UTAH REPUBLICANS.

An Address Issued to Them By the New Party Silver Leaders.

CALL FOR A STATE CONVENTION.

Will Be Held in This City September 24 With Five Congressional Thirty-Nine Delegates.

The address of the new Republican party silver leaders to the Republicans of Utah was issued last evening. It contemplates the holding of a State convention in this city on September 24 and reads as follows:

The provisional committee of the Independent Republican party of Utah, in announcing its call for a mass convention for this State, in obedience to the resolutions given by the Republicans assembled at Ogden on the 6th day of September, 1896, presents the following address to the people.

Such independent movement is made necessary by the action of the State central committee, which has usurped authority, refused to trust the people on the greatest question of these times, and divided the Republican party in every precinct of this State by providing for two separate conventions, one, whose purpose was necessarily to extinguish to each other.

We hold that, when the St. Louis convention of the National Republican party made a declaration which was heretical, when measured by all the party platforms of the past, and by the most recent constitutions of the Republican party in Utah, it was the sole duty of the Republican State committee to promptly convene the representatives of the people in a delegate convention, that the Republicans of this State might decide if they would choose to follow the Republican party into error. This was a question alone for the people. If the State committee had no right to decide it, it had no right to give the control of the party machinery in the hands of others.

BY OTHER COURSE.

Holding the view that the highest right of the people within a party is the expression of their convictions concerning party platforms, and the selection of men to carry out the views of the majority, there is no course open to the members of the Republican of Utah but to take independent action.

The Mt. Pleasant convention to meet on the 24th day of September is, by the committee's words, required to nominate McKinley electors. This, in itself, is an act of usurpation. But the committee does not pause there. It provides that at this convention the State committee shall be elected. It is also within the power of the Mt. Pleasant convention to formulate a platform of the party principles. The congressional district convention called to meet at Ogden on the 29th day September, does not afford an opportunity for Republicans in the State to express their views concerning the great issue. Its simple purpose is to nominate a Congressman. This act might as well be performed by the Mt. Pleasant convention, unless further division is to be created in the party by the two conventions, as the nominee might be expected to stand upon the platform declared at Mt. Pleasant.

We hold that, as heretofore, but one convention is necessary for the Republican party of Utah for the nomination of Presidential electors, Congressman, State committee and the declaration of principles.

DISFRANCHISING REPUBLICANS.

We insist that the call for the Mt. Pleasant convention disfranchises three-fourths of the Republicans in this State. If the silver Republicans are in a minority, then a minority of the party is attempting to coerce them. If the McKinley Republicans are in a majority, they could have easily intrenched the entire work to one convention.

We submit that the State committee, in its recent address, justifies our action when it emphasizes the necessity of sending from Utah a silver Congressman and a silver Senator, and yet at the same time attempts to force an anti-silver man upon the people of Utah for President of the United States.

We believe that tyranny either in office or politics should be repudiated by the people. The highest right of the citizen of the State should find its expression in resolutions and independent action.

MR. PLEASANT DILEMMA.

We warn the people of Utah that the Mt. Pleasant convention must either infringe the vicious money plank of the St. Louis platform, or demonstrate the flagrant character of the State committee's action, and, therefore, supporters of the State committee will be forced either accept the declaration of the national Republican party for the existing gold standard, or meet indorses an act of usurpation by the State committee. The ground upon which the convention was called to meet at Mt. Pleasant in behalf of the McKinley supporters in this State was that the local organization of the party must be placed in the hands of a party, if, therefore, the State committee of Mt. Pleasant shall repudiate any portion of the financial plank of the platform adopted at St. Louis, it would not be in accord with the national organization, and therefore, if the State committee's action will have been merely to give to a minority of the Republican party in this State control of the local party machinery, to the injury of the local party, if, on the other hand, the State convention at Mt. Pleasant shall reaffirm the financial plank of the St. Louis platform, it will be a simple act to commit the Republican party to that ruinous policy which has been condemned unanimously by every Republican convention which has ever met in this State.

CALL FOR A CONVENTION.

For the foregoing reasons, therefore, and pursuant to authority so to be delegated, we make the following call for a mass convention:

To the Republican Voters of Utah:

A convention of Independent Republicans of Utah is hereby called to be held at Salt Lake City, Utah, at the Salt Lake Theatre, on the 24th day of September, for the purpose of nominating three presidential electors, the election of a State central committee, the formulation of a party platform, and the nomination of such other officers as may be deemed advisable.

The representatives in said convention from the several counties of the State is hereby apportioned as follows:

Beaver county	1	Kane county	1
Cache county	3	Millard county	4
Emery county	1	Morgan county	1
Garfield county	1	Piute county	1
Iron county	2	Rich county	1
Juab county	2	Salt Lake county	13
Kane county	1	Sanpete county	3
Morgan county	1	Sevier county	2
Piute county	1	Summit county	3
Rich county	1	Tooele county	2
San Juan county	1	Uintah county	1
Sanpete county	3	Wasatch county	1
Sevier county	2	Weber county	3
Summit county	3	Wayne county	1
Tooele county	2	Total	39
Uintah county	1		
Wasatch county	1		
Weber county	3		
Wayne county	1		
Total	39		

It is hereby recommended that mass conventions be held at the county seats of the several counties on or before the 21st day of September, for the purpose of selection of delegates, but from such counties as may be unable to hold conventions representative will be permitted as delegates upon application bearing mails to the committee.

POLITICAL POINTERS.

Jesse W. Fox is a candidate for county surveyor on the Republican ticket.

The Old Soldier's Sixteen to One Bryan and Newall Silver club held a rousing meeting at the Board of Labor hall last evening. Speeches were delivered by Messrs. A. E. Allen and Judge J. M. Bowman.

Provo Enquirer: The Salt Lake Tribune does not seem to believe Sam Thurman when he says he will not be a candidate this year. We believe that it will not be to his business interests, as he says, to get into politics. Sam can be counted on, we think, as one of the race.

Logan Republican: The call issued by the State committee for two conventions, will mean things a little awkward, and it was extremely the wish of the committee to give every loyal full recognition.

Military Matters.

Brigadier General Frank Wheaton, U. S. A., commanding the department, arrived at Fort Douglas today on a visit of inspection. The usual Wednesday evening regimental parade will take place this evening at 6 o'clock, and tomorrow at 10 o'clock there will be a full dress general review of the troops.

Wood Cutters in Court.

Charles L. Palmer and Daniel Goodfellow, two rustic youths, were before Justice Wenger today charged with unlawfully cutting wood in City Creek Canyon. Each of the boys pleaded guilty to the charge, but as they did not violate the law intentionally, someone was suspended and they were set at liberty.

Idaho Crops and Weather.

Idaho Falls, Idaho, Sept. 8, 1896.—The weather of the week ending Monday, September 7, was slightly cooler than the one preceding with occasional light showers. Harvesting has progressed rapidly, and over the greater portion of the state is nearing completion. In parts of the western section threshing is completed; in other sections operations have begun and are well under way. Potatoes are generally an average crop, and other numbered vegetables are in good condition. Fruit is doing well.

D. P. McCALLUM,
Director.

Good Blood

is essential to good health. Every pure drop of blood and every atom of the system is reached by the blood, and on the quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember,

Hood's Sarsaparilla

To the best—at least the One True Blood Purifier.

Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

DAILY WEATHER VANE.

Observation Taken at Utah, Idaho, Montana, Oregon and Nevada Stations.

Weather reports showing observations at 6 a.m. today:

Salt Lake City—Barometer, 28.99; temperature, 50; minimum, 46; wind, southeast, light; rain, trace; cloudy.

Baker City—Barometer, 30.08; temperature, 48; minimum, 32; wind, south; 8 miles per hour; clear.

Cheyenne—Barometer, 28.99; temperature, 46; minimum, 40; wind, south; 12 miles an hour; rain, .12 inches; raining.

Helena—Barometer, 30.22; temperature, 52; minimum, 32; wind, northwest, light; rain, .38 inches; cloudy.

Miles City—Barometer, 30.18; temperature, 42; minimum, 36; wind, northwest, 8 miles per hour; rain, .42 inches; cloudy.

Winnemucca—Barometer, 28.99; temperature, 48; minimum, 44; wind, south; 12 miles an hour; clear.

Idaho Falls—Barometer, 30.08; temperature, 52; minimum, 36; wind, northwest, 8 miles per hour; cloudy.

General and local forecast for 36 hours ending 6 p.m., Sept. 10th:

For Utah, cloudy tonight, fair Thursday, warmer.

Salt Lake City and vicinity, fair weather, warmer.

J. H. SPARR,
Observer, Weather Bureau.

Today's temperature is shown in the line simile thermometer given below:

MINES AND MINING.

The Apex Company Hard at Work in the Tintic District.

A GOOD DAY WITH THE BROKERS.

A New Body of Ore Encountered in the Shorline Business at Silver City—Tips and Spurs.

Special correspondence of the News:

EUREKA, Utah, Sept. 8, 1896.—The Apex Mining company has sunk its shaft down to a depth of 95 feet, and the new hoist will shortly be completed. The machinery is all in place and the carpenters are very busy on the building; it is only a matter of a few days until smoke will be seen coming from the stack of the Apex hoist. It is currently reported that the company's organization has been perfected and that Mr. F. J. Dosch is president, F. H. Peyton vice-president, H. C. Hutchens secretary and treasurer, with Geo. H. Robinson and J. R. Case of Chicago, who go to make up the directorate. The Apex mine lies due west of and next to the well known Emerald property at Robinson.

Eureka is again in a scare over the insufficient water supply; all the water was cut off from the boilers, restaurants and lodging houses today at noon. It is expected that several of the large mills will have to close down on account of the shortage. The two million gallons of water in the Bullion Beck company had for reserve has all been consumed and in consequence much anxiety is felt all over Eureka.

The Ajax Mining company will distribute to its employes their monthly salaries on Thursday next. Ajax is making regular shipments right along.

The Utah mine has again commenced operations and there are over twenty miners now working at the mine.

The Yankee Girl Mining company will pay its employes on the 10th inst. The mine has not made any shipments for some time past.

The South Swansea is getting into fine shape and is preparing to make noticeably large shipments by the end of this month.

There was quite a gun play at Eureka last night in close proximity to the Tonic Mercantile company's store. It appears that two miners had a quarrel over the free silver question and one of them by the name of Farrell pulled out his gun and levelled it at his opponent's head. The Eureka constable E. C. Lewis rushed up to Farrell and tried to arrest him but Farrell was not to be caught napping and he at once leveled his gun at the constable and ordered him to throw up his hands, which he did without any ceremony. Farrel then backed away from the fire crowd and disappeared, and as yet the police have not been able to catch him. He is a miner and has been working at the Ajax mine for some time.

GOOD DAY ON 'CHANGE.

Business Quite Brisk and Both Classes of Stocks Record Sales.

This was an exceedingly good day on 'change and at the close of the call the miners felt to concur in the opinion of the News that the market was indeed getting better. Sixteen days Daly played the first hand in the day's business by recording a sale of 100 shares at $6.60. Then followed Mesota, 300 shares of which were taken at $0.05. These dealings closed the business with the listed stocks, but when the other class was tackled Northern Light, Swansea, South Swansea and Dalton chronicled sales at fairly good figures.

The closing figures were as follows:

LISTED STOCKS.

MINES	BID	ASKED
Anchor	1 00	1 10
Ajax	65	70
Alice	15	
Alliance	12	20

TRANSFERS OF STOCKS.

One hundred shares of Daly at $6.60 and 100 shares of Mammoth at $0.05; 500 Northern Lights at 41½ cents; 100 Swansea at $1.80; 200 South Swansea at 3½ cents; 1,000 Dalton at 1½ cents. Total shares sold, 2,200.

UTAH ONYX.

Prof. Cedarstrom's Scheme to Market the Product in England.

Professor O. Cedarstrom who before Diphone took a special award at the World's Fair in Chicago for specimens of onyx, called at the News office yesterday afternoon and showed some pieces of the beautiful stone highly polished and of excellent workmanship.

Mr. Cedarstrom says he can produce about thirty different shades and styles of onyx, and he feels confident that the development of the quarry will be one large income an important industry of Utah. He is now trying to interest capitalists in a scheme to have the onyx cut into commercial blocks and exported to London, where, he thinks, a ready market would be found for a material of so superior a quality as the Utah product.

DIVIDENDS STOPPED.

The Silver King Will Pay No More For a Few Months.

The Silver King paid its September dividend of $37,500 Monday, running its aggregate of cash payments to date to the sum of $787,500. With the payment of this dividend the stockholders were given notice that no more cash payments would be made for one or two or three months to come at least.

This action by the company is said to be due to the very low price of lead ores during August, although it is stated also that if the Silver King felt so disposed it could easily keep up its dividends out of the balance of ready cash it has in the treasury.

A BOND AND LEASE.

Messrs. Slater and Hudson to Develop Properties in the Alta District.

Late Saturday evening a deal was consummated which gave to Messrs. J. H. Slater and C. E. Hudson a bond and lease on the Balance, Shenandoah, Alberta, Josephine and Josephine Mining claims, in the Alta district, Little Cottonwood canyon. These claims adjoin the Flagstaff and Emma mines, which have produced for the past years gave home to the Alta district.

The gentlemen who secured this bond and lease, did so because they believed, in the claims a fair show for promise and it is their intention to push development on the property quite vigorously. There is now a 25-inch vein of ore, from 4 to 6 feet in width, in two run on a cross vein, in the face of which there is a six or eight inch body of ore that assays 74 per cent lead, 20 ounces silver, and $20 gold to the ton, and it is thought that this orbit, in thirty feet more, will break into the main ore chute of the great Flagstaff ledge.

Struck the Ledge.

A few days ago the News stated that drifting was to be prosecuted on the Shoestrings Bonanza in order to tap the new ledge recently discovered. The work has now been done and the result is that the ledge has been struck and all indications point to a glorious future for the lessees of the property.

Dips and Spurs.

Drilling at the Rio Grande Gate has attained a depth of 800 feet.

The governing board of the exchange meets at 4 o'clock this afternoon.

Mr. A. J. Lauterman, a prominent mining man returned to the city yesterday after a few weeks' trip into Idaho.

The Ajax mine is said to be in excellent shape at present and is daily shipping tons upon tons of high-grade ore.

Judge Sherman was out at Sunshine yesterday and reports everything in high gear at the Sunshine and Overland mines.

Frank Knox has resigned as a member of the governing board of the exchange and Richard L. Colburn has been appointed in his stead.

The Home Sweet Home mine company declared its regular quarterly dividend of one and one-half per cent on its capital of $250,000 yesterday. It is payable on the 20th inst.

The Utah and Golden mining company have declared their regular monthly dividends payable tomorrow. The former issue of two cents per share and the latter five cents. It is expected that the Bullion-Beck will make its monthly declaration tomorrow.

It is reported that Messrs. A. Murphy and Wm. Wall have recently secured a bond and lease of $20,000 on the Utah Spur mine, in the Alta mining district.

It is believed that the Sacramento at Mercur will come to the front with its first dividend on November 1st. The property is in excellent shape and making shipments with constant regularity.

The Independent mine, located four miles east of Ratchum, Idaho, is reported as having been sold to R. H. Townsend. The mine shows an average in value 22 ounces in silver and 5 per cent lead to the ton.

The management of the Morning Glory in the Tintic district worked for some time under lease by H. S. Brooks, has reverted to the owners of the property. Mr. Brooks's lease having expired.

Messrs. H. J. Dieter and J. A. Taylor is opening up new workings on the Marion Consolidated ground have found pay ore at the depth of a few feet, and now, after only a few days' work, have at least $25,000 worth of ore on the dump.

Grand Valley Times: W. H. Isbell, a miner who has been working for the Gold Queen company at Marble, passed through Moab early this week. Mr. Isbell reports prospects fine for large developments in the Blue mountains, to be among mill if the Queen company and Mr. Jackson's will be in operation soon.

Southern Cassiar: George T. Beer, H. W. Ramlose and others of the prospecting party came down the week ago today. They brought some good rock with them. The best we have seen was decomposed quartz containing free gold which came from the Handbags. They have found several leads of this sort of rock and being quite encouraged with the outlook, let a contract for a 50-foot tunnel. Henry Hansen and Barney Middlemus have begun work on the Golden Queen where they have a four-foot ledge of gold-bearing rock.

MINOR MENTION.

"Tom and His Teacher" was the subject of a very interesting talk at the First M. E. church last evening by Bishop John H. Vincent, the widely known divine of the Chautauqua literary circle.

The fire department was called out about 5 o'clock last evening to the corner of West Temple and Seventh South streets, where a barn belonging to Dr. Beatty took fire and was destroyed, with not a nominal loss.

The Volunteer Fireman, published at Greensboro, N. C., contains a warm willing and commissioner account of the Fire Chiefs' convention recently held here, and also follows the visits in their meanderings throughout the state from the time of their arrival until their departure for home.

THE VERNAL KILLING

It is Attracting a Great Deal of Attention at Ogden.

STANTON'S SENSATIONAL STORY.

Amidst the Terrific Fusillade of Bullets He Heard Milton Cry, "Oh, I'm Done For."

Special to the News:

OGDEN, Utah, Sept. 9.—The trial of E. B. Coleman, Matt Warner, or Curtistonson and William Hall for the shooting of Adiranam Stanton near Vernal, Uintah county last May was resumed in the Second district court this morning. The case is attracting a great deal of interest, the court room being crowded with an audience during the proceedings. A number of witnesses were examined yesterday for the prosecution but no direct testimony as to the shooting was produced.

Isaac Stanton, a brother of one of the murdered men, was the first witness placed on the stand today. He was a participant in the tragedy, and related in graphic detail all of the facts. According to his story an agreement was entered into between Milton, one of the victims, and Coleman, by which the former was to stake a claim and he and the Stantons were not to visit the mine for ten days; Coleman also agreeing not to locate a claim for the same period. It was just day break the morning of the shooting. Isaac was the only one who had arisen when the three defendants swooped down on the camp and immediately opened fire.

Witness took shelter behind a tree and began firing at Warner, and the latter replied. A continual fire all this time was kept upon the last three Milton and Dick Stanton were. Amid the fusillade Isaac heard Milton cry,

"OH, I'M DONE FOR!"

He replied "What about Dick?" but there was no response. Immediately after Milton was struck in the thigh and this ended the cruel war. After giving each of the wounded men a little liquor the outlaws left for Vernal to procure a doctor and returned the same night with a four-horse wagon, and removed the victims to Vernal, where Milton and Stanton died.

Isaac Stanton is still using crutches from the effect of his wound. Direct examination continued as long and a half. When the court adjourned after noon, witness was still under examination by Mr. Straup. Upon resuming cross-examination at 3 o'clock he has not concluded.

ELECTION JUDGES.

Appointed by the County Commissioners This Morning.

The county commissioners held a meeting this morning at which all members were present. Two Republican judges of election were appointed for each precinct, and the third one, a Democrat in each case, will be named on Saturday. The same first appointing in each precinct is chairman and the second one is to be necessary of clerk set of judges:

Precinct 1, J. Donnelly, W. J. Morey; 2, J. E. Shepard, Jos. Throop; 3, W. Lynch, C. M. Cannon; 4, L. H. Hardy, J. P. Hanson; 5, C. H. Erickson, J. B. Bloomfield; 6, H. C. M. Willard, Fred Fuller; 7, L. Dalquist, Edward Needham; 8, A. J. Pendleton Jr., F. A. Dix; 9, F. C. Barnett, E. R. Critchlow; 10, Ernest Spence, Jos. Morrison; 11, H. H. Kenyon, George Backie; 12, L. A. Angell, Susan Sherry; 13, D. S. Whitlock, M. L. Perry; 14, W. H. Ingham, W. Brown; 15, J. J. Weis, Ed. Eder; 16, E. M. McPhiden, H. F. Hess; 17, H. A. Bonet, Mrs. Elizabeth Cox; 18, H. A. Kelly Jr., Cliff Gessell; 19, W. A. Neesham, F. J. Kirkham; 20, H. K. Harkness, Joseph Swenson; 21, Geo. H. Ingham, Frank K. Gillespie; 22, S. H. Hill, Leland Hooker; 23, W. C. Burton, Mrs. Ruth M. Fox; 24, William Turner, Thomas Hall; 25, Mrs. Elizabeth Foster, S. W. Rich; 26, J. H. Wilding, George Ashton; 27, F. C. Culver, Joseph Jones; 28, Geo. A. Smoot, Mrs. Rosina Miles; 29, H. P. Dailey, J. J. Wells; 30, C. T. P. Thomas, Ernest Cook; 31, Arthur Parsons, John E. Allen; 32, John H. Vincent, George Fast; 33, J. H. Vincent, George Fast; 34, J. H. Lewis, F. Davis; 35, J. C. Kelsey, W. D. Noakes; 36, J. H. Gowan, C. M. Lee; 37, T. W. Armstrong, W. A. Hosmer; 38, W. D. Stewart, Mrs. A. Stewart; 39, Orson H. Smith, J. Wash Young; 40, H. J. Moore, J. N. Sharp; 41, L. N. Eddy, John James; 42, T. W. Wolfmar, J. Thompson; 43, Mrs. Elizabeth Ashton, A. Higbee; 44, C. W. Boyd, Captain William Hoffman; 45, E. A. Allen, F. C. Leatherman; 46, E. D. B. Thompson, Cyler Mitchell; 47, J. M. Harvey, W. P. Lyman; 48, Spiers Lemon, Arthur Pitt; 49, Chris Frank, Robert Todd; 50, F. N. Dunn, Nathan Sears; 51, Thomas Hendrickson, Mrs. John McVicker; 52, A. L. Simondi, Dr. S. Ewing; 53, H. N. Hendricks, Hugh Phipps; 54, J. H. Smith, George Gray; 55, Angus J. Cannon, A. S. Gabbott; 56, J. D. Hawker, I. B. Chapman; 57, John A. North, D. S. Bloomfield; 58, Joseph Sutherland, Mrs. Agnes Merrill; 59, H. Harmon, Peter Gordon; 60, N. Kness, James Godfrey; 61, Chas. Hales, C. F. Middleton; 62, James Sandess, J. W. Cannon; 63, John Sutherland, H. Knudsen; 64, John P. Green, Henry Olsen; 65, W. H. Bailey, Palmer H. Young; 66, John Wallace, Ellis McGhee; 67, Hyrum Smith, John Lingenfelter; 68, W. D. Keaton, C. H. Cushing; 69, E. Hoff, G. F. Hoff; 70, Robert Sill, William Thompson; 71, Mand Neeley; 72, ——— Dorl; 73, Jos. T. Spencer, W. Hansen; 74, J. W. V. Fitzgerald; 75, Wm. Stokes, Mrs. Emma Jensen; 76, Jas. S. Cusd, Robert Dunkley; 77, Geo. F. Rockwell, Chas. H. Dazen; 78, Albert Maley, Wm. M. Hall; 79, F. A. Cooper, F. J. Revell; 80, Dr. Jos. Ballif, Wm. Ayr; 81, J. P. Pierce; 82, W. J. Spencer, Mrs. Henry Harrington; 83, F. Turnbull, O. Halstead; 84, Geo. E. Lee, E. Hill; 85, C. J. Thwell, E. S. Porter; 86, David Reid, Mrs. Levi Woolstenholme; 87, Jas. Bertock, Miss E. Isa Peterson; 88, Bishop McRae, Mrs. Mason; 89, J. A. Sharp, Jos. T. Shoenfelt; 90, S. G. Love, Daniel Harrington; 91, Jos. B. Smith, L. J. Larsen.

A FATAL ACCIDENT.

Death of a St. Charles Pioneer—Other Items.

To the Editor:

ST. CHARLES, Idaho, Sept. 6, 1896.

Brother Charles Q. Keelan died last night. Some dead last Thursday. He went to the bayfield last Monday, about fifteen miles distant in his usual health, to cut up hay. About noon Thursday his son and brother-in-law, S. Matthews, went to dinner, expecting him to come in a few minutes, as he had about 20 minutes more raking to do. And as he did not come, they became uneasy, and on looking out they saw that the lake horse was standing still. The son mounted a horse and rode to where his father was. He had fallen from the seat, one of his feet had caught in the lever of the rake, while his head was between two spokes of the wheel. Life was extinct. It is supposed that he died in a fit, as he has been subject to them for a number of years.

Brother Keelan was one of the pioneers of St. Charles, coming from Grovelville, Utah, in 1864. He died a faithful Latter-day Saint. Several services were held in the meeting house yesterday at 11 a.m.

Elder V. H. Pugmire, son of the late and much respected V. M. Pugmire, has been called on a mission to England; he will leave for his field of labor Oct. 21.

Threshing will commence this week. The hay grain and potato crop were never better in this valley.

E.

A Welcome Fair.

Yesterday afternoon the wife of F. R. Mayle, of the Security Abstract company, presented her husband with twin girls—a handsome pair. Mother and babies are doing well.

Personal Paragraphs.

H. S. Godbe of Bellionville is at the Cullen.

Miss A. Bradenhof Ohio is a Cullen guest.

R. G. Wilson is in from Eureka and at the Cullen.

W. D. McPherson of San Francisco is among the Cullen guests.

H. W. Marston of San Francisco is registered at the Walker.

N. M. Thomas of Sydney, Australia, is located at the Knutsford.

Mr. and Mrs. H. M. Singer of Pasadena, Cal., are guests at the Templeton.

Thomas and M. E. Jardine of Rahway, N. J., are guests at the Cullen.

John Bastard of Adelaide, South Australia, is stopping at the Walker.

M. M. Hood of Jefferson, Iowa, is at present located at the Knutsford.

R. D. McDonald was down from Ogden today and registered at the Walker.

C. Dillman of Milwaukee and M. J. Carlson of Omaha are guests at the Templeton.

Mrs. E. B. Wells of this city left last night for a two weeks' visit with her daughter, Mrs. W. W. Woods, of Wallace, Idaho.

Mr. and Mrs. Charles W. Lawrence of St. Louis are at the Templeton. Mr. Lawrence is vice president of the St. Louis Union Iron Works, and he and his better half are highly delighted with Salt Lake.

H. H. Hempstead of the Hempstead-Thompson Shoe Co. of Kalamazoo, Mich., is in the city and at the Templeton. This is the gentleman's first visit to Salt Lake and he is thinking seriously of establishing headquarters here.

Col. N. W. Clayton telegraphs to a friend that he is on the top of Pike's Peak in a freezing condition, and that he will arrive home on Tuesday night. He is accompanied by Mr. Gilliland, who came here to see him while he was on a hunting expedition in eastern Utah.

NOT A SICK DAY

For Over Thirty Years!

RESULT OF USING

AYER'S PILLS

"Ayer's Cathartic Pills for over thirty years have kept me in good health, never having had a sick day in all that time. Before I was twenty I suffered almost constantly—as a result of constipation—from dyspepsia, headaches, neuralgia, or bile and other sympto diseases. When I became convinced

that the cause of my troubles were caused by constipation, I began the use of Ayer's Pills, with the result that my stomach soon never having a single attack that did not readily yield to this remedy. My wife, who had been an invalid for years, also began to use Ayer's Pills, and her health was quickly restored. With my children I have noticed that nearly all their ailments were preceded by constipation, and I never had the pleasure of knowing that with children as with parents, Ayer's Pills, if taken in season, avert all danger of sickness."—H. Wetherbee, Byron, Ill.

AYER'S PILLS

Highest Honors at World's Fair.

Ayer's Sarsaparilla Strengthens the System.

MERLIN J. STONE, Genealogist,

Has established a Genealogical Bureau at Ogden, Utah. He has hand hundreds of genealogies, charts, etc. Those volumes will be for sale or reference. He searches records in whole every American family. Makes a specialty of tracing lineages and compiling genealogies. Those interested should correspond with him or visit his bureau.

HERMANS' DOUBLE.

John Bastard, Arrested for the Salt Lake Murderer, Here.

IS REGISTERED AT THE WALKER.

Similarity in the Notorious Person Very Striking in Certain Particulars.

John Bastard, the Australian globe trotter who was arrested at Denver a few days ago at the instance of Salt Lake's been eyed but very much mistaken, apostle of legerdemain, Oscar Hinson, arrived in this city last evening, displayed his autograph on the register and drove stakes for night as a citizen of Adelaide, South Australia.

He was not recognized until this morning as the gentlemen who was subjected to the humiliation of arrest and consequent notoriety at Denver on account of his resemblance to the fiendish and blood-thirsty person whose deeds were telegraphed broadcast some months ago. Mr. Bastard of the Walker house clerk was the first to make the discovery and he approached the Australian with the announcition, "You look better get out of town, my friend."

The man then unwinded the mysterious transfer from the land of kangaroos, prize fighters and sheep work.

"Because you look like a—preacher who's wanted here for killing women."

That was breaking the ice pretty fast but Bastard was prepared for it and declared that he wasn't afraid of the whole tribunal of Utah and added that he didn't look as much like Hermans as some people imagined and this was a shade with the Union Pacific railway officials with whom he conversed later. But the fact remains that he is a very good double at the interesting present look as to height, weight, complexion and general appearance. Besides that he wears glasses of the same pattern and a hat of the same color and shape.

In narrating the particulars of his arrest at Denver he says he was simply wandering about when accosted by a policeman with the admonition, "Come, sir, the captain wants to see you—will you step into the office?"

"Certainly," was the reply, "as I have nothing to do."

There he was confronted with the charge of murder, but soon released, as "the exploit" made up his mind that he was not the man.

Bastard spent a good portion of this afternoon enjoying Hermans's features from a photograph at the Union Pacific office. In the afternoon he went out to Saltair and after spending an other day at sea in Salt Lake, will resume his westward pregrination.

STOCKS AND BANKERS.

New York Stock Market.

New York, Sept. 9.—Stock market opened fairly active with renewal of the aggressive buying of yesterday, and prices showed yesterday's speculation. The more important gains were made in sugars.

Trading assumed a logical tone under the influence of liberal purchasing by commission houses and the covering of shorts, particularly yesterday's speculation, which also initiated extensive operations on the interest large share of principal shares changed hands the last hour and prices generally rallied from the lowest. Sugar, Tobacco, Rubber, Manhattan, Jersey Central, Northern Pacific, Pacific Mail, Union Pacific, Lead, Western Union, Rock Island, Lackawanna and Delaware and Hudson were strong and active, the latter very steady at concessions. Sugar rose 2 per cent, Tobacco 1 per cent, Rubber 1 per cent, Jersey Central 1 per cent, Lead 1 per cent, Western Union 1 per cent, Rock Island 1 per cent, Lackawanna 1 per cent, Delaware and Hudson 1 per cent. Sugar closed
