

LOCAL ITEMS.

THEATRICAL.—To-night the domestic drama of "Woman's Love," and the great spectacle of "Aladdin," are the attractions. The drama is a very interesting one. Of the spectacular piece nothing need be said; its merits and inviting features are well known.

BENEFIT.—On Tuesday evening Miss Adams will take a Benefit. This young lady has so many admirers of her abilities as an actress that we expect the house will be crowded on the occasion. The entertainment for the evening was not decided on this forenoon, but we look for it to be excellent in character and highly attractive.

THE UTAH MAGAZINE.—Number six of this periodical is before us, and is fully equal to any of the previous ones. There is a very good blending of the amusing, entertaining, solid and instructive in it; and it presents strong claims upon the reading public for support. The contents of the present issue are:—The keys of St. Peter, (continued); Mr. Winkie's Dues; All Moonshines; Our Hired Man's Solenoid Discoveries; Mr. Wilkins on Callisthenics; A Rabbi's Life; Maximilian in Prison; The Fenian Panic; Looking into Iron, etc.; Educational; Lessons in Geology, French, etc., etc.

LECTURES.—Last night, Mr. J. N. Barker lectured in the 13th Ward Assembly Rooms, on the Newtonian philosophy, to a large audience. The lecturer can certainly lay claim to a great amount of novelty, and no inconsiderable degree of originality. Still, before accepting new theories, matter-of-fact people demand that they be supported by strong reasons do not readily receive them upon mere assertion. We think Mr. Barker asks too much to be accepted without sufficient supporting proof. He will lecture again on Monday evening, in the same place, commencing at 7 o'clock, when his subject will be: "A World from Water and Electricity," in which he proposes to show that but four simple elements enter into the construction of a perfect world. The lecture will embrace his views on the constant approach of all planets to a centre, and the origin of mountain chains.

THE WEATHER.—To-day it is quite cloudy with a very heavy rime fog.

By Deseret Telegraph Line:
Logan; cold and foggy.

Payson; very fine, clear and pleasant; snow about six inches deep.

Nephi; cold; very severe frost last night.

Fort Ephraim; fine and clear.

Parowan; rather hazy and dull. There has been a considerable change in the weather in the last few days; it is now quite warm and pleasant.

Tokerville; very cloudy.

St. George; cloudy; looks like it might rain.

Thermometer 80°.

SAD.—This forenoon, as a boy named Martin H. Snider, aged 9 years, a son of Father John Snyder, was coasting down the Heywood hill, in the 17th ward, with a number of other boys, he slid under a passing team, which caught him and ran over his body, crushing him in such a manner that death soon ensued. It is but a short time since we called attention to the danger arising from this mode of recreation, as it is indulged in now so largely, in some remarks on an accident—fortunately not serious—which occurred near the 20th ward. If boys and girls could engage in the exercise where there would be no risk of their getting near passing teams in their sliding, the danger would be comparatively little; but where they slide down a hill, and across a street where teams driven quickly may be passing along, there is much risk. We feel sad that a boy should be thus crushed out of life, and sympathize with the bereaved relatives.

LEGISLATIVE.

Feb. 15th, 1868.

Council.—The report of the Recorder of marks and brands was received: read and referred.

The Auditor's reports on expenses of his office, and on delinquent taxes, were received: read and referred.

An act was received from the House, changing the county seat of Morgan County, which was passed.

A committee was appointed to act with a similar committee from the House, to examine the Auditor's and Treasurer's books and accounts, and destroy the redeemed Auditor's warrants.

Five hundred dollars was included in the general appropriation bill, to re-locate and work the road between Dog Valley and Cove Creek, in the southern part of Millard County.

A communication was received from the House, that they had passed an act authorizing the Governor to appoint commissioners to take acknowledgements of deeds, or other contracts, and affidavits and depositions in the States and other Territories of the United States.

Various sums were recommended to be embraced in the general appropriation bill, to cover outlay in excess of former appropriations as specified in the Territorial Road Commission's report; and the Committee on claims, &c., was instructed accordingly.

Adjourned till Monday at 10 a.m.

House.—Petition of members of Brigade Court Martial of 2d. Brigade, 2d. Division, Nauvoo Legion, in relation to using fines assessed and collected for Regimental, Brigade and Division purposes, was received, read and referred.

The petition of Abram Hatch and others, citizens of Wasatch county, for an appropriation for road purposes, was referred.

A bill for an act amending an act concerning animals running at large, was read and referred.

Mr. Rowberry moved, that \$3,000 be expended on the Territorial road running west from Jordan bridge to Kesler's farm, in S. L. County: referred to committee on roads, &c.

A bill for an act repealing an act entitled an act incorporating the Kaysville Wagon Road Company, was read and referred.

The committee on agriculture, &c., reported at length on the working of the Estray Pound bill. Said report was ordered printed.

The Council announced their concurrence in the bill changing the county seat of Morgan county, and their appointment of a committee to examine the Auditor's and Treasurer's books and accounts, and destroy the redeemed Auditor's warrants.

The Council bill authorizing the Governor to appoint commissioners to take acknowledgements of deeds, &c., in the States and other Territories, passed.

Adjourned till 6 p.m.

JOY TO THE AFFLICTED! LAUGHING GAS!

FOR the Million! I take pleasure in informing my numerous friends and the Public, that I have been to great expense and trouble in buying the Patent Right for Salt Lake City for the best Nitrous Oxide Gas Apparatus that is in existence, as is proved by its being used by the Royal Families of England, France and Belgium, also by Dr. Colton, in the Dental Institute, New York.

The Gas made by this Apparatus only is absolutely pure, and no unpleasant choking or strangling sensation is experienced, or any disgusting bag used in taking it, but you can breathe perfectly natural every way, and you would not suspect that you were breathing anything but the purest air. It is, in fact, the ne plus ultra of all methods for the painless extraction of Teeth.

I have a large supply of the same Teeth which took the First Premium in Paris last summer.

Also five different kinds of Rubber for inserting Teeth, including the kinds used in England and France.

Particular attention given to preserving the natural Teeth. Terms moderate. Call and see.

TO THE MUSICALLY INCLINED, And to those desirous of Learning Music!

Mrs. WHITE, of Rochester,

TEACHES Robbins' American Method for the Piano-forte, which is so far superior to the old method of teaching the Piano-forte, Melodeon or Organ that its full importance can scarcely be estimated. It is a century ahead of all other methods for the Piano—Pupils acquiring a knowledge of Music in an almost incredibly short time.

References to and letters of recommendations from the most eminent Professors of Music in the East.

Mrs. WHITE is stopping at the TOWNSEND HOUSE for a limited time, where she can be found, and full particulars learned Private tuition given

NOTICE.

AT a meeting of the proprietors of the Five Acre Lots and City Blocks lying north of the Church Pasture, the subject of levying up the banks of the Jordan, and conducting the waters of Kanyon and Emigration Creeks direct to the Jordan River, was taken up and considered and a Committee, consisting of the following persons, was elected: Bryant Stringam, R. T. Burton, R. J. Golding, J. W. Fox, Isaac Groo, Royal Barney and Moses Thurston, to make an examination of the work required to accomplish this object, and estimate the cost to complete the same, and report at a meeting to be held at the 14th Ward School Room, on Saturday, February 15th, at 7 o'clock, P.M. All persons interested are requested to be present.

ABRAHAM HOAGLAND,
Chairman of said meeting.

PUBLIC NOTICE.

YEAR 1868.

CASH!

WE return our sincere thanks to this People for the liberal Patronage we have received, and in view of the great scarcity of money and the decline in the value of some kinds of Goods east, we have determined to offer our Stock at a heavy Discount for

CASH!

WE will allow a Discount of TEN PER CENT. on all Groceries, except Tea, Sugar, Coffee, Candles and Soap.

A Discount of TEN PER CENT. on all Dry Goods, Clothing and Hardware, except Nails, Horse and Mule Shoes.

A Discount of TWENTY PER CENT. on Hoods, Nubias, and all Goods of this description, including Hats and Caps.

A Discount of from TEN to TWENTY PER CENT. on all kinds of Dishes, Plates, Cups and Saucers, Glassware, Castors, &c., &c.

ARGUMENT:

THIS we think better for the Customer than Enterprises on the Lottery Plan, these having been tried elsewhere and not found profitable to the investors.

The People know quite well already who sells the Cheapest and Best Goods, and when they get them, knowing them to be cheap, and then get a Discount of from Ten to Twenty per Cent., we think they will come to the conclusion that it is better to have the full benefit of what they spend at once and on the spot, than take ONE Chance in FIFTY of drawing something, some time in the future.

You are not required to purchase "Ten Dollars" worth to entitle you to the Discount, but we will allow it in all cases, whether the purchase be large or small.

This is to give the poor man or poor woman, who cannot get hold of "Ten Dollars," a chance to buy Goods Cheap.

COME AND TRY IT.

WHY DOWN OFFER THESE TERMS?

Because we are like most of our neighbors, wanting money badly.

Ross & Barratt.
