

Wednesday, October 12, 1870.

LOCAL AND OTHER MATTERS.

DISTRICT COURT.—The trial of the people, versus Olsen, for murder, still proceeds. As the witnesses in this case are somewhat numerous this trial will be likely to be lengthy.

IN TOWN.—Peter Saxe, of Troy, New York, is in town, having arrived here two days ago. He is a brother of John G. Saxe, the poet, and wields a facile pen himself. He is accompanied by his wife, a lady of cultivated taste and literary ability. Both she and the Colonel correspond with papers East. They called here as they went through to California. The Colonel hails from the State which has been the birthplace of so many great men—the State which Stephen A. Douglas, himself a native of it, said was a splendid State to be born in, and to emigrate from—Vermont. During the remainder of their stay we trust Col. and Mrs. Saxe will enjoy themselves.

ALDERMAN'S COURT.—The case of Joseph Silver for selling goods without a license was brought up this morning at 10 o'clock. During the examination the following peculiar petition was produced:

Salt Lake City, Oct. 3d, 1870.

To the Mayor and members of the City Council.

Gentlemen:—The undersigned kindly asks you for a renewal of his license for the term of six months for the sale of groceries and provisions.

Gentlemen, should you see fit to grant me my request, if you have any consideration for my feelings, you will not send either Judge Clinton or either one of the regular or secret police to deliver the license, for whenever I see one or more of the class of men named, I am both annoyed and pained.

I am, gentlemen, Yours, very respectfully,
JOSEPH SILVER.

The applicant is not the first person of whom we have heard who had a dislike to being brought in contact with Alderman Clinton and the police. We suppose it is natural for men of this class to have this dislike; but the peculiarity in this case is that the man should make so public an avowal of his wish to keep out of their sight.

The defendant was notified, on Oct. 8th, that license was granted to him and he continued selling goods without paying for the license. The City Recorder, Mr. Robt. Campbell, made complaint accordingly, in the Alderman's Court, on October 10th, and a warrant was served on him on the afternoon of the same day. The defendant asked Mr. Campbell why he did not present the notification, that license had been granted, himself. Mr. Campbell said he had not done so in any case, and that it generally devolved on the Captain of the Police, and the defendant's own petition explained why it was not done in the present case. Justice Clinton fined the defendant \$10. Payment of the amount of license, without the fine, was proffered, which was not accepted. Defendant's counsel gave notice of an appeal to the District Court.

FIRE.—A fire broke out in the Arsenal, on Arsenal Hill, at twelve o'clock to day. The first intimation of the occurrence was the building being seen enveloped in flames and there not being any water near, efforts to subdue the fire would have been useless; the building and its entire contents were completely consumed. Brother David Hilton, who had been charged of the place, says that it must have been set on fire by an incendiary as it was locked up and had not been visited by any person since Monday. An idea has prevailed, in some quarters, that the building contained arms and ammunition. It has lately been used as a slaughter-house.

Since writing the above we have learned that a man was seen, just previous to the discovery of the fire, getting out of one of the windows of the building. We trust the miscreant will be caught and meet his just reward. Has O'Leary any relations in this city?

A POWERFUL MEMORY.—A remarkable effort of memory was displayed on Monday evening, at the party given in the Social Hall, to the members of Zion's Camp and the Mormon Battalion; by Brother Brunson, of North Ogden, who was a member of Co. A, Mormon Battalion. He called the roll of that company, ninety-six in all, from memory. It is twenty-three and a half years since the company was disbanded, and during that time he has retained in his memory the names, in rotation, as they stood on the roll, and can repeat them as easily as they could be read.

PRODIGIOUS PEARS.—Mr. Phillip Margetta brought to our office this morning some of the largest pears we have seen in this country. The largest one weighing 293 ounces. There were two others weighing respectively 203 and 26 ounces. The Bell is the title of the pear, and besides its immense size it is of excellent flavor. From its appearance we should judge that it is an excellent pear to keep. The culture of pears deserves attention, and this seems to be a superior kind to propagate. The 17th Ward is not such a bad part of the city to live in when such mammoth fruit as this of Bro. Margetta's can be produced there.

RAISING POTATOES.—An agricultural paper says that if the eyes of potatoes are soaked in milk three days before planting, they will produce finer and more mealy potatoes than they can grow in any other way, and more of them. Three years ago a farmer of Pennsylvania, upon a bet, produced 620 bushels of potatoes from one acre of land, by this simple process.

Died:

At Bonifant, Davis county, September 21st, 1870, William Henry, son of Edward and Jane Simons, aged 15 years.

In this place, suddenly, on the 1st instant, Laughlin Smith, late of Salt Lake City, a native of Scotland and aged about 23 years. A coroner's inquest was held on the 2nd, and rendered a verdict that he died of heart disease. He was buried by his friends, and had the largest funeral ever seen in Eureka.—Eureka Sentinel, Lancaster county Nev. 1. *Millennial Star* please copy.

REVOLUTION IN MEDICINE!
THERE is no disease but Walker's Vinegar Bitters will cure. Their great success in healing all ailments is proving to the world that Doctors are the greatest humbugs of the age. Mr. Walker challenges the medical fraternity to show him a disease for which his BITTERS are not a cure, and if it can be done he stands ready to donate FIVE HUNDRED DOLLARS to any benevolent Institution in the United States to be named by the person who will prove that the above assertion is not true.
J. WALKER,

**CURTIS MODELS—PRICES REDUCED
TO MEET THE TIMES!**—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory; but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—no making up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours.
