POLITICAL POINTERS.

Agitation Subsiding and all Parties Working Hard.

POPULISTS GAINING IN STRENGTH.

List of Republican Meetings and Democratic Appointments—Colonel Trumbo and Party.

The commotion which swept over the field of Utah politics a few days ago has largely subsided and a glance in any direction discloses the fact that there is no less activity manifest now on the part of those entrusted with campaign duties than before the squall.

Beside this noticeable feature it is also observed that Republicans contend that it is still blowing their way; that Judge Powers and his followers are more emphatic than ever in their assurances that this is a "Democratic year," and that the Populists still continue to claim that they are making very satisfactory gains throughout the Territory, and for that claim there seems to be some ground, especially close it appears to be the case in Utah and Weber counties, where their strength may be such as to materially affect the chances of the two older and larger parties.

COLONEL TRUMBO AND PARTY.

Colonel Trumbo and party, consisting of himself, Hon. Lee Fairchild, of Illinois, designated as the "Mark Twain of American Orators;" ex-Chairman Charles Crane of the Republican Territorial committee and William Glassmann, of Ogden, are about to begin a political tour of Utah. As indicated in a large display advertisement in another part of this issue of the NEWS, the opening gun of their campaign for the Republican party will be fired at Logan tomorrow night. Their itinerary includes, in addition to the Cache county seat, Brigham City, Ogden, American Fork, Lehi, Payson, Provo, Nephi, Mount Pleasant, Manti, Marion, Brigham, Kaysville, and last of all, on Oct. 31, Salt Lake.

John P. Meakin is to be one of the party and at each of the rallies is booked to deliver "Drake's address to the Flag." The Solid Silver quartet will furnish music at all meetings en route.

Oct. 17, Eleventh Ward—Governor West, Mayor Baskin, Parley L. Williams.

REPUBLICAN MEETINGS.

Republicans are holding meetings in various parts of the Territory without regard to the agitation that has been indulged in in political circles. At Fountain Green a meeting was held at 2 p.m. on Monday, and the opera house was filled. Addresses were delivered by James T. Hammond and A. C. Bishop. The same night a meeting was held in Moroni by the same gentlemen. Both meetings were largely attended by ladies. Yesterday a meeting was held by the same gentlemen at Chester, Sanpete county, at 2 p.m. and at 8 p.m. at Fairview. At the last named place John Henry Smith was also one of the speakers.

In Sevier county a meeting was held by H. M. Wells and C. E. Allen at Monroe at 2 p.m., and the same speakers, accompanied by the Provo quartette, entertained the people of Marysvale, Piute county, at 8 p.m. Frank J. Cannon spoke to the people of Koosharem, in Wayne county, at 2 p.m., and at Loa, the county seat of the same county, in the evening. Messrs. Wells, Allen and Cannon speak tonight at Circleville, in Piute county.

The speakers at Salem last evening were Myron Tanner and Thomas John.

On Oct. 11, he holds a meeting in Parowan, in connection with a Populist speaker by the name of Ferris, who divided time with Mr. Rich. Beaver county was next visited, and Judge Minor, Rathe Ferguson and Ben E. Rich were the speakers. Five meetings were held in Millard county, the last one on Monday evening.

Mrs. Emmeline B. Wells and Mrs. Emma J. McVicker went down to Springville on Tuesday, by invitation of the Woman's Republican Club of that city. In the afternoon addresses were made by Mrs. Wells, Mrs. Madsen, Mrs. Boyer and Mrs. McVicker, in the evening speeches were made by F. Bringhurst, candidate for the Legislature from Mutualville, Mrs. Wells, Mayor Behrens, of Provo, and Mrs. McVicker.

He Stole Newspapers.

Roy Lindsay, a boy of about twelve years, was arrested this morning on a charge of petit larceny. His offense consisted in stealing newspapers from the yards of subscribers, after they had been delivered by the carrier. The subscribers had complained of not receiving their papers, and the carriers concluded this morning to deliver the papers as usual, and then lay in watch for the culprit.

Shortly after they had delivered the papers, Roy came along and after picking up three of them he made off, when he was caught by the carriers and conducted to the police station.

When arraigned before Judge Smith he pleaded guilty, and his mother, who was present, stated that she was a widow and had been an invalid for years. She had given the boy money to buy papers with, that he might earn a few cents to use at her in making a living. The carriers who caught the lad said they did not wish to have him prosecuted, but had brought him into court that he might be taught a lesson which would benefit him in the future. The boy promised to do so no more, and after giving him to understand that such actions must be stopped, Judge Smith allowed him to go.

Triangular Debate.

The House of Representatives Debating society will meet tomorrow evening at the residence of Miss Birdie Dunlap, 820 west Second South street at which time the debate upon the question—Republicanism, Democracy, Populism—will take place. Piano solo, Birdie Dunlap; Recitation, Miss Josie Studebaker. All former members are requested to be present.

Baseball at Beck's.

The postponed exhibition game between the Milwaukee and Los Angeles teams came off yesterday afternoon at the cycle track before a corporal's guard of about two hundred spectators. The game, with the exception of a couple of good plays on second and third bases, was of the mediocre order, and lacked the snap and vim which is inseparable from a base ball match game, although "Kid" Baer matched some well earned applause. The batting was fair and the out fielding good. E. H. Kildee, the Park City baseball man, officiated as umpire, and as usual the umpire's lot was not a happy one. The game closed in favor of Milwaukee, with the score of 8 to 9.

Donovan's Hearing Tomorrow.

The charges lodged against Captain Donovan by Chief of Police Pratt, will be ventilated at a session of the fire and police board, which convenes tomorrow morning at 11 o'clock. The defense demanded a trial before a full board, and now that Commissioner Noble is in town, the opportunity has been taken to have a hearing before he leaves again. After the case of Captain Donovan has been disposed of, the board will wrestle with the cases of the suspended Bremen, Tremayne and Fitzgerald.

FOR RHEUMATISM.

Paine's Celery Compound A Sure Specific.

No Well-Informed Person Suffers From It.

The Disease No Longer An Incurable One.

Greatest of All Remedies Prescribed by Doctors.

A Long, Brilliant Record of Remarkable Cures.

Neuralgia and rheumatism—we discourse no longer herein.

Physicians now get rid of rheumatism and neuralgia, so they say, by suppressing, repressing and other similar methods, by quieting up the system and supporting the fellow until pains by use of Paine's Celery compound.

Paine's celery compound attacks the disease by putting the system back in its primitive healthful condition. It acts alone in the interest of manhood. It is a certain specific for the cure, not only of rheumatism, but all diseases due to impoverished nerves and blood.

Thousands upon thousands of well nerves and brain with health, is the result each year, which Paine's celery compound shares. The thousands of men and women all over the country who have been cured of rheumatism owe and for all, by Paine's celery compound, have made good all that the modest testimony first published for it.

This it restores health and strength to the body made weary, listless and dispondent from nervous debility, stands as proof today in thousands of homes.

The list of those it has cured from rheumatism is a long one. It contains a host of well known men and women in every state and section. Every city and town in the United states and Canada is represented.

Paine's celery compound was first prepared by Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college. Ever since its first appearance it has been the one recognized nerve and brain invigorator among medical men. Its endorsement by physicians, whose so active assistance is urgently needed, speaks volumes for its efficacy in diseases of nervous origin.

Strength, buoyant spirits and freedom from pain comes with its use.

FOUNDERS' DAY.

The Students of the Brigham Young Academy Celebrate.

The faculty and students of the Brigham Young Academy perpetuated a magnificent surprise upon the party of this city yesterday morning by their public celebration of Founders' Day. At 9 o'clock about six hundred students formed in line at the Academy grounds and marched down J street to the bank corner, thence west along Seventh street to the old Academy grounds. There the venerable D. Maeser made a brief address, referring to the time the Academy opened in a small room in the old building on Center 13th, 1875, with fifteen students, and tracing the progress of the institution till the present. Toasts were given for the founder of the Academy, President Young, the closers for Dr. Maeser, three for the present president of the Board, Hon. Brigham Young, three for the principal, Prof. Cluff, and three for the alumni.

The march was then taken up for the bank building which was occupied for several months, through the kindness of the late President Smoot, the president of the Academy board, after the fire destroyed the Academy building in 1884. Appropriate remarks were made by Chas. N. L. Nelson, the Z. C. M. I., near the depot, which was the home of the Academy till 1892, when the present building was completed, was next visited and a patriotic address made by Prof. Brimhall. In marching back to the Academy, a detour was made and the residence of the late President Smoot was passed, the gentlemen uncovering the heads in passing. At the Academy appropriate exercises were held, among the speakers being President Young, Elder Joseph E. Taylor, Dr. Maeser and others, members of the board, the faculty and visitors.

The procession was headed by the Pioneer Silver band; immediately following were little tots of the kindergarten class, then the several classes, members of the faculty and the members of the board of directors and visitors in carriages. The long march was relieved by music by the band, vocal music by the students and cheers and college yells.

The sidewalks were lined by citizens, and the immense procession is beautiful and intelligent looking people, happy and full of promise of useful and well rounded lives, caused smiles of delight pleasure and a moisture of the eye to appear upon the faces of many of the old veterans who remembered the county when it was barren and desolate and the population scattered and poor; and President Young, Dr. Maeser, President Smoot and others who gave labored faithfully for the success of the academy, were never more elatedly pleased than by the reflection that people, their kin, are, under the blessings of God, thousands of Utah's young men and women have and will be trained for the duties of life in the institution of learning which had such a humble beginning twenty years ago today.
