

WEATHER AND CROPS

A Government Official's Observation
For the Past Week.

FROM CACHÉ TO WASHINGTON.

See and Frost in the North, Dry Winds
and Rain in the South—General Review.

The past week was, for the most part, dry and calm, with frosts during the first half, although they did little injury. The closing days of the week were somewhat warmer. The rain in the south of the previous week left the soil in good condition for germination and growth. Therefore the past week has not been an unfavorable one for crops, and they all look well, although the cold and frost have retarded the growth. The injury to fruit by frost has been very slight, and the prospect for a large yield is still fine. Apple trees are now in full bloom. Strawberries are ripe in Washington county.

Though wheat has grown up nicely, the cold weather tends to make it stand out. The ground is in good condition for planting. Early grain, though, is not looking well. Sugarbeets are reported to be growing slowly, and a little frost in the north has to be watched.

SOUTHERN COUNTRIES.

Reverend Weather says: Farmers have been waiting for the first rain. There are no signs of it.

Lake Mead—Crops very backward. Little water on the lake.

Phoenix—Frost on the morning of the 2nd, but no damage. Crops making a fine growth.

Yuma—Wheat beginning to show up, but everything seems extremely backward.

Therbyville—Weather dry and generally, but some rain. Apples and peaches ready to bloom. Crops doing fairly well.

Hot Springs—Weather dry with occasional rain in the fore part of the week, damaging tender plants. Spring wheat up.

Went—Frosting. The rains have brought out the winter and spring crops, which now look favorable. Corn four inches high. Ground in good condition.

Dear River City—The week has been very cold, with frosts every night, though heavy rain after the 10th, but no signs of it. Nothing seems to be growing.

Tempe—Past week is doing well, but weather looks to make it slow. Corn somewhat injured by frost.

Lawrence—The cold weather is keeping grain back, but a little rain has helped it out. Fruit is in good condition.

Newman—Potatoes have only been planted to a limited extent yet. Corn is doing well.

Midvale—Frost on the 1st and 2nd, but not severe enough to damage fruit. Heading is being pushed on the lower west side.

Catch Junction—Frost on the night of the 1st and 2nd.

Hampton—The past week has been better than usual for the crops. Early spring grain is up and looks well.

Payson—Cold winds from the west, but no harm done. The crops are in good condition.

Flagstaff—Frost, but no harm done. The crops are in good condition.

Flagstaff—Frost, but no harm done. The crops are in good condition.

Flagstaff—Frost, but no harm done. The crops are in good condition.

Flagstaff—Frost, but no harm done. The crops are in good condition.

Flagstaff—Frost, but no harm done. The crops are in good condition.

Flagstaff—Frost, but no harm done. The crops are in good condition.

Neph—Crops doing well. Fruit trees in bloom. A favorable week for crops. All small grain up, looking well. Apples were damaged some by frost on 2nd, nothing else hurt. Little that crops—The past week has been warm and sunny, which proved beneficial to the crops after the past week.

WHEAT CROPS.

Marietta—Wheat crop has been dry and cold, with frost nights. Have commenced watering grain.

Valley—The snow in beginning of week was what was wanted, but left cold nights after it. No harm done. Grain beginning to show up some.

Fountain Green—The storm was good for crops in this place. Grain are looking fine and green after.

Leamington—Last week windy and dry. Crops show signs of frost week doing well.

Oak City—Past week has been fair for crops. Everything growing nicely. All fruit trees are heavily loaded with blossoms.

Scipio—Excellent growing weather. The storm of last week did much good. Fruit of 1st and 2nd are in full bloom.

Holmes—Fine growing weather. Everything looks well. Many days and nights, but no harm done. Fruit is showing.

Highland—Frost and dry weather. Fruit trees all in blossom. No damage done through frost.

Highland—Frost and dry weather. Fruit trees all in blossom. No damage done through frost.
