It has been decided that she is never It is to be had alone or twin mounted, again to hear her native tongue and as shown, with a small aneroid. Ronever again to see one of her own race, tundity is the order of the day as rethough France has wrested from her gards photograph frames, which are at-

her ancestral domains, and she is helpless in the hands of France. Her position seems to call for some of the pity which the French have been offering so liberally to Kruger. Her guards at Algiers are all about her house, and she is treated with scant respect.

ABOUT ROYAL TASTES.

Royal tastes are not usually artistic. Queen Victoria is fond of good music, but her taste in pictures and books is

rich in art and literature. The young queen of Holland is a gifted artist and loves fine paintings, always visiting the galleries of every city she goes to. She goes to concerts because she must assaid to be unworthy of a country so tractively represented in large size,
