WHY COAL IS MINED FOR.

And What It Can Be Delivered and Sold For in This City.

A gentleman of this city, desiring to continue with the industry which he speaks, said today:

Some years ago a coal operator of extensive experience in the east, and owner of coal mines, came to this city with a proposition to operate the mines in this section of the country. He was a man of high character and high ability, and he was a man of high character and high ability, and he was a man of high character and high ability...

At that time the mines were being worked on a small scale, and the coal was sold at a price which was not sufficient to cover the cost of production...

The Pleasant Valley coal mines are situated about 125 miles from Salt Lake City. Yet efforts have been made to keep the mines in good condition and production on the increase...

There is comparatively little complaint at paying for coal for the desert. The coal is sold at a price which is not sufficient to cover the cost of production...

From the foregoing he says it can be seen that Pleasant Valley coal is sold at a price which is not sufficient to cover the cost of production...

AN OBITUARY.

Was Died in Adulthood Among the Mercantile-Comparison With Other Religions.

Editor Evening News: A few weeks before I returned home to my family in the great and beautiful city of Utah, I feel as if I want to say something about the "Mormonism" having lived nearly five months among them. When I was fifteen years of age, running a paper business at Waterloo, New York, I went into the paper printing room and found the Book of Mormon and read it. I also remember the Mormon missionaries at Littleton, Englewood, forty years ago and the converts they made. I have read Headlee's Book of Mormonism, have it in my library. Most of the converts I know to be false conversions. I have heard Amos Elias Young talk, so that I have known something for so

second. There were but a few. One, My conversion was made on a false foundation. The Prophet said that all who have come out since then have come out since then. The conversion of Joseph and Hyrum Smith was a baptism. They had a right to live if their doctrine was true. The conversion of the people of the valley was a baptism. They had a right to live if their doctrine was true. The conversion of the people of the valley was a baptism. They had a right to live if their doctrine was true.
