MUTUAL MISSIONARIES' WORK.

Ogden, March 17.—Elder W. G. Fisher, who had charge of the missionary labors of the Y. M. M. I. A. in the Weber Stake, has sent a report of their work during the time they were in the county from December 9, 1898, to February 28, 1899, at which time they were released. From this report it appears that there were eight missionaries engaged in the work, that they visited 115 farm houses, returned 6, held 39 public meetings and 4 conversations, or cottage meetings, visited 20 young men who were not enrolled in the associations and performed one baptism.

COUNTY SCHOOL MATTERS.

County School Superintendent Wilson has addressed a circular letter to the seventy-two school trustees of Weber county, calling attention to the fact that the legislature did not change the school law, and urging that the matter of levying taxes for the support of schools be attended to at an early date. He says that the trustees will have a tax that will be sufficient to maintain good schools.

Wallace and held by a Mrs. Stoker of Salt Lake, and placed a deputy in charge. Later the stock was replevied, the plaintiff entering bond here for $5,000 and signed by J. E. and G. E. Browning. That thereupon defendant placed plaintiff under arrest and confined him in the jail, but without force or violence, and denies that the jail was dirty or uncomfortable.

Estate of Johanna C. Nielsen, deceased; order for sale of real estate.

The suit for divorce brought by Hyrum A. Hansen against Lydia I. Martin was decreed in favor of the plaintiff by Judge Durrant, granting plaintiff a decree and awarding defendant alimony in the sum of $1,000 to be paid to the clerk of the court, Attorney Evans, who had been appointed referee, declined to act, and so the matter was brought back before the judge. The plaintiff was the only witness called. He testified that he had been embarrassed by the charges of adultery made against him in defendant's complaint in her suit for separate maintenance and that such charges were false. LOGAN.

City Council Business—Marriage Bells.

Special Correspondence.

Logan, March 16.—At the regular meeting of the city council last night Marshal Fox reported that the Bishops' Store House desired the license remitted, considering it unjust to be taxed for the same. The matter referred to the city attorney with instructions to have the matter properly brought before the council. Geo. M. Love, to whom Building and Improvement Bureau denied a permit for an implement shed on Third street, appealed to the council in regard to the matter. The matter referred to the fire committee, who investigated the matter today and ordered the permit issued.

A man named Zimmerman, a traveling tinker and repairer of sewing machines, was arrested today and fined $5 for unbecoming conduct.

MARRIAGE BELLS.

The following marriage licenses were issued yesterday afternoon: George Ficks and Ida Phillips, of Brigham; Hibbs: Julius Johnson and Marion Jensen, both of Preston; Owen Goddard and Julia C. Bradshaw, both of Paradise.

A delightful masquerade surprise was given last evening in honor of Mr. J. E. Edwards, at that gentleman's home. About twenty-five couples were present and a very pleasant evening was spent in feasting, dancing and social merriment.

Dr. J. T. Kingsbury of the Utah University has been secured to deliver a lecture before the city teachers next Saturday in the Woodruff school building.

FILLMORE.

Tabernacle Services—Death of Mrs. Elizabeth Paterson.

Special Correspondence.

Fillmore, Millard Co., March 8.—At the tabernacle yesterday afternoon prayers were offered by Elder Joshua Greenwood upon the subject of repentance; Elders David Hill and John W. Callister, who have been called to perform missions in the Southern States, testified that they felt as being well pleased with their appointments.

Stake President Ira N. Hinckley and his counselors are visiting the different wards of Millard Stake of Zion.

Mrs. Elizabeth Paterson died suddenly the night of the 12th inst. There appears to have been no particular cause for her death except old age. She was eighty-three years old. Mrs. Paterson was one of the early pioneers of Fillmore. Her many acts of kindness have endeared her to the hearts of all who knew her.

HEBER.

Honoring the Old Folks—Death of Thomas E. Smith.

Special Correspondence.

Heber, Wasatch County, March 15.—This was red letter day in Heber. Everybody's party was given in making it an enjoyable one for the old folks. The festivities began at noon by the social hour. The brass and string bands did their share in furnishing pleasure and amusement. An excellent and appropriate program of music, songs, recitations and dancing gave zest to the occasion. The banquet of course was the feature of the occasion, and was enjoyed by over 200 persons. There were present two aged in years of age—Robert McKnight, 94, and Anna Anderson, 93. Fourteen were over 80 years of age, twenty over 70 and seventy over 60 years of age.

Following the feast, the old folks furnished the entertainment, the program being: Step dancing, by Maggie Stevenson, William Avery and Mrs. Oliver; Scotch recitation, by George Mair; Robe Canyon Railroad song, John Crook; song, "Banks of Dundee," Thomas Todd; song, "Handcart Company," by John Chapp and others; song, "All are talking of Utah," by the venerable bell by John Crooke; speech of welcome, by President A. Halliday; dancing, grand march and quadrille; song, by J. M. Murdock and wife, "Old Folks at Home"; speech, by Bishop Rich.

In the evening a public dance was well attended. Over 200 couple attending. Considerable people came to pay all expenses of the banquet.

Another of our old pioneers is dead. Thomas E. Smith died at his home on the 10th inst. and will be buried tomorrow. Mr. Smith was a native of Wales.

George W. Clyde is also sick. He is the father of Representative J. W. Clyde.

The weather has been stormy all week, snow and then rain continuously, last night pleasing red. It is raining again. We have a fine crop of good sheep. We have over a foot of snow on the level yet.

OUR NEIGHBORS.

EVANSTON, WYO.

Mentonsy Farewell—Ward Reorganization.

Special Correspondence.

Evanston, Wyo., March 15.—On Monday evening, March 13, a farewell party was held in the Bear River Stake mutual improvement association meeting room, the occasion being Brothers Cameron and Burdett leaving for their missions to England. A fine program was rendered, after which a march was participated in, and a sociable evening was spent fraternally. The proceeds of the admission with what had been previously received from concerts, etc., will pay their passage to Liverpool with an overplus of a few dollars in their pockets. The Evanston ward has done nobly in behalf of the two brethren, thus being the first to be called on from this ward. The Evanston ward.

On Saturday afternoon President Kimpton left Evanston, accompanied by Patriarch Wm. G. Burton for Woodruff to attend the Bear River Stake quarterly conference, which was held on Sunday morning, in company with President Charles Ansell, they left Woodruff for Randolph, arriving there in time to meet with the Sunday school. The latter is a small stake, with a small attendance. The superintendent and teachers are earnest in their work. At the afternoon service President Kimpton, now living in Argyle ward, was honorably released from the Bishopric after 15 years' service in that capacity. Argyle was formerly a part of his Randolph ward. Counselor Jacobson's labors have been so highly appreciated that on his release many of the congregation were in tears. Brother Gray was chosen and set apart to fill Brother Jacobson's place. After meeting the president and party drove to Laketown, and met with the Saints there in the evening. There being a vacancy in the Bishopric of Argyle ward, Brother Jacobson was unanimously sustained as first counselor to Bishop Kennedy of that ward.

KEMMERER, WYO.

Diamondville Coal Mines Nearly Cleared—Another Body Recovered.

Special Correspondence.

Kemmerer, Wyo., March 16.—The coal mine at Diamondville is nearly ready for the resumption of work, after being six since the 25th of December, which it took fire. The company expects to start a very large force of men to work in a few days, as the fire is now nearly all out and the workings are being made to employ about 100 men.

Yesterday the company found the one fellow that had been shut in the mine several one days, who was not able to get out, and yesterday they found another, his body was in a very fair condition, considering the length of time it had been in the mine. He died of suffocation, as he was not within 50 yards of the fire. The fire is now so far out that all are unable to get out. It is rumored that there are two other men yet in the mine, but the company generally started to work and were not much known in the camp. The body recovered was that of Jake Lindgreen, a Finlander.

Diamondville will be all appearances, be a prosperous camp this summer and any one who need employment in or about a coal mine will do well to come here and share in the general prosperity.

PRESTON, IDAHO.

Farewell Testimonies to W. L. Parkinson.

Special Correspondence.

Preston, Idaho, March 16.—Last night Bishop W. C. Parkinson, who presided over this ward for fourteen years and until he was called to fill the position of president of the Pocatello Stake, a short time ago, was given an entertainment in the academy hall at this place as a farewell party, the room being crowded. He has served the people faithfully and well and they desired to show their appreciation in a fitting manner.

An excellent program of singing, recitations, speeches, etc., was prepared and well rendered. A beautiful farewell song, the words and music of which were composed by Prof. L. O. Edwards, one local musician, was sung by a quartet, and Elder I. B. Nash of Franklin, farewell to his Bishop Parkinson, who was one of his own competitors. A number of brethren told reminiscences of the growth of the ward, some of which were quite amusing, and others pathetic.

A memorial, beautifully lettered and in a handsome frame, was presented to the retiring bishop by President Jos. S. Golden, and later in the evening John Lund, on behalf of the people, in behalf of the people of Preston ward, presented Bishop Parkinson with an enamel gold watch, with fob and chain, costing $50. This gift is all the more valuable to the recipient on account of its being the result of the free will offering, every family in the place being represented in the subscription for the occasion.

Bishop Parkinson was almost overcome at the assembly of his people, yet he showed their appreciation and esteem. He has won the hearts of all, and the friendship and love that has heretofore existed between the Bishop and members of the ward will ever remain green in their memories.

It was one of the most enjoyable and affecting entertainments ever held in this place.

MORELAND, IDAHO.

Old Folks' Day Inaugurated.

Special Correspondence.

Moreland, Bingham county, Idaho, March 14.—Last night the first old folks' gathering convened in the Moreland meeting house—for the first of the kind in this part. There was a large turnout, considering the stormy weather.

A very interesting program was carried out and enjoyed by all present. The usual banquet followed, and justice was done to the many good things prepared. The afternoon and evening were a social hour, the old folks enjoying themselves in relating early experiences.

In the evening a free dance was given. All were invited, both old and young, of the old folks' school, and during the dance prizes were passed, much to the left from dinner. Songs, recitations and dances followed the above dances. The whole proceedings were a complete success from beginning to ending, and the old folks said they had a good time as they ever enjoyed, and hoped to have many more such gatherings.

LABOR LAWS IN UNITED STATES

(Gunton's Magazine.)

Most people are unaware of the number and variety of laws that have been passed in this country in behalf of labor. Hardly a state in the North and West at least has failed to do something in the way of restricting the employment of labor of women and minors, prohibiting child labor, requiring wholesome factory conditions, and the rest. The economic accepted idea is that our legislation is largely controlled by the wealth of the country, by the corporations and trusts. How wide this is of the truth is seen by an even cursory examination of the statutes. In throughout the country during the last dozen or fifteen years. Generally there are a few cases where capital is one in its favor, while the laws directly intended to benefit labor interpose no obstacle, moreover than measures of any other character.

It is true that not all of these laws are properly enforced. Some of the factory inspection and sweatshop laws, for instance, are hardly enforced at all in the way intended, for lack of proper means, and sufficient energy in the enforcing officers. Nevertheless, it is a distinct sign of progress that public sentiment has been effective in forcing the adoption of as many wholesome measures for the protection of labor, and, if there are any abuses of the law, it is not because the people themselves do not take pains enough to show to the executive officers of the public that they will back them up in a vigorous policy of enforcement.

SWEET SLEEP

After Long Nights of Tossing and Torture. I was Tired but Could Not Rest. Could get no Relief until I took

Dr. Miles Nervine.

The suffering and agony endured by the unfortunate person who is deprived of his sleep can only be appreciated by those to whom a succession fate has brought the same experiences. Night after night, minute after minute, hour after hour, night after night, unable to close an eye! To roll and toss and throw the bed clothes—to walk the floor, back and forth, to and fro, wishing, longing, praying for sleep to come and close the blood shot eyes, worn and weary beside! To look ahead and see looming up in the near future the horrible specter of threatening insanity—that awful state in which a person is lost to himself and to his friends forever—there are but a part of the agonizing sufferings by the sleepless one. For all of which there is no better, safer or surer remedy known to man than Dr. Miles' Restorative Nervine. Nothing in the past has ever equaled it in power of building up the impaired nerve tissues and giving strength to the tired body. It searches out the weak parts and gives them new life and vigor.

W. H. Heath, Fox du Lac, Wis., says: "I have had a great deal of nervous trouble, suffering both with sleeplessness and headaches. The best change of my life came when I began using Dr. Miles' Nervine. I was troubled very terribly. I have had sleeplessness which lasted at a time, months at a time. I have tried many other remedies and several physicians treated me, but I never found any relief until I took Dr. Miles' Restorative Nervine. That great remedy completely restored me to health."

Mr. M. J. Burkholder Staunton, Va., says: "I am more than pleased with the results of my use of Dr. Miles' Nervine. It has cured me of nervous sleeplessness. Before I took Dr. Miles' Nervine nothing ever had benefited me. It is the best nerve remedy I have found in the numerous attempts I have made to cure my sleeplessness with insomnia. The patient is soothed, and as if by magic starts on an upward course to health. In La Grippe sleeplessness is the very thing we can, as the peculiar disease seems to leave behind it, nervous centers. I recommend it constantly."

"Both my wife and myself have received unlimited benefits from the use of Dr. Miles' Restorative Nervine. Sleeplessness was her trouble which was complicated by a nervous affection of the heart which gave her great uneasiness. My difficulty was of longer standing—weak kidneys, disordered stomach and inability to sleep. I also suffered a great deal from nervous exhaustion. Dr. Miles' Restorative Nervine all these nervous affections disappeared and we are both enjoying better health than for several years before. I should not fail to mention Dr. Miles' Nervine and Dr. Miles' Pills which have given us gratifying results. We have them in the house at all times and find them the best preventives of headaches and nervousness that we ever used."

REV. G. A. HUTTLOH,
240 E. Mason St., Jackson, Mich.

Dr. Miles' Nervine will positively cure headaches of long standing, and it is unexcelled for all nervous troubles such as epilepsy and hysteria.
