Donation to the Hospital.-We are pleased to notice that donations to the Descret Hospital are becoming rather frequent, and in view of the worthy, beneficient character of the institution, heartily wish they were more so., Certainly no more worthy object can be found for the benovolent among our citizens to bestow their charities upon. The last contribution to it of which we have heard is, a bill of store goods to the value of \$25, presented by S. P. Teasdel of the Eacle House, who will probably be surprised to see this mention made of it. We trust others will be led to foilow his example, and can assure them that their contribution will be appreconted by the committee in charge of the hospital, as was that of which we have just made mention. a bear

Improvement in the Far North. Brother Walter G. Paul, writing from Revisurz, Bingham County, Idaho, gives us an account of an interesting Quarterly Conference of the Y. M. and Y. L. M. I. Should be Stopped .- A crowd of boys assembled on the 19th Ward Bench yesterday afternoon, and Indulged in a rifle practice, or the dis charge of some other kind of firearms, much to the annoyance of the people living in that neighborhood. A number of persons who were sick in that vicinity were especially disturbed by the noise. The boys may not have been aware that they were guilty of a double breach of the city ordinances, lu firing within the limits of the city and dese crating the Sabbath, but such is really

the case. We warn the youngsters against a repetition of the offense, and advise parents to look after their sors and see that they are not spending the Sabbath day in such a manner. It may be commendable enough for boys to gain a knowledge of the use of firearms, but Sunday is not the time nor within the city limits the place to engage in such a practice.
