## THE SEMI-WEEKLY NEWS.

### THE GREAT COUNTRY PAPER OF THE WEST.

is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

## LOCAL BRIEFS.

There will be a meeting of the Ladies' Auxiliary of the Salt Lake City Y. M. C. A. at 8 o'clock.

The Deseret News has received an invitation to attend the 10th annual reunion of the Alumni of the Agricultural college at Logan, Tuesday, June 5.

A stranger was arrested last evening on charge of breaking into the People's Cash Store at 49 West First Street and trying to steal two pairs of scissors and some gloves.

The Howland Hall seniors have issued invitations for an evening with lyrics to be given by Mrs. William Leightart at the First Congregational church this evening. Mrs. Leightart will be assisted by Mrs. C. G. Plummer.

The local mail deliveries have been increased to four. The longest letter, belonging out at 8:30 a. m., 10 a. m. and 2 p. m. Now they will begin their trips at 7:30, 8:30 and 11:30 a. m. Under the new arrangement the mails which arrive during the night will be delivered the first thing in the morning and others immediately after the arrival of the eastern trains.

George Graham of this city is the possessor of one of the longest letters, perhaps, that ever came through the Salt Lake mails. The letter is from his brother, who lives at Bayview, near Scotland, and is over 20 feet long, written on a strip of paper the width of an ordinary newspaper. A peculiar feature of the communication is that the writer, who is in the military service, must be in close proximity to a paper mill, where such a long letter can be written. The letter has been wound upon a spool and makes quite an interesting curiosity.

## SPLENDID CROP GROWTH

Warmer Weather Revives Vegetation Wonderfully—The Outlook Good.

The weekly crop bulletin just issued says: The fore part of the week was cold and wet, being a continuation of the weather that prevailed during the previous week. This stormy period soon passed, and was succeeded by clear and dry weather that gradually became warmer as the week advanced, until at the close of the week, the weather was normal for the first time in three weeks. These latter conditions revived vegetation wonderfully, correspondents being unanimous in reporting a more rapid growth of all crops than during any previous week of the present season.

Spring wheat is looking well and fall wheat is beginning to show signs of improvement. The crop of lucerne will be short, as indicated in previous bulletins, but what remains is looking well and making a rapid growth. In many portions of the section it will soon be ready to cut. Corn is practically all planted and coming up. Its appearance has greatly improved during the first week and it is now beginning to take on a more healthy appearance. Early-planted beets are being thinned out and the late-planted are coming up. The second crop of corn is beginning to show signs of improvement. ## HERBICIDE NOT A FAKE.

Enthusiastic Testimonials Tell of Its Superiority.

Air R. Kelley, residing at 2135 Devinadero St., San Francisco, Cal., writes the following:

"When I first purchased Herbolite, I thought, like the majority of hair preparatory, it would prove a fake. I am happy to state that, on the contrary, it is all, and even more, than you claim for it. Quite a number of barbers throughout the section in which I travel have called attention to the new hair growing out on my scalp and inquired of me what I have been using. I tell them 'Herbolite,' and also give them your name and address. They have then bought a bottle of Herbolite, and are now using it. I have sold 100 in stamps for sale to The Herbolite Co., Detroit, Mich. For sale at Z. C. M. I. Drug Dept.

## WANT M'KAY REINSTATED.

### Residents of Lowell School District Present Petitions.

ONE ALSO FOR MRS. ELLIOTT

New School Asked For West of the Jordan—Teachers Employed—All Will be Paid.

At the regular monthly meeting of the board of education last night two petitions were presented asking for the reinstatement of Principal G. N. McKay, formerly of the Lowell school. The McKays were signed by a large number of residents and pupils. They were referred to the board as a committee of the whole, but the date of their consideration was not set.

A petition signed by 155 teachers, protesting against the action of the board in not re-employing Mrs. Elliott, was presented by Judge Henderson and was referred to the committee on teachers and school work.

The teachers expressed their deep confidence in Mrs. Elliott as a teacher and in her methods of supervision.

## WANT A SCHOOL.

The following petition was received from a large number of residents west of the Jordan river and was taken under consideration:

"We, the undersigned property holders and residents of the west side of river between Fifth and North Temple streets, and Jordan river and Lake Ute, request that a school be located on Second Street, or near by, between Lake Ute and Jordan river. We think that we are entitled to a school and hope that some action will be taken in this matter."

## NEW TEACHERS EMPLOYED.

The committee on teachers and school work reported favorably upon the employment of the following teachers and the report was adopted:

Nellie Manning, Mrs. Bowman, Florence Parry, George A. Hedger, Margaret Daley, Harriet Cobb, Zeta Morris, Lucy B. Gaby, Jessie E. Tibbs, Ruth Moorehead, Ethel Scammon, Nellie Sutton, Grace Smith, Alice Paul, Mrs. E. H. Morgan, Marian Adams, Ellis R. Skipp, Maude E. Lewis, Agnes C. Nolan, John D. Spiers, Lillian Bain, Fred J. Dewey.

The salary of Mrs. Martha B. Jennings was fixed at \$35 instead of \$22.50.

Miss Edna Powers, principal, and Miss Jessie Goddard were granted leave of absence until the second semester of 1933-34.

Miss Sara Morgan, Miss Edna Dean Davis, Miss Daisy Raybould, Miss Georgia Wheeler and George Hedger were granted leave of absence for a year.

## TEACHERS NOT HEARD FROM.

According to the report of the same committee all of the teachers have accepted re-employment except the following who have not been heard from: May Kimball, Franklin School; McKnight, Fremont; Margaret Greer, Lovell; Van Cott, Sarah S. Morgan, Carolyn Williams, Grant; Adella Birch, Hamilton; Minnie K. Munn and Daisy Raybould, Lincoln; Emily Davis, Longview; Vera Tempest, Longview; Rowena Ottlinger, Lowell; Rosalia Cope, Ogden; D. L. McDonald, Alice Samuel, Ogden; Emma Wright, Washington; Mary McCadden, Webster; A. O. Clark, George Hedger, W. C. Webb, Barnhart.

Treasurer Barnett's report shows a balance on hand June 1 of \$25,412.13. The balance on hand May 1, was \$29,365.69, with no receipts during the month. The disbursements for the last month amounted to \$3,953.56.

The following teachers have been placed on the extra list and are in line for any vacancies which might occur:

Emma F. Gallagher, South Bend; Lydia Chatham, Provo; Jennie M. Crabbe, Cheyenne; Alice R. Christensen, Ogden; Alice, Augusta; Hurd, Laura M. Widdowson, Salt Lake; Mary Cote, Ammonia; Mont. H. Decker, Cody, Mont.; Anna Y. Decker, New York City; M. Ione Carroll, Ogden.

## ALL WILL BE PAID.

Senator Bamberg, who has succeeded in having all of the teachers paid, has announced that he will see that the teachers are paid every cent that is due them, and requesting the principal to notify him later than Friday of the amount necessary to pay off the teachers in each school and the money will be forthcoming at once.

## A SUCCESSFUL MUSICAL.

### Rowland Hall Pupils Acquit Themselves With Much Credit.

One of the largest and most enjoyable musical events held in this city this season, was the closing concert given last night, in the First Congregational church by the pupils of the piano department of Rowland Hall and the high degree of proficiency exhibited by the pupils reflected credit on their instructor, Miss Plauders, who has no longer been professor of music in that institution. Technical finish and brilliancy of execution were points well brought out by the concert, showing that thoroughness is given special attention, and strict application to business are insisted on. The last two numbers on the program were a sonata Opus 13 for piano and violin, by Prof. Flanders and Skelton. It is a very heavy work, calling for technical resources, and the mental tension in following so elaborate and intricate a score is no small affair. Both of the performers showed themselves masters of the art in this number, and had the composer himself been present, he would have joined the applause as heartily as the rest of the audience.

The concluding number was Hoffman's Duet for Miss Jessie Kenyon, and the treatment of that exceedingly difficult composition was both artistic and delightful. The work fairly bristles with technical intricacies, requiring a high degree of muscular training and development as well as memory and application. The two young performers handled the number perfectly, and without reference to the score a feat both technical and intellectual.

Those who participated in the concert were Miss Mary Brackett, Miss Pearl Gled, Miss Bonnie Miller, Miss Winifred Lewis, Miss Vera Mayberry, Miss Dorothy Leonard, Miss Helen Long, Miss Bertha West, Miss Alta Goddard, Miss Mable Robinson, Miss Della Lewis, Miss Florence Kenyon, Miss Edna Tong, Miss Ada Thompson, Miss Ella Coltharp, Miss Margaret Clark, Miss Mary Finley, Misses Amy and Isabel Osborne, Miss Florence Winslow and Miss Clara Cabell. Prof. George Skelton appeared on the program as assisting artist.

At the close of the exercises, Bishop Leonard presented the silver medal of honor to Miss Margaret Clark, daughter of United States Senator D. C. Clark, for her excellent work during the year. The silver medal of honor was presented to Miss Pearl Gled of Lima, Montana.

## His Last Hope Realized.

In the first opening of Oklahoma to settlers in 1890, the editor of this paper was among the many seekers after fortune who made the big race one fine day in April. During his traveling about and afterwards his coming upon his claim, he encountered much bad water, which, together with the severe heat, gave him a very severe diarrhoea which it seemed almost impossible to check, and along in June the case became so bad he expected to die. One day one of his neighbors brought him a bottle of medicine called "C. O. C.," and he took it. The medicine was soon noticed and within an hour the patient was feeling better. The next day he was feeling a complete cure, and he cannot help but feel grateful. The reason for bowel disorders being at hand suggests this item. For sale by druggists.

## SALT LAKE'S MORTALITY.

Death Rate for May Lower Than June, 1901.

The report of the board of health for the month of May shows a mortality in Salt Lake of 49 deaths, corresponding to an annual death rate of 7.34 per 1,000 of the population as estimated by the department, or a decrease of 15 as compared with the corresponding rate of 8.49 for the month of June, 1901. Despite the prevalence of the heat and the absence of the usual summer diseases, the deaths for the month were less than during any one month since June, 1901.

Perhaps the most gratifying feature of the report is the fact that but 13 deaths occurred among children under 5 years of age, and of this number 5 are prematurely born infants and two died of congenital debility. Less than one-tenth of the deaths were from diseases that could have been prevented among children under 5 years of age.

Fully half of the deaths occurred among adults from diseases of a chronic nature or from diseases developing gradually before the fatal attack. Diseases showing a noticeable decrease were pneumonia and diseases of the nervous system. According to sex, 21 of the deaths were among males and 28 females; all were whites but one; 19 were natives of Utah; 20 were born in other parts of the United States; 13 of foreign birth, and one of unknown birthplace. Classified by marital relations, 19 were single, 20 married, seven widowed, two divorced and one single.

The birth rate for the month, 65 males and 68 females, is more nearly normal than the preceding month, all but 35 of those reported having been born during the month of May. The total number of births for the month was 133, or about 20 to 1,000 of the estimated population, is fairly representative of the birth rate of the city. The new ordinance regarding the registration of births, which went into effect May 1, has been in force for a few days from birth, is having a good effect and the reports are coming in in such a way as to insure accurate birth statistics.

The morbidity statistics are equally favorable and not less worthy of note than the death reports. The total number of cases of communicable diseases reported during the month is 134, against 136 for the corresponding month of last year and 29 less than the month before. Measles has decreased from 45 cases in April to 25 cases in May; scarlet fever for the month records 14 cases, as compared with 27 cases for the month before and 75 cases for the corresponding month of 1902, with six deaths reported.

Forty-nine samples of milk were tested during the month by Chemist Harnes and 10 were found to be deficient in solids in amounts ranging from four to 40 hundredths. All samples were free from any preservatives.
