

WOOL WAREHOUSE MOVE IS POPULAR

Several States Now Anxious to Come in and Share The Profits.

SALE SITUATION IN IDAHO.

Ninety Per Cent of Growers in Gem State Will Take Stock During Coming Year.

Secy. Sam Ballantyne of the Idaho Wool Growers' association writes thus encouragingly from Boise to President J. E. Cosgriff of the National Wool Warehouse and Storage company on the wool situation:

"In looking over my list I find there is in the neighborhood of 6,000,000 pounds of wool unsold in this state, all of which is warehouse wool. The buyers are picking up an odd clip now and then, and are paying as high as 21 and 22 cents for it here. They buyers are now a bid on all wools which have been shipped to the warehouses. On one clip I am offered 21 1/2 cents plus the freight in the warehouse. On two other clips I am offered 20 cents plus the freight in the warehouse. "Nearly all of the eastern Oregon wools have been sold and a great deal of the western wools. It is my opinion that 90 per cent of the growers in this state will take stock in the warehouse this coming year. Nearly every one with whom I have talked have expressed themselves this way. I also note that buyers are very much alarmed and do not wish to give the manufacturers an opportunity to bid on the wool in the warehouse. Should the clip bring more than they are paying here, the results are obvious. I feel more than ever that the warehouse is one of the greatest investments the sheep men ever made. Its success is not assumed beyond any question of a doubt, and whether or not the wools are shipped there another year, I feel assured practically all the growers will take stock in the warehouse. I believe all those who have sold will contribute their forfeit of one cent and retain their stock."

ALL ARE COMING IN.

Secretary George E. Walker, of the National Woolgrowers' association writes President Cosgriff from Cheyenne: "Messrs. Hilton & Burgess of Portland, Ore., ask for detailed information regarding the warehouse company, and the marketing of wool as they say that a number of wool growers in that section contemplate joining the movement." Mr. Cosgriff is also informed that the Minnesota Wool Growers association is anxious to cast its fortunes with the warehouse movement, and join the National Wool Ware-

ALDERMEN BALK ON APPOINTMENT

Raleigh is Not a Dish That Even The Council Can Relish.

MUST MOVE THE VIADUCT.

Committee Will Require Harriman to Put Structure South of Its Present Location.

Although Chief of Police Samuel Barlow sent the name of George Raleigh, formerly a detective, to the council for confirmation, it is doubtful whether his re-appointment will be made. When the police and prison committee met last night Chief Barlow was criticized for his action and the McWhirter robbery case was revived. Several of the councilmen are opposed to Raleigh and insist that in permitting George Sheets to again be appointed to the force that they have done enough. Raleigh was arrested on the charge of conspiracy in connection with the McWhirter robbery, but the case was afterward dismissed. He resigned from the detective force while his case was pending.

NURSES ARE GRADUATED.

Five Young Women Enter Upon Field Of Responsibility.

Five trained nurses were graduated last evening from Holy Cross hospital. The exercises were held in the parlors of the institution, which were handsomely decorated in blue and white, while pennants bearing the class motto, "Fidelis Officio," were hung on the walls. There were present the medical staff of the hospital, the sisters of the hospital staff, the undergraduate nurses, and a few friends of the members of the graduating class. The five graduates appeared in white uniforms and caps. Ida R. Cracroft, Electa C. Nesbit, Ada M. Davis, Jennie E. Scheel and Elsie N. Snyder, the Doctors Hughes, Root, Niles, Hosmer, Whitney, Mayo and Tyndale, of the hospital staff, were seated near the graduates.

There was a program in which Miss Helen Harrison, an undergraduate nurse, played violin solos, with piano numbers by Misses Taylor and Mulryan. The address of the evening, was by Miss Ida R. Cracroft, who spoke of the association of the nurses with the physicians, the sisters and the undergraduates; and then Miss Ada M. Davis gave a reading entitled, "The Lady Anatomist." Dr. A. J. Hosmer gave the graduates their diplomas while Dr. E. F. Root made the closing remarks. A banquet concluded the exercises.

WOMEN INSPECT PLANTS.

They See at First Hand How Meat is Handled.

The Women's League committee consisting of Mrs. Tom D. Pitt, chairman, Mrs. H. P. Myton, Mrs. S. Ewing Johnson, Mrs. P. Brooks, visited a number of packing plants and slaughter-houses yesterday. They first visited the Inter-Mountain Packing plant and saw the method in which sheep were prepared after being killed and sent to the chilling room. An inspection was made of the department in which meat is cured. The committee wants to bring about the prevention of the sale of meat out from afflicted cattle. Mrs. Pitt intends to prepare a paper to read before the league in which the subject will be treated in detail.

NEW INCORPORATIONS.

The Wasatch Investment company filed articles of incorporation yesterday with the county clerk. The capital stock amounts to \$25,000, divided into shares of \$10 each. The officers are: L. W. Snow, president; John Strickham, vice president, and Wallace Castleton, secretary and treasurer. The company will open offices in Salt Lake and do a general investment business.

POSTMASTERS' CONVENTION

The executive committee of the Utah Postmasters' association held a meeting in Postmaster Thomas' office yesterday afternoon, when it was decided to issue a call for the annual convention to be held in this city May 27 and 28. The place of meeting will be the federal courtroom. The program includes an address by C. M. Walters, superintendent of the salaries and allowances department at Washington. Those present at the meeting were: W. Thomas, secretary and treasurer; W. Wilson, Sandy, and Peter Martin, Park City.

VICTIM IN BAD CONDITION.

James Marens, who was seriously injured at Bingham yesterday, and who is now lying at St. Mark's hospital, is reported to be suffering greatly this morning, and the prospects for his recovery are not very bright. Marens was employed as lineman on the United States Mining company's aerial tramway. Through the breaking of a cable the bucket in which he was standing run back upon the next bucket with great force, throwing Marens a distance of 60 feet to the ground. The unfortunate man sustained fractures of the arm and the left leg besides a deep gash in the head and internal injuries. He is 22 years of age and unmarried, he has worked for the company several years and was living with his widowed mother.

WOMAN IS ROBBER'S VICTIM.

Mrs. E. K. Ferris, residing at 553 east Fourth South street, was the victim of a purse-snatcher last night while she was returning to her home shortly after 8 o'clock. As she neared the house, a young man stepped up from behind her, and with a quick movement snatched her hand bag from her grasp, and then ran. The pocketbook contained but 15 cents and the key to her home.

STREET PAVED WITH CANDY.

A runaway yesterday afternoon furnished for "kids" and street urchins a real candy treat, and the youngsters took full advantage of the unexpected. A horse attached to the wagon of Robert Otto, a candy manufacturer, while standing in Third South between Main and West Temple streets, became frightened at a piece of flying paper and bolted down the street. Then the candy began to fly from the wagon and then there was a wild, scrambling and constantly increasing crowd of youngsters trailing the runaway and gorging themselves on the sweets. It was great sport for the kids until the horse was stopped.
