Leading Lady With All the  
Money Is Detained at  
Green River.

### PLAYED HER ONE GREAT SIN

Then Decamped With the Company's  
Strong Box, Much to Discomfiture  
Of Villains, Heroes and Juveniles.

Florence Stanley, leading lady in "Her One Great Sin" company, who took a hasty departure from Salt Lake yesterday with the funds of the company in her possession, was intercepted at Green River last evening by the sheriff of Emery county before she could leave the state and before she was allowed to continue her journey to Denver, was obliged to deposit the arrears in wages due the stranded company at present in Salt Lake.

The company of players has been touring provincial Utah during the past two weeks, and, according to Lester P. Mitchell, leading man of the company, played to good houses during the entire tour. The members of the cast were supposed to be drawing a salary of \$2 per night. They have not yet had a pay day, however, as the leading lady who was acting as cashier for her husband, Theodore Marston, manager of the troupe, has withheld the salaries, giving as an excuse that her husband would settle in full when the company arrived in Salt Lake, which was yesterday. When Florence Stanley arrived yesterday she assumed a role of high tragedy and took the train for Denver with the other people's money in her pocket to meet her husband, who is there arranging another engagement for her. Mr. Mitchell and another member of the company were present at the station when she took her leave, but were unable to stop her although they used every means at their disposal. First they expressed their candid opinion of her action. Secondly they attempted to have her baggage held which could not be done without a \$100 deposit. The train pulled out and Miss Stanley waved a simple adieu to her friends from the rear platform. Finally a member of the company, Miss Y. King, who is known here, placed her case before Judge Dana T. Smith, who had the sheriff of Emery county notified to stop the person of Miss Stanley at Green River before she crossed the state border. With due legal process the members of the company will come into their own.

As far as is known he was the oldest citizen in the state.

Formerly he was contractor, although the greater part of his life he devoted to farming.

He is survived by one daughter, Mrs. Arlene Branson of Montrose, Colo.

### POLICE COURT RECEIPTS.

The report of Clerk George M. Gutch of the city criminal court, filed with the city recorder shows that the receipts of the criminal division of the city court fell behind those of the civil division for the first time in years. The report shows receipts from the criminal division of \$248.35, and those of the civil division amounting to \$477.55. The difference is accounted for in the fact that since the ridding of the city by Sheriff Emery's raids upon immoral

With the grip, colds, fevers, rheumatism, neuralgia. Many might be well if they had only taken Hood's Sarsaparilla, the great blood purifier and health-regulating medicine. It is a wonderful preventive as well as cure. Keep it in your house and take it.

persons, the fines formerly collected from the denizens of the red light district have been cut down considerably.

The monthly report shows that out of a total of 180 cases before Police Judge C. B. Diehl, 110 were drunkenness. Vagrancy was second with 29 cases. There were 12 battery cases, but not a case of prostitution or of keeping a house of ill repute.

The report of the civil division shows that 213 complaints were filed there. Only three trials were held.

### AUTO CLUB MEETS MONDAY.

Monday evening in the Commercial club, the Salt Lake Automobile club will hold a meeting to go over the "good roads" problem in Utah as it presents itself, and to prepare a campaign for better roads for legislative treatment. D. R. Roberts of Logan, "good roads man," will be at the meeting reinforced by half a dozen bills on good roads which were considered by the last legislative session, when such as carried no appropriations passed, only to meet the oblivion in the governor's veto, since it seems much better to wait another session and get the whole matter of good roads into definite shape for a general campaign of road building.

### CITY ELECTION ACTIVITY.

Already Talk About Majority Candidates Is to Be Heard.

With a city election only a single season away, the people in Salt Lake are not to be given a long respite from political talk and activity.

The "American" party vote, while a big slump in the presidential contest, a year ago, is near enough to their vote of two years ago to give them a forlorn hope to hang to. Therefore the "American" party is working these days in mutual complaint. From the party members and many of the late unimpaired candidates, the organ is being severely taken to task. The "amateur" chairman, really elected to be a money man for the inner circle, is receiving his proportion of the general disdain, while the "gang rule" policy also is being condemned.

Meanwhile Democrats are talking of nominating John S. Bransford, in the hope of returning him to office on his record which has brought him into such opposition to the "American" machine that they have read him out of the party.

Lippman and the other leaders, crestfallen at a time, will soon be lining their campaign with a definite basis, and starting the line of attack in the Tribune that they mostly can count on. The other parties, too, will probably start their campaign with a definite basis, in the hope of following up the advantage just won in the county by uprooting the third party from the city as well.

### SOCIAL AND PERSONAL.

Mr. Heber J. Grant announces the engagement of his daughter, Dora, to Ashby Douglas Boyle of Ogden, the marriage to take place on Tuesday, Nov. 24.

Mrs. Samuel Nowhouse has arrived in New York from Europe and will be in Salt Lake in the near future for a stay of several months.

Mr. and Mrs. H. L. Nelson entertained at a delightful social affair Wednesday night for the teachers of the Eighteenth ward Sunday school, of which Mr. Nelson is a definite backer. The rooms were decorated in chrysanthemums and carnations, and a musical and literary program was enjoyed. The participants being Miss Ora Rogers, Mr. Horace Ensign, Mrs. Alonzo B. Irvine and Miss Rhoda Larsen. Afterward there was a geographical guessing contest, prizes being won by Mrs. Anna Y. Card, Miss Merle Giles and Mr. Alonzo B. Irvine.

Mr. and Mrs. M. J. Cheeseman have returned from where they have been visiting with their daughter, Mrs. Campbell.

The Regimental Bridge tournament met last night at the loss a number of small informal dinners preceding the affair.

The marriage of Miss Vera Neal and Alonzo Z. Tanner will take place on Thursday, Nov. 12. A reception will be given in the evening at the home of the bride's parents, 181 Fourth avenue. No written invitations are issued, but relatives and friends are invited to call between the hours of 7 and 11.

Mrs. Enos Hogg entertains at a luncheon today for Mrs. P. T. Lynwood of New York, the affair to take place at the Commercial club.

Mrs. E. D. Miller was hostess at a luncheon yesterday, followed by bridge, the table being decorated in yellow chrysanthemums and yellow-shaded lights, and the prize in the card contest won by Mrs. Fred Horning.

Mrs. J. J. Kinney entertained at a bridge table yesterday in honor of Mrs. P. T. Lynwood, on rooms being decorated in pink and white chrysanthemums, and five tables played. Prizes were awarded the guest of honor and Mrs. Shoesbridge and Mrs. R. F. Gray.

Mrs. George F. Kidder gave a luncheon today at her home.

The Misses Shannon will give a party this evening at their home in Poplar Grove.

Miss Laura Farrell has returned from a three months' stay in the east.

### WHAT ELECTIONS COST.

It costs the people to run an election. In Salt Lake county alone there is a long list of deputy sheriffs ready to be paid. The money would be ready for them on Nov. 10, they were told, on applying at the sheriff's office today, and not before that date. Each deputy will receive \$2 for his day's work at the polls, and there are over a hundred of them. The protection it turned out was little called upon, as the election was one of the most orderly on record.

## CITIZENS FILE PROTEST

Board of Works Orders Inspection of  
Paving Claimed Defective  
By Taxpayers.

A protest was filed yesterday with the board of public works by property owners in sidewalk extension 158, on Ninth East street to the effect that the sidewalk contractors were not using the material called for by the contract and that newly laid sidewalks were opened up to public traffic before they had had time to harden.

W. H. Sheets, J. E. White and S. E. Hamer testified before the board as to the propriety of the contract which is being mixed with the gravel to make the concrete. They each said that after watching the work they had seen that only two sacks of cement to four wheelbarrows of sand and gravel were put in the mixer.

Carl A. Badger, attorney, spoke for the investigation committee and said for the committee that the work was not being properly finished and that one part of cement to 12 of gravel were being put into the mixer while the contract requires that one part of cement to 8 parts of sand and gravel be used.

Another objection was the fills were not properly tamped before the sidewalk was laid.

Mike Connor, superintendent for the contractor, James Kennedy, was called and said that he knew that there was some bad work there which was due to bad fronts and the stumps. Mr. Connor said that it was almost impossible to protect the finished work and as to the charge of insufficient cement that he could not say as he had not been on the work all the time. He contended that the tamping was properly done.

Chairman McMillan, of the public works, stated that he had visited the work but had found nothing wrong. He called an investigation, however, for today when the city engineer and the chief inspector accompanied by the citizens' committee will visit and inspect the work.

## JOHN M. HAWKINS KILLS HIMSELF

While Wife Is Absent From Home  
He Blows Out His  
Brains.

### LONG ILLNESS THE CAUSE

For Five Years His Physical Condition Has Caused Him Worry  
And Distress.

Made despondent and desperate through five years' serious illness, John M. Hawkins of Mill Creek committed suicide yesterday morning by blowing out his brains with a shot gun. The terrible deed was committed while his wife was up town selecting a casket for her father, H. S. Buckwalter, who died early yesterday morning.

It is believed the suicide was committed about 9 o'clock, but the dead and mutilated body was not found until about 1 o'clock. It was discovered by the 14-year-old daughter of Hawkins, who had returned from a visit to friends. She returned home to prepare a meal for her father. She found the doors locked and barred and the windows nailed down. Looking through a window she was horrified to see her father's body lying on the bed in a pool of blood and a shotgun near the body. She quickly notified Mr. Fisher, a neighbor and the latter called up the sheriff's office. Sheriff-elect Sharp and Deputy Steele hurried to the place and broke open the door.

### PLANNED SUICIDE.

It was apparent that Hawkins had deliberately planned self destruction. He had barred the door leading into the room he occupied, nailed down the windows and then loaded the shot gun. Placing the butt of the weapon at the foot of the bed he placed the muzzle in his mouth and shoved the trigger with a curl. The charge of shot tore part of the man's jaw away and blew out his brains. Hawkins was killed instantly.

Early yesterday morning Mrs. Hawkins received the sad news that her father, H. S. Buckwalter, 79 Third avenue, had just died. Mrs. Hawkins made hurried preparations to come to town, leaving her husband with her 14-year-old daughter. At about 8 o'clock the latter called her father to come to breakfast, but he did not answer her. She concluded he was sleeping and left the place to call on some friends. She returned in a little while but still thinking her father asleep she let him again. About 1 o'clock she returned and looking through a window saw her father's dead body lying on the bed. The body was sent to the undertaking establishment of Joseph Wm. Taylor.

### BLOODIED OVER SICKNESS.

Hawkins was well known in Salt Lake having lived here for many years at 628 Second East street. About five years ago he was afflicted with spinal trouble and it is believed that his prolonged illness caused temporary fits of insanity. He brooded a great deal over his illness but so far as known had never threatened suicide. He was born and raised in this city. He was 45 years of age and is survived by a wife and five children, ranging in age from 16 to 9 years.

While Mrs. Hawkins, with a sister and brother were at the undertaking establishment selecting a casket for their dead father, Mr. Buckwalter, the deputy sheriff telephoned to have the body of Hawkins removed to Taylor's establishment. Mrs. Hawkins did not know of the suicide of her husband until she returned home. The shock of losing her father and the terrible state of affairs that greeted her when she returned home has placed the unfortunate woman in a most serious nervous condition.

About a week ago Hawkins decided to give up his town residence and move to the country. He purchased a small farm at Mill Creek and moved his family there. He appeared to be cheerful and as contented as could be under the circumstances.

Arrangements for the funeral have not been completed but will be announced later.

### Weak, Exhausted, Pe-ru-na Gave New Life.

Mrs. E. W. Brooks, 5415 S. Steele St., South Tacoma, Wash., writes:

"I want to recommend Peruna to mothers. When my little girl came, I felt very weak and exhausted, and it seemed that I could not regain my strength."

"My mother bought me a bottle of Peruna, after I had tried several other much advertised remedies without relief. I had little faith, as I was very weak, but within a week after I had commenced taking Peruna I was like a different woman."

"New life and vitality seemed to come each day until in a few weeks I was in fine health and a happy woman. Thanks to your splendid medicine, I have enjoyed good health for several years. I always keep Peruna on hand, as a few doses will set me right when I am feeling badly."

### Catarrh of Ears.

Mrs. G. W. Heard, Hempstead, Texas, writes in regard to her son Carl: "My son's ears had been affected since he was a baby. The matter was managed by a doctor. He would be very fond of several days, then his ears would run profusely what appeared to be corruption."

"The last year I thought he had almost lost his hearing and had a local physician treating him for about six weeks."

He pronounced him well and for a few weeks he was not troubled, but since that time the discharge from his ears was almost constant and very offensive.

"Finally I began giving him Peruna and Laecupia, and after he had taken two bottles of the Laecupia he was entirely cured."

"I cannot praise Laecupia and Peruna enough."

### U. S. SUPREME COURT CLERK GOT CONFUSED

Washington, Nov. 7.—On Oct. 13, the Associated Press sent a dispatch from this city to the effect that in the United States supreme court the International Text Book company was denied a rehearing in its suit against Aaron Pigg, of Topeka, Kansas.
