DESERET EVENING NEWS.

Tuesday, May 19, 1896.

THE DEADLOCK STILL EXIST.

Two For and Two Against the Adoption of Cohn's Rules.

The Even Division of the Five M.'s Police Board a Barrier to Business.

It seems rather unfortunate that the fire and police board should be made up of four members—unfortunate because they have struck a deadlock, which at the present time threatens to trouble substantially. A week ago the commissioners met and got tied up upon the consideration of the question of certain rules came up. Last night Commissioner Cohn made another attempt to have the identical rules passed upon, but the situation remained unchanged and the result was that as at the previous meeting Commissioners Varian and Noble sustained with each other while Jennings and Cohn were of one heart and mind as against the other two.

The rules which precipitated this deadlock, it will be remembered, would give the chiefs of each department power to practically discipline subordinates whenever they tell that such discipline was necessary, and to the dismissal of them last night, the members simply reiterated their sentiments of a week ago, Varian and Noble being against their adoption, while Cohn and Jennings favored them. Finally when it was apparent that the board could not agree on either their adoption or rejection, the chairman was directed to lay the matter before the city attorney.

The existence of this deadlock in the board has been the means of holding Chief Pratt's action in dismissing Sergeant Ballinger in a stay of execution, until temperance has apparently ceased to be a virtue, and the dismissed sergeant is now begging to feel that some action should be taken in his case, as the following communication, read at last night's meeting, witnesses:

To the members of the board of fire and police commissioners:

Gentlemen—The undersigned, J. M. Ballinger, hereby shows to the board that he has been a member of the police force of said city not over five years last prior to the 5th day of May, 1896, and for some time prior to the date last mentioned and on and day he was duly assigned to police. That he was then and for five years at that time had been in the regular discharge of his duties. He further respectfully shows that this board has not promulgated and adopted any rules or regulations under the power set of the legislature of the state of Utah, approved March 30, 1896, and that consequently the chief of police of said city has no right or authority whatever to dismiss your petitioner from the police department or any other of the police force, but that notwithstanding on the 5th day of May, 1896, the said chief of police assumed to dismiss your petitioner from the police force and has not find any charges against petitioner, and since that time has refused to permit him to discharge his duties as policeman or sergeant of police, and that since that time, although your petitioner has been at all times ready and willing and held himself in readiness to perform such duties, yet that the said chief of police absolutely refuses to reinstate his as member of said police force in any capacity whatsoever, or permit him to go on duty; that your petitioner has often requested and demanded of him to be reinstated to his former position, and to be permitted to exercise his duties as policeman and as sergeant of police, but that he has been at all times and still is refused. Your petitioner, therefore, shows to this honorable body that such dismissal and said acts of the chief of police are wholly and absolutely void, illegal and without any authority of law, and your petitioner therefore, prays and demands of this board that it cancel and disapprove the action of the said chief of police, and that it reinstate your petitioner in his former position as policeman and sergeant of police, hereby tendering himself in this board as ready for duty and demanding that he be permitted to perform his said duties.

J. M. BALLINGER.

At the conclusion of the communication, Noble moved Ballinger's reinstatement, which being only seconded by Varian, was put to a vote, but the resolution nonetheless against, Jennings and Cohn voting against the motion. It was then referred to the city attorney.

The name of Silas T. Smith for appointment as dog catcher was also submitted by Chief Pratt, but the board refused to take action upon it on account of service in established rules.

President McQueen, who has been absent from city on account of sickness, asked to be allowed pay for such absence, but as his request did not come through the fire chief it was referred to him for investigation.

The board of examiners appointed to test applicants for positions in the department reported that Silas T. Smith and ex-Policemen Park and O. P. Pratt had passed satisfactory examinations. Mr. Smith, ex-deputy sheriff, and position of minor police officer was commented upon and the suggestion made that he be appointed to the first vacancy occurring. At the latter statement Commissioner Varian took exception, he contending that the examining board had no right to make any suggestions whatever.

A balance of green department bills amounting to $117.50, covering several months, referred back to the board from the finance committee on account of the reason that Commissioner O'Meara refused to pass upon them were allowed by the board.

Claims amounting to $66.94 for the police department and $26.16 for the fire department were allowed.

A communication was received from the city recorder notifying the board of the action of the city council in adopting the street committees report and suggesting that special officers be employed to look after bicyclists who persisted in manipulating the sidewalks on many of the principal residence streets. The letter caused some discussion and was referred back to the council with the statement that if one or two bicycle policemen were provided for, the board would be glad to appoint them.

Chief Pratt stated that representatives of the Wheel club had called upon him and volunteered to pay for a special officer's service. It was suggested advisable, however, to accept the offer, as the board thought a member of the club would not make an ideal officer for such a purpose for obvious reasons. The chief also pointed to the manner in which wheelmen were violating the ordinance by racing at Liberty park, and said that in order to control the evil during the summer three special men were needed. Referred to chairman Varian who will communicate with the council on the matter.

The board then adjourned for two weeks.

Josh Sunday School Conference.

The Josh Stake Sunday School conference was held Friday and Saturday, May 1st and 2nd, in the Nephi tabernacle. We were favored with the presidence of Assistant Superintendent George Goddard and Elder Francis M. Lyman of the general board.

Elder Goddard expressed his pleasure in meeting with the conference and in seeing so many in attendance and promised all present a very happy time. Reports were given by the superintendents of the schools in the Stake showing a healthy and prosperous condition of the schools. Many greeting and instructive exercises were rendered, consisting of the following: The Lord's Prayer repeated in concert by the Primary department of the Nephi Sunday school; Book of Mormon exercise given by the second intermediate department of the Levan Sunday school which called forth words of praise and commendation by Elders Goddard and Lyman; Ch. Articles of Faith were recited by pupils of the first intermediate department of Nephi, the two communications were given in rather a novel way by the second intermediate department of Nephi (seven classes of pupils) each one recalling a portion of the Articles of Faith, the whole being well and correctly given; the Ten Commandments were given in rather a novel way by the second intermediate department of Nephi (seven classes of pupils) each one recalling a portion of the Ten Commandments, the whole being well and correctly given; the little girls of Josh did their part by singing a beautiful song, and a short exercise was given by the Nebo Sunday school.

Stake Superintendent Wm. Paxman expressed his pleasure in the condition of the Sunday schools, and stated that the Stake Sunday schools in all others to the school room, he spoke highly of the faithfulness and energy of the Sunday school officers in the Stake. Sister Goddard rendered three songs in his usual happy way, which greatly pleased the children as also the other folks.

A sunday school has been organized in Mammoth since our last conference and is doing well.

The visiting brethren gave some excellent instructions on the following topics: Punctuality, proper consideration of the Sacrament, Word of Wisdom, the necessity of Latter-day Saints children attending the Sunday school, that they may have the principles of truth instilled in their minds while young, the necessity of children attending to their prayers and being humble in the days of their youth.

All who attended the conference were well pleased and the Spirit of the Lord was richly bestowed upon us.

ALBERT H. PAXMAN,
Stake Secretary.

THE HOME FIRE.

Gratifying Recognition Given to the Local Insurance Company by Business Men.

The directors of the Home Fire Insurance company held their usual monthly meeting on the 15th and received reports from the general agents of the amount of business done for the first four months of the year. The volume of business was stated to be greater than ever before and the fire losses much lighter. A gratifying recognition of the Home company was reported in the action of the trustees of the Brigham Young Trust company, who had decided to place the great bulk of all their extensive insurance interests throughout the city hereafter with the Home company. The president stated that a large number of new risks of the best class had recently been issued, one being on the State library in the city and county building, one on the new business block owned by Mr. H. Maeschlesh, and another on the Weber Stake tabernacle at Ogden. The evidence of the confidence the public reposes in the Home company and of the general desire to keep money at home by supporting H. President Grant stated, were multiplying daily.

Syrup of Figs

Gladness Comes

With a better understanding of the true nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and why everybody everywhere is highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or cathartics are then not needed. If afflicted with any actual disease, one may be commended to the most skilled physicians, but if in need of a laxative, one should bear in mind the fact, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

A pure Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.

40 YEARS THE STANDARD.

YOUNG FAMILY REUNION.

The Young Family association will hold its Annual Reunion by having a test meeting in the late President Brigham Young's residence, commonly known as the Eagle Gate, Salt Lake City, at 10 a. m. on June 1st, 1896.

All the living descendants of Father John Young, brother of President Brigham Young, are invited to attend.

It is desired that those who can, will bring with them all genealogies of Brigham Young and Brigham Young's family records, which they may have in their possession, so that such can be added to the general Young Family records.

The intention is to meet at the old school house and hold a family fast meeting, then proceed to President Young's private cemetery and decorate his grave. Those who can bring flowers for the purpose are invited to do so.

In the Temple in the afternoon, it is the desire, if possible, to have baptisms for the dead performed in the Temple by as many persons as are willing to take hold of this work, and on Saturday, June 3rd, complete the Temple work for as many names as can be attended to. It must be understood by those intending to do this work that it will be necessary to bring with them proper recommends before entering the Temple, so that no delay will be caused.

By order of the executive committee.

W. B. DONALD,
Secretary Young Family Association.

May 9th, 1896.

Cleanse your blood with Globe Pill Compound Sarsaparilla. Has no equal.

Pulmonary consumption, in its early stages, may be checked by the use of Ayer's Cherry Pectoral. It stops the distressing cough, soothes irritation of the throat and lungs, and induces much-needed repose. Hundreds have testified to the remarkable virtues of this preparation.

It is a fortunate day for a man when he first discovers the value of Ayer's Sarsaparilla as a blood-purifier. With this medicine, he knows he has found a society more within his means, and that his life-long malady is at last conquered. Has cured others, will cure you.

People who say that it is continually falling out, or from dandruff, stop it by falling, and get a good growth of hair by using Hall's Hair Renewer.

Have You Heard of "Honey Dew?"

It is something entirely new. A delicious confection. Sold by all candy dealers. Manufactured by M. K. Goetze.
