LOCAL BRIEFS.

The fees of the county clerk's office for the month of October amounted to \$1,911.02.

Hazel Lloyd, aged 15, is convalescent at St. Mark's hospital from an operation for appendicitis.

Nicholas Schmittrodt is recovering from his runaway automobile accident, and will soon be out.

State Superintendent of Schools Nelson has returned home from Emery county where he inspected the schools.

Mrs. A. Hollander submitted to a delicate operation yesterday, at the Salt Lake private hospital, and is doing well.

J. A. Yeatman of San Francisco and formerly of this city, is in town en route west from an engineering trip to Colorado.

The local weather office looks for a continuation of the present pleasant weather, so that a delightful fall seems to be assured.

Local militia officers do not believe the Ogden company of infantry will materialize, owing to the opposition from local trades unions.

The front elevation of the Catholic cathedral is being rapidly built, and is now above the great front circular window. As soon as the roof arrives, it can be put at once in place.

The new elevator plant in the Temple block is completed, and the cage shoots up and down "like a think of beauty and a joy forever." The removal of the old cage is not regretted.

Colonel Hickey, of the bureau of animal industry, says that acanthus in this state have materially improved; and while there are cases yet remaining, they are so few as to excite no apprehension.

Judge Lewis has rendered judgment in favor of defendants in the case of the Utah National bank against John R. Foulkes et al. The action was brought to recover \$250 alleged to be due on a promissory note.

Suit has been filed in the district court by Brown and Henderson, attorneys, against Alvin E. Snow, to recover \$100, alleged to be due for legal services rendered in the trial of the case of C. D. Morrison vs. Alvin E. Snow et al.

County Treasurer Carbis requests that the holder of tax receipt No. 8180 return the same to him as there is an error in it which should be corrected, otherwise there will be a cloud on the title of the property named in the receipt.

John Held is engraving a suitable legend on the 1100 loving cup, offered annually by the Z. C. M. I. to the athletic association within its corporate limits, that wins the annual Agassiz series. The last cup was won by the victory team under George S. MacAllister.

There are no changes of marked consequence in the local markets this week. There is, however, an accession to the poultry market in the shape of turkeys, which are wholesaling at 15 cents and retailing at 22 cents. Utah turkeys are plenty, and eastern birds are coming this way.

Dr. Mabel Hughes, superintendent of the Keogh-Wright hospital, has resigned and is going east to take a post-graduate course. Her successor has not yet been named, but it is understood that she will be succeeded by a lady from the east. The nurses tendered Dr. Hughes a reception on Saturday night.

Maud E. Felthousen has filed suit for divorce in the district court against John D. Felthousen, whom she alleges is now serving a term of two years in the Montana state prison for the crime of assault with intent to murder. They were married in this city on Nov. 12, 1900. Maud Felthousen also asks that her maiden name, Maud Morrison, be restored to her.

The Fairview Mercantile company filed articles of incorporation with the secretary of state, with capital stock of \$15,000, in shares of \$5 each. Andrew Larson is named as president; Heber Johnson, vice president; Sidney Sanders, secretary; John A. Walker, treasurer; and John W. Pritchett, Ole Larson and E. L. Terry, directors. There are twenty-two stockholders and incorporators.

During the month of October, City Food Inspector J. J. Meyers condemned 5,000 pounds of food as being unfit for use. The matter condemned included groceries, meats, vegetables and other produce, all of which was hauled to the crematory and destroyed.

Inspection made during the month of October at the market stalls, 211; grocery stores, 225; restaurants, 157; commission houses, 132; fish markets, 15; bakeries, 31; hotels, 21; dairies, 15.

Car No. 40 of the street railway has been furnished with four motors, air brakes, and a complete operating equipment; and No. 31 will be similarly equipped. The remaining 30 cars, Nos. 2, the third of the rejuvenated Stephens cars, is ready to run out, and a fourth will be prepared in another week. An order on the barn bulletin board recently called for the street car company of 60 days' standing, to provide themselves with uniforms, including the regulation buttons.

Prof. Bond Cluff, Jr., president of the Brigham Young University of Provo, spoke to a large audience in the Twentieth ward annex Sunday night. The hall was filled to its utmost capacity, while many more were obliged to retire, being unable to get into the building. The subject of the lecture was "Travel in the Land of the Book of Mormon," and was illustrated with stereoscopic views.

The lecture lasted about an hour and a half, but was so instructive and entertaining that many remained standing during the entire time in order to hear it.

A damage suit has been filed in the district court by Buckle & Son, tailors, against L. B. Goldberg, A. L. Hamilton, O. M. Edwards, and Tracy, to recover \$1,000 as damages to plaintiffs' building stock and business by reason of the partial collapse of the building they occupy, caused by defendant excavating for a cellar for their building, which adjoins that of plaintiffs. In digging their cellar, defendants undermined the cellar of plaintiffs' building, so that it collapsed. It is alleged that plaintiffs' stock was injured \$300; fixtures, \$100; loss of business while repairs were being made, \$500; services of a night watchman to watch the premises of plaintiffs, \$100; total, \$1,000.

The Utah Light & Power company has permanently abandoned the Second East street station, so that there will be no more smoke from the big stack to the east of the station, and the smoke of the Fifth street. The final disposition of the property rests with the street railway company, now, or later, with the company resulting from the consolidation after the first of the year.

The Second East station was located originally under the impression that an electric power plant ought to be located as near the center of the system as possible, to secure the most economic results; but experience has proved this to be incorrect. Distance from a central location counts for nothing. This is illustrated by the location of the Niagara Falls plant, which supplies power to Buffalo, and even more distant centers.

The work of improving the grounds in front of the new buildings of the Latter-day Saints' university, is being pushed rapidly. A force of men are at work removing the locust trees and the wall that has served for a fence for 40 years. The removal of the wall and fence is to be put in immediately. The ground is to be put in a gentle slope to the buildings, the base of the rear building being about six feet above the grade of North Temple street. The completion of the cement walks on the entire south and west of these buildings with the beginning of lawns and trees will make the grounds a beautiful improvement. The work is being done under the direction of Presiding Bishop Preston. The foreman of the mason work is Mr. Rodan. The improvements are a credit to the artistic ideas of those in charge, as well as an ornament to North Temple street.

MODEL SCHOOL ROOM. The home and educational section of the Utah National library club has decided to furnish a model schoolroom in the Grant school building during the present year, which will be the fifth model school room thus furnished. In order to raise funds for this purpose, the club will hold a rummage sale at the club house during the second week in December. The home and educational section is a proposition that has been put down by boys who now spend their evenings in the street may meet and enjoy themselves in ways that are better than the usual haunts of the street. The project will be seriously discussed at the next meeting of the section, Dec. 7.

CITY NOW HAS BRAND NEW JAIL.

Council Last Night Accepted the New Bastille Upon Building Inspector's Recommendation.

FIVE SANITARY INSPECTORS.

After Considerable Debate Discharged Men Will Be Re-employed to Guard The Health of the City.

The city council last night accepted the new jail upon the recommendation of Building Inspector Uimer and the police and prison and special jail, site committees. The jail is now fully completed with the exception of a few furnishings to be supplied by the Van Doru company, and the heating apparatus which is not yet finished.

In his report, Mr. Uimer said in part: "The building in its several departments is above the average in workmanship for like construction. The interior and purpose of the plans and specifications have been complied with carefully, and I would recommend that the structure be accepted and the obligations of the city connected therewith be discharged."

The committee on police and prison and special jail site met with Mr. Van Doru before the council meeting and discussed the matter of forfeiture for failure to complete the work within contract time. It was agreed that the company would pay the actual loss to the city by reason of the delay, which means that the company will pay for the keeping of the city prisoners in the county jail for 82 days, the number of days over time which it required to complete the work. The exact amount of that has not been figured out but it will probably be about \$600 or \$800. The contract price of the jail was \$14,000, of which has been paid by the city except the final estimate of \$3,401.25, which will be paid as soon as the committee figures out the forfeiture.

INSPECTORS RE-EMPLOYED. Health Commissioner Stewart submitted a communication asking that the five special sanitary inspectors be retained. President Cottrell ruled that the inspectors had been dispensed with by the council two weeks ago, so Dr. Stewart was given permission to check his communication so as to make it a request for the employment of five inspectors. In support of his request Dr. Stewart asked that the floor and stated that if his department is deprived of its inspectors it would be greatly crippled. He said that it would be impossible to keep down contagious diseases and keep the city clean.

Black moved that the commissioner be given the authority asked during the pleasure of the council. Eardley opposed the motion and thought that as a matter of economy the services of these men should be dispensed with. He wanted the communication referred to the sanitary committee. Fernstrom was of the opinion that three inspectors would be enough to carry on the work. Hewlett, A. J. Davis, Black and Sharp spoke in favor of granting the authority. A motion was made and the council decided to grant the authority to employ five inspectors.

REUSE TO BE PAID. The committee on streets and finance and the city attorney recommended that the board of public works be authorized to secure a release from the amount paid by them for the paving of the alley running north from Second South street, between Commercial and East Temple streets, so that that amount may be paid to J. H. Reese & Co., for grading the alley preparatory to the work of paving. It was shown the committee by Chairman Clawson, the board of public works, that over \$3,000 had been paid in the city treasury by the property owners and that Mr. Reese had done the work and should be paid the amount due even though it is more than the cost of the cost of the work. The report was adopted.

CITY COURT BUSINESS. City Recorder Nystrom, ex-officio clerk of the city court, reported that there were 239 cases disposed of in the criminal division of that court during the month of October. The city received \$1,497 as fines and forfeitures.

PAYROLLS REFERRED. The department payrolls for the last half of October, amounting to \$12,220.85, were submitted by City Auditor Reiser and referred to the committees for approval.

HOME FOR CHILDREN.

Generosity of Mr. and Mrs. Alex Tarbet is Greatly Appreciated.

Mr. and Mrs. Alex H. Tarbet have given gratuitously for the winter to the Children's Aid and Home Finding association, a children's home for the winter, in their store and cottage property near the corner of I and First street; and this generous and opportune offer allows at once of an opportunity to open with children, who are in need of a home, or whose parents are unable to care for them. The offer is more appreciated from the fact that there is not in this city any public shelter for a child under the age of two years where it may be left while its mother goes out to work by the day. Working women with very small children, are at present obliged to leave them with neighbors, or hire some large child to come in and take care of things while they are away, which is not always safe, but still these mothers have to place their little ones where they know they will be safe, and thus be relieved of apprehension.

This department of the children's aid work is in the hands of a competent committee consisting of Mrs. Simon Barnard, Mrs. C. H. McMahon and Mrs. Hugh Park. These ladies will prepare the new home as soon as possible for the reception and entertainment of little children. Requests will be asked for the endorsement of beds and such other equipment as may be essential to the needs of the very small children. The committee will make public announcements of time set for the opening of the home.

THE OLD ARM CHAIR.

Peculiar Case for Probate in the County Clerk's Office.

Mary Gulevits died in this city on June 30 last leaving property in the form of an old arm chair which the petition for letters of administration filed this afternoon set forth as being worth \$5. This apparently is all she left behind for her heirs to squabble over. The fact that two brothers, James and Charles Gulevits, of Omaha, Pa., seek to have Charles L. Crockett appointed administrator for the estate would indicate that the old arm chair has some value. It is estimated that the cost of the administration from first to last will amount to \$50 which will leave the balance on the wrong side of the ledger for \$45.

The action of asking for letters of administration in the estate has occasioned much comment in the county clerk's office today, one theory being advanced that this is the original old arm chair of song and story which turned out to be stuffed with banknotes.
