## NEWS OF THE DAY.

Post Office changes for Utah. Suspected stealers of railway tickets arrested. The Serbia-Turkish war. Villages burned, Servians panic-stricken, carnage terrible, streets full of wounded and dying. Great battle of the war. New agent at Standing Rock agency. Great speech by Governor Hendricks. The college at the various points. A man drowned in attempting to rescue two young ladies at Boston. Heavy hat failure in New York. Marshal Packard resigns. Fire at Schuykill Falls, Pa., \$40,000. The Cobble excitement. Bids for furnishing supplies and transportation in the Territories. The foreign ambassadors have agreed on a form for the mediatory proposals. The Port is disgusted with Russian intrigues. The yacht *Signal* capsized. Two men drowned. Terrible fire at St. Hyacinthe, Canada, \$2,000,000. Not a mouthful of bread in the city. Anniversary of Sedan celebrated in Germany. Railroad accident near Harper's Ferry. Incendiary fire at Ticonderoga, Pa., \$40,000. Fatal steamboiler explosion. A man shot by an officer. Another Serbian retreat. Distillery cases dismissed at Chicago. Sullivan indicted for murder. Grand jury report. Two vessels sunk by collision, off Holyhead. Loss a million dollars and one life. Instructions to U. S. marshals regarding protection to voters. Fire at Mansfield, Pa., \$75,000. News from the Indian war. Everybody disgusted and grumbling. Where are the Indians? A village discovered.

## EDITORIAL NOTES.

The Virginia (Nevada) Enterprise, commenting upon the discharge of Charles Huff, charged with murdering an unoffending citizen, by the neglect of the district attorney to prosecute the case, says: "This community is growing dreadfully weary of his kind and exceedingly impatient of such exploits as he is just now famous for. Something worse than small-pox or cholera is liable at almost any time to break out here, and we commend to such men as Huff a visit to the lake or to the warmer climate of California. It is in the interest of his health alone that we speak. The air is light at this altitude, and sometimes asphyxia attacks a perfectly healthy person. Delicate men like Mr. Huff should be careful to guard against unnecessary exposure."

Never despair. Eben H. Little, Esq., of Haverhill, Mass., 82 years old, and Miss Jerusha Palmer, a maiden of 84 years, both wealthy, and both formerly of Boston, were recently married. The groomsmen was 14 years old and the bride 13 years. Mr. Little had been married once before, but "to the bride the relations were new."

Two souls with but a single thought, Two hearts that beat as one.

Brooklyn is now called the city of lies.

The Cornwall (Eng.) Gazette of Aug. 12th, says, "From almost every one we meet, after the usual salutation, we invariably hear, 'How dull everything is! Are we never going to see things better?'"

The New York Tribune thinks that it would be a good thing for the constitution to be reformed so as "to provide for the retirement of all our subsequent Presidents at the end of a single six years' term, on a moderate pension for life, with a life seat as United States Senator at large," and that it will be rather too bad to see "the man who carried our flag from Fort Donelson to Appomattox hopelessly retired to private life at the age of fifty-five."

This is how the unco "loyal" party in Utah publicly and shamelessly propose to inaugurate a system of lawlessness in Utah, and claim to have the courts at their back to help them—"Let every property holder who dares to assert his rights, refuse to pay his taxes. Then let the collector, if he dares, proceed to sell property for delinquency. An injunction can readily be obtained from the district court, restraining him from such proceeding; or if a sale is made, let suit be brought against the city for damages." For unmitigated and unprincipled disregard of law America leads the world.

Says the Omaha Bee—"The grasshopper seems to be destined to become a powerful factor in American politics. Colorado has taken the initiative in her Republican Convention, which adopted a resolution calling upon the National Government to take steps for the extermination of the voracious 'hopper.'"

Dr. Miller, editor of the Omaha Herald, was recently burned in effigy at Wahoo. The Omaha Republican says it was "for exposing the rascalities of one Perky, who tried to gouge the farmers of Saunders County out of \$10,000 in the narrow gauge scheme."

## A Curiosity of the Campaign—A Spicy Letter.

The following spicy letter from J. Kilpatrick, a local republican leader, to Gov. Hayes, which the Indianapolis General says "is absolutely genuine and its authenticity is unquestionable," is being made much of by the Democrats—

"Grand Hotel, Indianapolis, August 21, 1878.

"Dear Sir—I have now finished a tour of six counties in Indiana, and feeling that any reliable information from this State will interest you, I write.

"In the first place, the canvass is well conducted, the people are enthusiastic and determined, and the old war spirit thoroughly aroused, and if it were not for one thing we could rest certain of victory in October. There is an Independent party in this State, and it is true, to a few counties, but formidable, and it will defeat General Harrison. There is but one way to win this movement. The leaders of the Independents are poor, needy, and in debt. They must be lectured to, documents be placed in their hands that they may be convinced of their folly.

"A bloody shirt campaign with money, and Indiana is a financial campaign and no money, we are beaten.

"The National Committee has done nothing for Indiana. Alone they are fighting this battle, and bravely, but unless the National Committee wakes up and does its duty to you, to the party and to the country, defeat is certain in October.

"I never in all my life felt so certain that I was doing my duty as in this contest and my desire for success, my dear sir, is my only excuse for writing.

"Your friend,

"J. KILPATRICK.

"To R. B. Hayes, Governor, &c."

#### Railroad Accident.

BALTIMORE, 3.—Two trains of coal cars were involved in a collision this morning on the Baltimore and Ohio Railroad near Harper's Ferry, and before the wreck could be cleared away a passenger train, turning a sharp curve, dashed through the debris and ran off the track down an embankment into the canal. Joshua Shipley, engineer, was wedged in his cab and drowned, while clashing the locomotive throttle with both hands; the fireman was badly bruised and scalded, but fortunately none of the passengers were seriously hurt.

#### \$40,000 Fire.

TICONDEROGA, Pa., 3.—Albert Brothers steam saw mill, Jonathan Boynton's lumber yard and the railroad company's water tank at Woodland, was burned by an incendiary fire this morning; loss \$40,000.

#### Particulars of that Boiler Explosion.

CHICAGO, 3.—The Tribune's latest special gives details of a terrible explosion of a boiler belonging to a steam thrasher working at the farm of C. G. Jones, near Chaffield, Minn. The machine was in full operation when the explosion occurred. The engineer, Lawton, was blown 150 feet, his body breaking in pieces and falling from the ground; he was instantly killed; Charles Arnold, bank cutter, was instantly torn to pieces, and portions of his body scattered all around the separator; William Burnett, measurer, had the top of his head taken off by a piece of the boiler; Everett Jones, feeder, had his arm and his leg badly broken. The boiler was blown to a distance of 200 feet.

#### Shot Dead.

ST. LOUIS, 3.—A young man named James Liddell was somewhat boisterous in Carr Park last evening, and was shot dead by officer Woodcock, it is said without provocation, as Liddell made no resistance to the arrest, which was requested by the private watchman in charge of the park. Woodcock was arrested and will be examined to-morrow.

### FOREIGN.

#### BRITISH AMERICA.

DISTRESSING FIRE—\$2,000,000 Worth of Property Destroyed—The City Without Bread.

ST. HYACINTHE, Quebec, 3.—A fire, which proved most disastrous, broke out here this afternoon in the bakery kept by M. Chaput, near the post office. The flames spread rapidly till they reached the river near the Grand Trunk Railroad bridge, and in about two hours the entire business portion of the town was in ruins. The fire commenced in the west end of the city at 1:30 p. m., and spread by a high wind, soon totally swept the lower part of the city, out of Main Street, taking in its course St. Hyacinthe, Quebec and National banks, post office, market, court house, factories, and over eighty wholesale and retail stores. At 3 p. m. the fire had spread by means of burning cinders, to three parallel streets, and burned everything up. The people had not time to save anything.

At 7 p. m. six hundred houses had been burned. A steam fire engine arrived from Montreal by special train at 5:30 p. m., but was too late to be of much service. Hundreds of families are homeless, with nothing to eat.

The loss is roughly estimated at two million dollars. The Royal Canadian Insurance Companies are heavily interested.

Later—a dispatch to Montreal, just received, says there is not a mouthful of bread in the city. We are in a terrible condition.

#### Fatally Stabbed.

NAPANOE, Ont., 3.—Reuben and Wm. Laricks, brothers, quarreled last night, and the former was fatally stabbed.

### GERMANY.

#### Sedan Celebration.

BERLIN, 3.—The anniversary of Sedan was celebrated in the city throughout Germany. The newspapers had leading articles almost remarkable for their tone of cancellation towards France.

### GREAT BRITAIN.

#### News From the Seat of War.

LONDON, 3.—A Belgrade dispatch says: The Turks bombarded Alexinatz, from the right bank of the river, and fired the town in several places. It is announced that Alexinatz has been evacuated, but the fortress is still held by ten battalions, and defended by a powerful artillery. Another dispatch from Alexinatz states that the Circassians entered three Serbian redoubts northwest of Alexinatz, and mines filled with dynamite were discovered. The Turks have gained a base for their operations against the two villages which protect Alexinatz on the east. The Russians are determined to form a special corps. Their valor in the battle on Friday is commented on. It is reported by men

under their command that the Turks, after beating the right wing of the Servians, made a flank movement in the direction of Alexinatz, the object being to reach Belgrade. The entire military position is changed. The army is marching with the bulk of its army towards Krusovatz. He has telegraphed to Belgrade for reinforcements, and the Serbian minister of war has ordered General Anshirich to march to Krusovatz with 12,000 men. The Times correspondent at Belgrade telegraphs that Friday's battle was the battle of the war.

## Reports of the Grand Jury of the Third District Court, presented September 2nd, 1878.

Territory of Utah, County of Salt Lake.—In the District Court of the Third Judicial District, Hon. M. Schaeffer, Judge.

In closing our official labors we desire to submit to your Honor the following report.

Contained in Judge Emerson's instructions at the time of empaneling this grand jury was the charge to give special attention to violations of the law of Congress concerning polygamy. In compliance with these instructions we have been diligent in that branch of our investigations. The limited number of indictments which we have been able to present to the court against the violators of the law in question is not, in our opinion, due either to the lack of energy upon our part, nor to the lack of infractions of the law forbidding polygamy, but to the extreme difficulty in getting proof of polygamous marriages. This marriage ceremony is a secret one, and attended only by interested parties and those who either counsel its performance as a religious duty or profess to believe its divine origin. Under these circumstances we think it unreasonable to expect to gain sufficient evidence to convict except in very rare instances. We desire herein to acknowledge the faithful support rendered us by the court and its various officers. We were compelled to invoke the authority and power of your Honor, Associate Justice Phillip H. Emery, son, then acting judge of this district, to aid us in making certain official investigations, and the support asked for was most promptly given. We most heartily acknowledge the efficiency and constancy of our liaison as well as the uniform courtesy in all his official relations. We cannot close this report without reference to the valuable assistance given us by United States Prosecuting Attorney Sumner Howard. His time and service have at all times been at our disposal, he never seemed to weary in his efforts to promote the efficiency of our labors. The ability which he has shown as well as his courteous and respectful respect and personal friendship of every member of this grand jury.

And now, having transacted all business brought before us or practiced during the present term of court, we respectfully ask your honor for final discharge.

Respectfully submitted by the grand jury, September 2nd, 1878.

A. B. EMERY, Foreman.

### Territory of Utah, County of Salt Lake.—In the District Court of the Third Judicial District, Hon. M. Schaeffer, Judge.

We, the Grand Jury for the April term of said court, beg to submit to your Honor the following report.

On the first day of July, 1878, a report was presented by the Grand Jury to the district court, on the books and accounts of the Salt Lake City & County, which said report was duly filed in said court on that day. On the 24th day of June, 1878, an affidavit was filed in said court by John T. Cairne, denying the truth of the following clause in said report:

"We are informed that the Theatre was used for giving a ball at this time, and that Clawson & Cairne sold admission tickets for \$5 each, they being managers of Brigham Young's Theatre."

On the first day of August, A. D. 1878, it having been made to appear to the court that the above statement was made without sufficient information on the part of the Grand Jury, the said clause was by order of the court stricken from the report, thereby making it appear that the Grand Jury had reported a false statement, to the direct injury of certain members of this community.

We now beg leave to submit to the court the following report, which is based upon positive proof, which we have in our possession, showing conclusively to the Grand Jury that the allegation made in the clause aforesaid referring to the sale of tickets by Clawson & Cairne at the Railroad Celebration Ball, given at the Theatre in this city, in the month of January, 1878, is true, and that the affidavit of John T. Cairne, filed June 24th, 1878, as aforesaid is untrue in so far as it denies the sale of tickets and the receipt of moneys therefor, for admission to the Railroad Celebration Ball, above referred to. That this report is not made upon information and belief merely, but upon the positive testimony of reputable citizens, given under the sanction of an oath administered in due form of law.

Respectfully submitted,

A. B. EMERY, Foreman of Grand Jury.

September 2, 1878.

To the Grand Jury of the Third Judicial District of the Territory of Utah.—April term, 1878.

Gentlemen:—We, your committee, appointed for the purpose of examining the books and records of the counties in this judicial district, respectfully submit, that we have made a thorough examination of the books and accounts of Assessor and Collector R. J. Gold, as also of the books and accounts of County Clerk, Dirk Bockholt.

The County Recorder keeping no books but those of record, your committee are unable to report further than that the books of record in the office seem to be efficiently kept, and the clerks in the recorder's office are attentive in the discharge of their duties. The County Clerk, Mr. Dirk Bockholt, either under a mistaken idea of his duty, or a disregard of the position of the Grand Jury and their right to appoint a committee to investigate his books, was disposed to dispute our right to examine his books, and it required the aid of the court to compel him to open out for our investigation the county records and books of account. Your committee also report that,

In their opinion, the County Commissioners and County Clerk have been delinquent in their duties, in not examining into the accounts of Collector Golding and enforcing a prompt settlement of his collections as by the law prescribed.

The books kept by Auditor Wm. Clayton show that his biennial reports made to the Legislature are correct statements of the condition of his books. Mr. James Jack, being interviewed by your committee, advised them that he kept no books of account, and that the Auditor kept all the books necessary. The only records in his possession being the stubs of receipts given by him for moneys or scrip received, warrants for moneys paid out by him and cash or scrip on hand.

Very respectfully submitted,

B. A. VANPRAAG, Chairman.

Adopted by the Grand Jury, September 3d, 1878.

A. B. EMERY, Foreman.
