Professor Blot, the lecturer on Cookery, says that housekeepers should insist upon obtaining Burnett's Flavoring Extracts, as the strongest and most healthful.

The Qualities of Burnett's Cocoa, as preventing the hair from falling, are truly remarkable.

Embrapting.—An embroidered handkerchief moistened with Burnett's exquisite perfume, Florida.

All Painful Troubles and discolorations of the Skin may be alleviated or removed by the use of Burnett's Kalliston.

Ex-President Martin Van Buren was made comfortable by the use of Jolas Whitcomb's Asthma Remedy.

ECONOMICAL, RELIABLE, THE BEST.—We mean Dooley's Baking Powder. It is superior to all others in market. Free from any injurious substances, and so nicely compounded that the contents of each box will make light, sweet, healthy biscuits, rolls, pastry, &c., with uniform success. Only two teaspoonfuls to a quart of flour is necessary, while those of ordinary manufacture require from one-third to a half more. Ask your grocer for Dooley's Chemical Yeast Powder, and take no other. Try it and be convinced.

Having lately received extensive additions to our already large and varied stock, in the shape of type, presses, &c., &c., our facilities for executing all kinds of Job Work in the best and most improved styles have been greatly increased. Co-operative and other establishments can be supplied with plain or tinted Order and Receipt Books, Certificates of Stock, and every kind of work. Orders from the city and the country settlements are respectfully solicited.

We have received one of the latest improved ruling machines, and are, therefore, prepared to do all kinds of ruling according to order, on the shortest notice. s&wtf

LOCAL AND OTHER MATTERS.

FROM TUESDAY'S DAILY.

NEW CROP OF "HOPPERS."—Colonel Thos. Bullock, just in from Coalville, Summit County, informs us that the grasshopper eggs laid this season are hatching out by thousands in that county, and the young insects are hopping about with their usual vivacity. We hope the weather will remain fine and warm until every egg laid in the country is hatched out, then a cold spell will not be unacceptable.

NEW COAL MINE.—We understand that last Monday the miners engaged in tunneling in the coal mine of Messrs. Crisman & Maxwell, in Grass Creek Canyon, near Coalville, struck a vein of good coal about five feet in thickness.

THE LAST COMPANY.—President Albert Carrington, in a letter to President Brigham Young, states that the last ship of the season would not sail from Liverpool until October 6th (to-morrow), when all desiring to emigrate this season will embark. This is the company that it was rumored would sail on the 29th ult.

GOOD BREAD.—Brother Dan. Grenig has sent us a specimen of bread manufactured by him from flour made by D. R. Allen at President B. Young's mill, at Big Cottonwood. We have no doubt that a "puff" is desired for this bread, but we cannot see the least necessity for it, its appearance is so excellent that it recommends itself, and needs no "puffing." It is almost as white as a snow flake, and as "light" as a sunbeam. Its taste is also unexceptionable.

LIGHT-FINGERED GENTRY.—A very respectable lady, residing in this city, assures us that yesterday afternoon while walking to, or when in the fair, she had her pocket picked of several dollars in currency. We think it more likely that she lost it, but she is positive that she placed the money carefully in her pocket before leaving home, and that when she wanted it she found herself minus, and is quite sure she was robbed of it. This is the first instance of the kind we remember here, and, while we do not for a moment question the veracity of the lady, we incline to the opinion that the money was lost. Still, it is just possible that some of the light fin-

gered fraternity may have made a visit to Utah, and if so it will be well for the public and police to keep a sharp look out for them.

SPANISH FORK.—Bishop Thurber called in to-day and gave us a report of matters within his diocese. He says everything in Spanish Fork is prosperous. The crops—both grain and fruit—are very good. Co-operation is flourishing. The citizens are making a road through Spanish Fork Canyon, which will enable them to procure coal from Fairview, Sanpete Co., a distance of about thirty-five miles. The military of the settlement are preparing for the general muster, to be held at Provo on the 13th inst.

The health of both children and adults has been, very good this summer. The Bishop says they have made it a rule, during the hot weather, to eat very little flesh, and have also carried out, to a considerable extent, every other injunction of the Word of Wisdom; and to this fact they attribute, in a great measure, their immunity from disease.

SALT LAKE CITY, Oct. 5, 1869.

Editor Deseret News:—Dear Sir,---I need not say that our Fair is a success, and a great credit to the isolated Territory of Utah. The distinguished visitors now in our city can learn more from this exhibition of home productions, of the indomitable industry and perseverance, combined with intelligence, that we as a people are noted for, than from any perorations that might be given them.

The only drawback is the limited space, causing an unpleasant crowding among the spectators, enabling each as he or she passes along to obtain only a partial glance of the triumphs of art and industry exhibited.

Will it be asking too much of the Directors to keep the Fair open longer than the two days advertised? Visitors from the country in to attend Conference would be as highly elated and benefitted by the sight as we who live in the city, and many in town who are crowded out could pay a pleasant visit.

Yours respectfully,

A LOVER OF THE BEAUTIFUL.

We understand that on account of the large influx of visitors expected from the country the Directors have concluded to continue the exhibition a day longer than advertised.

MEETING OF STOCKHOLDERS.—In accordance with the Constitution of Zion's Co-operative Mercantile Institution the Stockholders thereof held a meeting at two o'clock this afternoon in the Old Tabernacle; when the report of the President and Directors was read and accepted and the details of the business done entered into by the officers, showing a very favorable result. The stockholders who spoke expressed themselves highly satisfied with the management of the Institution, and a vote of approval was unanimously passed by the meeting in favor of the course pursued by the officers of the Institution in the management of its business. The meeting then adjourned to the 5th of April next at two o'clock p.m.

MOVEMENTS OF THE VICE PRESIDENT.—Vice President Colfax and party did not visit the Great Salt Lake as was intended. We understand that he spent the greater part of the day at his hotel,—the Townsend House,—and was called upon by many of the leading citizens. To-night Mr. Colfax and all the members of his party will visit the Theatre.

SECOND LECTURE ON THE LANDS OF THE BIBLE.—At three o'clock this afternoon the Hon. Mr. Diehl delivered his second lecture in the Old Tabernacle on the Lands of the Bible, choosing particularly for his subject Jerusalem and its environs; especially noticing Mount Moriah, the Mount of Olives, Mount Calvary, the Valley of Jehosaphat, with many particulars relating to the Temple of God, erected by King Solomon. The lecture was delivered at too late an hour for us to give a detailed report in to-day's issue.

MATTERS IN SANPETE.—President Orson Hyde favored us with a short visit to-day and gave us some interesting items in regard to affairs generally in Sanpete county. During the summer there has been some sickness among the people, chiefly diarrhoea, sometimes ending fatally among the children. The general health of the community is now good.

The wheat crop this season is unparalleled by that of any former year; corn is very good; potatoes excellent, but oats and barley are a failure. The loss in food for stock, caused by the failure of the last mentioned crops will be supplied by peas, of which a large quantity has been raised.

There are no mercantile operations carried on in the county, except on the co-operative principle, and all the co-operative

stores are doing well, are able to pay their debts as soon as due, and are careful not to assume liabilities in which any risk is incurred.

Coal and wood are abundant.

There is much inquiry respecting the resettlement of the Sevier Valley. A good spirit exists throughout the county, and good-will and harmony prevail among the people.

FROM WEDNESDAY'S DAILY.

INFORMATION WANTED of the whereabouts of Charles Forester, who left England and came to Salt Lake in 1862. Any information with regard to him will be thankfully received by his brother, James Forester, of Orangeville, Trumbull Co. Ohio.

PROGRESS OF THE UTAH CENTRAL.—We have received information from F. Little, Esq., Assistant Superintendent of the Utah Central Railroad, that the track is laid across the bridge over the Weber River, and that the switch and siding east of the bridge are completed. The crossing for the point, where the Utah Central crosses the Union Pacific, and two horse-cars for iron, arrived yesterday. These will greatly help to accelerate the work on the road.

FOURTEENTH WARD SUNDAY SCHOOL.—On Sunday last (Oct. 4th) the Fourteenth Ward Sunday school was visited by a number of gentlemen and ladies, who had lately arrived from the East, on a visit to this city, and the scholars and teachers had the pleasure of listening to addresses from Professor Chas. H. Brigham, Mr. Hill, M. C., Hon. I. S. Diehl, who has travelled four years in the Holy Land, and Hon. F. W. Ferry, M. C., all of which were very interesting. Mr. Diehl's remarks were highly instructive and amusing and were accompanied by the exhibition of a number of trophies, symbols, &c., &c., illustrative of his travels and researches in "Palestine" and other "Bible Lands" of the ancients.

Elder Thos. Taylor, Superintendent, then made a few remarks expressive of the pleasure experienced while listening to the gentlemen who had spoken, and referred to the necessity, would we obtain a full salvation, of rendering strict obedience to all the commandments of our Heavenly Father; and as Jerusalem had been spoken of, he felt it would be profitable to read a prayer made by Elder Orson Hyde, on Mount Olivet, when he, in obedience to the word of God through His Prophet Joseph Smith, went to that city to dedicate and consecrate it and the land of Palestine, to prepare it for the fulfilment of ancient and modern prophecy, in the return, in the present generation, of the descendants of Abraham, Isaac and Jacob, to their fatherland. He then read that beautiful prayer, which was listened to with profound attention.

THOS. C. ARMSTRONG, Sec.

THE HON. MR. DIEHL'S LECTURE.—Yesterday afternoon a large audience assembled at the Old Tabernacle to listen to the lecture of the Hon. I. S. Diehl on the lands of the Bible. After reviewing a portion of his previous lecture and glancing at the great cities of the Valleys of the Euphrates and Tigris, the Hon. lecturer especially dwelt upon the history and topography of the two sacred cities, Ur of the Chaldees and Jerusalem "the Holy," interspersing his remarks with many interesting anecdotes relating to the manners and customs of the natives of the changeless East.

Mr. Diehl could scarcely be aware, that in narrating some of the traditions of the people of these parts he was giving an indirect testimony of the truth of "Mormonism," yet such was the case, especially when he related the traditions of the people of Ur regarding the early life of the patriarch Abraham. He said that the people there claim that Abraham was sentenced to be burned to death for his destruction of the idols, the people then worshiped, and for burning the temple dedicated to their honor, but that at the last moment, after the pile on which he had been bound, was lighted, a stream miraculously burst forth from the mountain side, quenched the flames, destroyed some of the idolaters, and Abraham was delivered. Now compare this tradition with the words of the patriarch himself in the "Book of Abraham," where he tells us that because he would not worship the idols of his father and fellow countrymen he was condemned to die, and in accordance with that sentence was bound to the altar of the god of Elkenah, whilst the priest of that god acted as executioner. When thus bound to the altar he states "I lifted up my voice unto the Lord my God, and the Lord hearkened and heard, and He filled me with a vision of the Almighty," sending also an angel who released Abraham and gave him many precious promises. "And

the Lord broke down the altar of Elkenah and of the gods of the land, and utterly destroyed them and smote the priest that he died.

To the Latter-day Saints the Book of Abraham demonstrates the truthful foundation of the tradition; and the tradition should be an evidence to the unbelievers that the Book of Abraham is a divinely inspired record, and as a consequence that Joseph Smith, the translator, was a Prophet of God.

A hearty vote of thanks to the Hon. gentleman closed the proceedings.

DISTRICT COURT.—The hearing of testimony in the case of Andrew Strong, indicted for larceny, commenced yesterday afternoon. S. H. Woolley, Wm. Wood, Walton O. Sawyer, Charles Popper, Wm. Hailstone, A. Greenwald, B. Y. Hampton, Maria Rasmussen, Geo. Chandler, Paul Engelbrecht, Edwin Earl and Enoch Able, were examined for the prosecution and cross-examined by the defense. Court adjourned till 7 o'clock, p. m.

Night sitting, 7 o'clock.—Trial of Strong resumed. H. Wagener, John Cook, Wm. Howard, Mr. McCarty, Wm. Hailstone, John Hepworth and John Slocum were examined for the defense and cross-examined by the prosecution. Jacob Ornstein's written testimony for defense was admitted by consent of counsel for both sides.

After the arguments, the case was given to the jury.

Adjourned to 10 a. m., this morning.

Thursday, 7th.—At 10 a. m., Court resumed its sitting. The jury in the Strong case presented a verdict of "not guilty," and the prisoner was discharged.

In suits against the Union Pacific Railroad Company, defendants were allowed one week further time to answer.

A nolle was entered by the Prosecuting Attorney in the case of Connery.

In the case of the people, &c., vs. Brannigan, Howard and Lavelle, re-indicted for the murder of Russell, at Wasatch, last Spring, counsel for defendants presented a motion to quash the indictment, upon the grounds of certain defects. The points were argued and submitted to the Court.

Several aliens were admitted to citizenship.

Court adjourned till 2 p. m.

Two p. m.—The case of Internal Revenue Assessor Taggart vs. E. Snelgrove, for contempt, in not showing a receipt for taxes alleged to have been paid, was set for this afternoon.

DESERET UNIVERSITY.—The Fall term of the Deseret University will commence on Monday next. This esteemed institution of learning is now better prepared than hitherto to impart all branches of a first class English education. The ancient and modern language will also be taught by eminent professors; the latter will furnish private lessons if desired.

LIST OF PREMIUMS.—The official list of premiums awarded by the various committees to the articles exhibited at the Territorial Fair will be published in a day or two.

A COMPANY FROM GEORGIA.—We learn through the Deseret Telegraph Line that a company of forty Saints from Georgia, under the guidance of Elder Jesse W. Crosby, arrived at Ogden about four o'clock yesterday afternoon.

Died:

In Fillmore City, on the 15th ult., of typhus fever, Helen Lovina, daughter of R. H. and Tamson McBride, aged 6 years, 1 month and 2 days.

In Logan City, of teething and canker, Jenette McNeil and Charles James Ballard, twin children of Henry and Margaret Ballard, born May 15th, 1863. The former died on the 18th ult., the latter ten days later.

In this city, on the 4th inst, Kate Sarah, daughter of Edwin and Naomi Dowlen, aged 7 months and 23 days, of consumption, accompanied with canker thrush.
