Who territory. It was expected that F. M. operations the flow of LEAD, \$4.00 Lyman Jr. would go to Eureka tonight gallous per minute, and it with pumps installed whit care of 1.600 gallons per m CASTING COPPEB 1514 and start immediately on the survey. ich it is believed will so far towards tilng the present controversy. Some are shipping a ton of ore peruns \$2,500, and they are a the 200-foot level. Mr, the largest stockholders in the dge and Valley are also interested in For the sum of \$4,298.62 18,803 shares stock were sold on the exchange to seventy men at work and lemini, and there is every probab increase his force. He sta that he is confident that by he reaches the 400-foot level have \$3,000,000 worth of ore There is in addition a sim v. Prices on the whole were weaker that the expense of a lawsuit will be day. Yankee Con showed the greaterted, and that if a trespass has been ade the damages will be amicably sett shrinkage, being traded in from ded upon by the two companies. 14 down to 16. This is remarkable in haustible supply of low-grade ore, fo which a thirty-five ton mill has been lew of the fact that it sold at 25 s RETURNS FROM MAY DAY. y days ago. Since then, however, question of conflict with the May y line has been sprung with disasput in Messrs. Muhlenbruch and Larsen Report the Mine to be Improving. Salt Lake Man's Success. May Day has also weakened since resterday, when it sold at 32. It was llowed to change hands today at 30. Immoth participated at 3.21. Star Con, was off a little today. After cording its ford school 55% the is effect to the stock. After spending several days at the nine, Director James Larsen and Sec-etary F, W, Muhlenbruck of the May On several occasions during the pas summer mention was made in the co-umns of the Denver Post, of the Ga may reached town last evening. Mr. diner process for extracting copper fro Larsen said today that the mine looks setter than ever, The south drift, which s being run towards the Yankee Con., hows some good ore. The best showing classes of ores. At first th star Con, was on a material change cording its first sale at 56%, the stock clined to 55%. No material change noticeable in Valeo, thought a ten-ney to weaken was shown at the se, when a 10-day future went at 18, method was very crude, but some exce lent results were produced. In the meantime a complete plant has been established at Platte river and Eighth in the mine is at present in that drift, where a 3 or 4-foot body of ore exists. The ore is not clean, but the values are aid to run very well. There are no big avenue, where during the past wee more important tests have been made he first lot was sold as high as 20. Joe Howers was traded in at 3 cents or share, as was Ingot of Mercur. One lot of nineteen tons from the Whit Eagle copper mine in Burnet county lies of ore in sight, but in a number ton of Marysvale dropped 1,000 at places some very nice bodies of ore a found, two cars of which reached wn today. Some talk was heard to-Texas, was treated, and the secretary the company writes that the resul Grand Central closed weaker today, were satisfactory. "In fact the wor was so thorough that there was no cop lid Bullion-Beck, for which 4.00 was from a prominent citizen regarding company's indebtedness, which has ne public interest. A well known per value whatever left in the tailings, and the precipitates show by actual test losing quotations were posted as folcountant has just examined the coma saving of 98 per cent pure copper. Bid. Asked ny's books and found the total in-btedness to be about \$14,000. But this 54% 90 Location Notices Filed. DIST. AND DE STREET Mara coveres irver is largely due to the work of sinking the shaft and other extensive develop-Provo. Oct. 18 -- Alma Winn and s Tweed David Hamlet have filed notice of loca ent work that has been done in the ker Hill lon of the following mining claims sli-iated in the Eldorado mining distric past two months.

STRIKE LOOKS WELL.

So Said Superintendent Ball of the Lower Mammoth Today.

mining claims situated in the same strict, has also been filed by Messrs Winn and Hamlet. Superintendent Ball of the Lower Mammoth telephoned to headquarters today that the new strike is looking better. It has been drifted on for some MINING NOTES. S. N. King expects to leave for Dewey or & feet on the hanging wall and the near Cisco tomorrow. are body continues to show a width of several feet. The latest assays do not The Bullton-Beck of cars of ore on the way to market. give the high values, however, that were obtained when the ore was first The Eureka Hill, of Tintic, had five uncovered. The present values are said to be about 15 per cent copper. It was cars of ore on the market today, The Taylor-Brunton sampler reported stated today that the superintendent would be instructed to cross-cut eight cars of ore from Tintic today. The Galena King, of Stockton, was of the market today with two cars of ore to the foot wall of the vein which is quite large. This will prove up the width of the ore body of which little is The Shawmut, of Bingham, had two as yet known. Meantime the shaft is being pushed to the 800-level, where it cars of concentrates on the market to is hoped that an encouraging showing will soon be made. day. Three cars of high grade gold ore were on the market today from the Carisa, of Tintic. WORK AT THE GLEN ERIE. The Conklin sampler reported three cars of ore from Tintle, two from Stock-Milan Packard Sells a Car of High Grade Ore from this Mine. ton and two from Bingham today. Milan Packard of the Star Con, was in John Paradise is credited with saying town roday for the purpose of selfing a car of high grade copper ore from the Olen Erie mine at Marysvale, which he owns. It was expected that the controls that a 50-ton matting plant will be shortly in operation at the Valeo at Park City. could show about 30 per cent copper, 5 in gold and 25 ounces silver per ton, the one was taken from a tunnel which The Utah, of Fish Springs, marketed a car of ore yesterday on controls show-ing 50 per cent lead and 130 ounces silbeen driven on the vein a distance ver per ton. f 200 feet. At the end of the tunnel a or 6 inch streak of high grade ore is John J. Rhoden has just returned from an examination of Snake River placers. He reports a rood showing but very high figures are asked for found in a vein some 4 feet wide. Th property lies near the Webster mine. The

In the southern part of Utah county; Daisy Dandy and Yellow Jacket. No-tice of consolidation of the Cliff group

ly "News" Letter.

Special Correspondence. Chicago, Oct. 15 .--- Since out last letter receipts of western sheeps and lambs have been rather more moderate, and prices the later part of last week ad-

vanced materially. With a tun today (Monday) estimated at 18,060, trading was strong and active, lambs selling generally 10 to 15 cents higher, and mutton sheep strong to 10 cents higher. We sold for H. L. Anderso £30 Idaho 65 pour bs averaging which was the extreme top

ket for that class. We string of Utah sheep av aging 97 \$4.25, and anoth num 315 head averaging pounds which were the his vestorn sheep today i so the est so far this month

tess our company will have some diffi-culty in introducing it. The only has been used somewhat extensively in Sah Lake City, but to no great extent in other places. All our stone will have shipped to Chicago, where we will have 4.65@4.75. day at \$4.60 nutton quote the lambs, 4.25(5.60; western lambs, 4.60(7) us today: 5.50.

Pacific. There was free selling of sugar at a loss of a point. American Smelt-ing preferred gained 2. The selling movement was checked again before 11 o'clock. Canada Southern rose 24, and People's gas railied a point. The re-sponse elsewhere was feeble. An effort was made to check the downward trend of prices by a concerted advance in the iron and steel stocks, which were bid up by rapid steps from ½ to 2%. The response elsewhere was moderate and fell away when the steel group failed to hold. A counter-demonstration was made in People's gas and sugar, the former dropping to 92%. The one of the speculation became much ansettled with these conflicting influ-nces and some prices fell back to the owest. International paper slumped

Bonds were inactive and without finite ton

Sugar and New York Central develed conspicuous strength in the final our, the former rising 2 and the latter from the lowest. The market rallied nerally, but in only a few stocks did prices get above last night's level. There were some recessions but the losing was firm but dull at the rally.
