PERUNA EDITORIAL NO. I.

Dr. Hartman is now offering Peruna to the public as a regular pharmaceutical product. It is just as ethical as any compound put up for the medical profession. No straining of medical ethics can find any fault with it. THE FRINCIPAL ACTIVE INGREDIENTS are prominently incorporated in the label on the bottle, that the people may know that the claims made for Peruna. have a true justification.

The only departure we shall make from medical ethics in the conduct of Poruna affairs in the future, is the fact that we shall continue to advertise and sell our product TO THE PEOPLE.

If we would agree to sell to doctors only, to advertise for doctors only, then the medical fraternity would be obliged to recognize Peruna as being utirely within their approval

BUT WE SHALL NOT DO THIS.

Liquid Medicines Can-

Now Secure Peruna

Tablets.

We shall continue to offer Feruna to the people. We shall continue to invey to the people our claims for Peruna as a household remedy. We shall untinue to supply the people with free literature, teaching them how to use ar medicine, teaching them how to avoid disease, teaching thom many things benefit to the home. We shall continue to do this, whether the medical olemion like it or not.

We are proposing from this time on to take the public into our confidence. Notwithstanding that some imitators and substitutors will be attempting to put up something which they consider just as good as Foruna, we are going to draw aside the veil of secrecy and allow any one who chooses to know exactly CF WHAT PERUNA 18 COMPOSED.

This ought to disarm all honest criticism. We expect, however, that criticism will continue. On some pretext or other those who are envious of the

success of Peruna will continue to find fault. But we are determined to give such people no just complaint. FERUNA IS A GREAT MEDICINE.

It has become a household word in millions of homes. Our faith in that remedy is stronger than over. Every year we expect to cover new fields

5

in foreign lands until the people of all the world are supplied with this valuthis household remody

WE CLAIM PERUNA TO BE A CATARRH REMEDY. Euy a bottle and try it. If it helps you, be hearst and acknowledge that it has helped you.

If you want us to we will publish your statement exactly as you furnish it to us. We will add no words, take away no words. If you wish us to we will publish your portrait in connection with it. We will not do this without your written request, without your entire consent.

Peruna has benefited thousands of people afflicted with chronic catarrh, in many phases and locations. At least, that is what the people say to us, through unsolicited testimonials. Many thousand more will reap benefit from Peruna in spite of fabricated slanders to the contrary.

WE GUARANTEE EVERY BOTTLE OF PERUNA TO CONTAIN THE INGREDIENTS PRINTED ON THE LABEL.

We have taken great pains that every testimonial we use should be absolutely true, in the exact language of the testifier.

We have taken great pains that every photograph published should be the photograph of the person whose name it bears, that every word of every testimonial should be authorized by the hand that signed it.

We are determined to beat our opponents by being fairer than they are, by dealing squarer than they dere to. We are determined to meet falsehood with truth, duplicity with candor, insuncerity with sincerity.

We know that the users of Peruna will appreciate our stand. We believe that the dealers in Peruna will applaud our course. We expect even our op-ponents will be obliged to acknowledge finally that Peruna is not only an onest and useful remedy, but one of the GREATEST HOUSEHOLD MEDI-CINES ON THE CONTINENT.

Plan Suggested to Awaken Owners of

MAY RAISE ASSESSMENTS.

Unimproved Property.

County Assessor Amos Gabbot was alled into conference with the county ommissioners yesterday afternoon commissioners yesterday afternoon in the discussion of a plan for the in-crease in the basessment of unimproved property, especially that in the busi-ness district of the city, as it is ar-gued the only way the owners can be induced to improve much of this prop-erty is by raising the assessment. Much of this property is recalled apparently, by file present owners, merely as a sort of savings bank for the amount of its money value, and it is believed that if the assessment is raised to something like its real value, improve-ments will be made as a matter of pro-tection to the owners.

SALLOW COMPLEXION

Chauged to Rudy Glow.

No one likes a sallow, muddy complexion. Many who are so afflicted do not realize that the daily consumption of coffee is likely the cause.

Coffee contains a drug-caffeine-which so invitates the nerves of the stomach that food is not properly digest ed and that causes had blood. It weakens, by its after effects, the

heart and lungs so that the full amount of life-giving oxygen is not taken into the lungs and that is another cause of bad blood. It is often the cause of sal-low complexion and nervousness also,
