:

Miss Jean B. Russell	[illegible]
Miss Viola Pratt	[illegible]
Miss Clarissa [illegible]	[illegible]
Miss Laura [illegible]	[illegible]

PROVO.

PROVO, UTAH, - - - JUNE 13, 1896.

THE ROCKWELL-RITTER CASE

Rockwell May Linger Several Days—Ritter Not Badly Hurt.

John Rockwell was taken before Justice De Mary yesterday afternoon for a preliminary examination on a charge of assault with intent to commit murder on the person of William Ritter, committed in Provo on June 11th. Judge W. N. Dusenberry appeared as attorney for Rockwell and waived examination. Rockwell was then bound over to await the action of the court in $2,500 bail. His brother-in-law, Mr. E. M. Stowell, of Salt Lake, became one of his sureties and will procure another surety who will justify before Justice Harvey in Salt Lake today. As soon as the bond was signed David Rockwell was removed from the jail to Judge Dusenberry's residence where he will be attended by John and his sister, Mrs. Stowell.

He was as well this morning as at any time after the shooting, if not better. The doctors have no hopes of his recovery, but he may linger for several days.

William Ritter, the other wounded man, is doing nicely; the bullet, it appears, did not pass through his body, but followed a rib under the flesh and came out under and back of the armpit; the wound is said to be almost identical with the one received by Susan Nielsen, the Mt. Pleasant banker who was shot some years ago. He died several weeks after the shooting from pneumonia. That is the danger that confronts Ritter, as he is almost certain to have an attack of pneumonia produced by the inflammation which will be the natural result of his wound. His mother and his half brother, N. J. Carroll, came in from Vernon last evening and are waiting on him. They will make an effort to remove him to some more convenient place than the county jail today. He will be arraigned on a charge of assault with a deadly weapon with intent to commit murder, and if David Rockwell dies the charge will be changed to murder. Sheriff Bown had not decided this afternoon whether to permit Ritter to be removed before his examination; if he does not allow this the examination will be held in jail.

Andrews, Prof. Moses C. Davis and Mrs. Susie Y. Gates. The program has not been completed, but Prof. George H. Brimhall has been decided upon for orator of the day and Mrs. Tennie S. Taylor will read the Declaration of Independence.

HON. S. R. THURMAN RECOMMENDED.

A bar meeting was held last evening with a good attendance. The object of the meeting was to make a recommendation to Governor Wells of a gentleman to fill the position of judge in the Fourth district. A resolution was unanimously adopted setting forth that it had been communicated by the Governor, through the president of the association, that a vacancy existed on the bench of the Fourth judicial district court, and that the Governor would be pleased to receive suggestions from the bar as to an appointee. It was the sense of the association that Hon. S. R. Thurman was the fittest man in the district for the position, and his appointment was respectfully requested.

President Miner and J. W. N. Whitecotton, Esq., were appointed a committee to present the resolution to the Governor, and went to Salt Lake today for that purpose.

In this case all laymen will agree with the legal fraternity as to the qualifications of Mr. Thurman to the position.
