JUDGE POWERS TO HEAD DELEGATION

Democrats Who Go to Denver Select Their Members of Convention Committees.

JUDGE KING ON RESOLUTIONS

He Will Help to Prepare Platform While S. S. Smith of Weber Will As. sist in Work of Organizing.

The Utah delegation to Denver is now rganized for the convention and is prepared to meet the problems to be resented with a delegate for each conention committee.

The meeting for organization which as called by National committeeman Frank K. Nebeker, was held Saturday afternoon in the offices of Judge O. W. Powers. There were present Judge Powers, Judge W. H. King, Mrs. H. J. Hayward, Abel John Evans of Utah county, and S. S. Smith of Weber county. Three alternates, T. H. Fitzger-ald, Mrs. Ventress and J. D. Call, were also present.

An informal discussion concerning the An informal discussion concerning the appointments to be apportioned preceded the selecting of committeemen. Abel John Evans was conceded the position on the credentials committee, so that he could meet the Dubois matter and stand responsible for the committee's action, whatever it might be; this because the Dubois fight was considered a religious content. this because the Dubois fight was considered a religious warfare on the Church to which Mr. Evans belongs.

S. S. Smith of Ogden was informally slated for a position as vice-chairman of the convention from Utah, but in the voting he received the place originally conceded Mr. Newhouse, who was selected vice-chairman, while Mr. Smith was made a member of the committee of permanent orygnization and order of

of permanent organization and order of business.

Judge Powers passed by all honors except that of the chairmanship of the delegation, which he received by unanimous vote. Judge King was named as member of the committee on platform, and Mrs. Hayward as secretary of the delegation. Two of the alternates landed positions. They were H. T. Fitzgerald, named to notify the president of his nomination, and J. D. Call to similarly notify the vice-president.

THREE SEATS EACH.

The question of securing seats for the convention was considered, and a letter was read from Urey Wilson, secretary of the national committee, stating that each delegate would have four tickets, including his own, and the alternates would have none to distribute. Mr. Nebeker, as national committeeman, has 10.

Nebeker, as national committeeman, has 10.

Before adjourning Mr. Fitzgerald was assigned the duty of securing badges for the delegates.

The delegation, according to present plans, will leave Salt Lake July 4 on the Oregon Short Line, although this plan may be changed in favor of July 5, as some of the delegates prefer this date for business reasons. The delegates' special is to consist of six Pullmans which will be sidetracked in the Denver yards so that they can be used as sleeping apartments while the convention is in progress. This will reduce the expenses for the entire trip to within \$50. L. R. Martineau has charge of the excursion.

Wandamere is the place and Thursday is the time for a Republican ratification meeting over the selection of William Howard Taft as presidential candidate. The Young Men's Republican club will be host of the occasion, and it has arranged a program of literary and musical numbers for the afternoon. If the Utah delegates are back by that time a reception to them will be a feature of the occasion.

Mayor Bransford has apparently come out into the open in his fight for leadership of the "American" party, or at least to administer the city's affairs according to his oath of office instead of according to the dictation of Joseph Lippman et al. An important bit of policy is to the fore in the removal of Fire Chief Vail. It is that Lippman's horizon is limited to a comprehension of offices except as the plunder of party victory. Bransford, hardly a professional politician, sees them as forces of administration for the general welfare. Whether the people are with Bransford or with Lippman is certain to tell largeor with Lippman is certain to tell large. the final victory of the clashing

Charles Crane, Utah's candidate for Congress on the Socialist ticket, has prepared a statement accepting the nomination, addressed to the Socialist voters of Utah, and to the Socialist voters of Utah, and to the Socialist committee which gave him the nomination. "The problem that must be solved," the statement says, "by those who toil and 'earn their bread in the sweat of their brow,' is, 'Shall those who labor and produce all the wealth of the nation receive the results of their toil, or shall they continue to retain a pittance sufficient only to sustain life and procreate their species for the labor market in the years to come?"

"This problem, as I have said, must and will be solved at the ballot box, when the Socialist party shall have educated the working classes to the sacredness of the ballot in the hands of free men.

free men.

"For this ballot registers the intelligence of the individual. It indicates his independence. By it he speaks his mind on economic questions. By it he expresses his satisfaction with existing conditions, or his desire for a social and economic change. If he is satisfied with existing conditions he will deposit his ballot for one or the other of the old parties, but, on the contrary, if he is not so satisfied and desires a change, he will mark his ballot for that party that more nearly represents his demands and his desires, and that will be the Socialist party."

NO NEED OF SUFFERING FROM RHEUMATISM.

RHEUMATISM.

It is a mistake to allow anyone to suffer from rheumatism, as the pain can always be relieved, and in most cases a cure effected by applying Chamberlain's Liniment. The relief from pain which it affords is alone worth many times its cost. It makes sleep and rest possible. Even in cases of long standing this liniment should be used on account of the relief which it affords. Do not be discouraged until you have given it a trial. Many sufferers have been surprised and delighted with its pain-relieving qualities. 25 and 50 cents sizes for sale by all druggists.

His theme will be "Educational Sociology." CITY COUNCIL FORECAST

"Trade" on Bond Ordinance Will be Consummated-Many Other Lively Items in View.

That the removal of Chief Vail from the head of the fire department will be approved at the meeting of the city council tonight, there can be no doubt. As time goes by and the atmosphere begins to clear, it becomes evident that some of the differences existing among factions of the rule or ruin "American" administration were tried out to a finish in the late contest over the bond issue ordinance. That Councilman Black was able to hold out against "the gang" to the extent of compelling the chief party "persuaders" to labor over him and his fellow "insurgents" with tears and pleading in order to secure their support for the much-desired bond issue, is taken to indicate that the terms insisted upon as a condition precedent to such support while they will fall hard and cut deep in places, yet were "American" administration were

to such support while they will fall hard and cut deep in places, yet were necessary in order to get the bonds through, and all because the party "needs the money."

Asst. Chief Crosby will of course have to go with his chief. And it is not unlikely that still further changes in the department will be made "for the good of the service," and to satisfy the whims of some factions of the party.

Several other matters of interest Several other matters of interest are scheduled to come up before tonight's council meeting. The matter of the veto of Mayor Bransford of the resolution authorizing the board of public works to re-advertise for bids for the grading of Third South street, between Eleventh and Twelfth East streets, is one of these, and a strong influence will be brought to bear to have the matter at least laid over for another week, to enable the property owners desiring the work done to see if the city's portion of the expense owners desiring the work done to see if the city's portion of the expense cannot be carried for a year. This was the objection urged by Mayor Bransford in disapproving the resolution, that the city was not in a position to pay its portion of the expense, and if this objection can be overcome, it is probable that the work may be proceeded with and the much-needed improvement accomplished.

A petition signed by over 1.000 residents of the west side profesting against the removal of the underworld district to that portion of the city, will also be considered.

Another matter of interest promises to be the proposition to take the

Another matter of interest promises to be the proposition to take the award of sewer contract No. 186 to Davis & Heuser by the board of pub-lic works away from that firm. This lic works away from that firm. This step was accomplished at the last meeting of the council, upon charges made by various members that a former piece of work done by the firm was not satisfactory, and that defective pipe was approved by a drunken inspector on behalf of the firm of contractors. At the special meeting last Thursday evening, after the bond issue had been disposed of, Councilman Ferry moved that the council rescind its action taking the contract away from the firm, but the matter was posponed until the regular meeting tonight, when the city attorney will render an opinion on the legal aspects of the case.

REPORTS PEAR BLIGHT.

Reports of pear blight existing in different parts of the county were made at the meeting of the county horticultural society, held in the joint city and county building Saturday. L. Hemingway said he had been successful in keeping down the blight by proper pruning, while C. M. Nokes reported that about 1,000 trees have been killed in his part of the county. Cherry trees were also reported as being affected, though not to such an extent as the pear crop. An address was made by Heber Bennion, first president of the society, and the meeting adjourned until June 18. til June 18.

LAWLESS LANDS IN JAIL.

Crazed with drink, James Lawless of 40 Almond avenue, went home Saturday evening about 6:30 and driving his day evening about 6:30 and driving his wife and three children into the street, proceeded to smash everything breakable in the house. China and glassware were demolished and then Lawless turned his attention to the furniture. He was playing havoc with it when the patrol wagon with Officers Slinpson, Pierce, Curran and Gulbransen aboard arrived, and put a stop to the wrecking. Neighbors had telephoned the police that Lawless was murdering his family. He is charged with drunkenness and disturbing the peace.
