

DOBBINS' SOAP

THE BEST IN THE WORLD
Strictly Pure!
No Sand! No Rosin! No Clay
No Adulteration of any kind!

Children can do the Washing
No Washboard Required!
No Boiling Needed!

By the use of the Unequalled and Unsurpassable DOBBINS' ELECTRIC SOAP, clothes, money, fuel, labor, time and temper are all saved. Try it once, and use it ever afterward.

Every Grocer Sells It!
Every Family uses it!
None can do without it!

Be sure that the wrapper has on it the cut of Mrs. Poy and Mrs. Enterprise, and that each bar is stamped with the name of the inventor and originator, J. S. DOBBINS, as none other is genuine.
Like everything of great value, it is extensively counterfeited, and the market filled with base and worthless Electric Soap, and worth home-rooms, and dear if even given away.

The finest American Toilet Soap, fully equal to the French, made by a French soap-maker in the same manner as the French Soap are made, and sold at one-fourth their price is.

SINGER'S FAMILY SEWING MACHINES

The Best in the World,

THE SINGER NEW FAMILY MACHINE

Has been brought to perfection, regardless of time, labor or expense, and is now incomparably the best Sewing Machine in existence.
It is simple, compact, durable, beautiful, quiet, lighter-running, and capable of performing a range and variety of work never before attempted upon a single machine; using either silk, twist, linen or cotton thread, and sewing with equal facility the very finest and coarsest materials, or anything between the two extremes, in the most beautiful and substantial manner.

The New Improved Attachment for Hemming, (any width) Braiding, Embroidering, Magic Ruffling, Gathering and sewing on (all the same time) Self-Sewing, Cording, Tucking, Quilting, Felling, Trimming, Binding, etc., are novel and practical, and have been invented and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.

New designs of the unique, useful and popular Folding Tops and Cabinet Cases, peculiar to the Singer Machine, are in every variety, of Wood, such as black Walnut, Mahogany, Rosewood, Satinwood, and from the plainest to the most elaborate pattern and finish. The Machines themselves are plain or highly ornamented with pearl and gold to correspond with their tables or cabinets.

In the Singer the work is fed or passed through the Machine in the natural direction, namely, from the operator, permitting her to sit in a natural and healthy position. In many other Machines the work passes from right to left, or the reverse, compelling the operator to sit in a bent and unhealthy position, and thus causing weakness of the back, etc.

The Singer uses a SHORT STRAIGHT NEEDLE, which is not liable to break or miss the stitch. Many other Machines use a long crooked needle, which is liable to break and to miss the stitch.

In the Singer Machine the Shuttle is carried, thus avoiding nearly all wear. It requires no oil, and does not soil the fabric or goods. Other Machines drive their Shuttles, in a race, thus causing great wear, and requiring oil, soiling the fabric and goods.

On the Singer, the Tension on both the upper and lower threads is absolutely under the control of the operator, thus rendering the Machine always available for good sewing, which is not the case with any other Machine. So-called cheap Machines are really worthless, and so are many of their new peculiarities and supposed advantages.

The SINGER is the Oldest Practical Sewing Machine.

Being about twenty years in the market, having been constantly improved by the employment of the most skilled ingenuity of the age, and unlimited capital, it is now divided of all unnecessary parts and possesses All the Very Latest Improvements and Innovations. It is the only Machine sold on Honest Claims, as all its parts are Practical and will do all that is claimed for them. Some other Machines are Greatly Complicated, do no Useful and Dirty things, and thus are rendered liable to Constant Derangement. The Singer Seldom or Never gives trouble, and is readily and easily managed by those who utterly fail on other Machines.

SINGER'S

New Manufacturing Machines
Claim the same advantages over others of their class as the new Family Machine. These old and reliable Sewing Machines are applicable to all kinds of heavy and light manufacturing in Suits, Leather, etc., and run in a most perfect and reliable manner with a single operator.

HAVE ARRIVED!

A Full Assortment of these
Beautiful and Unrivaled
MACHINES.

The numbers on which show a manufacture of between Five and Six Hundred Thousand. Consisting of the Different Varieties made by the Singer Manufacturing Company, and we shall sell at Eastern Prices, with addition of Freight only. To accommodate parties who cannot pay all down, we will sell on

EASY MONTHLY INSTALLMENTS

So that all may possess one of these Machines. For the convenience of our Patrons we have engaged the services of a gentleman who has had twenty years experience and is one of the most skillful experts in the world in repairing and adjusting Sewing Machines. He will put each Machine in complete and practical running order before it leaves the building, and will also impart to purchasers all useful instruction, so that they can at once commence work.

We report to no trickery whatever to sell Sewing Machines, but allow their Great Merits to recommend them. We can do this, as the demand for them is so great that although the Singer Company make more than all other first-class companies combined they cannot nearly fill their orders, and are compelled to still extend their Gigantic Works.

We having been so fortunate as to secure the

General Central Agency, for this Territory, we extend a cordial invitation to all to come and see the Machines whether they wish to buy or not. See all others, but do not buy without you examine the Singer.

We Guarantee every Machine we sell to give entire satisfaction.
