

SHUBERTS PLAN BIG PLAYHOUSE

Deal Involving Cliff House Corner
Awaits Arrival of Jake
Shubert.

OPTION HELD BY LOCAL MEN

Lease on Lyric Has Proven Satisfac-
tory Although Facilities Are
Not Up to Date.

Salt Lake is to have one of the finest
theaters in the country. If the plans of
the Shuberts syndicate bear fruit. The
Shuberts have an option on the old Cliff
hotel, at the northwest corner of Main
and Third South streets, and the com-
pletion of the deal only awaits the
arrival of Jake Shubert, who is due to
be in Salt Lake at any minute. The
option on the Cliff hotel property is
held now by Frank Knox, president of
the National Bank of the Republic, and
G. S. Holmes. It is understood that
they are acting for the Shuberts.

The Shubert lease of the old Lyric
theater building extends until May, 1910,
and the conditions of the lease on what
is considered one of the most valuable
business properties of the city are that,
if the amusement business warrants
it, there will be a great investment on
this corner, and that one of the finest
play houses in the United States will
grace the middle of Salt Lake's "Great
White Way." The opening of the old
Lyric as "The Shubert" with the "Gay
Musician" on the bill of fare, has
brought record breaking crowds and
there is no question but that the Shu-
berts will take up their option and
erect a great building on Third South
and Main streets, with an up-to-date
theater as the bank and offices as a
side issue.

DEAL IN CONTEMPLATION.

Frank L. Bacon, local manager of the
Shubert interests, said this morning
that the deal was in contemplation, but
that other sites were under considera-
tion. He said that the matter would
be closed upon the arrival of
Jake Shubert and that the Shu-
bert interests would either move from
the present location or remodel the
whole property. There have been propo-
sitions made to the owner of the old
Lyric, but there has been no disposi-
tion on his part to sell. This has forced
the Shuberts to look for another loca-
tion and they settled on the Cliff hotel
property.

The stage of the Lyric, now occupied
by Shubert, is entirely inadequate to
the presentation of a big play. The
scenery of the opening engagement was
found to be too large for the accommo-
dations and stakings were borrowed
from other local play houses. The large
company which has been working dur-
ing the past week has been hampered
through lack of proper back grounds,
and, although it has had the stand-
ard sign out all the time, the best
results have not been obtained.

"Salt Lake is one of the best cities
in the country as a theater center,"
said Mr. Bacon today. "It is lacking in
a first class play house where the best
of plays may be presented. It is the
aim of the Shuberts to remedy this and
before another year has gone by the
city will have an up-to-date theater
which will compare favorably with any
in the land."

PARK CITY HIGH DEFEATS INSTITUTE

On Cummings field this morning before
a fair sized crowd of football enthusi-
asts, the Park City high school team
defeated the Collegiate Institute eleven
to 0. The score was made in the sec-
ond half by a place kick made by Capt.
Woods, fullback for Park City.

The teams were pretty evenly matched
and put up a real good game. No score
was made in the first half but the ball
was on the Collegiate territory most of
the time. The second half consisted
mostly of punting, each side trying de-
spairately to score. The field was muddy
and the ball was hard to handle. Park
City showed to better advantage and
had the better of the argument through-
out. The halves were 20 and 15 minutes.
Tillie Olson was referee and Car-
melita, umpire. The teams lined up
as follows:

MACKAY ISSUES STATEMENT.

Declares Postal Is Not in Any Way
Interested in Merger.

Supt. W. P. S. Hawk of the Postal
Telegraph company with offices in this
city has furnished The News with the
following item telegraphed him last
night from New York:

Tarrence H. Mackay, president of the
Mackay companies, issued the follow-
ing statement to the public yesterday:
"We have had nothing to do, either
directly or indirectly, with the com-
bination of the American Telephone
and Telegraph company with the West-
ern Union Telegraph company. We have
not wished to join it, and have
been not been invited to join it. There
have been negotiations whatever with
us in regard to the matter and there
is every reason why we should not
have had anything to do with it. We
knew nothing about it until the day
when it was publicly announced. It is
true that we own a large block of
stock of the American Telephone and
Telegraph company, but that is one
of our many investments. We never
have had and have not now any repre-
sentative on the board of that com-
pany and our stock is not consulted
or considered any more than the stock
of any other stockholder; as you will
see from the fact that we knew nothing
about this deal until it was made
public. The statement that Mr. Wil-
liam H. Baker represents us is incor-
rect. He does not represent us in any-
thing in the slightest degree. Neither
have we anything to do with the
purchase of the telephone company in
the middle west. Our company is slow
and conservative in its investments, but
swift and aggressive in its service. We
are not disturbed in any way."

"We have successfully met hard com-
petition for over 25 years, and have
prospered and are in first class financial
condition, better than ever before. We
have waited until this matter had
emerged down so that we could make
one statement covering the whole sub-
ject. As I stated several weeks ago,
competition will continue and it will
be real competition the same as heretofore."

The above bears out just what Supt.
W. P. S. Hawk of this city said in
The News two days ago, on announce-
ment through the Associated Press of
the absorption of the Western Union
by the "billion dollar trust."
