GROW LOSES HIS SUIT.

Jury Finds Issues Favor Utah Light And Railway Company.

Otto E. Grow lost his suit against the Utah Light & Railway company in which he was seeking to recover \$10,000 damages for a broken leg which he sustained In a street car accident, when a jury in Judge Ritchie's division brought in a verdict yesterday in favor of the com-

verdict yesterday in favor of the com-pany. Another sult against the Utah Light & Rallway company was taken up in Judge Ritchie's division of the Third district rourt. In this action Mrs. Mary J. Hoge is suing for 33.025 for damages for in-juries sustained by her in alighting from a car at Second West street, on July 2. 1906. Mrs. Hoge claims she asked the conductor to let her off at Second West, but that official was talking to another passenger and paid no attention to her request. She went over to him and touched him on the shoulder, she says, and told him she wished to get off the car at Second West, but the car did not stop until the middle of the block was reached, and when she stepped off she was thrown to the ground by the sudden starting of the car and was painfully injured.

GOOD LINIMENT.

You will hunt a good while before you find a preparation that is equal to Cham-berlain's Liniment as a cure for muscu-lar and rheumatic pains, for the cure of sprains and soreness of the muscles. In case of rheumatism and sciatica it re-

There is little doubt that the synd!cate which underwrote the \$50,000,000 bond issue of the Western Pacific will be extended for a year from date of expiration, July 1. Blair & Co., William A. Read & Co., and William Solomon & Co., managers of the syndicate, have issued a request for an agreement among members upon the proposition. The syndicate underwrote the \$50,000,000 worth of first mortgage bonds in 1905 and it expires on the first of July, as explained, by limitation. The extension is made chiefly on account of the comprehensive scheme of reconstruction and rejuvenation of the Gould

The population, wealth and business of California have increased since 1398 in a degree hardly credible, and there seems to be no room for doubt that the Western Pacific railway

doubt that the Western Pacific railway will be self-supporting from the day it is fully opened to business. "It is the purpose of the company to establish at San Francisco and Oakland dock and warehouse facilities ample to accommodate a large ocean commerce. The company has already obtained ter-minal facilities in San Francisco and Oakland which will be quite equal to those of any railway entering these cities, and it has secured highly satis-factory facilities at both Sacramento factory facilities at both Sacramento and Stockton.

THIRTY MILLION SPECIAL.

"The Western Pacific Railway com-pany has already expended more than \$30,000,000 in cash on its lines and ter-minals. Grading has been completed on practically 600 miles and upon ap-proximately 300 miles rails have been laid. The original plans called for 66 tunnels with a total length of 62,614 feet, against the present requirements of 44 tunnels, with a total length of 45,332 feet. About 60 per cent of this tunnel feet. convention to be given by students of Oberlin college, Utah will be well represented by William H. Tibbals, Jr., named by his college mates as the delegate from Utah. He has sent to his family here for banners and legends to properly advertise the state, and has secured enough to make the Utah delegation's seats loom up in resplendent form. There are four banners in the group sent by the young student's mother and sister. On one it is declared that Utah is solidly for Taft, on another, that Utah has many scenic wonders for the enjoy-ment of travelers; on another, a list of financial resources is given; and on the fourth. Utah is declared to be the land of, opportunities for investment resented by William H. Tibbals, Jr.

Word was received in President Bancroft's office yesterday afternoon, from New York, to begin work without delay on the proposed new car barn plant at Tenth Ward square, and active operations are to be started next week.
