Fearing that she could not guide the huge car in safetly to the bottom of the grade on account of the sharp turns in the road, the young woman-endeavored to steer it against the high bank on the right, believing that the friction on the wheels would bring it to a stop. The front wheel, however, struck a large rock, swerved sharply to the left, and the next moment the car plunged down the steep emhank-ment, striking head-on 35 feet below against a large tree. So terrifle was the force with which the automobile struck the tree that the occupants were shot out of the car as from a catapult, landing on another road 20 feet farther down.

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering. The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in

the study of drugs. From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs,

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

'For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Com-pound and Mrs. Pinkham's advice re-stored health and strength. It is worth mountains of gold to suffering women

An appeal was originally made to the president to in-terfere. He declined to take any ac-tion or to interfere in any way until the secretary of war had expressed his opinion, the view of the depart-ment then being, seemingly, that the cadets should be turned out, but the secretary not having come to any final decision, the secretary notified the pres-ident that instead of making any re-port, he would like to discuss the mat-ter with President Roosavelt in por-son. He accordingly came, and the discussion was reached, the secretary stating that he was not able to make a final and definite pecommendation as to all the cases and preferred to make none as regards all. The anti-Dubois men will likely nom-inate for governor, Judge C. O. Stocks-lager of Halley, or John C. Rice of Caldwell. They will strongly endorse the Denver platform, and their ratifi-cation of Bryan's nomination will be very emphatic. The Dubois crowd will nominate eith-er Mr. Dubois or Dr. Whitewell of Salmon City for governor. They, too, will endorse the Denver platform and pledge support to Bryan, but their plat-form will contain the anti-Mormon playle that is the base of contention.

form will contain the anti-Mormon plank that is the bone of contention. If two tickets should be named the contending factions will go into the courts to secure recognition. Under the state law no name can appear more than once on the ticket. The national Democratic organization will, therefore, be interested in the contest to the ex-tent, at least, of seeing to it that only one ticket is filed in order not to jeo-pardize the Bryan electors.

BONE OF CONTENTION.

BONE OF CONTENTION. Wallace, Ida., Aug. 3.—A large dele-gation is here to attend the Demo-cratic state nomination convention, which convenes tomorrow afternoon. The chief bone of contention is re-affirmation of an anti-Mormon plank demanded by former Senator Dubols. The anti-Dubois delegates held a cau-cus tonight, at which it was claimed 168 regularly elected delegates were present, out of a total of 298; conced-ing to Dubois 130. TAFT WILL MAKE SPEECHES TO A TALKING MACHINE

Hot Springs, Va., Aug. 3.—Candidate Taft has consented to make several speeches into the talking machine for reproduction. As the process of mak-ing a phonograph record is somewhat different from making a campaign speech from the back of a car platform or from a front porch. Mt. Taft today found Mrs. Taft laughing at him as he was doing a bit of rehearsing for the real records. Several experimental talks were made and reproduced with varying degrees of satisfaction. The speeches which a single record will hold vortage about 300 words in length. The topics to be discussed for repetition in this way have not yet been decides upon. As an example of what the ma-chine can do, the candidate was treat-ed to the reproduction of a record made by Willam J. Bryan. Mr. Taft today fixed Aug. 21 as the date for the rally of Virginia Repub-licans here. He will make a political address from the porch of the club house adjacent to the bots.
