MINES AND MINING.

Activity With the Stock Brokers on 'Change Today.

MAMMOTH FIRM AND STRONG.

Nevada Sells Well and Comstock Shows a Little Improvement—Dips and Spurts.

Following up the unusual Monday briskness, the bulls and bears resumed another period of activity today, and, notwithstanding the inclement weather the brokers were not in arrears numbers. Dalton and Lucy were viewed of the shares and then Mutual was taken up and an improvement was noticed over yesterday's transaction, the block of 100 shares was dug and at $3.95 while another lot of similar number was made at $7. Mammoth was exceedingly active at advancing figures, and when the first offer of the stock at $2.25 was made known, quite a scramble was made for it and a quick bid was raised so to who should be counted as the buyer. This little difficulty was quickly adjusted however, and then sales of the stock were made at $2.35 and $2.40 with a great demand for it at the latter figure. Nevada showed greater strength today than for some time past, although it has not yet begun to assume a big pace which it may eventually. Mining kings are selected as the opening companies to climb up in the near future. A transfer of 50 shares was made at $2.90 with $2.75 as the closing bid. Centennial-Eureka was offered at $16, while $18 was bid for the stock. Daly West flirted and although no sales were made, the quotations were close enough to warrant expectations in that direction. Utah Apex ruled at $1.70, with no stock offered at any figure.

The subsidiaries did not bring out as great a number of that class of stocks as is usually the case, but nevertheless numbers on the title was on a par with the average day's proceedings. An opening was made with Swansea which was offered at $1, with a bid of 75 cents. Emerald was offered at 10 cents, but there was no demand for it. Dividend-paying Ontario, 1,000 shares sold at a fair figure, which was followed by another exchange of the shares at a slight advance over the first sale. Other stocks received quotations, but it was not until Little Pittsburg was reached that further business was transacted. Here 2,000 shares went at 5½ cents with any amount of the stock offered at 5 cents.

The closing figures were as follows:

LISTED STOCKS.
