A GRAVE SITUATION.

Gorman Thinks the Country is Passing Through a Crisis

WORSE THAN THE CIVIL WAR.

He Believes in Follow Bryan in a Crusade against Money and the Rights of Labor.

NEW YORK, Aug. 2.—Boerke Cochran returned last Saturday from Europe. Mr. Cochran did not forget American politics during his trip, and he has evolved a plan by which he thinks the defeat of the Chicago contents may be encompassed. Speaking of the situation, he said: "I regard it as the gravest in the history of the country, exceeding in importance the crisis of 1860.

"The secession movement was but an attempt to divide this country between two governments, each of them confined to property within the limits of its jurisdiction. The movement launched at Chicago is an attempt to paralyze industry by using all the powers of government to take property from the hands of those who created it and place it in the hands of men who never it. This is a question of morals, as well as politics. No political contest can ever save a Democrat to commit crimes against morality, and I decline to follow Mr. Bryan in a crusade against honesty and the rights of labor."

"Do you mean that you will actively oppose the Democratic party, or abstain from active support of it?"

"It is a contest for the existence of civilization as men and women understand. Whoever does not support the democratic ticket, aids the forces of disorder. If I can do anything to thwart a movement the success of which I deem regard as an irreparable calamity, not only to this country but to civilized society everywhere, I shall certainly do it."

"What do you think of Tammany's action in refusing the ticket?"

"I simply cannot understand it. Tammany opposed the platform at Chicago on the ground that it was an assault on the integrity of the nation. They decline to ratify even now, which shows that they have not changed their opinion of it. Yet they have indorsed the candidate who cents upon it and whose election will mean that the platform which they are denounced as a singular combination of money and military skill be imported into the statute laws of this country."

"Will you support Mr. McKinley outright, or do you favor the nomination of another Democratic ticket?"

"I believe that all Democrats who are thoroughly in favor of sound money think they place the defeat of Bryan above the interest of any organization or party, should meet in convention for the purpose of considering the honest nominee by doing which they can give the greatest efficiency to the opposition. For my part I do not believe that the nomination of other candidates for President and Vice-President, however eminent and deserving they might be personally or politically, would serve any useful purpose. Nobody believes that they could be elected, and any Democrat whose hostility to Populism and Republicanism would not allow him to support either Bryan or McKinley could serve his opposition to both by remaining at home on election day quite as well as voting for a third ticket. It would be more convenient to himself individually, and would not create a visible separation between himself and his party organization.

"But how can men, registering many ties, remaining by some sense of association among themselves?"

"That end can be attained by the adoption of a platform declaring for sound money, against extravagant appropriations, in favor of economical administration in every department of government, in favor of tariff for revenue only and ample for the purpose, against the paternalism of the Republican party and the Populistic swindle of both the Chicago and St. Louis conventions, in favor of that American liberty which gave to Switzerland by enabling the people of the government that it can never interfere with the daily business of law-abiding citizens. I'm plank of passing paper money is of course the primary plank. Now, the more election of McKinley will be the defeat of the silver movement.

"Your chosen policy, then, would be to vote for the McKinley electoral ticket?"

"Certainly. The Democrats, who will vote on the ticket the success of their financial plank by the election of McKinley, will yet constitute an opposition to the Republican party the day after election, based on principles which are certain to be ultimately adopted by the American people. What is needed, therefore, is not a new ticket, but a new platform, which will declare in unmistakable language the old landmarks of the party rising and falling, while indicating McKinley election, would be for a Democratic opposition to the McKinley administration during the period of its existence."

"What is your opinion of the silver issue outlook?"

"Everything depends on the manner in which the contest is waged. To my mind there is but one test of political party which can be applied to a country, and that is the rate of wages paid to laborers. There can be no greatness where low wages are paid. There can be no distress where the rate of wages is high. It can be easily demonstrated that the whole time never so reduced in consequence of new money. If this campaign is fought on this line, I have no more real every northern state—that is to say, every state in the Union in which it is practicable to hold a free election—will be carried by the intelligence and morality of the American people against the mere votes repudiation submitted to them by the convention which nominated Mr. Bryan for the Presidency."

Li Hung Chang in England.

LONDON, Aug. 2.—Li Hung Chang, representing the emperor of China, arrived at Southampton today from Havre and was received by various officials of the Britain government, and among others by the manager of the American steamship line. The distinguished Chinese visitor proceeded directly to London, where he was invited to lord Lonsdale's magnificent mansion in Carlton House terrace, which is to be his residence during his visit in England, which is expected to last about a month. Li Hung Chang is the guest of the British government. It is announced that he will only stay for three weeks in England, at the end of which time he will sail for the United States. His objective is then planned in order to enable him to enter the steamer Kingdom of China, upon which he will sail for home from Vancouver.

Decorating the Grave.

SOFIA, Bulgaria, Aug. 2.—The tomb of M. Stamboulof in Bulgaria, who was assassinated in the streets of Sofia in July last year, has been secretly injured with a dynamite bomb. Upon return, in August of last year, Mr. Stamboulof's grave was made the scene of outrages by vandals, the cross on the grave being broken, the wreaths destroyed, and attempts were latter made to exhume the body when the police interfered. A row was caused at the grave of the dead statesman at the time the funeral ceremony was going on, July 20th, of last year, by his enemies and by the friends of Major Panitza, who had been executed by an order of M. Stamboulof while he was president of the ministry. Some of his friends at the grave had to be kept guarded by military, as persistent were his enemies in their attempts to wreak vengeance upon the grave, and his widow was only alive the action of the police of her husband's enemies. Talk of prosecuting by Bulgaria officials against members of her countries.

THE ALTERNATIVES.

Either Bryan and Sewall or McKinley and Hobart.

NEW YORK, Aug. 3.—A special to the World from Washington says: Senator Jones of Arkansas, chairman of the Democratic national committee, has returned to Washington. When asked by the World correspondent the question:

"Will Mr. Bryan accept the conditions offered him by the Populists?" he answered slowly and deliberately:

"How can he? He was nominated with Mr. Sewall on the Democratic platform, and he will be assisting that will reflect upon him as a gentleman of a Democratic candidate.

"I see that some of the Populists are declaring that unless Mr. Bryan accepts their nomination by August 8th, the central committee will withdraw his name and nominate some one else in his place. Well, let them do so. Mr. Bryan having been the nominee of the Democrats and of the Silver party, common decency would at least suggest the propriety of his accepting the nominations first. But suppose the Populists do nominate another candidate for the Presidency, what would be the situation? Mr. Bryan received a thousand votes in their convention, and then his central committee, composed of a few men, comes along and undertakes to new name. It will only mean the disruption and disorganization of the Populist party.

"We all know that we are going to have either Bryan and Sewall or McKinley and Hobart. The last men and the most intelligent of the Populist party will vote for Bryan and Sewall."

Killed at Cuxhaven.

NEW YORK, Aug. 3.—A special to the World from Hammerfest, Germany, Cuk Jan-s F. Lutz was shot down in the Baptist church at Meinel, ten miles from here, Sunday afternoon, by John C. Hoehler. Rosein stepped at the side of his victim's body, and taking a razor from his coat pocket almost severed the unfortunate man's head from his body. Hoehler then attempted to commit suicide by taking an insanity. He is supposed to have been insane.

Burying the Victims.

PHILADELPHIA, Aug. 2.—Edward Fort, who was the engineer of the Reading express which crashed into the West Jersey excursion train at Atlantic City on Thursday night, was buried today in Camden. Fully 5,000 persons viewed the remains.

Wm. H. Spaulding, the Union Transfer agent, was also buried from his home here today.

FUNERALS AT BRIDGETON.

BRIDGETON, N. J., Aug. 2.—The funerals of eleven of the victims of the Atlantic City railroad collision took place today. Everywhere could be seen the clubs and lodges of mourning, and sad scenes were witnessed as the relatives of the dead watched the heavy clods of earth fall that should cover dead from their sight forever.

Lodges turned out in full force and escorted the dead to the graves. The funerals all had services at the house, at which prayers were said for the unfortunates, dead and living.

The buried were: Mr. Frazier Bell and wife, Joshua Kirney, Charles H. Hoy and son, Richard Tenenbaum and son, J. M. Bateman and wife, and Joseph Jones and son.

The bodies of Franklin Dubois of Yorktown and Mrs. Ellen May and son of Palatine were buried in the village cemeteries at Friesburg and Olivet. There will be many more funerals tomorrow and Tuesday. Tomorrow will be generally observed as a day of mourning, and it is thought there will be a general cessation of business.

BATTLE IN CUBA.

The Insurgents Succeeding, If Reports Are True.

HAVANA, Aug. 2.—Col. Marsto has had a battle with a numerous band of Garcia's followers on the heights of San Miguel in Matanzas province. The insurgents retreated to Pala, where their train was attacked by Col. Cebaldos.

After two hours' fire the insurgents abandoned their position and retired, carrying away numerous killed and wounded. They left on the field sixteen killed. The troops had three killed and nineteen wounded.

Twelve insurgents were arrested on board the steamer Mascot on suspicion of being implicated in the carrying of correspondence to the insurgents from the United States. Upon investigation they were found to be innocent and were set at liberty yesterday.

The insurgents have dynamited and destroyed the iron bridge near Morcha, Santiago province.

The band of Jose Rosa has burned the houses and demolished the plantation of Don Francisco, by which seven-hundred people are left homeless. The houses and plantations of Maria Villa at the colony of Loma have also been destroyed, leaving numerous other families homeless. Threat was made to them that they would be killed with the machete if they did not go to the village of Boiondron in Matanzas or return to their farms.

It is now reported that at the time the insurgent general, Juan Rius Rivera, was killed there were also killed by his side Carlos Manuel Rios and several guerillas, the sons of well-known Havana families.

Yellow fever is on the increase at Sagua and in the last three days a large number of cases have entered the hospital. Many of the natives even are being attacked with the disease.

NOTIFICATION ARRANGEMENTS.

Where the Two candidates Will Be Told of Their Nomination.

WASHINGTON, Aug. 2.—Senator Jones of Arkansas, chairman of the National Democratic committee, returned to Washington today from his trip to the West, which included St. Louis during the Populist convention week. Mr. Bryan at Lincoln, and at the central's office in Chicago. The session expects to remain in the city during the present week for consultation with the Democratic leaders as may be deemed. On Friday or Saturday will go to New York City to attend the meeting of the national committee on the 11th and the Bryan and Sewall notification ceremony the day following. The understanding now is that the two candidates will be notified at the same time, as was done in 1892 by the Democratic party in the past. Pending the meeting of the national committee in New York, the final disposition of the establishing permanent headquarters during the coming campaign is mainly locked in. Senator Jones has nothing definite to say on the subject today, and expressed the opinion that the matter would be left to the national committee.

Hot in Texas.

DALLAS, TEX., Aug. 2.—The awful heat of yesterday and for many days passed continued today. Indeed it was worse at several points in the city, the thermometer showing 105, or 14 above yesterday's register. One man died by the heat yesterday. Does you ever know anything like it before.

Sought Shelter and Died.

BIRMINGHAM, ALA., AUG. 2.—At Columbus City, Ala., Maynard Cowan was escorting Miss Dora Proctor and Della Bailey, daughters of prominent families, on a drive when a cloud gathered. A heavy rain and wind storm came up, when the trio stopped up into an old building to keep from getting wet. The storm increased in fury until the building collapsed and all three were caught in the debris. Cowan and Miss Proctor were crushed to death, and Miss Bailey is badly injured that death will result.

STRIKER ARMING.

Preparing to Avenge the Death of Their Comrades.

CLEVELAND O., Aug. 2.—A startling piece of news is connected with the disturbance at Newburg, which is an apparently reliable source, is to the effect that the strikers are arming themselves and drilling. It was said today that fifty of the strikers had organized a company, had elected officers, elected a captain and purchased revolvers. The company drill was Saturday evening, and it was announced the purpose of the men was to avenge the death of the two men who were shot at different times in conflicts between the union and nonunion men.

Bland and Bryan.

KANSAS CITY, Aug. 2.—A special to the Times from Jefferson City, Mo., says: Ex-Congressman Richard P. Bland in a letter to Major T. O. Towles of this city, says he and Mr. Bland have been invited to visit Mr. and Mrs. William J. Bryan at Lincoln, and to go with them to the East about August 8th. This means, says the special, that Mr. Bland will be with the Populist nominee all through the Eastern trip and will be on the platform at Madison Square garden when Mr. Bryan is officially notified of his nomination August 11th.
