**IT HAS NO EQUAL!**

This Machine is the harvest gathering of  
twenty years' experience in the manufacture of  
Agricultural Machinery, and takes rank with  
the Printing Press, Engine, Lath and Locomo-  
tive in the qualities of precision, staunchness  
and durability.  
Its foundation is a single piece of solid iron,  
of shape to resist all possible strains.  
Its gearing is shaped to standard gauge, and  
each cut out of solid iron, with mathematical  
exactness.  
The working parts are permanently fixed and  
fully protected from water, dust, grass and all  
other external causes of disturbance.  
By these means, we reduce friction to the low-  
est point, stop the self-destruction common to  
all rough cast machines, avoid breakages in  
harvest, secure easy draft and the same dura-  
bility which pertains to cut gear in other kinds  
of machinery. The WORLD has been tested  
four years in the hands of the most intelligent  
and reliable farmers in the land, who unite in  
declaring that, comparatively,

**Napoleon's Idea of Savior.**  
Napoleon, when at St. Helena, asked  
Count Montholon, "Can you tell me  
who Jesus Christ was?"  
The question was declined and Napo-  
leon proceeded, "Well, then, I will tell  
you. Alexander, Caesar, Charlemagne,  
and myself, have founded great empires;  
but upon what did these creations of  
our genius depend? Upon force; Jesus  
alone founded his empire on love, and  
to this day millions would die for him."  
\* \* \* I think I understand some-  
thing of human nature, and I tell you  
all these were men, and I am a man;  
none else are like Him; Jesus Christ  
was more than man; I have inspired  
multitudes with such an enthusiastic  
devotion that they would have died for  
me, but to do this it was necessary that  
I should be visibly present, with the el-  
ectric influence of my looks, of my  
words and of my voice. When I saw  
men and spoke to them, I lighted up  
the flame of self-devotion in their  
hearts. Christ has alone succeeded in  
so raising the mind of man toward the  
Unseen, that it becomes insensible to  
the barriers of time and space.  
"Across a chasm of 1800 years,  
Jesus Christ makes a demand that is  
beyond all others difficult to satisfy; He  
asks for that which a philosopher may  
often seek in vain at the hands of his  
friends, or a father of his children, or a  
bride of her spouse, or a man of his  
brother. He asks for the human heart.  
He will have it entirely to Himself. He  
demands it unconditionally to Himself,  
and forthwith His demand is granted.  
Wonderful! In defiance of time and  
space, the soul of man, with all its pow-  
ers and faculties, becomes an annexa-  
tion to the Empire of Christ. All who  
sincerely believe in Him experience  
that remarkable supernatural love to-  
wards Him. The phenomena is unac-  
countable—it is altogether beyond the  
scope of man's creative powers. Time,  
the great destroyer, is powerless to ex-  
tinguish this sacred flame; time can  
neither exhaust its strength nor put a  
limit to its range. This is what strikes  
me most. I have often thought of it.  
This proves to me quite convincingly  
the Divinity of Jesus Christ."

The beauty of metallurgical mines is  
that they are so obliging, the metals be-  
ing invariable found in loads (lodes).

"How can I expand my chest?" asked  
a miser of a physician. "By carrying a  
good big heart in it," was the reply.

Why is an elephant unlike a tree? Be-  
cause a tree leaves in the spring, and the  
elephant leaves when the menagerie  
does.

**FACTS WORTH KNOWING.**—During a re-  
cent trial or comparison of ordinary Baking  
Powders in New York, with DOOLEY'S  
YEAST POWDER, it was shown conclusively  
that better results were attained with from  
one-half to two-thirds the quantity of the  
latter, than with any other in market.  
The secret of the success lies in the care  
with which DOOLEY'S YEAST POWDER is  
prepared, and its entire freedom from sub-  
stances that are injurious to the system.  
We challenge comparison at any and all  
times. The verdict of the consumer is al-  
ways in our favor. For sale by all Grocers.

If you have a discharge from the nose,  
offensive or otherwise, stopping up of the  
nose, at times giving nasal twang to  
voice, partial loss of the sense of smell,  
taste or hearing, feel dull and stupid, have  
pain or pressure in the head, take cold  
easily, you may rest assured that you have  
Catarrh. Thousands annually, without  
manifesting half of the above symptoms,
