Wired from Washington.

WASHINGTON, 6.—The President appointed Wm. S. Roulhac, of North Carolina, Secretary of the Civil Service Commission.

Merrick continued his attack upon Dorsey, and his defense of Reredell, in the Star route trial this morning.

Ingersoll, referring to the Chico letters said Reredell, the Government's own witness, had sworn it was written in 1878, and Dorsey was then at Chico Springs. Merrick exclaimed that was the last plank of drowning pirates; their only plank. Ingersoll, who had become somewhat excited, shook his finger at Merrick and retorted, "Reredell is your last plank, and you will sink with your plank, a rotton plank." The court declared the proceedings out of order, even disorderly. A lively passage ensued between counsel upon reference by Merrick to the J. B. B. check, who finally appealed to the court for protection from the eternal growls and snarls of the other side. Without settling the point, which hinged upon a disputed point in the evidence, the court adjourned.

The Postmaster General has selected a metallic red color for the new two cent postage stamp.

Secretary Chandler said to-day he expected a report from the Navy Yard Board; shortly, and the result will be some of the navy yards will be closed before the 1st of July. He would not say which ones they would be. It is generally understood Mare's Island Navy Yard will not be troubled.

The Secretary of the Interior will shortly detail a special officer of the Interior Department to visit the reservation of Zuni Indians, New Mexico, for the purpose of examining the land around Mitria Springs, which has recently been included within the reservation limits by executive proclamation and ascertaining whether those lands are really necessary to the Indians' well being.

General Joseph R. Hawley was to-night installed Commander of the District of Columbia branch of the Loyal Legion.

The President has appointed Benjamin Butterworth, of Ohio, William A. Patton, of New York, and Charles L. Perkins, of New York, Commissioners to examine 75 miles of the Northern Pacific in Montana, 50 miles of the same road extending westward on the Yellowstone Division and 25 miles extending eastward on the Missoula.

Indian Agent Wilcox telegraphs from San Carlos, Arizona, to the Commissioner of Indian Affairs an account of the recent surrender to the military of Indians belonging to Loco's band. He says they were cut off from the main body of the band by Mexican troops. They heard the country was full of soldiers, and fled to San Carlos for refuge. He declined to receive them, and they are now being fed by the military. Agent Wilcox also says the prisoners should be taken from the reservation and punished.

White Wolf, Big Bow and Sun Bear, representing the Kiowa and Comanche tribes of the Indian Territory, had a conference with the Secretary of the Interior to-day, respecting the boundaries of their reservation.

A series of 12 letters, said to be all on file in the Department of Justice, relative to the case of W. H. Ottman, furnished to the Associated Press, show that early in 1882, the case was turned over to Bliss as special counsel for the government; that Bliss reported on it recommending that the government dismiss its criminal and civil actions against Ottman on the payment to the government of $12,700. He said he made the recommendation with reluctance, because he believed Ottman guilty; but the fact that the crime had been committed a long time and the witnesses were scattered; that two former criminal prosecutions resulted in disagreement, led him to believe it to be impossible to convict; that while he believed the money held by the government was stolen from the government, he didn't believe the fact could be established in court. This proposed compromise was authorized apparently by the Attorney General, though no letter is on file to that effect, and the $12,700 was paid into the Treasury. The litigation grew out of the fact that $47,000 was stolen from the government in 1875, and there was an attachment on $33,000 in the Bank of Alexandria, Va., in Ottman's name, on the theory that it was stolen property.

Death and Disaster.

OWEN SOUND, 6.—The steamer *Magnet* of the Lake Superior line ran in the rocks at Cedar Island Sunday night, and remains fast.

San Francisco, 6.—The Sobrante gunpowder mills near San Pablo, exploded this afternoon. Two lives lost; particulars want ng.

The only further particulars received of the Sobrante gunpowder explosion is that it was the safety nitro works, and less serious than at first reported. The killed were Chinamen.

Tuscon, A. T., 6.—Henry Schuben, a Jew, committed suicide this morning, being despondent on account of financial affairs.

Williamsport, Penn., 6.—A large tank of the Tidewater Pipe Line Company at Muncie containing 8,000 barrels, was struck by lightning, and the oil was fired. Two or three buildings in Muncie were also struck.

Albany, 6.—A storm this afternoon caused damage of $50,000. Houses were undermined and streets torn up. Lightning struck several places. A large derrick on the capital and the flagstaff on the Delevan House were shivered. No one injured.

Philadelphia, 6.—The schooner *Charles P. Sinnickson*, New York for Charleston, is believed to be foundered at sea. The captain, wife and seven men perished.

New York, 6.—A severe rain and thunder storm visited this city this afternoon. Lightning shattered a number of flagstaffs in this city and Brooklyn. Wm. Price's residence, Brooklyn, burned down. Tank No. 25 of the National Storage Company's Oil Works, Jersey City, was also struck; the tank is 20 feet in diameter and 30 feet high, and contained 4,500 barrels of oil. The lightning passed entirely around the tank that the rivets holding the roof were entirely torn off. The inside of the tank was cracked for a distance of seven feet where the lightning left it and ran along the connections to the ground. The oil in the tank was not fired, although the sides of the tank were badly burned.

Worcester, 6.—During a heavy thunder storm to-night, Holy Cross College was struck by lightning and fired in two places. One fire was put out promptly; the other was on top of the tower, 130 feet high, and burned over two hours.

There was a serious fire in Sutton, but no particulars owing to no telegraphic communication.

Hutchinson, Ks., 6.—The Hazard Powder Company's magazine, containing 1,300 p unds of powder, was struck this morning by lightning. The explosion broke nearly every glass front in the city, wrenched several buildings from their foundations, knocked down plastering, lamps and clocks a mile away. One dwelling three hundred yards away was completely riddled by flying bricks.

New York, 6.—Highest point reached by the thermometer to-day; 93 degrees; 15 cases of sunstroke reported in this city and Brooklyn.

Milwaukee, 6.—The addition to the Northwestern Marine Elevator, owned by Marigold Bros. & Kershaw, burst at 4 o'clock this afternoon, under the pressure of 115,000 bushels of No. 2. wheat. The walls fell owing to the settling of the foundation, and about 2,000 bushels slid into the river. Seven tramps were seen dozing in its shadow, a few minutes before the crash, and it is believed they were buried under the ruins. The work of clearing the grain is going forward rapidly, in hopes of reaching the men if they are there, before life is extinct. Loss on the building, $50,000; the loss on grain cannot be estimated at present. The steam barge *C. K. Kershaw*, was telegraphed for at Chicago; she will load 53,000 bushels to-night.

Seymour, Ind., 6.—The passenger train on the Louisville & New Albany Railroad, was badly wrecked at Farmington, three miles south of here, by a trestle damaged by water giving way. David Autchinson, Engineer, Miller Humes, fireman, George Ammons, baggage master, and the porter, of the Pullman car, name unknown, were killed. No passengers were reported killed. The engine, baggage, Pullman and chair cars were completely wrecked and surrounded by water.

The Catalogue of Crime.

GALVESTON, 6.—The Wasson court martial assembled at the military headquarters this morning at 10 o'clock, General Small presiding, with a full board, Captain Clawa Judge Advocate. Charges first and second were supported by four specifications alleging in general terms that he (Wasson) had embezzled at various times since January 1st, 1883, sums of $4,000, $2,500, $3,000, $2,000 and $900. Charge third is supported by specifications reciting that he drew his check on the Assistant U. S. Treasurer at New York for $30,000 which he entered on the stub of his check book as $30, for the purpose of deceiving the Department Inspector, and to cover his deficit; and further alleged that while en route from Galveston to Fort Davis to pay off the troops, he concocted and caused to be spread a false story of robbery on the Texas Pacific train of $24,000, when in fact $20,000 of this sum was secreted in his private office at Galveston. This third charge was brought under the Articles of War as conduct unbecoming an officer and gentleman.

Wasson pleaded guilty to charges one and two, and specifications one, two, three, four and five of the third charge; but pleaded not guilty to charge third as a whole. The prosecution rested. Accused asked that A. Donegan and Mr. Parkhurst of Polk county, Iowa, be introduced as witnesses in his behalf. The testimony of the e witnesses was uniformly favorable to the good character and conduct of Wasson as a soldier from entering the war, and his social standing previous to his arrest recently on these charges. The court then adjourned until tomorrow.

The trial will probably be continued until Saturday. Wasson appeared without consul, though he has written an elaborate plea of 50 pages.

Galveston, 6.—A special says a mob at Denison, headed by the father of Hattie Bayless, who suicided a few days ago, made an unsuccessful attempt to lynch Burke, her alleged ravisher.

Little Rock, 6.—Morrilton special: The safes of the county treasurer of Van Buren county, and also of Clinton, Bradshaw & Thornborough, merchants, were blown open Tuesday by burglars. The treasurer's safe were robbed of about $7,000, and the merchants' of $700. Two suspected parties are being tracked by bloodhounds.

Woonsocket, R. I. 6.—James Dolan, pardoned by Gov. Butler of Massachusetts, in a dying condition, was arrested early this morning while breaking and entering a saloon. A dozen burglaries and highway robberies of late led the police to believe Dolan was the leader of the gang.

New York, 6.—Jerry Milton and Martin Murphy fought a prize fight on Long Island Monday night. Fourteen rounds were fought, when the match was declared a draw. Murphy had a rib fractured, and Milton got his nose broken.

San Antonio, Texas, 6. — Two Mexican horse thieves were being conveyed from Gonzales to San Diego. Twenty men overpowered the officers, and the executi n followed in short order.

Sumner, Iowa, 6.—A party of men from West Union are on their way to Waverly to hang the Barber brothers to-night.

Political Points.

DES MOINES, 6.—The Democratic State Convention convened this morning. It was called to order by L. G. Kinnes, chairman of the State central committee.

On reassembling, the names of Col. W. H. Merritt of Polk, L. G. Kinnes of Des Moines, and James Mallory were placed in nomination for governor. The formal ballot stood: Kinnes, 488; Merritt, 208; Mallory, 44. Kinnes' nomination was unanimous. Other nominations were as follows: Lieut-Governor, Julian C. Clark; Supreme Court Judge, Walter Hays; Superintendent of Public Instruction, Edgar B. Fair.

The platform, after the usual re affirmation of the principles of the Democratic party, denounces abuses in the civil service, national and State, by the Republican party; favors retrenchment in the civil service in every department of the government; arraigns the last Congress for extravagance, and demands economical administration; endorses tariff for revenue only; gradual, persistent reduction of protective duties; denounces the tariff legislation of the last Congress as the result of corrupt and disgraceful intrigues and shameless attempts to perpetuate the existing evils under pretence of tariff reform; opposes Constitutional prohibition, and in the interest of practical temperance favors a well-regulated licenses law, with the penalty of forfeiture of license for violation; affirms legislative regulation of railways, but holds that it should be so exercised as to promote friendship between the railways and people; demands that the Government protect its citizens from imprisonment by any foreign government without charge or right of trial; cordially sympathizes with the oppressed of all nations struggling for their constitutional rights and liberties.

Judge Kennes delivered an address accepting the nomination, endorsing the platform, and promised to make it a fighting campaign. He said, successful or not, this time, the democrats would sweep the State at the next Presidential election. Convention adjourned.

Concord, N. H., 6.—The Legislature is organized. Both branches elected officers nominated by the republican caucus.

Haverly Attached.

NEW YORK, 6.—Samuel Colville and Edward G. Gilmore have a suit pending in the Supreme Court, in which they seek to recover $18,000 from John H. Haverly, which they loaned him upon condition that it be paid on demand. When the demand was made, the claim was not paid. The counsel for plaintiffs obtained an attachment against Haverly on the ground that he was not a resident of this State, but of Chicago. The attachment was placed in the hands of a deputy sheriff, who took possession of the Fourteenth Street Theatre. The embarrassment is said to be only a temporary one.

Another attachment was granted by the Supreme Court against the property of John H. Haverly and C. H. McConnell on application of the American Exchange Bank, for $11,300 for money lent. The ground of the attachment was that the plaintiffs were non-residents.

Haverly was seen to-night. He refused to talk, but referred every person to his counsel. The latter said Haverly was temporarily embarrassed for a moderately large sum of ready money. He had large outstanding sums due him, and found it impossible to realize immediately. Colvin & Gilmore acted in a perfectly natural manner; they had lent money on a personal note, and hearing rumors detrimental to Haverly, they desired to place themselves in a secure position. There was no ill feeling on either side. Haverly was never in a better financial position than he was to-day.

FOREIGN.

LONDON, 6.—General Hycks has just gained a great victory in the Soudan over 5,000 Arabs, killing 500. The Arabs fight bravely as Sacred Knights, but spears are useless against shell and cannon. General Hycks had two killed.

Further important evidence is obtained in the case of the dynamiters, showing that several of the prisoners were in England at the time of the explosion at the Local Government Board office, Westminister. Brume, American Vice-Consul at Birmingham, deposed March 26th on the steamer *Parthia* he met Dr Gallagher who told him that he (Gallagher) was going to England to gain experience in hospitals.
