Board of Trade.

CHICAGO.—The National Board of Trade re-assembled this a. m., for the consideration of the transportation question which was continued without agreement, except as to the necessity of increased facilities and the improvement of all the water routes. The subject was referred back to the executive council, to collect facts and remove specific propositions. There were added to the committee on this subject Crocker, of Boston, J. A. Gano, of Cincinnati, Holten, of Milwaukee and Talshaw, of Kansas City. The committee was instructed to report in the morning. A resolution, allowing Americans to buy foreign ships, and sail them under the American flag, was re-considered and adopted, with an amendment for the payment of a reasonable duty, on a vote of 39 to 15. The report of the committee of conference with the Dominion delegates on lake navigation and reciprocity, was adopted. It requests the secretary of the treasury to allow Canadian vessels to proceed direct to the ports on lake Michigan, and the executive council to call the attention of the Dominion government to the obstructions in Canadian waters, and to providing for the appointment of a commission to act in conjunction with the State department in negotiating a treaty with Great Britain, for such modifications of the trade regulations as will be mutually advantageous and tend to facilitate the ex change of necessary commodities, and to secure for American vessels the use of Canadian canals connecting common waters on the same conditions as Canadian vessels. Provisions were adopted, asking Congress to revise the tariff abolishing the duties on commissions or packages, and the costs of getting goods on shipboard, and to provide for a freer exportation of distilled spirits and malt liquors, and giving western exporters equal privileges with others.

Silver Currency.—Dead.

In the p.m. session of the National Board of Trade, the special order report of the committee on finance, relating to the specie payments and the currency, was taken up, and the discussion opened by Prest. Frailey in a temperate and practical advocacy of the report, urging the necessity for speedy resumption of specie payment, and to give a special value to currency, which he said was necessary for trade and commerce. He thought the country was ordinarily able to maintain the present value of the currency, and not more than ten per cent. of such value in coin was necessary as the basis under the plan of resumption recommended. Nazro, of Boston, moved to amend the report, by declaring that treasury notes should continue to be legal tender only until the date fixed for the resumption on the first Monday in July, 1879. Kinzie, of Cincinnati, moved to amend by advising specie resumption when the debt is paid or funded and the balance of trade is in our favor, and then resume at every sub-treasury. A number of other amendments were proposed and ordered to be printed, and the subject was laid over till morning.

About $65,000 in silver coin was brought to this city to-day, by the Adams express, from the Philadelphia mint, consigned to one of our national banks and a firm of private bankers, who are paying it out at par. The bullion from which it was coined was from one of the smelting and refining works in this city, which is producing about two hundred thousand dollars' worth monthly, all of which it will continue to have coined for circulation.

Captain C. W. Ford, formerly collector of internal revenue for the St. Louis district, died this evening, at the residence of T. B. Blackstone, in this city, of bilious pneumonia.

Additional Indictments.

PITTSBURG, 24.—Two additional indictments, one for perjury and the other for forgery, were found by the grand jury of the U. S. District Court of Western Pennsylvania against ex-postmaster Stewart of this city.

Preparing for Resumption.

WASHINGTON, 24.—Pursuant to the views regarding resumption expressed by the President and Secretary of the Treasury recently, the director of the Mint has been making extensive arrangements for coining both gold and silver, to an extent heretore unprecedented, so as to be ready for the resumption of specie payments, there now being large quantities of these metals awaiting coinage. The first step in resumption has been taken, it having been ascertained to-day, from the Secretary of the Treasury, that the government will pay out silver as soon as it can be profitably and conveniently coined for that purpose.

A Call for Aid.

WILMINGTON, 24.—The bishop of the episcopal diocese of North Carolina, in a pastoral letter, requests the taking of an immediate collection all through the diocese for the benefit of the Memphis sufferers. The citizens are contributing liberally.

Deaths.

MONTGOMERY, Ala., 24.—Four deaths here from yellow fever.

A Singular Convention.

DENVER, Col. 24.—A convention of cured asthmatics was held here last evening, about seventy-five ladies and gentlemen attended. A committee was appointed to obtain statements from asthmatics in various sections of the Territory, to be published and distributed gratuitously, for the benefit and information of thousands of sufferers throughout the Eastern States.

Satisfactory Arrangements.

NEW YORK, 24.—It is stated that Kenyon, Cox & Co., and Fisk & Hatch, have made a satisfactory arrangement with their creditors.

Banks in Good Condition.

The managers of the clearing house contradict the report that several of the associated banks were embarrassed; they state that all the banks are in a position to pay five times their liabilities.

Appeal for Help.

An urgent appeal was made to-day for contributions for the relief of Memphis, Shreveport and other yellow fever afflicted places.

Nominated.

The Apollo Democrats and Republicans nominated Julius Wadsworth for Congress in James Brooks' district.

Arrested.

Captain Sam N. H. Smith, a ship broker, residing at Patchogue, Long Island, has been arrested on a charge made by a servant girl, that she was compelled by Smith to give his wife poison, with the intent to kill her, she has evidently been poisoned, but she is recovering.

Missionary Elected.

The bishop of the Episcopal church to-day elected Rev. John Spalding, of Erie, Pa., as missionary bishop of Colorado, Wyoming and Mexico, with headquarters at Denver, Colorado.

Confidence in Comptroller Green.

Comptroller Green received, to-day, an address from the leading bankers and merchants, expressing confidence in his administration of the city and county finances, and requesting him to make a general statement for the benefit of the public, of the difficulties he has encountered in dealing with the corrupt claims foisted upon the treasury. He has replied by letter, promising to do so at once.

Sixty-eight Indictments.

The trial of A. L. Roberts and F. Gleason, on a charge of forging bonds of the New York Central and Buffalo and Erie railroads, commenced to-day. Sixty-eight indictments have been found against them.

Races.

At Prospect Park, to-day, American Girl won the free for all race, beating Fullerton and others. Time 2 20, 2 22, 2 22½.

Stokes Trial.

In the Stokes trial to-day, Col. Brained and Captains Spencer and Fuer, of the 9th regiment, were introduced to prove that Fisk was not in the habit of carrying deadly weapons. Recorder Hackett offered, as a witness, to prove that Fisk was very nervous and excitable over the knowledge that Hackett carried a pistol, and he would only be satisfied when Hackett laid it aside.

The Lake Shore Bond Business.

Commodore Vanderbilt, when questioned this morning, said he knew nothing concerning the Lake Shore transactions during the lifetime of Mr. Clark. The transfer of property by Banker had not made good the loss of my bonds by the Lake Shore Company. Further than this he could say nothing. Grinnel, of George B. Grinnel & Co., said the bonds in question were transferred to the firm by Mrs. Clark. Schell and Banker, executive committee of the Lake Shore Co., as collateral for the purchase of Lake Shore stock. Whether these purchases were made for private interests or the benefit of the company he was unable to say, but he supposed the latter to be the object. Schell, when questioned on the subject, was disposed to be very reticent, saying he did not purpose to answer newspaper attacks. He would only say that the bonds were properly issued and properly applied, and all transactions in regard to them were perfectly satisfactory to the managers of the Lake Shore Company.

Charitable Meeting.

BOSTON, 24.—Mayor Pierce presided at a meeting at the Exchange in aid of the yellow fever sufferers of the South. Liberal subscriptions were made.

Inquest.

The coroner's inquest in the case of Mrs. Eunice McCool, found dead under the window of her residence in Chelsea, has resulted in holding her son, his brother-in-law, and mother, on suspicion of causing her death.

Commenced Running—Suspended.

The Atlantic Mills, Lawrence, have commenced running four days a week, and the ball mills of the Bay State Iron Works have suspended, making necessary the discharge of 260 men.

Spreading.

SAVANNAH, Ga., 24.—The yellow fever is reported at Bainbridge, Ga. There have been ten cases thus far. An exodus of the population is threatened.

To Be Hanged.

ALBANY, 24.—Shaw, convicted at Sandy Hill, Washington Co., for the murder of his wife and children, by poison, has been sentenced to be hanged on Friday, Nov. 28.

Affairs at Memphis.

MEMPHIS, 24.—The mortuary report to six o'clock shows 23 deaths from yellow fever. Few new cases are reported, and the prospects are more favorable than since the first outbreak of the fever. The Odd Fellows lost, through the epidemic, 28 men members and five members' wives and eleven children, leaving twenty widows and thirty-five orphans.

Help for Memphis.

ST. LOUIS, 24.—There was a large meeting of citizens to-day, to take steps to secure further contributions to aid Memphis, and a plan was formed for canvassing the whole city.

Dead of Yellow Fever.

LITTLE ROCK, 24.—Dr. J. M. Bohemine died to-day of yellow fever, and F. H. Moody is very low of the same disease. Both had charge of the quarantine between here and Memphis, and it is supposed contracted the disease from fleeing citizens of that place. Heavy frosts and no fears of the fever spreading.

Arrival—Snow.

OMAHA.—Company "C," of the second cavalry, arrived here to-day from the west, and will go into winter quarters.

Four inches of snow have fallen during the last six hours between Laramie and Green River, and it is now snowing at Cheyenne. No detention of trains.

Will Canvas for Aid.

BUFFALO, 24.—A public meeting this evening appointed a committee to canvass for aid for the yellow fever sufferers.

Burned.

HARTFORD, 24.—Delano & Munson's paper mill, at Unionville, was burned last night, loss $75,000.
