PARALYTIC STROKE. Conveyed to Police Station and Theu

To His Home. At a late hour vesterday afternoon an

old man named Thomas Redford, residing at 235 F street, was stricken with paralysis on the corner of State and Second South streets, and feil helplessly to the ground.

Officer Barlow saw the old man fall and ran outcldy to his assistance. Finding that he was unable to arise or move |

his right arm or leg, the officer sent for the patrol wagon. Mr. Bedford was placed carefully on a stretcher and taken to the station, where he was laid on a table in the officers' quarters. The unfortunate man groaned piteously when the nature of his affliction dawned upon him and he made several vain efforts to move his arm and leg. Effective Today. Chicago, Jan. St .- James G. Peasley, vice president and treasurer of the Chicago, Burlington & Quincy Railroad company, the leasee of all the Burling-

He was made assistant treasurer of that road with headquarters at Burlington in '61, and in '66 left the railroad service to be cashler of the National State Bank

Some Light Upon Recent Changes In the Board of Directors.

Chicago, Jan. 31 .- The election of three new directors of the Rock Island and its connection with the First National Bank in New York have created much interest here. According to the Record-Herald, the alliance with the First National Bank interests is taken as significant. W. H. Moore was recently elected a director of the bank, and J. Pierpont Morgan controls it. These facts have led to the supposition that a new railroad alliance has been This being the case the Hill-Moore combination with the Northern

roperties and the Burlington and the Morgan-Moore syndicate with the Rock

Island in the southwest are in a posi-tion to make an interesting fight. Reently the Rock Island entered into a raffic arrangement with the Southern Pacific for the exchange of traffic at El Paso, and it was stated at that time that the arrangement was entirely salractory to the Rock Island. The ecord-Herald intimates a connection

between El Paso and Los Angeles is likely thus giving the Rock Island a road to the Pacific coast. The company is also figuring on many important extensions in Texas, Okla-homa and Indian Territory and it is runored that the Burlington, Cedar Rap

ids and Northern will soon be over and operated as a division of the Rock Island.

At the council committee meetings last night, the petition of Judge Tanner of the new city court, for additional furniture for his court room was rought up before the committee on municipal laws and was given rather a cool reception. The judge also asked for a baliff, which the committee forthwith refused for the reason that the court does not transact enough business to require the services of both a clerk and bailiff.
