SACTION GIVEN FOR OGDEN MEET

Thomas H. Williams of Pacific Coast Club Does Not Want Clash Between Two Organizations.

(Special Correspondence.)
Anacosta, Aug. 25.—The coming race meeting at Ogden will not only have the sanction of the Pacific Coast Jockey club but it will also come under the personal endorsement of Thomas H. Williams, head of the Western Turf governing body, than any other meeting ever held under the jurisdiction of that organization outside of California.
While the meetings at Salt Lake and Ogden, under Mr. Williams' management, were in each instance conducted on lines of cleanliness which could not but meet with the approval of the stewards of the Pacific Coast Jockey club, and made it a foregone conclusion that dates for the Ogden fall meeting would be granted without a dissenting vote, the fact that Capt. Jack Hackett will be associated with Mr. Murray in the Ogden venture has certainly strengthened the clever gamblers' hand with Mr. Williams and his associates as well as with the horsemen. Capt. Hackett is proprietor of the Anchorage stock farm, one of the noted breeding establishments of California, and his standing in the turf world is second to none. That the president of the Pacific Coast Jockey club takes a personal interest in the success of the Ogden meeting is attested by the fact that he has just written Capt. Hackett apprising him that official notice had been sent Mr. Murray of the fact that the Ogden meeting was to be held on Sept. 13, immediately after the six-day fair under the auspices of the Ogden Fair association, and also suggesting that he exert his influence to so adjust matters with the Utah Jockey club as to avert a clash between the Ogden and Salt Lake meetings. Mr. Williams realizes that such a clash would be costly for both racing associations.
It looks like a foregone conclusion that they will reach a satisfactory arrangement when they get together. This is evidently the view taken by Mr. Williams and his associates in the board of stewards of the Pacific Coast Jockey club, and in case of failure of the parties directly interested to adjust matters, it may be that the Western Turf governing body will take a hand and provide so that there shall be no clash in the meantime practically all the horsemen racing at Anacosta are planning to ship to Ogden. A special horse train will be run that carries that will come from Reno plenty of high class racing material and a splendid meeting.

WHITNEY WINS TENNIS MATCH.

In a closely contested match yesterday S. A. Whitney won the tennis championship from Lester Margotte of Fort St. O. For a number of years the two players have been rivals and of the 28 matches played each has won 15. The contest yesterday was at the Miller courts.
The first set was won by Whitney, 6-2. Overconfidence, perhaps, led Whitney to the second set by a score of 6-3. The third and final set was won by Whitney, the score being 6-2. Sam Noel was the referee.

25 YEARS PATIENCE

We collected some money the other day for Mr. F. J. Titus, who until recently lived at 180 E. 14th South, Salt Lake City. This money had been owing to him twenty-five years, and represented money which he had loaned a friend. He said he had nearly lost patience, but he always did think the man was honest and would pay him. This is another evidence of the fact that red streaks of honesty exist in everybody. We made this assertion a few years ago, and

SPEEDY AUTOS RACE TOMORROW

De Palma Issues Def Which is Accepted by Others Affiliated With Speed Mania.

New York, Aug. 25.—The three fastest racing automobiles in this country, if not in the world, have been matched for a special contest at the Brighton Beach races tomorrow and Saturday. Ralph De Palma issued a challenge to any car to meet his 10-horsepower Fiat Gyronne for a race at any distance. This challenge has been accepted by Christie, whose new 12-horsepower front drive speed creation has been attracting attention throughout the country, and by Kilpatrick, who made so many records last year in his Hotchkiss 10-horsepower. Details of the race will be arranged by the Motor Racing association, and it is likely this high speed contest will be as much a feature of the meeting as the 24-hour race which starts at 10 o'clock tomorrow night.

VANDEBILT RACE.

The general rules committee of the Manufacturers' Contest association has notified automobile manufacturers throughout the country that a race for the Vanderbilt cup will be held the last day of October if a sufficient number of entries to insure its success are pledged before Sept. 1.
The following statement was issued yesterday:
"If the makers guarantee the minimum number of entries required, the race will be conducted by a new association formed pursuant to the A. C. A. agreement, which association will assume the custody of both the Vanderbilt cup and the grand prize cup. In its membership are men of national importance in automobile matters.
"By a clause in the deed of gift, the Vanderbilt cup will become one for stock chases competition under national displacement classifications, recommended by the Manufacturers' Contest association."

DISAGREABLE AT HOME.

Lots of men and women who are agreeable with others, get "cranky" at home. It is not disposition, it is the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbs, and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Z. C. Miller, Drug Dealer, 112 and 114 South Main St., Salt Lake City.

BILL BERNARD, MENTIONED AS NEW MANAGER OF CLEVELAND.

Judging by present indications, it looks as if Bill Bernard, manager of the Nashville team of the Southern league, will be chosen as successor to Larry Lajoie as leader of the Cleveland Naps. Bernard has had considerable success with the Nashville club for two years, last season his team capturing the pennant after a sensational finish, winning out from New Orleans on the last day of the race. Bernard was once a member of the Cleveland. During the seasons of 1905-06 he was one of the leading twirlers of the American league. In 1907 he obtained his release from the club and immediately went to Nashville as manager.

PLANTING OF FRY BEGINS NEXT WEEK

Utah Streams to be Enriched—State Warden to Distribute 4,000,000 Fry in Good Condition.

Yesterday afternoon as guests of Fred W. Chambers, state game and fish commissioner, his chief deputy, Brigham Madsen, and Deputy Warden Joe Smith, a number of newspapermen and sportsmen visited the state hatchery east of Murray and learned many interesting things about fish culture. They were received at the plant by E. N. Jackson, who explained the workings of the institution in detail.
The hatchery was found to be in splendid condition, better than it has ever been before, and shows the results of care and painstaking. It is well located in a big basin of the Cottonwood and in addition to water from a branch of the Cottonwood there are six wells with an average flow of 500 gallons per minute. The water is pure and cold and there is an abundant supply for all purposes at the hatchery.
The plant has a breeding capacity of 3,000,000. There are 10 spawning pools and a 35-foot runway where the trout swim to deposit their eggs. The ponds are all 10 feet wide, seven of them 31 feet long. Three of them are 100 feet long, each with a capacity of 1,000. It is estimated that 3,000 will be spawned this year.
The water system has been greatly improved upon. The water is raised by a system of pipes which precipitates the water from such a height it generates and carries oxygen into the water. Herebefore the lack of this system has been the source of much trouble. When the fish become large enough they are placed in running water. The trout now at the hatchery are native but a big shipment is coming from the government hatchery at Leadville, Colo. In the lot there will be 30,000 eastern brook, rainbow and native trout.
A shipment is coming from Richmond and 35,000 is to be given the state by the Rio Grande Railway company. It is expected that by next week the officials will have on hand 4,000,000 fry which is to be distributed to the Utah streams. Bunches of 5,000 will be planted in Fish creek, Clear creek, Provo river, Utah lake, Nebo creek and other streams.
In the tanks where the fry are kept, 25 pounds of best live ground is fed twice each day, and it requires about 75 pounds of food daily for the big fish.

CLOTHIER REACHES THE FINAL ROUND IN TENNIS

Newport, R. I., Aug. 25.—For the fourth time in his lawn tennis career, William Clothier of Philadelphia has reached the final round of the national tournament on the Newport casino courts, by virtue of his victory over Thomas C. Bundy of Los Angeles in the semi-finals today, three sets to one.

In 1903 Clothier was the runner-up in the U. S. Open, the English player, while the following year he reached the same stage, only to be defeated by H. H. Dewitt, also started. In 1906 he defeated Carl Behr in the final round, and won the championship trophy from Beals C. Wright in the challenge round.

From the outset it had been expected that he would come safely through the final this year, the only real uncertainty being over his match with Behr in the fifth round, which proved easy.
Among the premier tennis players of the country in the person of M. E. McLoughlin, the Pacific coast champion, who has not yet attained his majority, and it is said he will match his skill against Clothier tomorrow. McLoughlin has not come through his matches by accident, for his opponents have included such expert players as L. H. Palmer, G. F. Touchard and the speedy Californian Melville H. Long. McLoughlin won from Touchard in the semi-finals today by three sets to one.

Clothier will meet McLoughlin in the finals tomorrow. Clothier won by 6-3, 6-2, 6-7, 5-7, and McLoughlin by 3-6, 6-2, 6-7, 5-7. The weather was the best for good tennis, and the hardest fought matches of the national tournament were played today. Clothier won two cracks from the west, Thomas C. Bundy of Los Angeles and Maurice P. Touchard of Philadelphia, and the semi-finals. Clothier of Philadelphia and G. F. Touchard of New York, in the semi-finals.

When the Clothier-Bundy match was started on the championship court every seat was taken. The 1906 champion was the favorite, although Bundy was expected to make it a hard fight. In the other match McLoughlin was the favorite, although Bundy was expected to make it a hard fight. In the other match McLoughlin was the favorite, although Bundy was expected to make it a hard fight.

The old story of inadequate officials sent its shadow on the outcome of both competitions. McLoughlin's match against Touchard being covered only by A. C. Hoskins as umpire, while the contest on the grandstand court between Clothier and Bundy had only half the required number.

For the time being there was no two many there for Bundy in the Richard Stevens calling service faults. The fact that Bundy has played his way through the tournament without officials makes the work of Stevens in the above approach, all the more the nature of his game. That it unsettled his game was evident as it took him two sets to come anywhere near his real form.
