LIVELY ON 'CHANGE.

The Bulls and Bears Go on a Rampage Today.

CAUSED BY RICHMOND ANACONDA.

Twelve Thousand Shares of That Stock Sold—Other Transfers Recorded —Dips and Spurs.

The bulls and bears went on a rampage in the pit of the stock exchange today, but not until a certain stock was reached, and that Richmond Anaconda. Excitement ran high for the space of about five minutes during which time cries of "sold, sold," rent the air, necessitating the making out of checks which showed that 12,000 shares of the stock had changed hands. It sold all the way from 4½ to 5 cents and when hostilities ceased bulls were asking 5 cents, while bids of 4½ were ready and quite numerous. Northern Light seemed its usual sale of 100 shares, the stock floating a value of 50 cents, with none offered at the same figure.

Two of the listed stocks took part in the day's trading—Eagle and Sunshine. The former unpeopled 400 shares at the nominal figure of 11 cents per share, while the latter came out with a transfer of 100 shares, which brought $2.75. Mammoth holders took occasion to make a good stiff demand for the stock—$3.50—while the bears made an attempt, although a weak and unsuccessful one, to get a block of the property at $3.65. Mammoth asking quotation remained about stationary, but the bid was not as strong as heretofore, $3.75 being the highest figure offered for the stock. Dagwaer, which has been entirely unrecognized for a few days past, met with a bid of $7, while its companion, the Daly stock found asking and bidding quotations of $8.15 and $7.80 respectively.

The closing figures were as follows:

LISTED STOCKS.

TRANSFERS OF STOCKS.

Five hundred shares of Eagle at 11 cents; 100 Sunshine at $2.75; 100 Northern Light at 50 cents; 1,000 Richmond Anaconda at 4½ cents; 3,000 at 4¾ and 8,000 at 4½. Total, $12,700.

Something Good at Marysvale.

The Richie Advocate says that William Morris and William Ward of the Marysvale county have been picking at Old Baldy over a month and have at last dropped on to some ground that they consider all right. Their last strike is close to the Cabonaros, situated up Beaver canyon, about five miles above Marysvale. An assay of the rock taken from the surface shows 56 ounces in silver and $8 in gold. They have gone down about seven feet on this prospect and the dirt looks richer the deeper they go. Another assay is expected in a few days. Two other good claims lying near the Cabonaros are members one and two of the White Horse. A surface sample of the latter propositions gives 11 ounces silver and $2.50 gold. Morris, Ward and Morris are vigorously pushing their work and expect to strike a rich vein before long. They have all faith in the Marysvale district and say if this same ore were found in Eureka there would be no end of speculators anxious to buy. The only trouble with the camp, according to Mr. Morris, is that for some reason the best properties, such as the Dalton, Deer Trail and Copper Belt are being held back. With the two promoters named are interested W. D. Myers and Robert Thompson of Eureka.

Dips and Spurs.

The hoisting machinery for the Overland mine was expected from the East today.

Mt. Pleasant Pyramid: While some parties were digging out the Helph-Kroll well by Monday, a find was made which for a time was thought to be gabbot, but it swayed some disappointment than anything else.

A special from Provo to the Tribune bears the information that the Horn Silver mill employes have refused to contract to work twelve hours on account of the striking mine employes threatened to prevent them ever securing work in other camps if they do.

The Mammoth mill will close down for a day or so this week for their usual monthly cleanup. The Mammoth Mining company will keep their employes on at their usual work, and there will only be a slight reduction in wages. The mint will be put in a good house shine tomorrow.

It was given out on 'change today that the secretary of the Gold King Mining company had made a request to have the calling of that stock easier, but the brokers having some of the stock in their possession felt that they had a right to sell it at a change if they wanted to, and consequently it was the first unlisted stock to which attention was paid.

John J. Valentine, a representative of the New York Journal and Mining Journal, is in the city on a visit. The gentleman is here for the purpose of gathering information regarding Utah's mines and mining resources, and each of the districts in the State will receive a visit from him ere he returns to the great metropolis whence he came.

Pappin Hennie, John Orman and W. H. Williams from Eureka were in the city a few days this week and reported that the Eureka and Keystone mines of that district were closed down throwing 100 men out of employment. The Eureka is putting in 15 more stamps making up 40 stamps mill which is expected to be working by the first of next month.

A mining deal involving many millions of dollars is said to be on the tape in this state. It is nothing more or less than the attempt by an English syndicate in which the Rothschilds are interested to gain possession of the Golden Gate property at Mercur. Experts are now in the field looking into the merits of the property and the deal may perhaps be consummated in a very short time.

The Bingham Consolidated Mining company came to a final settlement with their employes last evening and no strike will take place as expected. The men's wages will be about the same as before except a small cut down for the pan men who will be reduced from $3.50 to $3 per day for the eight-hour labor. The miners will receive $2.50 per day. Men at the mill and mine commenced work on eight-hour shifts today.

THE CARNIVAL BOOMING.

Being Widely and Industriously Advertised—Dramatic Benefit Performances.

The carnival is now booming. Never before in the history of Utah has there ever been so much interest shown or enthusiasm excited over a celebration as has been remarked by it. Mass meetings are being held throughout the State to advance its interests, the principal railroads throughout the country are disseminating its literature and advertising matter, and over 500 papers in five states are giving liberal space to publishing views and facts concerning it.

The series of benefit performances arranged for increasing the fund to the sum necessary, to make it the grandest celebration ever given in the West, meet with popular approval. Dramatic performances, the great concert and band contest in the Tabernacle and the Queen's ball at Saltair, are expected to realize over $5,000 and with the subscriptions already secured and expected there will be no financial stringency to act as a cut to the consummation of the many elaborate plans made by the managers.

THE QUEEN CONTEST.

Today the voting in the queen contest is very brisk, but the count will not be made until 8 o'clock. Last evening the vote stood:

Miss Jean R. Russell	19,[illegible]
Keep your favorite above this line if you wish her to succeed.	
Miss Vilate Pratt	15,[illegible]
Miss Clarissa Tolmacs	5,[illegible]
Miss Laura Dunn	222
Mrs. A. J. Allen	[illegible]

Cut this out and send to executive committee, room 327 Atlas Block, city.

MY CHOICE FOR QUEEN.

This coupon entitles holder to one vote for Queen of the Midsummer Carnival, Salt Lake City, July 2nd, 3rd and 4th, 1896.

All counties in the State will be invited to take in the Carnival Pageant and to choose Queens of their several counties to represent their delegations, who will be received by the Carnival Queen at the Throne as guests of Honor.

CARNIVAL NOTES.

A carnival mass meeting is being held in Provo today.

The railroads have given a rate of 1 cent a mile to parties which enter the grand band contest.

Davis county will have two floats in the grand parades.

The carnival uniforms have arrived and are in great demand.

Governor Wolcott and staff will appear in new uniforms in the Independence Day parade.

The bathers are in the Carnival swim. They are contributing liberally to the fund.

The Ariel wheel to be given to the State queen by Mulford & Co. has arrived. It is a beauty.

The Queen contest will close next Saturday. It is predicted that the winner will need 50,000 votes.

Spencer & Lynch will present to the state queen the handsomest pair of ball slippers ever brought to Utah.

Colonel Thatcher, of Fort Douglas, knows a good thing when he sees it. He is taking a great interest in the Carnival.

The benefit performances at the Grand next Monday and Tuesday evenings will be society affairs if the demand for reserved seats is any criterion.

Gloom

Of ill health, despondency and despair, gives way to the sunshine of hope, happiness and health, upon taking Hood's Sarsaparilla, because it gives renewed life and vitality to the blood, and through that important organ, the stomach, gives tone to the whole system. This medicine has helped me wonderfully, changed sickness to health, gloom to sunshine. No pen can describe what I suffered. I was painfully sick, and sick headache every few days and those terrible clog, despondent feelings, with heart trouble so that I could not go up and down stairs without clasping my hand over my heart and resting. In fact, it would almost take my breath away. I suffered so I did not care to live, yet I had much to live for. There is no pleasure in life if deprived of health, for life becomes a burden. Hood's Sarsaparilla does for more than advertised. After taking one bottle, it is sufficient to recommend itself." MRS. J. H. SMITH, Beloit, Iowa.

Sunshine

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. $1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills cure all liver ills, sick headache, biliousness, jaundice.

UNTOLD MISERY FROM RHEUMATISM

C. H. King, West Valley, Miss., cured by

Ayer's Sarsaparilla

"For five years I suffered untold misery from muscular rheumatism. I tried every known remedy, consulted the best physicians, visited the springs. Are, three times, spending some time, besides doctor bills, but could obtain only temporary relief. My form was wasted away so that I weighed only eleven pounds, my left arm and my knee joints were set at angles, the muscles

being contracted up to knots. I was unable to dress myself, except with assistance, and could hardly hobble about by using a cane. I had no appetite, and was assured by the doctors that I could not live. The pains at times, were so severe that I could physically only by means of hypodermic injections of morphine. I had my limbs bandaged to stay, as rigid, in position; but these gave only temporary ease. After trying everything, and enduring the most awful sufferings, I began to use Ayer's Sarsaparilla. Inside of two months, I was able to walk without a cane. In three months, my limbs began to straighten, and in the course of a year, I was cured. My weight has increased to 165 pounds, and I am now able to do my full day's work as a railroad blacksmith."

AYER'S PILLS cure Headache.

STATE NEWS.

Ephraim Enterprise — The high water last week did considerable damage to gardens and some small patches of beets were flooded. A large force of men were kept at work on the creek all the time.

Lehi Banner: For the last few nights the water has been overflowing the banks of the creek and waste ditch. The section men of the Rio Grande have been putting in night shift watching the bridge over the creek.

Three U. S. government surveyors are stopping at the Mansell house, Kaysville, and expect to go over on church island to do surveying on the flat, says the Bountiful Clipper of June 5. They came direct from Pueblo, Colo., over the R. G. W. They have 1,500 pounds of freight with them, mostly instruments, 800 pounds of this came by mail and caused the mail carrier and postmaster considerable trouble to handle it. It took four teams and that number of men nearly a day to move all of the things up from the depot.

Lehi Banner—There was a large gathering at the meeting on Tuesday night called for the purpose to get the expression of the taxpayers on the question of bonding the city for the purpose named in our last issue. While there were several who were in favor, the general sentiment was strongly against it. The word bonding has been sounded in the ears of the people for the last two or three years until they have such a dislike for the very word that the mere mention of it stirs up a feeling of antagonism at once. But this feeling we cannot blame the people for the action itself is nearly bonded to death.

Bountiful Clipper: All good deeds can not be mentioned because they are too numerous. But we desire to call attention to what was done on May 29th, 1896. On that date eleven men and teams were seen plowing on Geo. Lowe's farm in the southern part of South Bountiful. On inquiry we learned that they were donating one day's work each in the Relief Society of that place (who through the generosity of Brother Lowe in offering them all they can take on a certain piece of land) are intending to sow wheat this fall. About sixteen acres were plowed, and on the following day Abel Alexander went again with his sulky plow and finished the close.

NOTICE TO BIDDERS.

NOTICE IS HEREBY GIVEN THAT sealed bids will be received by the undersigned at the office of the County Clerk, room 22, Joseph City and County Building, until 10 o'clock a. m. Monday, July 6, 1896, for furnishing the materials and performing the labor for the construction of abutments and approaches to a bridge across the Jordan River on the Pioneer road, near the Pioneer Flouring Mill, and for furnishing the materials and performing the labor for the construction of abutments and approaches to a bridge across the Jordan River on the Pioneer road, between the Sandy bridge and the Draper bridge, in Salt Lake County, according to the plans and specifications adopted by the Board of County Commissioners, which are on file in said office of the County Clerk. Each bid must be accompanied by a certified check to the order of the Board of County Commissioners, Salt Lake County, as a guarantee that the successful bidder will immediately enter into a contract and give bond to the Board for the faithful performance thereof, and execute a contract with said County for the satisfactory completion of the work. The right is reserved to reject any and all bids.

By order of the Board of County Commissioners of Salt Lake County, Utah.

C. E. STANTON,
County Clerk.

By A. S. Baker,
Deputy Clerk.

Cohn's

We will remove about the 1st of July to the commodious and beautifully lighted new store now about to be completed at 222-224 South Main St., just one block south from our present location. We are therefore now in the midst of our

Great Removal Sales!!
