In the recent failures in northeaster cities, some very old and respectable business houses have gone down Among the suspensions in New Yor is that of Philip Datar & Co., a prom nentgrocery firm, that has been in en istence over thirty years and has do scended from father and son.

George Francis Train was among the George Findening New York for Eu-rope, on the 7th Sept. His farewell re-mart was that he withdraws this year

from his candidacy for the Presidency. He thinks, forther, that when a politi-cian of his caliber is expelled from a convention of mere spectres and hire-lings, like that at Louisville, it is time to emigrate for a season.--Ex.

to emigrate for a season. -- Ex. The surplus wheat crop of this State for this year, says the Stockton Inde-pendent, is estimated at 750,000 tons. When the population of the State is taken into consideration this immense surplus will seem more surprising. Our pepulation in 1870 was about 600-1000, and therefore it will appear that we have not only raised wheat enough to supply our own population, furnish seed for the next sowing, but we have a surplus remaining of one ton and a

a surplus remaining of one ton and a quarter, or forty-two bushels, for every man, woman and child in the State. If there is suother State in the Union that can make a better showing than this we are unaware of that fact.

The processked for wood at the pre-sent time in Carson City, says the Register, is higher than poor people can afford to pay, and therefore that article will, until further notice, come under the head of "luxuries." We un-derstand that it is the intention of the coal companies in the eastern part of the State to introduce that article into
