

CONFERENCE ON MOROCCO QUESTION

Practically Assured as Result of Meeting Between Premier Rouvier and Prince Radolin.

GERMAN DIPLOMATIC VICTORY.

France Caused Germany to Define Exactly Points to be Considered—Tension Greatly Relieved.

Paris, June 19.—An international conference for the consideration of the affairs of Morocco is now practically assured as the result of the conversation between Premier Rouvier and Prince Radolin, the German ambassador, and attention is now directed to defining the scope of the conference. Details are being rapidly arranged, and the officials expect to be able to announce the plans for the conference in the course of four or five days.

This result, after the severe strain, which tested the diplomatic resources of both governments, has the effect of relieving the tension, the officials of the foreign office and the diplomats of the German embassy agreeing that an amicable adjustment is near at hand.

Although the acceptance of the conference gives a certain measure of success to German diplomacy, yet M. Rouvier emerges from the controversy with the advantage of having brought Germany to exactly define the scope of the conference and so to rid it of the objection of being a menace to French interests.

Although the basis of the conference has not yet been settled, it is understood that the two governments substantially agree on some of the main features involved. Germany has suggested that France had designs on the sovereignty of Morocco, but the negotiations, disclosed that France had not questioned this sovereignty. Similarly, it was disclosed that France had not designed to interrupt the present territorial or political status quo of Morocco. This appears to have been one of Germany's chief apprehensions, any change in Morocco's status quo might involve an ultimate French protectorate, similar to that over Tunis.

With both governments favorable to the sovereignty of Morocco and to her territorial and political status quo, it remains for the conference to define the equality of commercial rights, as Germany desires this assurance from an international conference instead of through the operation of the Anglo-French agreement. Therefore, the conference is not likely to consider changes in the political status of Morocco, but rather international reforms and commercial privileges.

A dispatch to the Temps from Metz says that the sixteenth German army corps is showing less activity than the Twentieth and the sixteenth French army corps, as the sixteenth German army corps has been continually on a war footing and is prepared for immediate mobilization. The dispatch says that the inspection of troops has been active on both sides. However, this activity has been less marked recently, as all eyes have been turned toward Paris, in the expectation of a favorable result of the diplomatic negotiations.

Bowen-Loomis Controversy.

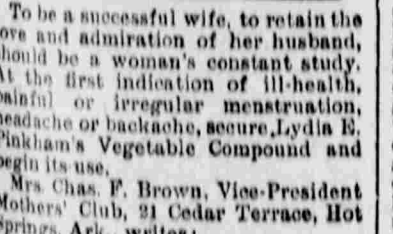

Washington, June 19.—Secy. Taft today heard additional witnesses in the Bowen-Loomis controversy, but the only development was the fixing of the amount of money exchanged between Mr. Loomis and the asphalt company at \$4,000 in two checks, one for \$3,000 and the other for \$1,000.

The secretary tonight heard H. W. Dean of New York, who was manager of the asphalt company in Caracas while Mr. Loomis was minister there. No statement about this hearing was made tonight. Secy. Taft hopes to complete the report on the case before the president leaves tomorrow night.

WOMEN WHO CHARM

HEALTH IS THE FIRST ESSENTIAL. It Helps Women to Win and Hold Men's Admiration, Respect and Love.

Woman's greatest gift is the power to inspire admiration, respect, and love. There is a beauty in health which is more attractive to men than mere regularity of feature.

To be a successful wife, to retain the love and admiration of her husband, should be a woman's constant study. At the first indication of ill-health, painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound and begin its use.

Mrs. Chas. F. Brown, Vice-President Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mr. Pinkham—

For nine years I dragged through a miserable existence, suffering with inflammation and falling of the womb, and worn out with painful or irregular menstruation, headache or backache, secure Lydia E. Pinkham's Vegetable Compound, and I determined to try it.

At the end of three months I was a different woman. Every one remarked about it, and my husband fell in love with me all over again. Lydia E. Pinkham's Vegetable Compound built up my entire system, cured my womb trouble, and I feel like a new woman. I am sure it will make every suffering woman strong, well and happy, as it has me.

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling of the womb, or inflammation of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, or nervous prostration may be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

REPUBLICAN ORGANIZATION

Of Philadelphia Appoints Subcommittee to Meet a Reform Committee.

COMPELLED TO COME TO TERMS

Will Consider Demand That Party Ticket Named for November Election be Changed.

Philadelphia, June 19.—The Republican city campaign committee today announced that a subcommittee of three, consisting of chairman James L. Miles, David Martin and David H. Jane, had been appointed to meet a similar committee from the "committee of 21" to consider a demand that the party ticket named for the November election be changed. The committee is also empowered to see the candidates and endeavor to induce them to withdraw the present ticket.

The possible naming of a new ticket will not necessarily cause a withdrawal of the opposition to the Republican organization under the leadership of I. W. Durham, Mayor Weaver and his friends, who formerly were strong allies of the organization, are believed to be hostile to any move that will continue the present ticket in power.

In addition to the committee of 70, a strong reform organization is perfecting itself in every ward, with the declared intention of placing a ticket in the field independent of what the Republican organization may do.

The reform leaders are apparently confident of their ability to defeat the regular Republican ticket and they say they will have the support of Mayor Weaver and practically all of the officeholders recently appointed to take the place of the men removed since the mayor's war on the organization leaders began.

Five policemen and one fireman were discharged today. The men had been found guilty of charges preferred against them. Isaac J. Fleming, who for 27 years has been foreman of the city laborers, was also dismissed for neglect of duty.

The Methodist preachers at their weekly meeting today adopted a resolution asking Gov. Pennington to remove from office State Insurance Commissioner L. W. Durham, saying:

"The long-standing complaint has been his long absence from his office which has served a large salary for which no service is rendered to the state. The recent exposure of his best friend, a member of the firm of D. J. McNeil & Co., by which enormous profits have been made in contracts from the city which under former conditions would have been impossible but for power to control contracts and the officers appointed to supervise the execution of the same."

The subcommittee which is to meet a similar committee to be appointed by the committee of 21 was appointed in accordance with a resolution adopted by the campaign committee. This resolution is the first official expression of the campaign committee since the fight began. The resolution is as follows:

"Resolved, The Republican campaign committee hereby declares that we fully realize the responsibilities of the present emergency and have the single desire to take such action as may best preserve the integrity and future usefulness of our party. This committee derives its authority from the Republican electors under the laws of Pennsylvania and the rules of the Republican party. This is the body legally constituted to manage the present campaign. It is the only body legally constituted under the laws and the rules of the party to fill vacancies on the ticket."

"And we must meet the duties imposed upon us under the law, the nominations for the important county offices to be filled in November may be legally made to have a place upon the official ballot. We welcome at all times suggestions and co-operation from prominent and influential members of the party, but we must be connected with the party organization."

"We receive the recommendation signed by Mr. Joseph D. Darling and his associates laying down certain suggestions for a change of candidates and reform, within the party with a desire to co-operate on the lines suggested. In sincerity and good faith we pledge this organization to make every effort to secure the enactment of a personal registration law and generally to bring about reforms on the lines laid down in the communication referred to."

"With this end in view, the chairman of the Republican committee is directed to communicate with the candidates and ascertain whether they or any of them are willing to withdraw from the ticket, and be he further directed to appoint a committee of two members of the Republican campaign committee, who, with him as ex-officio member, shall confer with a similar committee on the part of the electors, to consider the question of candidates and all other matters referred thereto."

There have been much criticism of the action taken by the committee of 21 in suggesting that whatever reform is to be done in the city and state should be done by the Republican party itself. It members of the 21 held a long meeting this afternoon to consider what they should do in view of the criticism their letter brought out. After the meeting a statement was given out, which, in part, is as follows:

"We have carefully re-read our letter to the chairman of the Republican campaign committee, and see nothing in it which in our judgment re-

quires either apology or explanation. There was only one object in view by the signers of that letter, and that was a purification of the Republican party and the elimination of the men in the party organization who are responsible for the present deplorable conditions in our city."

The committee of nine which was appointed at a mass meeting to fight the gas lease and which has since pledged itself to assist Mayor Weaver in his efforts to reform municipal affairs, also held a meeting today and at its conclusion a statement showing how the committee viewed the action of the committee of 21 was given out. It is as follows:

"That any compromise between the people and the Republican organization as at present constituted is impossible. That this corrupt organization should be opposed by the city party can be independent party backed by a committee of 20 by every means in its power. That the organization of the city party should be perfected in every division and every ward in this city, to the end that a convention may be called within 90 days to prepare a platform of principles and to take action on the subject of nominations for the November election."

The committee appointed to examine the work on the northeast boulevard, an improvement which will cost several millions of dollars, and which is being constructed by D. J. McNeil & Co., of which firm State Senator J. P. McNeil and State Commissioner Israel Durham are members, has made its report to the director of public works. The report states that the work already done on the boulevard "has not been done in accordance with the contract and specifications at points examined by us."

CHIEF ENGINEER WALLACE.

Coming From Isthmus and He Will Not Return.

Colon, June 19.—It was publicly announced that John F. Wallace, chief engineer of the canal zone, who sailed for the United States June 18, was going home by order of Secy. Taft for the purpose of consultation on important matters prior to the sailing of the secretary for the Philippines and that he was not likely to return to the isthmus until his annual report had been written and he had secured a short rest, which he was expected to take on his last trip owing to pressure of business.

Since the departure of Mr. Wallace, however, it has been said in influential circles that he does not intend to return to the isthmus to resume his position as chief engineer, but that he has gone home to confer with Secy. Taft on the subject of his resignation.

Shortly before he sailed Mr. Wallace was the recipient of a memorial from the needs of departments on behalf of the canal employees, expressing deep appreciation of the benefits resulting from the new schedule of hours and wages, and from the betterment in the general welfare of all connected with the work on the canal.

The fact that Mr. Wallace went home accompanied by his wife and his two secretaries seems in some quarters to lend credence to the rumor that he does not intend to return.

MONTANA EPISCOPALIANS.

Rt. Rev. B. S. Tuttle Presiding Over Their Convention.

Helena, June 19.—The second annual convention of the Episcopal church of Montana began a three days' session here today with many lay and clerical delegates in attendance. Especial sig-

nificance attaches to the convention because Rt. Rev. D. S. Tuttle, bishop of Missouri and presiding bishop of the United States is presiding over the deliberations of the convention. Many years ago he was missionary bishop of Montana.

WOODMEN OF AMERICA.

Ordered Incompetent Clerks Dismissed and Adjourned.

Milwaukee, June 19.—Having installed a new board of officers, refused to endorse the law committee recommending that the head office of the Modern Woodmen of America employ traveling auditors, ordered summary dismissal of incompetent clerks, tabled a resolution abolishing head state physicians, rejected a proposed change in the method of collecting assessments from newly elected members, demanded a higher salary for the head clerk of the society as well as for the secretary of its own organization, the local council clerk's association, held its final session today and adjourned until the next head camp in 1907.

The closing session, while one of much activity in the disposition of affairs of a business nature, was marked by warm expressions of cordiality toward the retiring president, H. P. Hoyt of Seattle, to whom the association presented a magnificent gold watch.

Patrick Says He Is Innocent.

Albany, N. Y., June 19.—The letter which Gov. Higgins has received from Albert T. Patrick, condemned to die in the week of Aug. 1, on conviction of the murder of William M. Rice, protests that Patrick is innocent of murder and says:

"I have never asked and do not ask for clemency. I may apply to you for the appointment of a medical committee to examine the autopsy, render a new evidence, etc., as to how Mr. Rice came to his death. I may also apply to you or the legislature for an investigation into the administration of criminal justice in New York county and as to the manner of my conviction. I will accept no compromise. I may apply to you for a modification of the solitary confinement, which hampers me in my fight for justice."

Gov. Higgins said tonight that he did not understand the letter as asking for any action at his hands.

POPE TO CATHOLICS.

They Are Encouraged to Participate in Public Affairs.

Rome, June 19.—The pope has issued an encyclical encouraging Catholics to participate in public affairs, while seeking the advice of ecclesiastical authorities. The encyclical says: "Catholics should retain complete liberty of action regarding their temporal interests." Members of the clergy are recommended to refrain from participation in party strife.

The encyclical has created a sensation. Its object is to induce Catholics to enter public life so that they may be a force against the threat of socialism.
