IN SOUTH AFRICA.

Cecil Rhodes Hastening to the Relief of Buluwayo.

MRS. HAMMOND SEES KRUEGER.

The Directors of the South Africa Company Proved Their Innocence Before They Were Accused.

CAPETOWN, May 7.—The advance of the imperial troops beyond Mafeking has been cancelled on Earl Grey's statement that the back of the rebellion has been broken and that their assistance was not required at Buluwayo. Earl Grey also requested Gov. Sir Hercules Robinson not to increase the difficulties involved in forwarding supplies by sending any more troops.

GWELO, May 6th, via Capetown, May 7.—Two Capetown boys have arrived here from Belingwe, and they report forty white persons have been compelled to stop there through the loss of their cattle. The messengers report that these men are holding their own against the enemy. The boys had narrow escapes from being shot.

Cecil Rhodes who has been delayed here with his volunteers on his way to Buluwayo, has made an address to the people of Gwelo, in which he said they should lose no time in thoroughly thrashing the rebels and giving them an everlasting lesson. "We will attack the enemy massed at Mavin," Mr. Rhodes said, "within a day or two, and will then proceed to Buluwayo with the smallest delay."

Mr. Rhodes intends, he said, to remain in Rhodesia until the rebellion is crushed.

PRES. KRUEGER INTERVIEWED.

LONDON, May 7.—A Pretoria dispatch to the Daily Telegraph dated Wednesday says: John Hays Hammond's wife had a long and touching interview with President Krueger tonight, at which she pleaded the cause of her husband and other prisoners. President Krueger promised to consider everything and hoped the matter would be settled by the end of the week.

A dispatch from Capetown to the Times says: Supplies of food are being sent from Salisbury to Gwelo by native bearers. The Gwelo and Salisbury column have gazetted Cecil Rhodes as their colonel.

THEY ARE ALL INNOCENT.

LONDON, May 8.—The Times publishes a communication from Mr. Hawksley, solicitor for the British South Africa company, which contains the minutes of the board meetings, its correspondence, etc., during the period of the excitement over the Jameson raid and since, showing that Cecil Rhodes before leaving London on his return to Rhodesia empowered Mr. Hawksley to tender his resignation to the chartered company if it should prove advisable, he being actuated by a supreme desire to preserve the company's charter.

Dr. Jameson, also, it is announced, authorized Mr. Hawksley to exonerate the directors in the Chartered company from any knowledge of or complicity in this raid.

The directors also placed on record their absolute ignorance of the raid.

Hawksley's letter to the board tendering the resignations of Cecil Rhodes and Alfred Beit, the two directors directly implicated in the "Transvaal cryptogram," intimated that both these persons will continue to devote their energies to Rhodesia in an unofficial capacity, retaining their directorships in other African railways and telegraph companies.

The directors of the Chartered company on Monday cabled to Cecil Rhodes at Gwelo as follows: "Hesitate to accept resignations. What's your view?"

Mr. Rhodes replied from Gwelo on Wednesday: "Let resignation wait. We fight Matabeles tomorrow."

The directors thereupon deferred their acceptance of the resignation.

Colonial Secretary Chamberlain has intimated to the directors that the government has not considered it its duty to advise the directors in the present situation.

Tennessee Democrats.

NASHVILLE, Tenn., May 7.—The largest Democratic state convention ever held in Tennessee has met and adjourned. It was a free silver convention from start to finish. Fully 3,000 delegates and visitors were in attendance. Nothing of importance was done until about 3 o'clock tonight, when a report on contested cases which showed that the free silver men proposed to grant no quarters to the handful of sound money delegates. Senators Isham G. Harris and W. B. Pate, E. W. Carmack of Memphis and T. J. McConnell of Chattanooga were chosen delegates from the state at large to Chicago. The district delegates chosen today were accepted by the convention.

The committee on credentials not being ready to report at 4 o'clock, speechmaking to a wild and disorderly convention filled in the time until after 6 o'clock, when a recess was taken. Some of the speeches were very bitter and abusive of President Cleveland, but were not received with decided disapproval.

Permanent Chairman Shields called the convention to order at 8 o'clock. The report of the committee on credentials was made, and because of the tumult and disorder, was not adopted until after a wrangle and a roll call.

The platform contains a strong free silver plank, as follows: "We demand the restoration of the money of the Constitution by a law providing for the free coinage of both gold and silver as free legal tender money at the ratio of 16 to 1, regardless of the action of any other nation."

The platform also demands laws, state and national, making gold and silver legal tender for all debts, and prohibiting contracts discriminating against silver; the repeal of the 10 per cent tax on state banks, tariff for revenue only, and an income tax. The administration of Cleveland is not mentioned, and is only referred to by inference.

Ex-Governor Robert Taylor was nominated for governor by acclamation.

Arms for Cuba.

NEW YORK, May 8.—The Advertiser this morning says: The greatest need of the Cuban revolutionists is arms and ammunition, and these the patriots in the United States are determined to supply without stint. Large orders have been placed, and so large a quantity is now ready that it has been determined to send out an expedition of three vessels. One has just been bought for the purpose. It is said she is the fast steamer Magnetic, which arrived in this port from St. Kitts, April 11th. The price paid for her by her present owner, whose name is kept a secret, was $25,000. It is alleged she has been chartered for $15,000 to land two cargoes on Cuban soil.

One thing which will greatly lessen the danger to the Magnetic is the fact she will be convoyed by two other steamers, both of which will be well armed and prepared to fight. It is thought the two vessels chosen are the Bermuda and her sister ship, the Mural. Both are strongly built, and are well suited for the intended service.

American Shot on Cuba.

NEW YORK, May 7.—Gen. Mariano Torres relates in an official report from Maguaraguas, received today by Gen. Palma, that Natalio Lopez, an American citizen, was snatched from the breakfast table by Spanish soldiers passing that place April 11th, taken to the road and shot. General Torres says the Spanish are constantly committing atrocities in the interior of Cuba.

GENERAL MACEO

Reported to Have Full Possession of Pinar del Rio.

NEW YORK, May 7.—A messenger direct from Cuba arrived at the office of the Cuban junta in this city tonight and reported to Gen. Palma practically as follows: "Gen. Maceo, with a well equipped army, has full and complete possession of Pinar del Rio province and expects to hold his present position until the rainy season sets in. The recent victory claimed for the Spanish troops under Gen. Inclan was a severe reverse for Spain.

"Gen. Maceo sends word that he will recross the trocha when he gets ready to do so, but that he has no intention of leaving his headquarters in the mountains at present. Weyler wants Maceo to attack the trocha now, because he has massed thousands of soldiers there. Maceo laughs at this and would like to have Weyler know the patriots will pay him a visit soon enough."

Going to Cronstadt.

SOUTHAMPTON, May 7.—The United States cruiser Minneapolis, on her way from the Mediterranean to Cronstadt, where she will represent the United States navy upon the occasion of the czar's coronation, anchored here today and exchanged salutes with the warships and forts. She will sail for Cronstadt this afternoon.

MICHIGAN CONVENTION.

Republicans Adopt a Money Plank and Instruct for McKinley.

DETROIT, May 7.—An animated fight over the money question was the most striking feature of the Michigan Republican convention. It resulted in sandwiching both the gold plank offered by the majority and the silver plank submitted by the minority of the resolution committee and the substitution therefor of the money plank of the Minneapolis platform of 1892. McKinley was indorsed most unequivocally and the delegates were strongly instructed in his favor.

AFTER YEARS OF SEPARATION.

Marbro Accidentally Meets a Wife He Has Not Seen for a Long Time.

FOWLER, Ind., May 8.—Judge Marbro, of Kentucky, was standing on the platform of the Big Four station at this place last evening when the Chicago limited pulled in. In the parlor car sat a lady whom he thought he knew. He approached her and they recognized one another immediately. It was his wife whom he married twenty years ago in England. She was the daughter of Lord Lindsley. Her father was so opposed to the marriage that he induced her to leave him about six months after they were married. She relented and decided to return to her husband, but was made to believe that Marbro was dead.

Marbro, incensed at his wife's action, came to America. He was shortly afterward informed that she had secured a divorce from him. In a few months after their separation a son was born to Mrs. Marbro. He is now in the English navy. On the death of Lord Lindsley, Mrs. Marbro fell heir to $3,000,000 in estates and money. She was since married and has three children by the second union. She was en route through here to visit her sister in San Francisco. Judge Marbro is very wealthy. He is also married. He accompanied his wife of former years to Chicago. What action he will take regarding his right in the estate in England is not known.

THE INDIANA CONVENTION.

Effect of the Absence of Harrison and Instruction for McKinley.

INDIANAPOLIS, May 8.—F. T. Hoots, The Indiana politician who presided during the greater part of yesterday's convention and who is very close to the ex-President has made the following statement regarding the significance of yesterday's action:

"The question has been frequently asked what significance attaches to Harrison's absence from the convention. In answer, it may be said his absence is a confirmation of his statement, 'There never has been an hour since I left the White House that I desired to return to it,' and further frees him from the charge that might have been made, i. e., insincerity. In answer to the question, 'What will be the effect of the resolution instructing for McKinley?' it can be truly said that it must be beneficial to all concerned. First, it is a truthful reflection of the sentiment of the voters of Indiana concerning McKinley, which has crystalized since Mr. Harrison's letter of February last and if the unexpected should happen at St. Louis and there should be a call for the ex-President, he would be in a position to accept such a call and the followers of McKinley would become the supporters of General Harrison since Indiana in no uncertain terms has instructed for McKinley at her state convention."

SANTA MONICA APPROPRIATION.

Said to be an Outrage Against the People on the Pacific Slope.

CHICAGO, May 8.—A special to the Times Herald from Washington, D. C., says:

When the Senate reaches a vote today or tomorrow on the clause in the river and harbor bill appropriating about $3,000,000 for a harbor at Santa Monica, Cal., it will be interesting to observe what senators favor the appropriation. It is said here that the appropriation was recommended through the influence of the Southern Pacific Railway company. W. C. Patterson, president of the chamber of commerce of Los Angeles, Cal., a body composed of 800 of the representative business men of Southern California, said last night: "C. P. Huntington has succeeded in securing from the committee on river and harbor in the House and from the committee in the Senate recommendations for an appropriation for a harbor at Santa Monica, although the people in that vicinity, the congressmen from that district, both senators from California, and eight of the most distinguished United States engineers have recommended and preferred San Pedro. There has in the history of the country been no more outrageous effort than this to subvert the will of the people or to overthrow justice. The people of the pacific slope, irrespective of party, are thoroughly aroused over the attempt to destroy their commercial interests. The indignation is acute and widespread. Our people feel that they are about to be greatly wronged and there is no uncertain sound about the expressions and meaning of their protest."

A Murderer Escapes.

OCONTO, Wis., May 8.—News has just been received of a brutal murder that was committed last Tuesday in a dispute between two farmers about a team of horses, in which a man by the name of Olson shot Lisset. He then carried the body to a brush pile and set it on fire. A deputy sheriff arrested Olson and had him handcuffed by one hand, but by a desperate effort the man escaped and hid in the woods. Sheriff Whitcomb left there with a posse. Every effort will be made to capture Olson, but the chances are slim, for there is an unbroken belt of forest for nearly two hundred miles.
