

SUMMIT BAR ASSOCIATION

Distinguished Members of the Legal Profession Gathering in Portland, Maine.

PROFESSIONAL ETHICS CODE.

Will be Submitted for Information and Not for Adoption at the Present Meeting.

Portland, Me., Aug. 25.—Distinguished members of the legal fraternity from all sections of the country are here to meet and many more will arrive tomorrow to attend the thirtieth annual meeting of the American Bar association, which will be opened tomorrow morning and continue until Tuesday noon.

Even more notable gathering of lawyers from all over the world will arrive in season to hold the twenty-fourth annual conference of the International Law association, the last three days of the week. They will include leading attorneys from England, France, Germany, Belgium, Austria, Hungary, Denmark and Italy.

A proposed code of professional ethics, adopted by the American Bar association and distributed among the members of the assembly here in annual at the Tuesday. The proposed code, which was adopted by a committee of prominent lawyers from various sections of the United States, will be submitted at this time merely for the information of the association members. No effort to have the report adopted will be made at this time, but it is likely that it will be submitted to next year's meeting.

The committee which prepared the code, headed by St. George Tucker of Virginia, and composed of Messrs. G. W. Jenkins of Wisconsin, William Wirt Howe of Louisiana, Francis Lynde Stetson of New York, Ezra B. Thayer of Massachusetts, Franklin Ferris of Missouri, Thomas H. Hubbard of New York, Frederick V. Brown of Minnesota and Lucien H. Alexander of Pennsylvania.

Accompanying the code as prepared by the committee is the following report of work already done and contemplated:

"Your committee are of opinion that the adoption of canons of professional ethics by the American Bar association is destined to have a powerful and far-reaching influence upon the development of our profession, indeed to so great an extent that it will be difficult to overestimate the importance of the event. We believe that such canons, to become practically effective, should be adopted only after mature and careful deliberation, and much fuller consideration on the part of our membership than is possible at one of our annual meetings.

"We believe that your committee in drafting the code should have the active assistance of every member of the association with thoughts upon the subject, and that the recommendations which your committee may see fit to make should be considered, not only in connection with what has already been done in those states having codes of ethics, but also in the light of what has been said by individuals, who have directed their attention particularly to the subject.

"We accordingly annex an appendix containing:

"A. That portion of the 1906 report of your committee, dealing with the 'advisability and practicability' of the adoption of canons of professional ethics by this association.

"B. A compilation of the codes adopted in Alabama, Colorado, Georgia, Kentucky, Maryland, Michigan, Missouri, North Carolina, West Virginia, Wisconsin and Virginia.

"C. The eight canons incorporated in the 1899 charter of the Louisiana Bar association.

"D. The oath administered to lawyers on admission to the bar in the state of Washington containing a brief outline of professional duties.

"E. The oath prescribed for advocates by the laws of Geneva.

"F. The lawyer's prayer, written by Dr. Samuel Johnson, Sept. 28, 1795.

"G. The ethical code for lawyers promulgated in 1833 by Christian V of Denmark and Norway.

"H. Hoffman's 'Resolutions in regard to Professional Department,' published at Baltimore, Md., in 1856, and which are now printed in the year book.

For Your Baby's Sake Read This

Dr. Robert N. Tooker, author of "Diseases of Children" and Professor of the same subject in a Chicago medical college, a successful, world-wide authority, says in his valuable book, "All About the Baby,"

"After human milk, what is the best food for an infant?"

"Cow's milk so modified as to make it resemble as nearly as possible human milk."

Sanipure Milk is the purest, healthiest of cow's milk—from cows which have sweet, green grass to eat the year around. These cows are kept under our own supervision, are healthy and milked with clean hands into clean pails.

The milk is strained into clean cans and comes to us sealed.

We then modify it, take out the excess of casein, by a method which careful tests and large experience have proved to be best for baby.

Sanipure Milk is nature's substitute for mother's milk and nearest to it of

RECOMMENDATIONS.

"We recommend:

"First.—That the committee be continued and enlarged by the addition of Judge Thomas Goode Jones, author of the Alabama code, which with but few alterations has been adopted by the bar associations of 11 states; also that Mr. Justice Brewer and the retiring and incoming presidents of the association be declared members of the committee, and also Hon. George H. Peck, who was president of this association in 1905, appointed the initial committee on this subject. Mr. Justice Brewer was named by President Parker a member of the committee, but at the time felt constrained to decline. We have since had the benefit of his advice, and we believe he would now deem it a duty to serve.

"Second.—That the association reprint Sharswood's Essay on Professional Ethics as a volume supplemental to the report of the proceedings at the 1907 meeting.

"Third.—That the committee be directed to transmit before Dec. 1, 1907, a copy of Sharswood's reprint, and of this report, to each member of the association, and to request a careful examination of the documents set forth in the appendix to this report, and the submission of opinions and suggestions in the matter of the proposed canons of ethics; that the committee also be directed to send the reprint and report to the secretary of each state bar association in the United States with similar requests, and to suggest that the same be referred to such committee as may be appropriate; and that your committee confer with the committees on professional ethics both in the states with codes, and in those without codes, but in which action is contemplated.

"Fourth.—That the committee be directed to have the proposed canons of professional ethics drafted by May 1, 1908, and on or before that date to transmit a copy of each member of the association, and to the respective state bar association committees, requesting suggestions and criticism, the final report of the committee to be ready for submission at the 1909 meeting."

AUTOMOBILE OVERTURNED. TWO WERE KILLED.

Saunderson, R. L., Aug. 25.—Waldo Merrill, a stock broker of Boston, and Erick Landstrom of Matamoras, Mass., a chauffeur, were killed today by the overturning of an automobile which crashed into a stone wall at a sharp curve in the road leading to Narragansett pier. Four other occupants of the touring car, Mr. and Mrs. Frederick Miliken, of Milton, Mass., their daughter, Miss Rita Miliken, and Mrs. Merrill, wife of Waldo Merrill, escaped with slight injuries.

Mr. Miliken is a member of the firm of Merrill, Miliken & Co., stock brokers of Boston. The party of six persons left Newport this afternoon in Miliken's big touring car for Narragansett pier. Mr. Merrill, riding with the chauffeur, had been over the road before and was familiar with it and was usually a careful driver. Just before reaching a corner known as the south ferry, five miles out from the pier, where the road takes a sharp turn, Landstrom apparently attempted to slow down, but there was some trouble with the brakes and the car swung around so rapidly that it overturned. The moment the car was sufficient to carry it in this fashion across the road against a stone wall, Merrill and Landstrom, being caught beneath the car, were instantly killed. The four occupants of the touring car were thrown considerable distances, but the execution of Miss Rita Miliken, whose wrist was badly hurt, they escaped with minor cuts and bruises.

The survivors of the party returned to their hotel in Newport.

Mr. Merrill was the head of a stock brokerage firm bearing his name at No. 13 State street, Boston.

A RIO GRANDE TRAIN DERAILED

Twenty Persons Suffered Injuries While a Number of Others Were Shocked and Bruised.

TWO OGDEN PEOPLE HURT.

Second Engine Threw It Against the Embankment—Accident Occurred 25 Miles West of Pueblo.

Pueblo, Colo., Aug. 25.—Twenty persons suffered injuries and a number of others were shocked and bruised when Denver & Rio Grande passenger train No. 5, westbound, was wrecked a mile east of Fernleaf, a small station about 25 miles west of Pueblo, yesterday afternoon. The wreck was caused by the second engine of the train throwing a switch, which caused it to take the siding, derailling and throwing it against the embankment. The engine carried the baggage, express and mail cars, a day coach and five Pullmans from the rails. The second section of No. 5, which followed close behind, and eastbound No. 4, were stopped a short distance from the scene of the wreck and passengers transferred each way and those who were able to continue on their journey. The injured were taken to Salida.

A temporary track was built around the wreck and traffic continued on this way until the track was repaired and conditions became normal.

D. C. Davis, a mail clerk of Denver, proved the hero of the occasion and it was probably due more to his quick wit and equally quick action than to any other factor that the wreck did not prove more disastrous than it did. Davis was standing near the wreck which controlled the emergency brake when he felt the second engine throw the switch and strike the ties. He instantly grabbed the rope and gave it a hard pull, setting every air brake on the train, which checked its speed immediately.

Following is the list of the injured, none of whom it is thought are fatally hurt:

PRINCE WILHELM OF SWEDEN AT NEWPORT.

Newport, R. I., Aug. 25.—Prince Wilhelm of Sweden attended a farewell luncheon given by Mrs. Stuyvesant Fish this afternoon, and this evening visited the Warwick Neck estate here, entertained by United States Senator Nelson W. Aldrich and Mrs. Aldrich at their summer home. Tomorrow he will go to Worcester by special train.

This morning the prince was present at a service at the Swedish Methodist Episcopal church and afterward held a reception there, shaking hands with hundreds of people. In a brief address in the Swedish language, he said he was glad to see that, although loyal American citizens, the Swedish people of this country still have a warm spot in their hearts for the fatherland. After an automobile ride in the suburbs, the prince went to the Fish residence. At 5 o'clock the prince went on board the steam yacht Saghaaya, owned by Senator Aldrich, and was taken to the senator's summer home at Warwick Neck. It was arranged that late in the evening the yacht should take the prince to Providence to pass the night at the Hope club there.

STOLE SCHOOL FUNDS.

Such is Charge Made Against W. A. Farren, Alias M. D. W. Adams.

Kansas City, Aug. 25.—W. A. Farren, alias M. D. W. Adams, former cashier of the Farmers bank of Clearfield, Ia., was arrested here today on the charge of embezzling the school funds of Taylor county, Ia., on deposit in the bank, causing the institution to fail. The bank closed its doors June 24, 1906, six months after Farren had given up the position as cashier. The bank failed for more than \$33,000 and Farren disappeared. For three days the Iowa officers traced the fugitive, but after a few months he managed to baffle all efforts to locate him. Under the name of Adams, Farren has been working here as the janitor of a large office building, having come here soon after he left Iowa. Farren admitted his identity and without protest started for Iowa tonight with the sheriff.

fervently hoped the congress would devise an international organization of anarchists and said there was nothing to hope for from the Social Democrats.

All the speakers criticized the peace conference at The Hague and the international socialist congress at Stuttgart, describing the first as merely an assembly for the organization of war and declaring that the latter had passed resolutions containing thousands of words without arriving at a definite conclusion—any subject. About 300 delegates were present, representing the United States, Great Britain, Spain, Italy, France, Russia, Germany, Belgium, Bohemia, Switzerland and Servia.

Fontenoy, Belgium, Aug. 25.—The lord mayor of Dublin today unveiled the monument erected to commemorate the bravery of the Irish brigade in the battle of Fontenoy in 1745 in the presence of 300 Irish visitors, the local authorities and the clergy. The monument was presented to the town by various societies. He declared that Irishmen should not enter the British army or navy.
