LOGAN.

LOGAN, UTAH, - - AUG. 17, 1896

Business Men's Meeting.

The business men of Logan and Cache county very seriously objected to the addition of 15 per cent on the increased valuation of their stocks, as proposed by the State board of equalization, and on Wednesday morning the business men's association held a meeting to adopt measures calculated to prevent the proposed addition.

In addition to a collective protest, each individual merchant, banker or broker and all were presented to the county commissioners, who appointed them and appointed Commissioner Hayball to appear before the State board. The business men's association appointed Manager C. E. Thorneycroft of the "U. O." store to represent them. On Friday these gentlemen appeared before the State board, who took the matter under advisement.

Another important action taken by the business men's association was the appointment of a committee to endeavor to secure an additional daily train to and from Cache Junction, to connect with the through fast express on the main line, both ways. If this were done merchants could go to Salt Lake early in the morning, have sufficient time to attend to business and return in the evening. The change would be of great benefit to the DESERET NEWS as it would then reach subscribers in Logan on the day of publication, giving them the news of the day at least hours in advance of its morning contemporaries.

Big Copper Deposit.

At the Bluebell mine in the Paradise mining district, an immense deposit of iron copper ore has been uncovered to which apparently, there is neither beginning nor end. The company, which includes a number of Logan men, have over fifty men on the dump, and thousands more are in sight. They intend to make a shipment to a Salt Lake or Ogden smelter to ascertain the actual commercial value. Their assays, made by a careful and competent assayer, show 27 gold, 8 ounces silver and 21 per cent copper. Within a short distance from their mine is an abundance of wood, and sufficient water for power purposes. If the practical smelter test equals their expectations, they will have no difficulty in obtaining capital to erect reduction works and ever bright on so much waste material.

Notes.

Harold Lafont, seventeen years of age, was snatched last Wednesday while loading hay in the fields west of town. As he remained in an unconscious condition for three hours, grave fears were entertained, but a good constitution pulled him through and he is entirely out of danger.

Apostle Franklin D. and Hon. F. S. Richards, with several members of their respective families, came up on Friday. They are making excursions to various parts of the surrounding country and enjoying themselves generally.

Every window in the Parry school building in the Fifth Ward has been broken, every hat hook broken and the stove and stove piping demolished. The Board of Education has succeeded in obtaining the names of boys guilty of portions of the destruction, and have issued them to the city marshal.

Lieut. H. D. Styer and party have returned from a month's outing in the canyon. The Lieutenant will remain here until his successor arrives, probably in the early part of September, when he will join his regiment, which has been ordered to the Atlantic seaboard.

Marshal McCallum is keeping a sharp eye on all suspicious characters who enter the town, with a view to catching some members of the gang who burglarized the U. P. R., and house at Portneile and store both, evidently to facilitate operations in the commission of other burglaries.

All those who appreciate the beautiful music made by the Logan choir, are very much pleased that Prof. Alex. Lewis has been induced to recall his resignation.

A series of lectures on education are being delivered in the larger towns in Bear Lake by Professors W. J. Kerr, O. F. Whitney, H. M. Todd and G. L. Sweeten, all of the L. D. S. College. A similar corps from the A. C. of U. is lecturing in the same noble cause in other parts of the State.

A little son of R. L. Sweeten of Meadow, fell from a hotbed on Thursday and broke his right arm near the shoulder. His sister also fell off, but was uninjured.

Prof. Merrill of the A. C. of U., and M. H. J. Cutlan, have each lost a daughter since to their families.

Mr. Albert Long has a badly swelled pair of hands, as the result of contact with poison ivy.

The city is now illuminated by the Heisine company for the city's place reserved to "innocuous desuetude" for two years.

Through His Service Is a Benefactor to Thousands."

DR. MILES' Nervine Restores Health, Strength and Vitality to Mr. H. J. Cutlan, Editor and Proprietor of The Lexington Leader, Lexington, Mo., Writes:

"For years I tried to answer that critical work which belongs to the Editor. I could not do it. I was nervous, sleepless, irritable, and was called to the Editorial Department, but I commenced to use with the very best effect. Dr. Miles' Nervine has a large place in my heart and I always have a bottle in my office and shall always have some about me. My use of Dr. Miles' Nervine has been so satisfactory that I have recommended it to many and shall do so whenever I have an opportunity. I have found it a very good medicine to be used and I have used it in my family for years. All who use the Nervine like it and I know of no better medicine nearly up to it. It is free from opiates, perfectly harmless and yet acts with the utmost certainty. Dr. Miles' Nervine has become a benefactor to thousands." A. C. LEWIS.

Editor and proprietor of The Lexington Leader. Dr. Miles' Nervine is sold on positive first bottle will benefit or money refunded.
