Pave You a Home?

If not it will pay you to investigate the advantages of Forest Dale before buying elsewhere. We have our own water system; water piped in most durable cast iron pipes; and the ownership of the water, including the extension of the pipes past your door costs purchasers in Forest Dale little if any more than laying the mains is most cities. The advantage this affords will be readily seen, for the water belongs to the residents (each purchaser of a lot being allowed his proportion of the capital stock of the Forest Dale Water Company) and it rests with them to fix the water rates charged. The expense of running the system is very small, and after the first expense of laying the mains is paid the rates need not be more than one-tenth those charged by Salt Lake City.

Have You Saved Anything?

Some people have been waiting for years for land to reach bottom prices. In the meantime they have paid rent, and if they have made any improvements or done any work on their residences, the improvements have been made, or the work done, for their landlord. Many other people have built homes, and while those first mentioned have been "waiting for something to turn up," have paid for their property and now own the house that shelters them.

Don't Get in Debt

unless you feel assured you can get out again. But if you have money saved, buy a home. If you have an income, buy a home. It pays to have an object in view, and there is no more worthy object than procuring a home for those dependent upon you.

My clerks, at room 310 Constitution Building, will give you prices and show you the property.

GEO. M. CAPRON, Owner.

Cash paid for Water Scrip at Cannon's Real Estate Office, 331 Constitution Building.

AN OPINION GIVEN.

Recently Mr. J. H. Tonner, of North Dakota, visited the Shenandoah Valley, Virginia, and after carefully examining the country located in Winchester, so writes to Mr. V. Hawkins, Land and Immigration Agent, Baltimore & Ohio Railroad, Baltimore, Maryland, as follows: "I have been in nearly every state and territory of the United States, and am back in my opinion that this valley surpasses all other sections in the Union. The lands are low in price, and produce as those crops. I thank you for the courtesy no here, and will come another pleasant and profitable home to locate in this country."

Book your tickets and ship vacation, or business crops, or a car load of your fancy stock, over Rock Island. Best line to the east. Ask your home agent for tickets over this road.

Dr. Price's Cream Baking Powder World's Fair Highest Award.

The direct line to Kansas City, St. Louis and Atlantic seaboard, is via the Missouri Pacific Railway, from Pueblo. Through sleeping and chair cars, and all conveniences made in Union depot in the city. If you are going East and want a comfortable ride through the grandest scenery of the Rocky Mountains or Colorado, see that your ticket reads via Missouri Pacific Railway. Elegant coaches and reclining chair cars free to holders of regular train tickets.

S. V. BERRY, C. F. & P. A.,
12 Morris Block, Salt Lake City.

DESERET EVENING NEWS.

THURSDAY, JULY 26, 1894.

MUNICIPAL BUSINESS.

A Merry Swing Change in Gravity Sewer Construction.

ANOTHER LIGHTING SCHEME.

Majority and Minority Reports on Dr. McAlister's Appointment—Railroads Confirmed.

All of the members of the City Council were in attendance at last night's meeting except Hardy and Clawson. President McCornick occupied the chair and business was transacted as follows:

Miss J. Riddle et al asked that retaining walls be built on Center street. Committee on streets.

Mary V. Hempstead et al protested against the establishing of a street grade on East Temple and First North streets. Filed.

Martin Fissell and forty others protested against the inefficient manner in which sprinkling is done.

The Pacific Pump company asked for a payment of $3,820.09, the amount due for retained percentage on street and sidewalk paving. Finance committee.

Annie Sophia James, an indigent widow with five children, asked for a remission of sprinkling tax amounting to $6.70. Committee on sprinkling.

Michael O'Connor, asked for a free license to peddle novelties. Committee on license.

A. Fisher and twenty others protested against the paving of sidewalks on Second South street between Ninth West and the Jordan river.

Emma Rushing asked permission to remove lot 23, block 2, Folsom addition, structurally sound for taxes. City assessor.

The Salt Lake Building and Manufacturing company asked permission to pile building material in front of the Home Fire Insurance company's property on East Temple street for a period of ninety days. Committee on streets with power to act.

William Rounds asked for a refund of $125.50 for unexpired term of liquor license, as he, on account of hard times, was about to quit business. Committee on license.

The Gateway Club company petitioned for a reduction in license. Committee on license.

O. W. Powers and D. N. Streep, on behalf of the Western Ice company, asked for an analysis of their ice on account of the condemnation of the same by the health commissioner. Analysis was ordered.

E. F. Davis registered a protest against the rule of sprinkling tax charged him. Committee on sprinkling.

ANOTHER STREET-LIGHTING PROPOSITION.

L. C. Trout & Co. made a proposition in regard to the city, and proposed to furnish and equip an electric lighting station of a capacity of 800 horse power equipped into independent dynamos having a capacity of 1,500 16-candle power incandescent lights; also to furnish the necessary out-door circuits, poles, 300 2,000-candle power arc lights to be put in actual operation for the sum of $150,000. The company offers to guarantee that the cost of operating will not exceed $1,800 per month, which with allowing for interest on cost of plant would effect a saving to the city of $2,100 per month, and give better light than that now supplied.

Committee on streets and improvements was asked.

THE COPPER PLANT BOND SUITS.

The papers in the suit of J. A. Cunningham praying for an injunction and the temporary injunction granted by Judge Merritt, restraining the city treasurer, auditor and recorder and copper plant bonds committee from paying any money or bonds or giving any bond to the Copper Plant company, were presented and referred to the city attorney.

FREE MEDICINAL WATER.

The Salt Lake Sanitarium company asked to be allowed to erect a drinking fountain upon their premises on Third south street, where the public could be supplied free with the medicinal waters from the Warm Springs. Committee on streets.

PERMISSION TO REMOVE.

G. M. Arnold was granted permission to remove property and for water main extensions.

CHIEF DEVINE SAY NO.

Fire Chief Devine was granted a leave of absence to attend the convention of the National Association of Fire Engineers. The report of the fire and police committee setting that he be allowed $150 with which to pay his expenses, was denied and Mr. Devine will therefore have to pay his own bills.

SAVING IN SEWER CONSTRUCTION.

The committee on sewers submitted a report recommending the extension of a 24-inch gravity main sewer for the fifty-inch section of the gravity outlet sewer between North Main and North Temple streets, and substituting a 24-inch tile section for the fifty-eight between North Temple and Second south. By doing this the committee contend that a saving of $3,000 can be made at the same time obtaining a system equal to the requirements of a city of 150,000 inhabitants. The committee therefore recommended the adoption of a resolution that the board of public works and city engineer be empowered to take such steps as are for contract as will effect the change in the gravity outlet sewer recommended in the report. Adopted.

STREET WORK.

The report of the street department for the quarter ending June 30 was read. The report showing that during the quarter the expenditures amounted to $4,[illegible] and the receipts from $1,920 for permits to the superintendent of the water master's department. Committee on streets.

DISBURSEMENTS MADE.

A requisition was received from A. F. Dowling, agent for the city, stating that the measurements of water to Paisley's cows under the exchange arrangement between the city and farmers for lake water and the appointment thereof had been made. Filed.

SIDEWALK CONTRACTS.

The board of public works submitted the contract with Hobbs & Wilkerson for the construction of sidewalks on Second South between Ninth West and the Jordan and a bond for $1,800 for the faithful performance of the same.

Contract and bond accepted.

O'Meara moved that the finance committee and the city attorney be requested to make a postponement of the first payment on the sidewalk extensions for ninety days provided there were no legal obstacles in the way. Carried.

CITY ENGINEER WALLACE.

The city engineer submitted his statement showing the cost of constructing sidewalk pavements in the wards 1, 2, 3, 4, and 17 respectively. The rate for four inches thickness was 11 cents, for six inches 19 cents. Finance committee.

RICHARDS'S APPOINTMENT.

In the matter of the Mayor's appointment of Dr. McAlister to succeed Dr. Beatty as health commissioner, the committee on sanitary rules and quarantine submitted a majority and a minority report.

The majority report was signed by Cann, Doty and Corum, and read: "We beg leave to report in the matter of the appointment by the Mayor of Dr. J. J. McAlister as health commissioner. We unanimously recommend that the same be not confirmed."

The minority report was the signature of Newell and Morris, and read: "We have to say that we a minority of said committee, have carefully looked up the matter as to the ability and general standing of Dr. McAlister and believe him thoroughly competent to fill said position and recommend that he be confirmed by the Council." Laid over for one week.

THE DOCTORS'S FOR MATRON.

Reporting on the contamination of the soil of the Wasatch and White Lake companies by the health commissioner, the committee on sanitary rules and quarantine recommended that the health department be sustained and that it be instructed to prohibit the sale of the ice for culinary purposes. The matter was, after considerable discussion, referred back for further investigation.

MATRON HAS THERE.

The appointment of Jane O. Mather as city poorkeeper was confirmed.

HOGAN'S FRUIT STAND.

Hogan's fruit stand at the corner of East Temple and Second South streets was ordered removed.

NO CRAVEN THERE.

The committee on streets reported that there was no such man as Robert Craven in the employ of the street department and consequently could make no recommendation as to his removal.

CAPITOL HILL GRADE.

The committee on streets recommended that the grades as submitted by the city engineer for Capitol hill be adopted, also that the purpose of extending East Temple to connect with Current street the city dedicate for street purposes the portion of the Arsenal block lying west of the east line of Temple street. Also that Current street be widened to a 99-foot street, and that the name of that portion of Current street between East Temple and State streets be changed to North Capitol avenue to correspond with the name of the same avenue between State street and Canyon road. Adopted.

MRS. TURNER'S CLAIM.

The committee on claims recommended that the petition of Mrs. Turner asking that her case in which she was awarded $2,500 in the district court for personal damages by falling on an uneven sidewalk be not appealed to the United States supreme court be not granted, and that the appeal be taken. The report also advised that all parties who have uneven sidewalks be notified to bring them to the grade at once.

Hanks, as a member of the same committee, presented a minority report, recommending that the case be not appealed and that the compromise offered by Mrs. Turner to throw off $500 be accepted. He thought it was the best settlement the city would ever be able to effect.

The majority report was adopted.

THE NEW DRAIN SOUTH.

The special committee named to examine the route for a sewer and cattle trail by way of Immigration canyon recommended that the road by cut from the foot of Little mountain on the west side of it, beginning at Kilton road, thence up east fork to the head of it, and hence easterly across the divide to the foot of Big mountain, and hence in an easterly direction, crossing to strike East Canyon creek at a point not to exceed $500, and to be borne by the city and half by the county. Adopted.

CHANGE OF SEWER ROUTE.

The special committee to which was referred the matter of changing the location of the gravity outlet sewer from its present route, reported that they had authorized the change through existing property, and asked that $1,500 be allowed the city engineer to perfect the right of way. Adopted.

TORCH LA BRONCH.

The board of public works recommended the removal of necks at the corner of Second South and East Temple streets in the interest of good sanitation.

The matter of dumping raw pool sewage into the sewer room was referred to the committee on sanitary rules and quarantine.

A resolution was adopted permitting hospitals to take free use of city water for all purposes except lawn sprinkling.

Appropriations were made amounting to $5,000 [illegible] which an adjournment was taken for one week.

SCANDINAVIAN CELEBRATION.

A Fine Time Had on the 24th in Tarr's Grove, Ogden.

Undoubtedly the largest gathering of Scandinavians ever assembled in Ogden met in the shade of Tarr's grove, on the Ogden river, on the 24th, the object being to commemorate by filing upon the entrance of the pioneers into Salt Lake Valley. There must have been between five and six hundred persons present.

The celebration began by the large assembly singing America. On the platform were the speakers of the morning, Mr. Peter Anderson acting as chairman. Prayer was offered by Mr. Thorgeson of the Third ward, which was followed by a lively speech of welcome by Mr. E. H. Anderson, who dwelt upon the significance of the day and the loyalty and patriotism of the northern race to the American institutions which would to given even greater play in the new state of Utah.

There followed stirring speeches by Mr. B. L. Peterson, in Danish; by C. Anderson, in Norwegian, and by August Carlson, in Swedish, in each of which were glowing descriptions of the natural beauties of the land, and the virtuous and accomplishments of the people represented. The reading and recitations of Miss Nielsen and Miss Bjorkman, of Norway, the song, Swedish, Danish and Norwegian, of Swedish, each received its share of really beautiful description, to which were added references to other lands in literature, art and science, such as Thorwaldsen and Hans Christian Anderson of Denmark; Bjornson and Ibsen of Norway; Emerson, Lowell, Longfellow, Bellamy of Sweden. America, the adopted home of the celebrators, seemed to get its share of praise, and three rousing cheers were given for the precious ventilated under the folds of Old Glory.

Mr. C. J. Hendricson sang an original Swedish song, humorous, sound and all as to each, which was hearty applauded.

The applause for the speakers died away and the company adjourned for refreshments, in which entertainment two hours speedily died away. Coffee, such as only the Scandinavian housewife can provide, filled the air with fragrance, the river was dotted with football fellows enjoying the festive interview, and the spacious grove resounded with laughter and merry-making.

At 3 o'clock another program was in order. The Lyon brass band struck up a lively tune, followed by a Swedish comic recitation. H. Anderson and H. Griffin sang a song, followed by an original song by C. J. Hendricson. Then came the orator of the day, Mr. C. E. Peterson, in a masterly oration setting forth the history and trials of the Pioneers. The speaker beautifully described the northern countries, paying a glowing tribute to their people, many of whom would yet take a noble place in the religious and political world of their adopted America.

The veteran Pioneer, Judge Aaron F. Farr, and Hon. Lorin Farr followed in five-minute speeches, and some excellent remarks were made by that veteran wheel of the Scandinavians in Weber county, President N. C. Figgers. Music and song followed, then lunch, coffee, games and several amusements. It was a day of great rejoicing to those who took part. Not a "drunk" was seen in the whole company, strong drink was not partaken of by any one. A.

OGDEN, Utah, July 25, 1894.

In the European Mission.

(Millennial Star, July 21.)

ARRIVALS—The following missionaries from Utah and Wyoming arrived in Liverpool per Anchor steamer Circassia, via Glasgow, Wednesday, July 4th, 1894: Thomas Wright and David Udall, of Nephi, Juab county; Ben R. Eldredge, of Salt Lake City, and John Fluckiger, of Afton, Wyoming. The two first named have come on a genealogical mission, and Elder Fluckiger will labor in the Swiss and German mission.

RELEASE AND APPOINTMENT—Elder Ben R. Eldredge has been appointed to labor as traveling Elder in the Birmingham conference.

Elder John D. Owen has been honorably released from his labors as traveling Elder in the London conference, to return home, July 25, 1894.

Young Family Association.

A meeting of the Young Family association will be held at the Lion House parlors on Wednesday evening, Aug. 1st at 7:30 o'clock.

All those having any interest in the association, whether holding membership tickets or not, are invited to attend. There is business of importance to transact.

Highest of all in Leavening Power.—Latest U. S. Gov'n Report.

JOHN C. CUTLER & BROS., 20 Main.

DO YOU MOVE

That one week day you can go to Wasatch, that beautiful mountain spot, for $1 round trip? Don't wait for rainy, but go any week day. The Elkhorn Hotel is now open and is being run to the satisfaction of all guests. A competent cook and staff have been secured and excellent meals are served to sojourners. A ten day ticket will cost you but $5.50. No more beautiful spot than Wasatch has yet been found, and for those who cannot spend more time, a day trip will be a delightful diversion from the monotony of the beach excursions, affording as it does an incomparable mountain trip, a day's speckled fishing, a trolley ride to Alta, or a day's quiet idle without restraint beside river, sparkling stream. You can lie beneath the shadows of snow-capped peaks, a carpet of softest verdure beneath your feet, and soft, balmy breezes waiting toward you, the fragrance of mountain flowers and peace. It is truly a romantic spot.

Trains leave Rio Grande depot daily at 8:05 a. m. and return at 5:45 p. m.

Burlington Route Dining Cars.

The Burlington route is the only line running dining cars on the "A la carte" plan, between Denver and Omaha, Kansas City and Chicago. Passengers have to pay only for what they eat. Be sure that your tickets read via the Burlington route.
