## THE SEMI-WEEKLY NEWS

THE GREAT COUNTRY PAPER OF THE WEST.

Is Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

### LOCAL BRIEFS.

The street car grade through Poperton is being lowered to conform with that of the street.

The real estate men held a well attended smoker last evening, and decided to hold one every alternate Friday evening, and talk up the interests of Salt Lake.

The Women's Democratic club will hold its regular monthly meeting at the club rooms, 101 Atlas block, on Wednesday, Oct. 11, at 2:30 p. m. All Democratic women are invited to be present.

Those who are entitled to the fourth volume of Whitney's History of Utah, can obtain it by calling at the office of Geo. O. Cannon & Sons company in the Mann building during conference.

The funeral of Geneva Ramsay will be held at the fourth ward meeting house, Sunday at 12 noon. Friends invited. The remains may be viewed between the hours of 10 and 11:30 a. m. at the residence, 503 south, Eighth East.

H. T. Richards of Mendon, aged 57, fell from a street car while attempting to board it last evening, at First South and West Temple streets, dislocating his right shoulder and suffering other bruises. He was carried for at the Southern hotel.

The boys section of the Y. M. C. A. will hold a rally tomorrow, at 4:10 p. m. in the association gymnasium under the direction of P. J. Lamm, Rev. B. S. Walker of the East Side Baptist church will speak, and the Imperial Men's quartet will furnish vocal music.

James J. Chambers of this city filed application yesterday afternoon, with the state engineer, for a second foot of water from Big Cottonwood creek, for electric power and lighting purposes. M. F. Murray of Richfield applies for 15 second feet from Dry Canyon creek in Sevier county for irrigation.

Mrs. Elizabeth Day of Fillmore died yesterday, aged 38, after a downward of 10 years. She came to Utah in 1831 from Gloucestershire, Eng., and has since resided at Fillmore. Deceased leaves eleven children, 11 grandchildren, and 28 great grandchildren. Ten of the children are living. The funeral will be held tomorrow.

Mrs. Mary Kirk, wife of James Kirk of Tooele city, died yesterday morning, aged 54 leaving a husband, nine children and 14 grandchildren. The deceased crossed the plain in the 'fifties, and has been a resident of Utah since. One of her children is Mrs. Edgar E. Kirk of this city. The funeral will be held tomorrow, from the Tooele ward meetinghouse.

The room on the main floor of the city and county building which was just vacated by the public library will be converted into a court room and the juvenile court will move in it some time next week. The small room on the north of the large library room will be occupied by the city recorder, low and thus make more room in his present offices which are pretty well crowded.

Nine out of the 15 applicants passed the examination held by the state board of medical examination on last Monday and Tuesday and were awarded certificates. The successful ones are: S. D. Barry, Mercer; S. Bailey, Jr.; Robinson; I. F. Gose, Eureka; O. C. Dixon, Farmington; Leo F. Hammer, Salt Lake; J. E. Dowd, Salt Lake; W. J. Parson, Salt Lake; W. J. Browning, Salt Lake; W. Keate, Salt Lake.

The reunion of Saints and Elders of the Nottingham conference this evening at room 21, B. Y. Memorial building, promises to be a very interesting affair. It is expected that a large number will attend, as the conference now includes what was formerly known as the Mansfield, Derby, Leicester and Lincoln conferences, as well as Nottingham. A menu program has been prepared and refreshments will be served.

J. L. Dunn, a Western Union line-man, while stringing wires yesterday afternoon on East Temple near South Temple, touched a dangling wire which had come in contact with a trolley wire. The current of 500 volts passed through him and he fell to the ground. Dunn was quickly picked up and taken into the nearest drug store whence he was carried to the Holy Cross hospital with an injured hip and a sprained wrist. However, the sufferer is rapidly recovering.

Acting Postmaster A. P. Kesler has been notified by telegram from Washington that he has been appointed acting custodian of the federal building, and took charge yesterday. He is ordering coal, and will have the boilers fired up next Monday morning. As yet, the immigration inspector's office is the only one to move into the building, but during the coming week there will be one or two others. The post-office cannot move until the arrival of the new furniture.

On Monday at noon County Clerk Eldridge will again auction off the county's lot at the corner of Second South and Second West streets. At the auction held on Labor day the county commissioners rejected a bid on \$121 per front foot for the lot. Since then it has been decided to remove the county jail to a lot recently purchased just east of the city and county building and it is believed that with the jail moved from that neighborhood the Second South street property will be more valuable and a better bid will be received this time. The lot is 8x10 rods and is just west of the county jail.

We pay 4 per cent interest per annum on \$1 to \$5,000. Zion's Savings Bank & Trust Co., Joseph F. Smith, President; George M. Cannon, Cashier.

### STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer.

The remedy is in the form of pleasant tasting tablets or lozenges, containing vegetable and fruit essences, pure aseptic pepsin (government food), golden seal and astringent. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the digestive power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest 200 grains of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect what ever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach. This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago and now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive pure and simple, because there can be no stomach trouble if the food is promptly digested. Stuart's Dyspepsia Tablets act entirely on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue. They cure dyspepsia, water brash, sour stomach, gas and bloating, and restore the regularity of the digestive power which weak stomachs lack and unless that lack is supplied it is useless to attempt to cure by use of "pills" and "cathartics" which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at one of two of them after meals will demonstrate their merit better than any other argument.

### ALBERT HULBARD COMING.

Noted Editor and "Philistine" to Lecture in Salt Lake Next Thursday.

Thursday evening next Salt Lake who like the Philistine and its founder, Albert Hubbard, will have an opportunity of listening to him in Barnhart hall. He comes to Salt Lake as the initial offering of the Mutual Improvement league, a bureau for this season, and will be followed by a course of lectures by men of equal interest to thinking people.

Mr. Hubbard is one of the men of the age who have been much out of harmony with the world, and who have "have brought it much into harmony in some respects with them." He seems to hate lawyers and anatomists, Harvard from which he graduated, because he believed that any "worthy" college education may be "turned down by the old line magazines when he started out to be a writer, and started a magazine of his own which, perhaps is more read, and is of greater influence than any of his, who refused his early vocation. He became famous as a disciple of Morris in the craft of making odd things in types for printing, and wood for furniture. His style in writing has been a much parodied and often imitated one, and is not according to the schools of the masters of the age.

Hubbard says little things in sentences which it is a favorite practice to quote. His Saturday sermon in the "News" have been running for some time, and are familiar to the many readers who like them. Albert Hubbard has been a rough bankrupt on account of East Aurora, and in addition to making it the most famous village of America for its size, he has perhaps brought the most business to its postoffice in money orders. His freak books with silk bindings fill the shelves of many book cranks. The shelves also bear his marks and brands, and are done at East Aurora, where he also runs a restaurant where "immortals" may eat for a consideration.

His subject in Salt Lake is "The Gospel of Work," in which he seems to establish himself with the audience as a prophet of a better day for everybody. He pleads for the giving of knowledge to the day's routine, and make the washing of the family dishes a matter of ideals and pride as well as of doing more fanciful cloud-skirting things.

### CIVIL SERVICE POSITIONS.

The civil service commission announces an examination on Oct. 25, 1905, to secure eligibles from which to make certification to fill two vacancies in the position of marine fireman, at \$440 per annum and one each in the quartermaster's department at Large, Seattle, Wash., steamer Carwright, and vacancies as they may occur in any branch of the service requiring similar qualifications. Applications for the position of marine fireman may be filed at any time, but only those filed prior to the hour of closing business on Oct. 25, 1905, with the civil service commission, Washington, D. C., in complete form, will be considered for the specific vacancies mentioned. No educational test will be given, and it will not be necessary for applicants to appear at any place for examination.

### Climatic Cures.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that wearying cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Try the bottles, 25c; regular size, 75c. At all druggists.

## GEN. GOMEZ ON AFFAIRS IN CUBA.

Says the Government of President Palma is Nothing but A Despotism.

### FRAUD CONTROLS ELECTIONS.

Predicts That in the Coming Elections The Will of the Electors Will Be Stifled.

New York, Oct. 6.—Gen. Jose Miguel Gomez, the candidate of the Liberal party for the presidency of Cuba, who is at present in New York, said today that it is the duty of the United States government, under the Platt amendment, to interfere in Cuba and to see to it that the island has genuine and honest elections.

He described what he said was the despotism of President Palma's government and the combined and open use of fraud and force in Cuban elections, as follows:

"The days of the 21st, 22nd and 23rd of last September were days of terror in all Cuba. The chief leaders of our party were arrested, respectable men, men of conservative ideas, merchants and distinguished professional men. The assassination of Villendas took place. He was a young man of great vigor and the leader of the Liberal party in the house of representatives.

"A stupid story of dynamite was invented, being made up only to make an impression on the United States, as it was only received with laughter in Cuba. On the 22nd day of September, the day preceding the election of members of the election boards, the Moderates arrested the leaders of our party organization, and on the 23rd the ballot boxes were taken to the polling places, already stuffed with ballots, and defended by men of criminal antecedents, armed with rifles, and also by the rural guards and the municipal police.

"Wherever the members of our party resisted they were fired upon. In the province of Santa Clara there were many killed and wounded. "In order to be conducted the Liberals from voting on the 23rd, the election leaders of the Moderate party filled up the ballot boxes according to their desire. On the 25th of September the drawing up of the list of voters was begun.

"It was padded to an extraordinary degree, there being inscribed as voters names of persons who had never existed or had died in many cases. The number of names of the voters falsely inserted were more than double the number of names of genuine voters."

Asked whether the coming December elections might be conducted in this same manner, Gen. Gomez replied: "Yes; the result in the coming elections will be that, as a body of imaginary voters has been created, the will of genuine electors will be stifled by the members of the boards of election officers, who will fill the ballot boxes with the votes of false electors."

### To Circumvent Loggers.

Vancouver, Oct. 6.—F. Greene, chief commissioner for lands and works for British Columbia in an interview here today, said:

"In order to circumvent loggers who are taking up pre-emptions for the purpose of cutting the timber, the provincial government will issue immediately to all gold commissioners in the province an order instructing them to grant no pre-emption records unless the pre-emptor swears that there is no more than 5,000 feet of timber to the acre on the land he wishes to take up. This order which is aimed at men who are logging government lands without taking out licenses, may have the effect of preventing settlement as it is almost impossible to find good land which is not heavily timbered. There is some doubt, however, as to whether or not the government can override the provisions of the land act in this way."

### Packers Enter Demurrers.

Chicago, Oct. 6.—Formal demurrers to nine of the counts in the indictments returned by the Federal grand jury against five of the meat-packing companies and 17 of the employees were filed in the United States district court today and pleas of not guilty on the first count are to be entered next Monday, when the entire matter will be taken up before Judge Humphrey.

After the filing of the demurrers, Attorney John S. Miller, the representative of the defendants, had a conference with Dist. Atty. Morrison and Attorney General E. A. Tamm. The indictment expert. The meeting lasted for more than an hour, but all those interested in it refused to state the nature of the discussion.

### Shipbuilders Consult Bonaparte.

Washington, Oct. 6.—Representatives of practically all the shipbuilding firms of the country having dealings with the navy department were in conference with Secy. Bonaparte today, regarding the forms of contracts for the construction of naval vessels. These forms are now unsatisfactory.

### DOUBTFUL RUMORS

#### And Still Scores of Salt Lake City People Accept Them as Facts.

The published statement of some stranger, residing in a far-away place, may be true enough; but it is generally accepted as a doubtful rumor. How can it be verified? The testimony which follows is convincing proof because it comes from a resident of Salt Lake City.

Mrs. John Davis, wife of John Davis, master of 24 South Second East, says: "A woman who has had attacks of backaches for three years, one of which laid her up all winter, who has been under the care of physicians and expended a great deal of money. For quite a while I have been suffering from the kidney complaint, knowing something about what victims of that far too prevalent ailment endure. For quite a while after a physician's treatment I had respite, but an attack just as mysteriously appeared as its predecessor. Knowing what neglect meant when I happened to read an advertisement about Doan's Kidney Pills in a Salt Lake City paper I was induced to go to the F. J. Hill Drug Co. store for a box. Its use proved to me that the remedy is up to representation and pain is allayed if not actually suppressed. I came to the conclusion that a dose or two stops agony in the early stages. In this way I frequently appeal to Doan's Kidney Pills and up to date have never appealed in vain."

For sale by all dealers. Price 50 cents. Foster-McBee Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## GREAT BRITAIN WOULD BE GAINER

By Ratification of Ten Year Treaty Of Commerce and Navigation With Cuba.

### WOULD NOT HELP THE ISLAND

Such is Opinion of Havana Chamber Of Commerce Which Investigated the Question.

Havana, Oct. 6.—Following the publication this evening of the text of the ten years treaty of commerce and navigation between Cuba and Great Britain, the ratification of which is now pending in the senate, the Havana chamber of commerce gave out for publication tomorrow the text of the report made by it to the foreign returns commission in request for advice, as to whether the treaty ought to be ratified and which, as stated by the Associated Press, Sept. 30, declared emphatically against ratification.

The report of the chamber of commerce says that as Cuba has few merchant ships and no warships the reciprocal privileges granted by Great Britain would be wholly in favor of British vessels in Cuban waters, and would probably have the effect of seriously shortening the revenues of Cuba, since Cuba had not enough revenue service ships to watch her coasts.

At the same time Cuba was not in a position to charge her marine service. Under such an arrangement the Cuban marine service probably would entirely disappear.

The report goes on to say that the liberty of "intercourse" of Spanish vessels in Cuban waters, and the granting of munitions of war granted by the treaty to British warships would be likely to involve Cuba in the most unwelcome complications, especially since there was no modifying clause for the observance of the law of internal neutrality in the event of war.

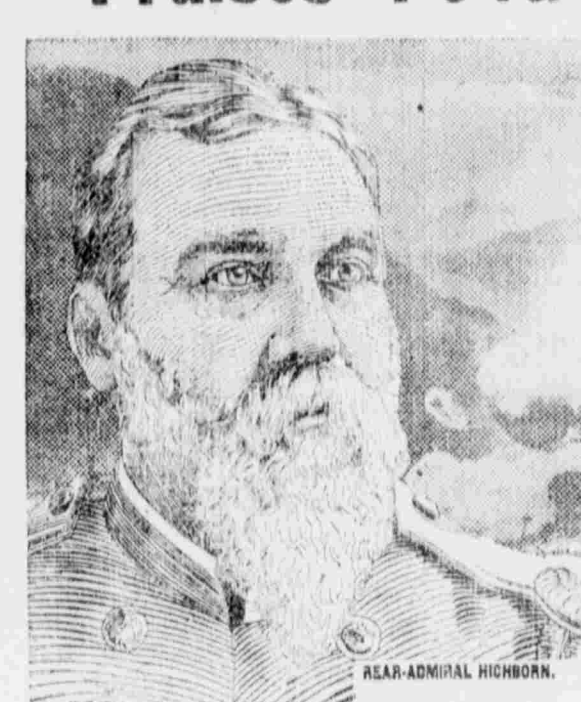

Cuba would not be benefited by such a convention with a free trade nation as Spain, and the Cuban merchants, only when entered into with countries offering reciprocal tariff concessions. This, the report says, is especially true at this moment when a treaty of navigation with the United States has been projected, the intention of which is the concession of mutual tariff reductions on products carried in American and Cuban ships.

The chamber which is composed of leading Spanish and Cuban merchants, holds that Cuba should look to the United States for the securing of mutual tariff favors instead of making concessions wholly favorable to the other contracting power.

### Report on People's Bank.

St. Louis, Oct. 6.—The report of Receiver Fred Eason of the People's United States bank, shows an excess of liabilities over assets amounting to \$198,052, according to book values, while the estimated value make it \$187,338.

## Rear-Admiral Hichborn Praises Pe-ru-na.

ADMIRAL'S WORDS CARRY WEIGHT.

CHRONIC CATARRH OF THROAT.

REAR-ADMIRAL HICHBORN is one of the best known admirals of our navy. His statement concerning Peruna will have much weight as it goes out into the world. What he says is echoed by many other naval officers of high standing.

### WHAT THE ADMIRAL SAYS.

Philip Hichborn, Rear-Admiral United States Navy, writes from Washington, D. C., as follows:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."—Philip Hichborn.

### AN EVERPRESENT FOE.

The soldier and the sailor are especially subject to catarrh in some form or phase. Exposed as they are to constant changes, subject as they are to various vicissitudes, and all kinds of climate, wet and dry, night and day, they find catarrh to be their most insidious and everpresent foe.

In the barracks and on the field, Peruna is equally effective. Taken in time, it will absolutely prevent catching cold.

### PE-RU-NA A POSITIVE REMEDY.

After a cold has become established, Peruna will break it up quicker than any other remedy known to man.

Even after a cold has become settled in some organ of the body Peruna can be relied upon to promptly dispel it. Peruna will cure catarrh, whether acute or chronic, but a few doses taken in the first stages of the disease will be more effective than when the disease has become chronic.

If you suffer from catarrh in any form do not neglect it. Take Peruna at once. Delays in such matters are dangerous.

"I was troubled with catarrh of the throat particularly, and suffered considerably as a result thereof for a period of about five years, and my general health was affected."

### SOUGHT CHANGE OF CLIMATE.

"Three years ago I was forced to give up business, and took up my residence in the Western country, looking for relief in a change of climate as well as a change in the method of treatment for my ailment."

### CURED BY PE-RU-NA.

"After much expense, both here and in the West, I was induced by a friend to try Peruna. I continued the use of it for about five weeks, at the end of which time I returned to New York, both well and happy."—Wm. H. Switzer, 825 E. 33rd street, New York City.

### USED PE-RU-NA IN HIS FAMILY.

"I have used Peruna in my family with very satisfactory results for the last two years. Besides I have recommended it to all whom I think are in need of it."

"I urge all who are afflicted to buy a bottle and begin its use at once. I have never heard of any who have used it to be dissatisfied with the results."—Frank W. Harris, box 23, Basio City, Va., member A. F. & A. M.

### A TYPICAL TESTIMONIAL.

Mr. J. H. Galbraith, 350 West Second Ave., Columbus, Ohio, writes:

"I have been a sufferer of catarrh of the stomach and kidneys for seven years. Doctors did me no good, and after taking Peruna for six months, at intervals, I believe I am cured. My appetite returned, I sleep well and work every day. I always have it in the house."

No remedy ever yet devised has received such unstinted eulogy from so many renowned statesmen and military men as Peruna.

We have on file thousands of testimonials like those given above. We can give our readers only a glimpse of the "vast array of endorsements Dr. Hartman is receiving."
