HALL'S VEGETABLE SICILIAN HAIR RENEWER.

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing nothing has been found so elegant, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it the best preparation for its intended purposes."

BUCKINGHAM'S DYE,

For the Whiskers.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color which will neither rub nor wash off.

POLITICAL.

Michigan.

JACKSON, 24.—The democratic State convention met here to-day. Their platform declares home rule the essence of free government; that the boundary line between State and national government is clearly defined and only needs to be strictly followed; to conserve the broadest liberty to the people; that our civil service reform and Federal Constitution should be amended to provide for election instead of appointment of postmasters; in favor of competitive examinations in subordinate positions; making political assessments felony; opposes a protective tariff; demands a revenue reform and tariff for revenue only; in favor of restricting the right of Congress to make appropriations for improvement of rivers and harbors to those of national importance; and denounces the passage of the river and harbor bill by the last Congress.

The following ticket was placed in nomination: Governor, Josiah B. Begalle; Lieut. Governor, Eugene Pringle; Secretary of State, A. J. Shakespeare; Commissioner of State Land Office, John F. Vandewater; Superintendent of Public Instruction, David Parsons; Member of State Board of Education, Clark B. Hall; State Treasurer, Edward Kanter; Auditor General, James Black; Attorney General, Timothy Torsney.

Maine.

TIFFIN, O., 24.—Gen. William H. Gibson leaves to-night for Maine. He will meet ex-Secretary Blaine at Portland and on Monday next at Biddeford they will together formally open the campaign in Maine. Gen. Gibson and Mr. Blaine are each to deliver 12 speeches at as many important points throughout the State, after which the former, and perhaps Blaine, will return and enter the Ohio campaign. Governor Foster will speak at Portland and one other city in Maine during the last week of the campaign.

Texas.

AUSTIN, 24.—The republican State convention was called to order by ex-Governor T. J. Davis, chairman of the republican executive committee, and he addressed the convention. It was resolved that the convention make no nominations, but support the liberal movement, giving their entire aid and vote to Hon. G. W. Jones for governor.

Kansas.

TOPEKA, 24.—At the greenback state convention to-day a series of resolutions re-affirming the national platform at Chicago in 1880 were adopted, and adding a platform in the same or similar shape as adopted by the national executive committee at St. Louis last spring. Ex-Governor Chas. E. Robinson, the first governor of Kansas, was nominated for governor, and the remainder of the ticket is as follows: Lieut.-Governor, J. G. Bayne; Secretary of State, A. P. Elder; Auditor, W. F. Garrison; Treasurer, J. H. Ludlow; Attorney General, J. D. McBryan; Superintendent of Public Instruction, J. M. Hiterman; Associate Justice of the Supreme Court, L. C. Uhl.

The following were nominated for congressmen-at-large: H. L. Phillips, J. Davis, A. Williams (colored), J. N. Wood. A State central committee was also appointed.

Adjourned *sine die*.

New York.

Ithaca, N. Y., 24.—The Grand Lodge of Good Templars of this State resolved to inquire into the position of candidates for the State Legislature on the prohibition question and vote for those favoring it.

Various Nominations.

Lynchburg, Va., 24.—The coalition convention at Rocky Mount nominated Winfield Scott for the Fifth Congressional District. A part of the delegates balloted and declared for Wm. E. Sims, independent.

Wheeling, W. Va, 24.—The republicans of the Second District, at Fairmount, nominated John W. Mason, of Grafton, for Congress.

The democrats of the First District, at Fairmount, nominated J. H. Good, of this city.

East Saginaw, Mich., 24.—In the Eighth District republican congressional convention, Hon. Rosewell G. Harr was nominated for the third term.

Newark, O., 24.—The democratic congressional convention at Coshocton, last night, nominated Hon. Beriah Wilkins, of Churchville.

Findlay, O., 24.—The republicans of the fifth district, nominated L. B. Harris, of Upper Sandusky, for Congress.

The democrats of the sixth and fourteenth districts of Missouri, after a two days' session, are in a dead lock, with no prospect of getting out.

Col. T. H. Herndon was nominated by the democrats of the first congressional district of Alabama.

Reducing Rates.

SAN FRANCISCO, 24.—The railroad conference between representatives of the Central and Union Pacific railroads, relative to the proposed reduction of freight tariff between points in this State and Utah, Montana and Idaho, is almost concluded. The details of the business done will be ready for publication in a few days. The only matter of public interest is that the California shippers are hereafter to be guaranteed the same rates to Idaho, Utah and Montana points, reached by roads controlled by the Union Pacific, as are made from Omaha. The conference also agreed that Colorado freight may go via the northern line at the same rate as on the southern route.

Washed Out.

DALLAS, Texas, 24.—For two days and nights heavy rains have fallen in West Texas, doing great damage. The railroads are washed out, and trains on all the roads are late. Passenger trains on the Texas Pacific were abandoned to-day because of washouts at Sparta and near Abilene, and a great land slide in a long, deep cut at the Red Bluff crossing of the Brazos river.

Not Guilty.

LUDENBERG, Va., 24.—In the Garland trial for murder in the duelling affair, a verdict of not guilty was rendered. In the Commonwealth *vs.* W. W. Buswell and John A. Roche, seconds, accessory to the murder, Addison, the commonwealth's attorney, entered a plea of *nolle prosequi*, and the accused were discharged.

Strikers.

There is a general break in the ranks of the Harmony mills "stayouts," and 40 additional weavers have started at the looms. The leaders admit defeat.

The window glass factories of Pittsburg, Pa., will be unable to resume work September 1st, as the men have fixed a scale of wages which the employers say they cannot pay.

Fires.

CHICAGO, 24.—A four story building, corner of State and Jackson Streets, occupied by the Singer & Steebles parlor suit company, burned this morning. The building was well gutted and the contents mostly destroyed. At 9 o'clock the fire is still burning.

A special from Dubuque, Iowa, this morning, says: Pritchard's buggy top factory has burned. Loss $11,000; insurance $6,500.

St Louis, 24.—The Iron Mountain flouring mill and elevator, owned by Tiedmann & Co., burned early this morning, together with about 6,000 bushels of wheat and 2,000 barrels of flour. The loss is estimated at $123,000; insurance $89,000. The origin of the fire is supposed to have been a stroke of lightning followed by an explosion of flour dust.

Yellow Fever.

NEW YORK, 24.—The *Post's* Brownsville special says: The yellow fever is rapidly spreading in the Fourth Ward. Judge Harris and wife and two customs officials were attacked this morning. The doctors at Matamoras say many patients are frightened to death.

Brownsville, 24.—There are 62 new cases to-day, and two deaths. There have been 25 quarantine guards sworn in to aid in confining the fever to its present limits. There are three cases of yellow fever developed at Fort Brown, and the troops are scattering into camps near by. There were eight deaths and but few new cases at Matamoras. The weather is clear.

Major Powell.

WASHINGTON, 24.—Major Powell, of the Geological Survey, will start soon for the West to resume work on the survey of the Grand Canyon of the Colorado. He will first go to Fort Wingate, New Mexico, where he will organize his expedition and proceed direct westward by way of the Moquis towns, which will be studied somewhat. Powell will spend most of the season studying the deepest portion of the canyon. Besides Major Powell's expedition, work is projected in the cascades of northern California and Oregon. Henry Gannett, Chief Geographer of the government, has sent out a party to make topographical work, which is in the immediate charge of Gilbert Thompson. The geological work will be under the supervision of Capt N. C. E. Dutton, of the Ordnance Corps. Work is also projected for Montana and northwestern Wyoming, under the charge of J. V. Renshawe; also the Apalachian Range, with Prof. Kerr, of North Carolina, in charge. Attention will at once be directed to the Silver Cliff mining region of Colorado and the quicksilver districts of California.

THE CATALOGUE OF CRIME.

Defaulter.

PROVIDENCE, 25.—Henry J. Hall, paying teller of the Rhode Island Hospital Trust Company, confesses he is defaulter of $21,000. The stealing begun in 1875. The defalcation was discovered while Hall was on a vacation. He has spent the money in extravagant living. He was arraigned in the justice's court and pleaded guilty, and was held under $30,000 bail for trial. He is a member of the common council.

Shot.

SANTA FE, N. M., 23.—Charles N. Rash, a ranchman living near Farmington, New Mexico, was shot and killed by Joseph McCoy. The shooting was in self-defense, Rash being intoxicated.

Assassinated.

BROWNSVILLE, 24.—At Mazatlan, Mexico, yesterday, Francisco Ascina was attacked by assassins and fatally injured. His son, a young man, was killed by one of the assassins. The latter were pursued by citizens and one was shot dead, the other escaping.

Smuggling.

ST. JOHN, N. B., 24.—Some excitement is caused in the jewelry trade by the Custom House officers visiting several establishments and seizing large quantities of American jewelry. It is claimed that only a small portion of the imported jewelry pays duty. The goods are smuggled into the upper provinces, it is said, and then sent to this city with a regular invoice.

Horse Thieves.

CHICAGO, 24.—A special from Little Rock says an exciting horse-thief hunt is progressing in Van Buren county. Two thieves were killed on the 2nd., and one has been sent to the penitentiary for 16 years. The band is of a desperate character, and trouble is anticipated before the rest are captured.

Stolen.

BUFFALO, 25.—The silks, furs and other articles found a few days since in the possession of a couple of thieves who had been freed from the poor house, have been identified as belonging to Judge Arral, a son-in-law of ex-Governor Todd. The articles were stolen from the Todd mansion, in Youngstown, Ohio, while the family were absent this summer.

Stage Robbers.

TUCSON, Arizona, 23.—A special from Globe City concerning the robbery and murder of Hall and Dr. Veil, says: Last night at 7 o'clock the sheriff brought in from Pinal ranche C. B. Hawley and L. V. Grimes. Cicero Grimes was under arrest here. All three made a full confession. Hawley and L. V. Grimes confessed they did all the work. Cicero Grimes was to share in the proceeds and consented to help plan the robbery. He went to the summit of the mountain and met the express and rode ahead of it some distance and gave signs to Hawley and L. V. Grimes who were concealed near the trail. When the express arrived, there they commenced firing to scare off the messenger and mail riders. The mail rider, Porter, ran off to get a gun. Cicero Grimes had to go into town. Messenger Hall had no arms except a rifle without cartridges. The messenger hid himself and young Grimes and Hawley broke open the box getting $5,000 in gold and they started away with it.

W. F. Vail, on his way to his mine, rode on to the scene of the robbery soon after, and while looking around the trail the guard came back and not knowing Vail, shot at him. Vail and the guard exchanged shots by one of the robbers, rode on and overtook the others. They met Vail friendly and said they were going to town and Vail being afraid, went with them about half a mile when they shot him three times in the back. He died soon after.

After this they were overtaken by Messenger Hall when he pretended that he had been shot at by Indians and wanted protection to get into town. He went with them some distance carrying a pistol in his hand all the time. They got Hall between them and Hawley shot him in the back. Hall shot five times at them and then they literally riddled him, shooting eight balls into him. They then divided the money. Grimes took his own and his brother's share, and then they separated.

Through a chain of circumstantial evidence Treasurer Lacy, Sheriff Lother and others worked it up. Too great praise cannot be given to Lacy and Lother and also J. P. Gabriel and their assistants. Cicero Grimes has a wife and large family here. The mob determined to hang all three. While L. V. Grimes and Hawley were out with a party of citizens and officers hunting up the treasure, Cicero Grimes made a statement to the crowd, who were determined on his death. Fitch, a young lawyer, made a speech to the mob for Grimes for nearly two hours. He was followed by O. B. Kennedy, Rev. B. D. Cololee and others, and the officers finally got Cicero Grimes away to a place of safety. The crowd then took Hawley and L. V. Grimes and hanged them without much noise. Hawley died game, but L. V. Grimes broke down at the last. The town is all quiet this morning. Cicero Grimes will be tried at the next term of court, and is sure of a long sentence at Yuma.

McGillicuddy and the Sioux.

OMAHA, 24.—Dr. McGillicuddy, the Sioux agent at Pine Ridge, arrived here to-day to see Gen. Crook on Indian business. He reports all quiet at Pine Ridge when he left, and he found a dispatch here to-night to the same effect. He states that while there is no immediate danger, he will not guarantee peace for any length of time. He has positive evidence of a plan of confederation among the Sioux to make Red Cloud their chief, and he is working up the scheme, although the principal chiefs are friendly to McGillicuddy, and opposed to any such movement. Decisive action on the part of the government is necessary to prevent serious trouble in the future. His life has been threatened, and it is quite likely he will resign, as he does not propose to risk himself foolishly. He has learned that since he left the agency another petition has been filed against him, which, like other petitions, was instigated by white men.

A British force, with some artillery, has been sent beyond the native quarter.

Lord Chas. Beresford arrived at Ismailia yesterday.
