Special Business Notices.

MRS. OATES' comic opera company, The "Princess of Trebizonde" at the Theatre to-night.

BAKER, PRATT & Co., of New York, book-sellers and stationers, importers and dealers in foreign and domestic stationery, place their card in our columns. They deal in all kinds of stationery ware and appliances, including inks, paper, envelopes, pens, pencils, penholders, pencil sharpeners, mucilage, inkstands, copying presses, sealing wax, wafers, rubbers, drawing, copying, tracing, crayon, blotting, tissue, and music paper, Bristol boards, rulers, paper cutters, tracing, cloths, crayon, scrap, autograph, composition, writing and drawing books, ivory goods, copying press stands, cases of various kinds, cash boxes, clips and files, rubber bands and rings, tape measures, pocket rules, playing cards, water colors, backgammon and chess boards, chess men, writing desks, toy blocks, calendars, slates, etc. Those of our citizens who have used their goods and done business with the firm are well satisfied therewith.

THE city of St. Louis produces more White Lead than any other city in the South-west. One of its principal White Lead Works is the "Southern." Under the able superintendence of their President, Wm. H. Gregg, Esq., the company, during the past few years, have largely increased their facilities for manufacturing purposes, their main building being 310 feet on Main street, and extends to both sides on Lombard St. They have two corroding yards, 80 by 195 feet. Their White Lead was first introduced to this market about eight years ago, by one of our citizens. It was then pronounced, by most of our leading painters, to be far superior to any that had been introduced previous to that time, being better adapted to this climate than any before used. Since then there has been an increasing demand for it, until it is now sold by most of the leading mercantile houses in this city. So popular has it become, that it is sold in every State in the Union. Three years ago Mr. Gregg introduced it on the Pacific slope, and the company has been doing a steady increasing trade all the time. These facts speak well for the superiority of the article. We know those who used the "strictly pure" when it was first introduced, and they said it was equal, and in some respects superior, to any they had used before. We can confidently recommend all who want a first class article to give the Southern White Lead a trial. Read the advertisement on our first page.

INFORMATION wanted of the whereabouts of Charles Johnson. See advt.

GRAND comic opera matinee at the Theatre on Saturday.

TO RENT—A 5 roomed house. Good location; enquire at this office.

COLDS AND COUGHS.—Sudden changes of climate are sources of pulmonary and bronchial affections. Take at once "*Brown's Bronchial Troches*," let the cold, cough, or irritation of the throat be ever so slight.

The Gates of Pearl,

Through which the human voice issues, should never become rusty. To keep the teeth for ever free from blemish, to render their decay impossible, it is only necessary to use fragrant SOZODONT. It is antiseptic and supremely wholesome.

LIGHT red cow strayed. See advt.

AGENCY.—Brother John G. Coltrin is authorized agent for selling the work entitled *Correspondence of Palestine Tourists*, in all of the settlements South of Salt Lake County. d146

VALUABLE AND RELIABLE.—"Brown's Bronchial Troches" are invaluable to those exposed to sudden changes, affording prompt relief in coughs, colds, etc.

CARL C. ASMUSSEN, practical Watchmaker and Jeweler. Opposite the Post Office. d69

WHAT a beautiful lot of **Baby Carriages** and so very cheap at Dinwoodey's Furniture Store. d125

RAILROAD TICKETS FOR SALE.—First-class tickets from Council Bluffs to Chicago, apply at Deseret News Office. d103

DON'T BE IMPOSED UPON!!!—H. Reiser, 4 doors east of Godbe's drug store, has Watches and Clocks for all who want reliable timepieces. Repairing done on short notice. Everything warranted. d80

RED CANYON COAL.—Still the old reliable $5.75 per ton at the yard, $7.50 delivered. NO EXTRA CHARGE FOR DELIVERY in difficult places. Full weight and quality of coal guaranteed. A lasting and true friend for the rich and poor. Try it one and all. Orders always meet with promptness and care. ROBERT SMITH,
Office, 65 Main Street. Agent.

GEO. C. FERGUSON, watch maker, 11, First South St., a few doors east of Commercial St.

PUBLIC speakers and singers will find "*Brown's Bronchial Troches*" beneficial in clearing the voice before speaking or singing, and relieving the throat after any exertion of the vocal organs. For coughs and colds the Troches are effectual. d143 eod

LYON'S KATHAIRON.

Lyon's Kathairon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so cleanly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Kathairon properly.

EVENING NEWS.

Wednesday, . May 17, 1876.

PRICE OF GOLD.

Corrected daily by Deseret National Bank.
SALT LAKE CITY, May 17, 1876.
Buying at $1.10½; *selling at* $1.12½.

Local and Other Matters.

THERMOMETER 37 degrees F. in the shade at 1 p.m. to-day. Snowy.

R. R. Talk.—The Beaverites and other Southerners are indulging in a little Southern Railroad agitation.

Train Late.—The Central Pacific four hours late to-day. The Utah Central purpose waiting.

Temple Rock.—A couple of car loads of rock for the Temple arrived at the depot last evening.

The Question of the Hour.—Have you got in your Winter supply of fuel and potatoes? There is an indication of last Winter dove-tailing into next.

Stormy.—The rain came down last night and this morning came the snow, sometimes in very large flakes, turning to rain in the afternoon.

The Reason.—The reason assigned by some people for the present unseasonable state of the atmospheric condition is the removal, last Winter, by the Legislature, of the meteorological observer, and the failure to appoint his successor, leaving the weather to run at loose ends.

Not Going.—The superintendent of the 12th Ward Sunday School requests us to state that the children of that institution will not go to Lindsey's Gardens to-morrow, as intended, on account of the weather. Due notice will be given as soon as a future day for that "out" is fixed upon.

Bag Marking Ink.—Ore suckers should note the following—

"A correspondent of the *English Mechanic* gives the following receipe for an ink, the permanency of which he says is perfect, even when bags filled with chemical manures have been in rain and sunshine for ten days: Boil one pound of logwood chips in one gallon of water, at boiling point, ten minutes; then stir in the eighth of an ounce of bichromate of potash, and boil this ten minutes longer; then add, when cold, one-half pound of common gum, dissolved, and stir well in. This will flow well from the pen, and will mark bags with either the stencil plate or block. The cost of the above ink is about twelve cents per gallon."

City Council.—Petition of George Showell, for the privilege of using a hydrant with which to fill his street sprinkling car; referred to committee on waterworks.

Petition of John Crane, to be allowed to construct a platform over the water sect, in front of his premises, First South Street; referred to committee on streets and alleys.

Petition of Henry Lloyd, requesting that a portion of his license as dealer in fresh meat be returned to him, in consequence of his having gone out of business; tabled.

An auctioneer's license was granted to David Micklejohn.

Davis, Howe & Co's. bill of $75, against the waterworks, was reported examined and found correct, by the waterworks committee, who recommended that it be allowed; report adopted and amount appropriated.

The sum of $500 was appropriated to be drawn against by the superintendent of waterworks to meet current expenses. Petition of Luke and Trescott, for the privilege of selling a patent fire-kindler, was taken from the table, to which it had been previously consigned, and referred to the committee on licence.

One month's salary for the recorder, $200, was appropriated.

Adjourned till next Tuesday, at 7 p. m.

The Late Father and Mother Neff.—In noticing the demise, at Salt Lake City, of the late respected Mrs. John Neff, who, together with her late husband, Elder John Neff, was widely known and esteemed in this community, an eastern paper comments as follows—

"Mrs. Neff was formerly from Strasburg Township, and daughter of Melchor Barr of Lancaster Co. She leaves a large family connection, and many friends to mourn her loss. Mr. John Neff, her husband, became a member of the Mormon church some twenty-five years ago, and removed from this county shortly after to Salt Lake City, where he and his family have resided ever since. Mrs. Neff, when her husband determined to remove to Utah, like a loving wife adopted the precept of Ruth ('Whither thou goest, I will go; and where thou lodgest I will lodge; thy people shall be my people, and thy God my God; Where thou diest I will die; and there will I be buried; The Lord do so to me and more also if aught but death part thee and me.') How truly this Christian precept was fulfilled by Mrs. Neff, Mr. Neff dying some four years ago. Mrs. Neff was a perfect lady, a kind and affectionate wife and mother, and a true friend to the poor. I enjoyed her hospitality a great many times and she was more to me like a mother than a friend. I deeply sympathize with her family. They can truly say we have lost a mother.

"The writer was personally acquainted with Mr. Neff, and although he and I differed on religious principles, as do the Episcopalians, Presbyterians, Methodists, Baptists, and a host of others, yet all believed as he did, that Jesus of Nazareth was the true Messiah and Son of God. He had also Christian charity enough to leave others the right to their own belief in the abstract degrees of religion. My intercourse with Mr. Neff was intimate and I never knew a more upright man. He was truly what Pope would call the noblest work of God, An Honest Man."

Valuable Information.—People frequently lose their cows from not knowing how to properly treat them, in the matter of feeding. For instance, the life of a cow is always jeopardized if she be allowed to feed on lucern that is green, more especially if it is wet, or damp, with dew. Consequently the only safe method of feeding lucern to cows is to cut the day's supply one day ahead of feeding, thus giving it time to wilt.

Occasionally, however, cows will get at green lucern, which they generally devour ravenously, and will consequently get bloated, swelling terribly, causing great agony, generally resulting in death, unless some means of relief is speedily applied. The pain experienced by animals when bloated will frequently cause them to clench their mouths firmly, thus preventing egress of the wind and increasing the danger. To prevent this a handful of salt should be rubbed over and into the nostrils and around the mouth, causing the animal to attempt to lick it off, inducing also a motion of the body, that is favorable to the getting rid of the wind. Another simple and frequently efficacious plan is to gag the cow by putting a stick in her mouth keeping it there, by tying up to the horns, thus keeping the mouth open, making it a passage for the egress of the wind which causes the distress. Another plan, sometimes adopted in extreme cases, is to stab the cow in the hollow part of the side, which, however, is always a delicate operation, and attended by more or less danger, when performed by a person inexperienced in such matters.

The foregoing remarks were induced by the fact of a cow being bloated this morning by being fed green lucern, the owner of the animal not having been aware of the result of such treatment.

A Remedy for Toothache.—The following may be of considerable benefit to those afflicted with that common complaint, the toothache, which was so forcibly characterized by Robert Burns—

"Dr. Buckworth, of St. Bartholomew's Hospital, London, has recently successfully used bi-carbonate of soda as a remedy for severe toothache, when applications of chloroform, either externally to the cheek or to the ear, or placed on cotton in the decayed tooth, failed; and when carbolic acid, applied as last mentioned, also proved inoperative. Pledgets of cotton soaked in a solution of thirty grains of bi-carbonate of soda in one fluid ounce of water gave almost instant relief. Dr. Buckworth considers that very frequently the pain is due to the contact of acid saliva with the decayed tooth, and therefore it is important, in cases of odontalgia, first to determine whether the saliva has an acid reaction. If this be the case, then a simple alkaline application, as above stated, is the most efficacious means of cure."

"Cases of toothache are such common accompaniments to disordered stomach that there seems every reason for the truth of the above author's conjecture. Doubtless on the same ground is due the efficacy of ammonia, so frequently recommended, but which, if applied carelessly, is liable to produce more pain by burning the gum than already exists in the tooth.

"Bicarbonate of soda is found in every kitchen, and hence no more handy remedy could be devised, while it is destitute of any painful effects; and the *rationale* of its operation and its simplicity make us wonder why it has not been thought of before."

Theatre.—Notwithstanding the rain, there was a rather large audience at the Theatre last evening, who appeared to be well pleased with the performance of the comic opera of "Girofle-Girofla," by Mrs. Oates' talented troupe. Mrs. Oates and Miss Temple and Mrs. Chapman among the ladies, and Messrs. Howson, Drew, Hall, and Maflin among the gentlemen, in their several characters, were most noticeable. But one of the best things in the whole of the performance was the chorus singing, in which a high degree of harmony was manifest. The choruses alone were worth the admission money, independent of the songs and duets, the wit and wisdom, the fun and frolic of the play. It is very seldom that we hear more perfect chorus singing in this city.

This evening, Offenbach's "Princess of Trebizonde" will be presented, with Mrs. Oates as "Prince Raphael," Miss Temple as "Zanetta," Mrs. Chapman as "Paolo," Mr. Hall as "Prince Cassimir," Mr. Howson as "Cabriolo" the Showman, Mr. Drew as "Tremolini," Mr. Maflin in his "Spade Dance."

Grand Comic opera matinee on Saturday.

Fifteenth Ward Sunday School.—The teachers and children of the 15th Ward Sabbath School spent a pleasant time at Lindsey's gardens yesterday. There were a number of the boys there, and Mark says he never saw a better behaved lot of lads anywhere, not only on the occasion of their visit yesterday, but on previous visits he has observed the same.

Correspondence.

Weber County Teachers' Association.

MARRIOTTSVILLE, Ogden City, May 15, 1876.

Editor Deseret News:

A number of the teachers of Weber county met on Saturday, May 13, to organize an association to be known as the Weber County Teachers' Association. There was a good attendance of teachers and friends of education, much harmony of feeling prevailed, and great interest was manifested in the proceedings. Prof. L. F. Monch, County Superintendent, Mr. Chas. Wright (Huntsville), and Mr. Thomas S. Wadsworth (West Weber), spoke in favor of the organization of the association. A constitution was drawn up and the following officers were elected—

Prof. L. F. Monch President, Mr. Austin C. Brown (Ogden) Vice-President, Mrs. Hattie C. Brown (Ogden) Treasurer, Mr. C. Wright Secretary, Mr. A. Parsons (Marriottsville) Corresponding Secretary. These officers form the committee of the association.

The executive committee then presented the following programme of the next meeting—

Theory and practice of teaching, lecture, Prof. L. F. Monch.

Recitation, Miss Jessie Pentine.

Mathematics, lecture, Mr. C. Wright.

Select reading, Miss Mattie Brown.

Grammar, lecture, Mr. A. Parsons.

Stump oration, Mr. J. R. Messervy.

The subjects of theory and practice of teaching, mathematics and grammar will be treated of in a series of lectures or model lessons by the gentlemen having these subjects in hand.

The next semi-monthly meeting will be held on Saturday, May 27, at 10 a.m., in the Third District School-house, Ogden. The association cordially invites teachers and friends of education to attend.

Yours truly,
ARTHUR PARSONS.

ARRIVALS.

TOWNSEND HOUSE, May 17.

Geo S Starling, V PRR; C H Drew, A W Maflin, John Howson, Oats Comic Opera Company; John Morrison, Sandy; D W Willer, Bingham; L H Hapgood, Ogden; Mr and Mrs Atwood, Miss Atwood, Dr Howland, Victoria; J B Hinkley, A M Hinkley, Cottonwood; James Carbon, Frank Carbon, Bingham; P H Dayton, F H Little, Dry Cañon; Chas O Rich, Bingham Cañon; A J Barker, wife and three children, St Louis; John Manning and wife, Chicago; H J Faust, Black Rock.

DIED.

May 16th, in the 19th Ward, Salt Lake City, THOMAS WIDDISON, aged 70 years.

Funeral services at 19th Ward Schoolhouse, at 1 o'clock p.m., May 18th. Friends are invited.

At Ephraim, Sanpete Co., May 10th, of disease of the lungs, after four months hard suffering, ABELONE, wife of Anders Hansen.

Deceased was born Jan. 17th, 1817, at Magyethenborg, West Sogn, Ribe Amt, Denmark; was baptised into the Church of Jesus Christ of Latter-day Saints in 1852; emigrated with her husband to Utah in 1853, crossing the plains with a company of Saints brought over by Canute Petersen, the present Bishop of this place; came to Sanpete and settled in this place, where she remained until her death. She was the mother of six children, four of whom have gone before her to a better life, where she will meet them and await a glorious resurrection.—[Com.
