PRICE OF GOLD.

United States Bank of Denver.

LOCAL AND OTHER MATTERS.

THEATRE.—Last evening the fine play of the "Hunchback" was very creditably presented. Mrs. Bates proving herself a very good "Julia," though perhaps not making the most of one or two of the scenes. Mr. Bates enacted Walter with the careful thoroughness which is characteristic of him. He is a very satisfactory actor.

This evening will be presented the very attractive drama of "The Mother-in-Law," Eustace Hamilton, in which Mrs. Bates will personate "Louise" and Mr. Bates "Eustace Hamilton," supported by Miss Adams as "Madame Poullet," Mr. Margolis as "Marcel Poullet," Mr. Thorne as "Alphonse Lambert," Mr. Madison as "Monsieur Poullet," Mr. Dudley as "Monsieur Poullet," and Mr. Bowring as "Sergeant and Paul Poullet."

GEORGE C. BATES. United States District Attorney for Utah, yesterday arriving at the St. Nicholas Hotel, from Washington, on his way back to Salt Lake City. — N. Y. Herald, April 24.

CHILDREN'S MAY DAY EXCURSION.—We understand that in consequence of the unfavorable condition of the weather and for other reasons, the May Day excursion of the school children will be postponed until Friday week, May 10.

Another soaking, sleety rain last night.

MAJOR POND. Partner of Abernathy Bros., Leavenworth, who conduct an extensive business in the Cabinet line, has made heavy sales to the Territory, and such sales as to warrant a reduction in price.

THE REFORMATION.—The whole country should rejoice, even as the people of Utah rejoice, in the late vindication of constitutional law and the fundamental principle of free government by the Supreme Court of the United States. It is simply the law of popular government that has been vindicated, against executive and judicial usurpation and tyranny. The law means, under our republican form of government, that the people of the Territories, which are not inchoate States, to use the language of Stephen A. Douglas and Lewis Cass, that the people of the Territories, like those of the States, shall have and enjoy the blessings of self-government. The unanimous voice of the Supreme Court, ordaining the reformation of law and order in Utah upon this sacred principle, which is the bond of liberty in our country, against the most wanton usurpation intended to overthrow it. — Omaha Herald.

THERE ARE MESSAGES at the Deseret Telegraph Office, next door north of Wells Fargo's, for Frank Dupray, Walter Elbert, N. A. Chastain and S. H. Moore.

ALL RIGHT.—The anxiety of the friends of Bishop C. Layton who, with some others, went on an expedition to the outside of the lake a short time since, is now allayed. He was in town a day or two since looking as if he was able to go on several more expeditions without taking any harm.

SECURE YOUR TICKETS.—The proposed excursion party to California is expected to start on Monday, May 13th. Those who purpose going should secure tickets at once from Mr. Geo. Goddard or Mr. Francis Platt.

ACCIDENT.—About noon yesterday Mr. Hans Ramussen, while riding a broken colt, was thrown from the animal's back, and his foot catching in the stirrup he was dragged a considerable distance and severely kicked by the colt, causing a compound fracture in the bone of his right leg. The case is under the care of Dr. Higgins Davis, and though the injuries are complicated and severe, Mr. Ramussen is, we understand, doing well, and likely to recover.

WOMAN'S EXPERIMENT.—We have been requested to state that owing to the non-arrival of part of the material for Women's Experiment, the issue of the first number will be unavoidably delayed a few days.

DISTRICT COURT.—This morning in the Third Judicial District Court, Deputy U. S. Attorney J. L. High, announced that he had received an official copy of the recent decision of the Supreme Court of the United States, declaring illegal the method of empanelling juries in this Territory, he therefore moved that a *scire facias* be entered in the cases of all persons held under indictments found by juries so empanelled, and that an order for their release be issued.

The Court said such an order would be issued, and that all such persons would be released today or to-morrow morning, unless some action was taken in the meantime to cause their further detention.

On motion of Mr. High an order was given, turning over, from the U. S. to the Territorial Marshal, all persons against whom indictments had not been found, but who were held by virtue of a warrant of a committing magistrate.

On motion of Mr. High an order was made by the Court cancelling all bonds given by parties under indictments for grand and petit larceny.

The Court ordered the clerk to direct all papers connected with offenses against the territorial statutes, be directed hereafter to the Territorial Marshal.

The Territory of Utah on the complaint of Isabel Walters vs. John G. Olson. Information in the nature of Quo warranto, withdrawn, and the case dismissed.

Mr. Miner made application for the execution of bail in the case of the people vs. Thomas Hawkins, on appeal to the Supreme Court of the Territory. The Court said it would hold the matter under advisement until to-morrow morning.

CALLER.—We had a call this morning from Mr. Farrell, of the firm of Farrell Brothers, Leavenworth, Kansas, jobbers in oranges, lemons and all kinds of fruit. It is Mr. Farrell's first visit to this city. He comes for the purpose of opening business relations between the firm with which he is connected and the market here. He is sanguine that he will be able to successfully compete with the California market. He leaves for the east to-morrow.

PECULIAR DOINGS.—Mr. Samuel Pike writes from Wyoming coal mines, Erie, April 28th:

"The First District Court for the county of Utah, Wyo. Terr., has issued an order, and has caused considerable excitement at these coal mines in consequence of a rumor that all men having more than one wife were to be prosecuted. Some who stood in that condition suddenly took a trip of a few days to Utah, for change of air, and were not, therefore, apprehended when the police visited their homes in search of them. One man, however, thought he would not take the consequences, and was accordingly arrested on a charge of bigamy and tried for the same. Failing to convict him on that charge, he was tried for the same offense. That also failed, and he was again arrested and tried for adultery. In each case he was acquitted by the jury."

"Considerable discontent being felt by the citizens on account of the rapid disbursement of the treasury funds, the Judge and lawyers thought best to take the departure yesterday morning in a hurry. It is a disputed question whether these coal mines are in Utah or Wyoming Territory."

THE UTAH FORTIFICATION AND GARDENS for March is at hand. The editor discusses the question, "Will fruit growing pay in Utah?" and thinks yes. He also writes of pear, apricot, and raspberry culture. The peach crop in the South was not so much injured by frost as was expected, half a crop was the promise, almonds killed generally, apricots, plums, apples, pears, nectarines and figs generally uninjured. The first frost of the season, however, seems, vegetation usually backward, gardens

and crops promising, times dull, every body overworked, drowsy, blooming birds singing, mercury ranging from 70 to 75°. The editor complains of "worse than a fever" in the family and not a composing pen in the country one can get for help."

DEED.
In Tooele City, April 10th, of old age, Elder PETER MCINTYRE.

He was born March 17, 1790, at Raccoon, parish of St. Lawrence, Covert, Argyleshire, Scotland. At the age of eighteen he entered the British army, joining the 1st Regiment of Highlanders, and in 1810 took part in the famous Waterloo expedition. July 1813 he took part in the battle of Victoria, and a few days after, in the battle near Zamora. He was also in the battle of Toulouse, and other engagements. He and his regiment participated in most of the battles which followed the escape from Elba and resulted in the overthrow of Napoleon, and he was with the allied army at the surrender of Paris. Bro. McIntyre was baptized in Greenock, in 1820 or '4, and being ordained an Elder, carried the gospel into the Highlands and surrounding country. In 1850 he emigrated to this Territory and died of old age in the city of Salt Lake, Utah.
