

SHEETS AGAIN UNDER ARREST

When He is Arraigned on Saturday His Bonds Will be Fixed at \$500.

TO MAKE RECORD COMPLETE.

So no Technicalities May Arise Which Will Prevent Case Going to Supreme Court.

As was stated in the "News" last evening, a complaint was issued by County Atty. Hanson yesterday afternoon against Chief of Police George Sheets, charging him with criminal conspiracy in connection with the McWhirter conspiracy. The complaint was filed in Justice of the Peace Bishop's court in the case of before Judge Whitaker, as was the intention yesterday. The county attorney notified Atty. E. A. Wedgwood of the action taken in the case and Chief Sheets was notified by telephone to appear at Justice Bishop's court at 5 o'clock.

At that hour he appeared in court with his attorney and it was decided by County Atty. Hanson that the chief will be arraigned on Saturday. When he is arraigned his bail will be fixed at \$500 instead of the \$1000 which was before. This action was deemed necessary in order to make the record in the case complete which will prevent the case going to the supreme court if necessary.

One of the chief's attorneys is out of the city and it has not been definitely decided what action will be taken in the case just yet. It is believed, however, that the chief will waive a preliminary hearing and the case will proceed identically the same as in the former case and the evidence will be the same. When it goes to the district court a motion to quash the information will be made by the chief's attorneys and if granted the state will then appeal to the supreme court.

EVICTING UNION MINERS.

Men Being Turned Out of Company Houses at Rock Springs.

(Special to the "News.")
Rock Springs, Wyo., May 30.—The work of evicting union miners from company houses commenced this morning, but there has been no trouble. The men and their families are seeking quarters elsewhere, while others are moving out of town, and not a few are arranging to return to their native homes in foreign lands. The mines are closed, and it is believed for a long time to come. Both sides have settled down for a long siege.

WONDERFUL ECZEMA CURE.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Bitters, bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines sold at Z. C. M. I. Drug Dept., 112-114 Main St., 50c.

VOTING IN ALABAMA.

It is Marked by Gross Fancies, According to Letter Received Here.

A letter received by L. H. Davis of Salt Lake relative to the voting of illiterate blacks in the south, is of special interest following the Sunday evening lecture of U. S. Senator Tillman of South Carolina. The letter, which comes from Alabama, states that at the last election negroes were kept in the houses of men who died 20 years before the war. Similar conditions exist in southern Texas, where ignorant Mexicans are run over the border and herded in cellars and cellars just prior to election day. At the proper time they are marched in squads to the polls, voted, paid off, and then sent back home over the Rio Grande river.

Mrs. S. Joyce, 180 Sullivan St., Claremont, N. H., writes: "About a year ago I bought two bottles of Foley's Kidney Cure. It cured my kidney trouble, and I have been free of kidney trouble for several years." It is certainly a grand, good medicine, and I heartily recommend it. For sale by F. J. Hill Drug Co., "The never substitutes."

NOVEL PROTECTION.

Electric Gong to Sound Burglar Alarm for Local Bank.

The Utah Savings Bank & Trust company has just contracted for a burglar alarm that is novel in its operation. The mechanism will be attached to the vaults in the new bank building, and connected with a street gong on the street front of the building, as well as with the police station. It is claimed that the moment a drill is set against the vault door, an electrical current is set in motion that rings the gong so that the entire street is aroused, and sounds the alarm at police headquarters. There are 32 of these devices in use in Chicago, where it is claimed that no attempt has ever been made to rob a vault thus protected.

DEATH OF MRS. THOMAS.

Prominent in Early Settlement of Cache and Bear Lake Valleys.

Mrs. Maria H. Thomas died at the home of her son-in-law, Elder George Teasdale, 1910 Tenth East street, yesterday afternoon, from general debility. Deceased was the wife of Preston Thomas, who was prominent in the

FATAL DISEASE ATTACKS SHEEP

Idaho Flocks Suffering From Affliction That Causes Blindness And Generally Death.

CAUSE NOT YET DETERMINED.

It is Thought to Lie in Soil or Water, However, as Disease so Far Confined to Certain Localities.

Reports from Soda Springs and Idaho Falls are to the effect that a fatal disease prevails among flocks of sheep in those localities, which has been given the name of "big head." When stricken the head of the animal increases to an enormous size, and often the eyes bulge out, blindness generally following even the slightest touch of the disease. Whether the disease is occasioned by some poisonous weed or by elements in the soil has not been determined. One of the two conditions is thought to be the cause, as it is only in certain localities that the malady prevails. The losses of sheep mean each year from the contagion are heavy, and especially fatal is the disease this year. The matter has been brought to the attention of the bureau of animal industry, with a view to having the cause of the contagion determined and a remedy provided.

DAMAGES FOR DEATH.

Sophie Condie and Children Win In Suit Against Rio Grande.

The jury in the case of Sophie Condie and children against the Rio Grande Western Railway company, which was tried in Judge Lewis' court, has returned a verdict in favor of plaintiffs for \$5,000. The action was brought to recover damages for the death of Joseph Condie, who was killed at the Rio Grande shops while cleaning an engine on May 8, 1906. He left a wife and seven children, who were the plaintiffs in the case.

BANK AS ADMINISTRATOR.

Mrs. Hardie L. Clark Asks That Utah Savings & Trust Co. Act.

Mrs. Hardie L. Clark has filed a petition in the probate division of the district court asking that the Utah Savings & Trust company be appointed administrator of the estate of her deceased husband, James W. Clark, who died on March 18 at Stockton, Cal. The estate consists of \$100 in cash and stocks in various companies. There are three heirs to the estate.

A NARROW ESCAPE.

G. W. Cloyd, a merchant of Plunk, Mo., had a narrow escape four years ago, when he ran a limousine into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve, and that cured the wound." Sold at Z. C. M. I. Drug Dept., 112-114 Main St.

TWO MEN RUN OVER.

Laborers on the Short Line Repair Track Seriously Injured.

Thomas Frederickson, an air inspector on the Short Line, and Perret Noorda, a laborer on the "rip" track, were run down by a freight car being switched around the yards yesterday. Frederickson sustaining a crushed foot and Noorda a severe scalp wound. The men were engaged, as usual, repairing broken cars, when a switching crew, disregarding it, said, this blue flag hung out by the laborers, backed into the track with a number of freight cars, one of which caught Frederickson and Noorda unaware with the result given above. The men were taken to L. D. S. hospital, where they received attention. It is probable that Frederickson's foot will have to be amputated. Noorda soon recovered sufficiently to be sent to his residence.

DISTURBED THE CONGREGATION.
The person who disturbed the congregation last Sunday by continually coughing and sneezing, has been identified as Honey and Tar. For sale by F. J. Hill Drug Co., "The never substitutes."

AMERICAN TRADING CO.

Its Articles of Incorporation Are Filed With County Clerk.

Articles of incorporation of the American Trading company of this city have been filed with the county clerk. The capital stock of the company is \$200,000. M. O'Brien is president; H. A. Nelson, secretary and treasurer. The company will engage in the manufacturing and mercantile business.

END OF COMMENCEMENT.

Banquet and Dance at L. D. S. E. Close Formal Ceremonies.

The commencement exercises of the L. D. S. E. closed last evening, with a banquet and dance, participated in by members of the Alumni association. The function was held at the Lion House, and there were about 150 persons present. Tables were spread in the spacious diningroom, and the repast was prepared and served by young ladies of the domestic science department of the school. An interesting program was carried out, consisting of speeches and music. E. Conway Ashton was master of ceremonies, and his address was responded to by Hon. Heber J. Grant and Messrs. Joseph J. Cannon, William Dene, J. L. Home and John V. Hildes. Florence Flinger and George A. Hildes were the soloists of the evening. The meeting was one of the most enthusiastic and enjoyable in the history of the association.

DON'T PAY ALIMONY.

to be divorced from your appendix. Prices—W. G. Tuttle, O. F. Peterson, W. J. Halloran, C. W. Johnson, A. C. Sadler and Mr. Homewy. Finance and tickets—J. L. Perkins, Thomas Marianne and B. A. M. Froiseth. The association also appointed a committee composed of W. J. Halloran, O. F. Peterson and M. L. Cummings to call on the city council and urge that it support the movement to establish a zoo at Liberty park.

Chairman Palmer of the special committee appointed to arrange for a Los Angeles excursion, reported that the railroad people suggested that the excursion include also the southern Nevada mining camps. Nothing at Saltair is immense. Come out Thursday and enjoy it.

COMBINE AGAINST SALT LAKE ROUTE

Nevada Lines Alleged to Have Entered an Agreement to Deprive Clark Road of Business.

BETWEEN BROCK AND SMITH.

Connections Furnished by Brock and Borax Smith May Make Things Interesting for San Pedro.

The reported alliance of the Brock and Smith railroad interests against the Salt Lake Route for the business of the western Nevada mining camps has aroused considerable interest in railroad circles, and has brought out at least one denial from a prominent Nevada railroad official. The report, as given out in a special dispatch from Rhyolite, was to the effect that the Brock and Smith interests there, embracing the Goldfield & Tonopah railroad and the Tonopah & Clark line, had combined for mutual benefit and for the purpose of opposing the Clark railroad interests in Nevada. The report is that the Smith line would be terminal at Rhyolite, where the Brock line already has terminal facilities. At the present time the Brock line runs between the southern Pacific and the north into Rhyolite, while the Smith line connects the San Pedro with Rhyolite on the south. The result of the alleged combination would be the alignment of the Southern Pacific and Santa Fe against the San Pedro, Los Angeles & Salt Lake road, from the camps toward Los Angeles and San Francisco is the prize for which all the roads have been striving.

Although the existence of the combination has been denied by General Manager J. H. Hedden of the Brock system, reports are insistent to the effect that an agreement has been entered into between the Brock and Smith lines to fight the Clark road.

ROAD MUST LOOK SHARP.

The latest phase in the situation developed at a recent meeting between General Manager Ryan and Traffic Manager Albert of the Tonopah & Clark line, and John Brock, president of the Brock extension of the Southern Pacific, which was held in Brock's private car in Beatty. At the meeting, it was arranged that the Brock line, which is to be completed to the Bullfrog district, will be effected which will materially interfere with the Clark supremacy in the Bullfrog district.

At the present time the Brock line has the shortest route between Rhyolite and Goldfield, connecting with the Southern Pacific near Reno, controlling the Goldfield district and tapping the country between the Mack and Bonnie Claire mines in the Bullfrog district, while Clark controls practically the remainder of the Bullfrog district. The Brock-Smith line is now completed to within 50 miles of Rhyolite and within 90 days will be operating into camp. This line is a hundred miles shorter in its length to Los Angeles than the Clark road, and by connecting with the Brock line at Gold Center, where the right of ways are adjacent, fast trains will be able to make the round trip between Goldfield and Tonopah to compete with the San Francisco merchants.

NOTHING KNOWN HERE.

When interviewed in regard to the developments as given above, the officials of the Clark road in this city said they were in ignorance as far as the division of the road is concerned. It is a matter that would be handled directly from the headquarters of the road at Los Angeles, by the traffic department, and nothing has been heard here that would tend either to confirm or deny the existence of the alleged combination. It is claimed, however, that when the officials of the Clark road and legal department were in conference with President Clark and General Manager Bancroft of the Short Line in this city last week, when they were here to discuss some kind of a meeting in Nevada of the officials of the various lines centering in the mining region, and what interesting reports and comments may take, time only will tell.

FURTHER WAGE INCREASE.

Unorganized Labor on Eastern Roads Raised by Ten Per Cent.

Chicago, May 29.—The Record-Herald today says: Before the end of the summer more than 200,000 unorganized laborers and mechanics employed by western railroads will receive voluntary increases in wages which will average 10 per cent. The aggregate increase will be several millions of dollars. The movement to increase the wages of clerks and unorganized laborers began early in the year and has proceeded quietly until some of the big systems have completed their new schedules. The increases are said to have been apportioned in a manner intended to show that it is unnecessary for labor to organize to receive proper recognition.

Orino Laxative Fruit Syrup is best for women and children. Its mild action and pleasant taste makes it preferable to violent purgatives such as pills, cathartics, etc. Get the booklet and a sample of Orino at F. J. Hill Drug Co., "The never substitutes."

HOPE FOR A REFUND.

City Engineer Will Submit Apportionment of Rebate to Council Monday.

The apportionment of the rebate to the property owners of the \$7,850 withheld from the Alcatraz Asphalt company as a penalty for failing to complete the Second and Third South street paving within contract time, has been completed by City Engineer Kivley and will be submitted to the city council Monday night for final approval after which the property owners may receive their refund. The company sued the city for the rebate, and the city was decided in favor of the city in the federal court. The refund on Second South street is at the rate of 42 1/2 cents per front foot, and on Third South it is 60 cents per front foot.

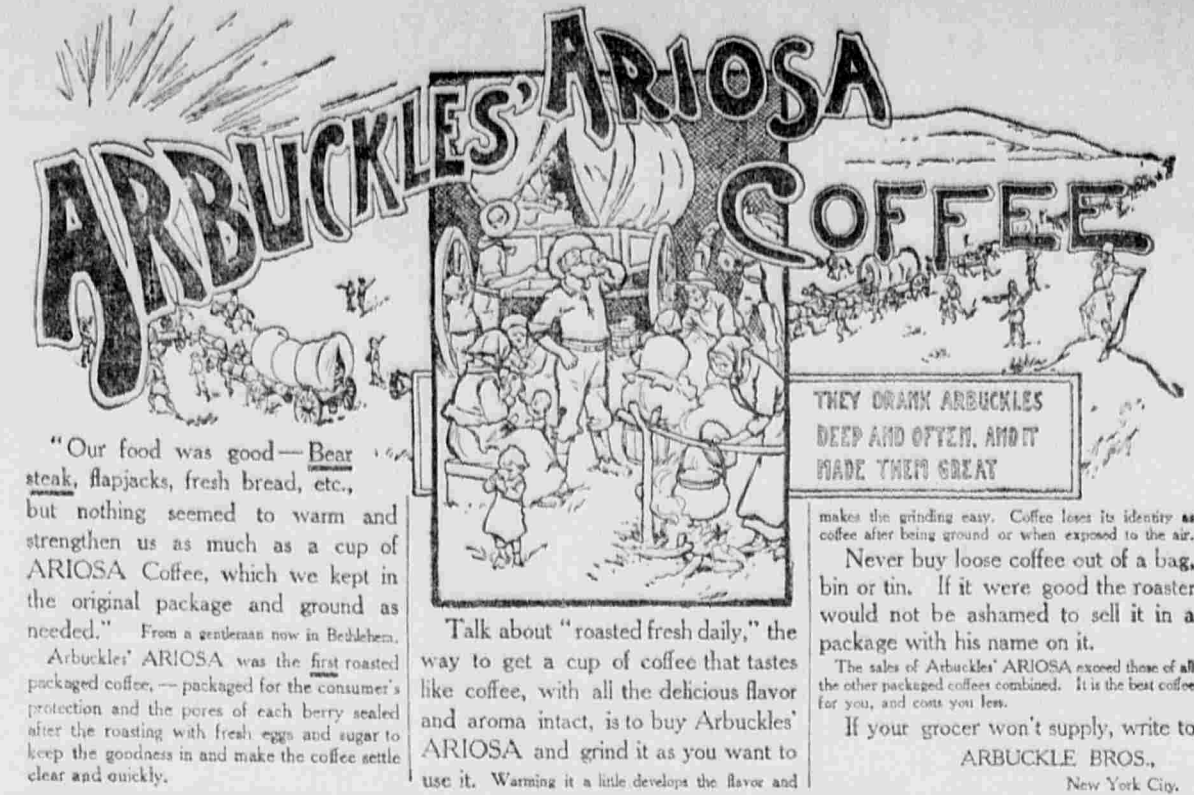

Kidney complaint kills more people than any other disease. It is so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time. For sale by F. J. Hill Drug Co., "The never substitutes."

WOMAN IN RUNAWAY.

Pedestrians Stop a Rig Containing Mother and Four Children.

Shortly after the parade was over today, a horse, attached to a covered delivery wagon, dashed eastward along South Temple street, and upon reaching Main street turned to the northward. In the vehicle was a woman and her

ARBUCKLE'S ARIOSIA COFFEE

They drink Arbuckle's Deep and often, and it made them great.

"Our food was good—Bread, steak, flapjacks, fresh bread, etc., but nothing seemed to warm and strengthen us as much as a cup of ARIOSIA Coffee, which we kept in the original package and ground as needed."

From a gentleman now in Boulder.

Arbuckle's ARIOSIA was the first roasted packaged coffee, — packaged for the consumer's protection and the peace of each berry sealed after the roasting with fresh eggs and sugar to keep the goodness in and make the coffee gentle clear and quickly.

Talk about "roasted fresh daily," the way to get a cup of coffee that tastes like coffee, with all the delicious flavor and aroma intact, is to buy Arbuckle's ARIOSIA and grind it as you want to use it. Warning: a little develops the flavor and

THEY DRINK ARBUCKLE'S DEEP AND OFTEN, AND IT MADE THEM GREAT.

Never buy loose coffee out of a bag, bin or tin. If it were good the roaster would not be ashamed to sell it in a package with his name on it.

The sales of Arbuckle's ARIOSIA exceed those of all the other packaged coffees combined. It is the best coffee for you, and costs you less.

If your grocer won't supply, write to ARBUCKLE BROS., New York City.

NEW UTAH MAP.

It is Issued by the Geological Survey On Cottonwood District.

Washington, D. C., May 30.—Among the maps of economically important districts recently issued by the United States Geological Survey is the Cottonwood (Utah) special sheet, published on a scale of one-half inch to a mile, with contour lines representing 50-foot intervals. This map shows in great detail features of relief and drainage, as well as such cultural features as roads, trails, houses, and the location of the numerous mines and prospects. The northern part of this area is within the Salt Lake forest reserve, and a map of the district lying immediately east of the northern part has been published by the survey as the Park City special sheet.

Both of these maps are for sale by the survey at 5 cents per copy, when included in wholesale orders of 100 sheets or more, the price is 3 cents each. Remittance of exact amount in cash or money orders, must accompany all orders, which should be addressed

Saltair opening, Thursday, Decoration Day.

AMUSEMENTS.

Theater—It was 11 o'clock, night again at the theater last evening, and the clans were out in throngs to cheer for their favorites. The boys and girls of the normal classes gave the entertainment, the medium selected being the opera of "The Merry Milkmaids," rendered by a chorus of something like 125, with the interest supplemented and heightened by frequent patriotic allusions to the University, songs eulogizing Profs. McKnight and Stewart, the waving of the U. of U. colors and the lowering of a monster "U" from the dais, at all of which needless to say, pandemonium broke loose. The parts of the opera were sustained by the following: Miss Mae O'Neill, Miss Lillian McFarlane, Miss Claire Noe, Miss Christine Johnson, Francis Redfield, Stanley Johnson, D. H. Sandin, Frederic Reber, Mr. Willard Nelson, J. Walton Ward and Warren Taylor.

The best work of the night was done by the chorus, whose voices were tuneful and bright, and whose articulation was especially good, something all too rare in choruses. Miss O'Neill and Miss McFarlane were best among the soloists. The drills, too, were pleasant features, and for these departments Mrs. King, the instructor, deserves commendation.

The inevitable drawback in performances of this kind is the lack of proper acting material, and we think it is taken kindness in papers or individuals to "gush" over the work of people in amateur presentations, when their work leaves so much to be desired. It does no good to the young people concerned, to their teachers or to the great institution of learning they represent, to have them put into parts whose inexperience in acting, dialogue and dressing simply causes them to be laughed at.

Greater care in selecting the medium through which a music class is to be desired. It does no good to call for acting and costuming, is recommended in all kindness of instruction. The musical talent is there in abundance, and it is sufficient if that is cultivated, without pushing the students upon the department of dialogue, acting, costuming and the other essentials of operatic presentation.

Viola Allen—This well remembered and very popular actress opens at the theater tonight in Shakespeare's "Twelfth Night."

Orpheum—Big holiday business is looked for tonight. "The Cowboy and the Lady" has struck the popular fancy.

Grand—A special matinee of "Under Two Flags" is going on this afternoon.

Lark—Big business is in evidence both matinee and night today at the vaudeville house.

NOTICE TO OUR CUSTOMERS.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains neither poisonous nor harmful drugs, and we recommend it as a safe remedy for children and adults. For sale by F. J. Hill Drug Co., "The never substitutes."

Saltair opening, Thursday, Decoration Day.
