More About the Election.

CONCORD, N. H., 10.—The returns from all but eight towns have been received; 529 votes and wards gave Cheney, rep., 38,771; Roberts, dem., 38,688; White, temperance, 38,688; White, temperance, 38,688; Weston, dem., 35,025; Blackmore and scattering, 2,077.

The republicans net gain is 2,827. Cheney is in the majority.

The footings from the first district elect Jones, dem., by 472 plurality; Bell, dem., in the 2nd district by 154 plurality; and Blair, rep., in the 3rd, by 73 plurality.

The republicans have a majority in the house, but the exact figures cannot be given until the canvass is completed.

There is no election of Governor by the people, but the duty of selection will devolve on the legislature, which will doubtless elect Cheney, republican.

The democrats claim the majority in the council, though the districts have not been figured enough to show finally. The vote in the State yesterday is said to have been the largest ever polled.

U. P. Financial Report.

NEW YORK, 10.—The annual report of the Union Pacific railroad company shows that the gross earnings for the year ending Dec. 31st, 1874, were \$10,569,880.12, and the net earnings, after deducting taxes, \$4,852,344.78, leaving a surplus of \$5,717,535.34, equal to 7 per cent. on the stock and bonds of the company.

The operating expenses were 44.55 per cent. of the gross earnings, against 45.46 per cent. last year. Under this report and the action of the directors declaring an annual dividend of 6 per cent. the Union Pacific stock advanced to 45, the first mortgage bonds to 97, and the general 101, and the sinking funds to 90.

Board of Trade Resolution.

The Board of Trade to-day adopted, unanimously, a resolution that the tariff laws should be framed with a view to raising the necessary revenue from the tariff, and that, as far as possible, it should be framed so that articles that are not manufactured or produced in the U. S., and that no duties should be imposed on raw materials which enter largely into manufactures, and that all duties should be specific, without regard to classification, simple and direct.

West.

BOSTON, 20.—The wool market remains quiet, and it is comparatively quiet. Manufacturers continue to purchase in lots as wanted, and are not anxious about the market, but with the exception of a small stock of domestics in the country. It is a remarkable fact that the imports of foreign do not pay a profit from the tariff.

Reports from Ures, Sonora, say that the Apaches have been very active in the region of the Colorado river, killing three and wounding another. Many similar attacks are reported. The people are frightened, and great numbers are leaving Sonora for Southern California and Arizona, some through fear of the Apaches, and some to seek the rich mineral discoveries in Arizona.

Will Act Independently.

WASHINGTON, 10.—Senator Booth says that he will not go into caucus with the republicans, but will act independently of any partisan determination.

WESTERN.

San Francisco, 10.—The Pacific Mail steamer City of Tokio arrived to-day, at noon.

A dispatch from Florence, Arizona, says that old Bender, the Kansas murderer, is still here, waiting Governor Osborn's regulation. He is said to be in good health, and is willing to succumb to the law.

A Ministry Formed at Last.

PARIS, 10.—It is officially announced that a ministry has been formed for the purpose of the Interior, Education, Justice, War, Finance, Agriculture, Commerce, Public Instruction, and the Colonies.

The number of men independent in politics is increasing, and the WEEKLY SUN at this time, paper especially, it belongs to the people, and obeys no dictation, principle, and for the election of the best men. It exposes the weaknesses of the government, and threatens the overthrow of republican institutions. It has no fear of power, and seeks no favor from its supporters.

The markets of every kind and the fashions are regularly reported. The price of the WEEKLY SUN is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not able to make a profit, and therefore we are unable to pay a dividend or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires newspapers to pay a tax of one cent a copy, we are unable to do so.

We have no traveling agents.

Utah County Times, March 9—

Sheriff H. C. Rogers yesterday, at the Court House, in this city, sold to the highest bidder, for cash, the twenty-two acres of land and cotton field, situated in the neighborhood of Springville, on which is called Spring Creek. The price realized was \$1,800, and Mr. Ewell was the lucky bidder. The property is valuable and could have brought a higher figure.
