☞ Maud's Peril, at Thorne's benefit to-night.

THEATRE.—There was another excellent performance, last night, of "Halvei, the Unknown," followed by the farce of "My Turn Next."

For the benefit of Mr. A. Thorne this evening, a bill that ought to draw, is presented, consisting of Watts Phillips' four act drama of "Maud's Peril" and the farce of "A Capital Match," with an interlude in which Mr. J. Maguire will recite "Our Flag," with orchestral accompaniment. Miss Lizzie Davis will sing a Scotch song in character, Mr. F. Lee will recite "The Vagabonds," and Mr. W. T Harris will deliver a burlesque oration on "Woman's Rights," after Sol Smith Russell. In the play Mr. Thorne assumes the character of "Sir Ralph Challoner," Mr. Bates that of "Toby Taperloy," Miss Walters that of "Lady Challoner," Miss Simons that of "Kate Sefton," and Miss Voeller that of "Susan Taperloy." Mr. Dudley appears as "Gerald Gwynn."

In the farce Mr. Graham represents "Mr. Sunnyside," Miss Kent "Rosamond" and Mrs. Bowring "Mrs. Singleton."

During the evening Operti's "Dreaming Eyes Waltzes," arranged by Professor Thomas, will be performed by the orchestra.

AN ERROR.—A typographical error made us say yesterday that the new locomotive just received by the U. C. R. R. Company weighed twenty-one tons. It should have read thirty-one tons. The latter weight is five tons greater than that of any other locomotive possessed by the company.

FROM DWYER'S.—We have received from Dwyer's news depot the "California Mail Bag," for October, which, for a combination of varied, instructive and amusing reading matter is scarcely excelled by any other journal of the kind in the country. The pages of the present number are graced with a life-like photographic likeness of Agassiz, together with a well written pen sketch of the same great scientist. We have also received "Bow Bells," a weekly journal of general literature; the "Ladies' Journal," "Pomeroy's Democrat," "Greeley's Comic Almanac," and the London "Mining Journal, Railway and Commercial Gazette."

☞ A Capital Match, at Thorne's benefit to-night.

PORTLAND, DALLES AND SALT LAKE RAILROAD.—Here is a dispatch from Portland:

PORTLAND, Oregon, 7.

The subsidy granted by the Oregon Legislature to the Portland, Dalles and Salt Lake Railroad is estimated to be worth three million dollars. Over one hundred miles of Road has been located between the Columbia River and La Grande, fifty miles of which is ready for contract, and work is expected to begin on the first of April. Col. Chapman, president of the Company, goes east to renew efforts with Congress for further aid.

ELDER LINDSEY.—Speaking of a visit to Bridgeton, N. J., of Elder Mark Lindsey, the *Pioneer* of that place says:

"Elder Lindsey's parents reside in England, for which place he expects to sail from New York on the sixth of November, in company with about twenty-five gentlemen and ladies, among whom is Geo. A. Smith, chief counsellor of President Young, from Salt Lake. Most of the company are on their way to the Holy Land, but intend to return to Utah. On Wednesday morning Elder Lindsey left Bridgeton for New York, at which place he expected to meet about two hundred Mormons from England on their way to Utah. They do not seem to be much discouraged, notwithstanding the difficulties they have lately had to encounter. The Elder speaks favorably of that country as an agricultural and mining region, and in proof of what the products are, he brings with him some of the largest and finest specimens of apples that we ever saw, some of those raised on his own premises weighing twenty-four ounces. He says they are only fair specimens of what the Territory is capable of producing. As a mining region, it is becoming one of the most famous in the world. Over fifty specimens of lead, copper, silver and gold ore were exhibited to us from as many different mines of Utah. It is a rare thing to see such a great variety of ore from any one locality.

"While the precious metals abound there, and many are making fortunes from the mines, President Young advises his people to give their attention to agricultural and other pursuits, in preference to mining. His policy has been to encourage habits of industry and economy among the Mormons, and have them peaceable and law-abiding citizens. Whatever may be thought of the peculiar doctrines of the Latter-Day Saints, they evidently have some good features incorporated into their belief and practice."

PUTTING IT STRONGLY.—One of the anti-mormon lecturing ladies recently gave the Cheyenne people to understand that "there was not a redeeming feature in the Mormon faith." The Cheyenne *Leader* man evidently thinks the lady is not so strong on facts as she might be and generally that he could express his feelings dramatically upon her lecture thus—"Methinks the lady doth protest too much."

☞ A Woman's Rights oration by Mr. Harris, at Thorne's benefit.

ENGAGED. — The theatregoing public will be pleased to learn that the management of the Theatre have secured the services of Miss Florence Kent, who is now a member of the stock company.

BURNS OR SCALDS.—Keep the injured part wet with the dark green lubricating or machine oil, sold at the Co-operative and some other stores, until the pain ceases. A gentleman, speaking from experience, informs us that this is an excellent application, effecting remarkable curative results in a short time. He was indebted for information of this simple remedy originally to the *Scientific American*.

PROVO.—We learn from Judge Geo. W. Bean, of Provo, now in town, that the work of putting on the iron roof on the new county court house at that place is nearly completed. The court house is a respectable two storey brick structure, fifty feet square.

LIVELY.—Mr. Thorne will probably have a good house on the occasion of his benefit to-night, judging from the lively manner in which tickets were being sold this morning. The bill for to-night is a good one.

☞ A Scottish song by Miss Davis, at Thorne's benefit to-night.

A DECIDED IMPROVEMENT.—The plank sidewalk at the Exchange Building corner, along First South street, is a great improvement. In wet weather that was wont to be a rather miserable place for pedestrians, puddle, puddle, all the time, There are a few other places in business parts of the city which are anything but inviting to foot, except to the webfooted, in time of prevailing wet or moisture. They need similar attention.

GRAVELLING.—The sidewalk in front of the Theatre is being gravelled to-day. We understand it is the intention of the management to have it flagged in the Spring.

OPENED.—Messrs. G. Fred Culmer & Co. have opened their retail grocery house in the Groesbeck block. Mr. Culmer is late of the firm of Day & Culmer. The new firm make a specialty of all kinds of window glass, and are receiving and arranging goods in their capacious store.

THERE is a letter at the Deseret Telegraph Office, next door north of Wells, Fargo & Co's, for J. C. Mather,

☞ Recitation by Messrs. Maguire and Lee, at Thorne's benefit to-night.

MESSAGE.—There are messages at the W. U. T. office for Sheriff Lee and S. J. Lynn.

LECTURE.—Mr. Jones' lecture last night, on "Plays and Players," was worthy of its predecessors of the series. His style is both instructive and amusing.

IDAHO ELECTION. — The election for Delegate and other officers, in the southern part of Idaho, passed off quietly. The two election districts in the Bear Lake country polled a solid vote for Hailey, the Liberal candidate for Delegate to Congress, and the whole Liberal ticket. It was a comparatively light vote. The Paris election district cast 220 votes, and the Montpelier district 60.—*Ogden Junction*, Nov. 7.

[For Deseret Telegraph.]

Pioche Election Matters,

PIOCHE, 7.—They are still counting the votes of the election and expect to finish about noon to-morrow. Crowds night and day are congregated in front of the polls and the interest in the result still continues. Panacca gives Travis, Rep., candidate for county sheriff, 38 majority over Kane, Dem., and Bullionville 40. Dry Valley, Clover and Highland precincts, from official reports, show a majority for Travis of over fifty votes. The Republicans claim 150 majority for Travis in the surrounding precincts; 1,150 votes are counted of 1,640 registered. Greeley is ahead of Grant by 120 majority. For the Senate, long term, Clapp, 620, Hickman, Dem., 525; short term, Brown, Rep., 520, Wilson, Dem., 605. Assemblymen, Praigue, 570, McFetrish, 560, Patten, 516, Reps; Wallace, 620, Shoaff, 602, Marshall, 504, Dems. Total for Travis at 7 p.m., 652, Kane, 585. Hawley, Rep., candidate for assessor and collector, 41 majority over Curtis, Dem. Miller, Rep. candidate for county clerk, 685, Gorman, Dem., 561. One Rep. assemblyman and two Dems. will doubtless be elected. Kendall for Congress has about 110 over Goodwin, Roeder, Dem., treasurer, is 115 ahead of Wiederhold, Rep. Earl Hamilton, Rep, for County commissioner has been elected. Of some ten thousand dollars in bets on the result of the election, probably two-thirds were bet on Travis or Kane.

Strain, shot on the evening of the 5th, is said to be dying. Dowd will recover. One or two street fights to-day. An unusual amount of freight from Toano unloaded to-day.

RETURNED MISSIONARY.—We had a call to-day from Elder Thomas Dobson, who had charge of the company of emigrants that arrived in this City yesterday morning. He left this city in May, 1871. On arriving in England he was appointed to preside over the Liverpool Conference, after which he labored as President of the Nottingham Conference. The company under his charge nubered 202 persons. They left Liverpool, in the S. S. *Minnesota*, Oct 16th. The sea voyage lasted thirteen days, during most of which time very rough weather and head winds were encountered. On the 19th there was a terrific storm, during which the bulkhead railing was washed against the hatchway, and the water rushed down upon the lower decks to the depth of about three feet. Under those circumstances, however, the Saints were calm and undismayed. The company lay over one and a half days at New York and the overland trip from that point occupied only seven days.

The following returned missionaries, besides Elder Dobson, traveled with the company:

Elders Oliver G. Snow, Ralph Harrison, Jesse Gardiner and William Kelsey.

MUSIC.—From Calder & Sears we have the following sheet music; "The Belle of Saratoga," "Ten Little Rogues," "Un Jour du Printemps," "Meet me, Bessie, in the Dell."

Latest by Telegraph.

NEW YORK, 8.—The annual report of the Secretary of War, received here by specials, is quite brief. He compliments congress for such completeness of last year's legislation that there is little room for further legislation, recommends the establishment of military prisons in place of the present system of sending army convicts to the state penitentiaries, also the enactment of a code for specific punishment for army offences. Desertions are reported greatly fallen off the past year. He renews the recommendation that extras to each regiment be dispensed with as vacancies occur, and thus some $160,000 per annum. He advises the raising of the intellectual standard of admission at West Point, also the sale of a large number of now useless arsenals in the South and elsewhere, the establishment of a general arsenal of construction on the Atlantic State, and another on the Pacific. These arsenals, with that already at Rock Island, in Mississippi Valley, would efficiently meet the wants of the service in time of need. Progress in experiments with improved navy ordnance and with French-loading small arms is slow. He considers channel obstructions and torpedoes, protected by heavy batteries, as valuable for harbor defences, and experiments with torpedoes have been successful in determining the kind to be used. The secretary recommends storage of torpedoes for defence in New York and other harbors. A new system of inspecting disbursing officers' accounts is in full operation. He concluded by regretting that one-sixth of the army is still detained in the Southern States, east of the Mississippi, in hopes of improving the social condition. He will soon reserve that force for frontier service and he says the military expenditures are on a descending scale.

Are indorsed and prescribed by more leading Physicians than any other tonic or stimulant now in use. They are A SURE PREVENTIVE for Fever and Ague, Intermittents, Biliousness, and all disorders arising from miasmatic causes. They are highly recommended as an anti-dyspeptic, and in cases of indigestion are invaluable as an Appetizer and Recuperant, and in cases of General Debility they have never in a single instance failed in producing the most happy results. They are particularly BENEFICIAL TO FEMALES, strengthing the body, improving the mind, and giving tone and elasticity to the whole system. The HOME BITTERS are compounded with the greatest care, and no Tonic Stimulant has ever been offered to the public SO PLEASANT TO THE TASTE, and at the same time combining so many remedial agents, indorsed by the medical fraternity as the best known to the Pharmacopoia. It costs little to give them a fair trial, and

Every Family should have a Bottle.

We ask every one to read the following Certificates from many of the most eminent physicians in the country:

ST. LOUIS, July, 1870.—JAMES A. JACKSON & CO.: Gentlemen—As you have communicated to the medical profession the receipt of the "Home Bitters," it can not therefore be considered as a secret or patent medicine, and I have much pleasure in saying that I have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, and is the only formula for the purpose I have seen of the class to which they belong, being highly tonic, stimulant, stomachic, Carminative and slightly Laxative. The mode of preparing them is strictly in accordance with the rules of pharmacy. Having used them, seen its effect in our private practice, we take pleasure in recommending them to all persons desiring a reliable and efficient tonic as being the best Tonic and Stimulant now offered to the public.

ST. LOUIS, July 6, 1870.—JAS. A. JACKSON & Co.: Having examined the formula from which your celebrated "Stomach Bitters" are prepared, and having witnessed the method of combining the different ingredients, and used them in the Hospital as the best tonic with which we are acquainted, from the great care with which they are compounded, and from the character of materials which enter into them, we have no doubt that they will prove, as they deserve to be, the most popular tonic and stimulant in use. Respectfully yours, T. G. COMSTOCK, M. D.
